Rupture

Its Relief and Cure as certain as day follows day by Dr. J. A. Sherman's method.

With safety from the dangers of strangulation and without the injury trusses inflict. Those wishing proofs should send 10c for his book, containing likenesses of bad cases before and after cure, also testimonials of professional gentlemen, Ministers, Merchants, Farmers and others who have been cured. Trusses and Rupture sooner or later affect the nervous and mental system, bring on organic diseases, impotency, destroy energy and social desires, making the young old and the old useless. Offices, 251 Broadway, N. Y., and 49 Milk st., Boston. Days for consultation, each week—New York, Mondays, Tuesdays and Saturdays; Boston, Wednesdays, Thursdays and Fridays, every other week. tmy15

Symptoms are moisture, stinging, itching, worse at night; sometimes protrudes and is exceedingly painful when scratching. Sold by druggists, or send 50 cts. in 3-ct. Stamps, 3 boxes, $1.25. Address, DR. SWAYNE & SON, Phila., Pa.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In fresh wounds, aches, pains, sores, etc. It is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpe, Valdosta, Ga., says:
It is a precious remedy for bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Loris says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dean says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy, but for forty years it has been in constant use; and those who have used it the longest *are its best friends.*

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, hundreds of new medicines have become and gone, while to-day this medicine is more extensively used and more highly valued than *ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

PERRY DAVIS & SON, Proprietors, Providence, R. I.

Catarrh

DIRECTIONS.

For Catarrh, Hay Fever Cold in the Head, etc., insert with little finger a particle of the Balm into the nostrils; draw strong breaths through the nose. It will be absorbed, cleansing and healing the diseased membrane.

FOR DEAFNESS. Apply a particle into the ear, rubbing in thoroughly.

Hay-FeveR

—A fair trial will convince the most skeptical—

ELYS' CREAM BALM

Effectually cleanses the nasal passages of Catarrhal virus, causing healthy secretions, allays inflammation and irritation, protects the membranal linings of the head from additional colds, completely heals the sores and restores the sense of taste and smell. Beneficial results are realized by a few applications. A thorough treatment as directed will cure Catarrh. As a household remedy for cold in the head and snuffles it is unequalled. The Balm is easy to use and agreeable. Sold by all druggists at 50 cts. On receipt of 50 cts. will mail a pack age. Send for circular with full information.

A Spring Defence.

How to Repel the Assaults of Ill Health --Dr. Kennedy's Favorite Remedy Means Something for You.

The months of March, April and May are the three successive arches of a bridge which connects the season of ice with that of leaves and roses. No less in respect of health than outward natural phenomena is this true. Spring is a trying season for invalids, and particularly for those who either suffer, or are liable to suffer, from Biliousness, Kidney complaints and Constipation of the Bowels, and for women who are chronically subject to any of the long catalogue of peculiar ailments to which their delicate sex is heir. Indications of disease in Spring should be heeded at once. A fatal attack may easily result from neglect or a disordered condition of the bowels. The ounce of prevention may be had where tons of cure—or attempted cure—may be travelling. Are you vexed or troubled in Spring with indigestion, torpid or disordered liver, want of appetite, constipation, or a feverish state of the skin? If so take without an hour's unnecessary delay Dr. Kennedy's Favorite Remedy. No medicine is so harmless and yet so quick and positive in its action. It is Nature's own idea, condensed and made tangible by human skill. Do not leave home when going upon a journey without a bottle of it in your valise. You cannot possibly put one dollar in any other shape where it can render you so essential service. The Favorite Remedy is almost instaneous in its action, but does not tear you to pieces with its violence nor nauseate you with disgust. It frees the liver from bile and sets the machinery of your body into normal and healthy operation. Remember: Dr. D. Kennedy's Favorite Remedy. Ask your druggist for it and take nothing else. Price One Dollar a bottle.

STRONG FACTS!

A great many people are asking what particular troubles BROWN'S IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880.

My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all.

I cannot say too much in praise of it. MRS. MARY E. BRASHEAR, 173 Prestmanst.

Kidney Disease Cured.

Christiansburg, Va., 1881.

Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results. J. KYLE MONTAGUE.

Heart Disease.

Vine St., Harrisburg, Pa. Dec. 2, 1881.

After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief. MRS. JENNIE HESS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it.

Be sure and get the Genuine.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

"The Granite Monthly" for May has a sketch, with a steel engraving, of Col. David Lyman Jewell, agent of the China mills, at Suncook; a sketch of Bristol, a brief account of Gen. John G. Foster, etc. Sturoc of Sunapee furnishes "the lowly bard."

Portsmouth Chronicle.

SATURDAY, MAY 13, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

The Geneva Award Bill.

The house of representatives on the 12th inst. passed the Geneva award bill as it came from the judiciary committee, by a vote of 132 to 66.

The Brewers' Convention.

The brewers in convention have voted to act together in elections "to defeat the candidates of any party that panders to fanaticism by supporting prohibitory laws." Large sums were voted to be raised to defeat prohibitory legislation in Indiana, Kansas and Michigan. A vigilance committee was appointed. The next annual meeting will be held at Detroit in May, '83.

The convention suggested to Congress to encourage the production of the lighter drinks by removing taxes from the manufacture of ale and beer, and permitting the brewers to make increased profit from this cause,—a result which doubtless would tend to complicate matters by inducing small breweries to start up all over the country. The long-headed brewers, like the match manufacturers, prefer to see the tax kept on, but like other resolutions of conventions they were passed in a Pickwickian sense. The brewers know their business.

Mr. S. W. Cole, for some time past organist of the Middle street church, has accepted a similar position in the Clarendon street Baptist church in Boston, and will shortly take up his residence in the latter city.

The sea was reported as being very heavy outside this harbor on Friday; a number of coasters and fishermen were in the lower harbor in the morning, but not nearly so many as a storm at this time of year usually sends in.

The St. Mary's Benevolent Society have secured Pinkham's grove at Dover point for the 4th of July next, when they will give a grand picnic, with athletic exercises and games of various kinds, (the winners in which will receive liberal prizes,) excellent music, dancing, etc.

The schooner Sylph, Hiltz master, arrived below from Gloucester on Thursday last, looking as neat as a new pin, having been on the railway in Gloucester and received a coat of paint, and had done whatever else was needed. Capt. Hiltz has removed his home from Newcastle to this city.

Vegetables are now brought to this market by rail from Norfolk, Va.

Mr. Oliver Dickson, of Eliot, on Friday brought into town a handsome pair of fat cattle weighing on the hoof 3700 lbs. C. Sullivan & Co. purchased them, for their meat market.

Word was received at the police station on Friday morning that the dead body of a child, or part of a body, had been discovered on Christian Shore by some boys while at play. Marshal Entwistle and Asst. Marshal Gray at once drove over to the shore, taking along with them in the wagon a bushel basket in which to gather up the remains, but they could neither find anything of the kind to gather up, nor anybody who had seen anything of the kind. One of the boxes of cigars recently stolen from the store of Mr. Cox was found, however, hidden in a pile of rubbish in the yard of Huntress' carriage shop.

A letter received on Friday from Capt. Elias Tarlton of Newcastle, master of the fishing schooner Good Templar, reported her as having put into a Nova Scotia port for water from the Western banks; she had found no herring and no fish, but plenty of bad weather and some to spare. The schooner Willie Seavey, Capt. Robert White of Newcastle, has put into Bass Harbor, N. S., for repairs, having shipped a sea on the fishing grounds and had her decks cleared of kids, dories and everything else movable.

The schooner P. T. Willetts, while being towed by the steam tug Naumkeag from Newmarket through the open draw at Dover Point bridge on the 10th, failed to reach the draw and went broadside against the bridge, getting considerably damaged. The same vessel lost an anchor in the river a short time previous. She hails from New York.—*Dover Democrat.*

The delays and risks of taking heavy cargoes to points up the river have, we are told, induced the Newmarket company to return to the old custom of having its coal discharged at the wharves in this city, and sent hence by barges, as the most economical mode of transportation.

A meeting of the Portsmouth City Guards, under their new organization, will be held in Rechabite hall on Tuesday evening next at 7:30 o'clock. Ex-members and all others interested in forming a good military company are invited to attend.

Mr. Editor: In your report of the late meeting of the board of mayor and aldermen you say: "The mayor read the state law regarding the licensing of dealers in petroleum and its products, which law renders an unlicensed dealer liable to a fine." Now, Mr. Editor, would it not be well for His Honor the Mayor to read the state law regarding the sale of intoxicating liquors, which law renders a liquor seller liable to a fine,—and be as earnest in enforcing that law, as the other mentioned? A READER.

The connection of Rev. J. W. Kingsbury with the Congregational society of Rye terminated May 1st, and on the 7th inst. the pulpit was supplied by a student of the Theological seminary at Andover, Mass.

Col. Henry L. Tilton, a prominent business man of Littleton, was in town recently on business relating to an important land suit in the United States circuit court. Col. Tilton left town shortly after discovering that our enterprising neighbor of the *Times* had put him down with Marshal Patterson as one of the prominent lawyers in attendance upon the court.

The *Journal* "understands that the report of the Rockingham county commissioners, now in the hands of the printers, makes a good showing. Rising $31,000 of the county debt was paid last year—more than half the total amount, there remaining but $30,000 to be paid."

The house of Mr. Littlefield, station master of the Eastern railroad at Kennebunk, was broken into on Tuesday night of this week, but nothing of value was stolen. The hand-car house at the station was broken into, and some tools taken, which were afterward found where the thieves threw them away. The post-office also was burglarized, and a small amount of postage-stamps stolen. The criminals were no doubt the same ones that broke into and robbed the store of Oliver E. Lowell & Co. the same night.

The Dover *Democrat* winds up a notice of the large number of elegant passenger cars recently added to the rolling stock of the Eastern railroad, by asking: "Wonder if any of them will ever be seen in Dover? And how would they look in contrast with the disgusting old rat-hole rookery of a passenger depot they have here?"

Gov. Long of Massachusetts has signed the bill requiring the Eastern railroad to rebuild the draw-pier of the railroad bridge over the Merrimac river at Newburyport.

George Clapp of Dover is to be ticket agent at the Eastern railroad station in this city during the summer, while Flagg M. Grant is temporarily absent, acting as assistant steward at the Wentworth hotel, Newcastle.

The directors' car of the Eastern railroad, having on board President Phillips, Supt. Sanborn of the Conway division, and other prominent officials of the road, passed through this city on the 11th inst., and went up the Conway line. Another "special," and one of much greater interest to the employes of the road, was here on the same day—the pay-car.

A salute of minute guns was fired from the battery at the navy yard at noon on Friday, as a mark of respect to the late Rear Admiral John Rodgers. Adm. Rodgers was the senior rear admiral on the list, and had a splendid war record. He was a volunteer aide to Admiral Dupont at the battle of Port Royal; commanded the monitor Galena in the desperate battle of Drury's Bluff; and commanded the monitor Wechawken in the fight with Fort Sumter, and in the duel with the rebel iron-clad Atalanta, which resulted in the latter's capture.

Mackerel were reported on the 10th inst. as having appeared in the vicinity of Cape Cod.

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millons of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and application is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the six years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00,—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. CIRCUIT COURT OF THE UNITED STATES.

FRIDAY, May 12th; *Clark J.*

The trial of Huntress vs. Epsom was resumed, and continued throughout the day. The evidence for the plaintiff closed at noon, and the defendant's case was opened by Hon. Thomas J. Smith. The plaintiff produced forty-one witnesses.

At eleven o'clock A. M., His Honor Horace Gray, justice of the supreme court of the United States, appeared in the court room, and took his seat on the bench. The business of the court was in such a state that no new matters were in readiness for hearing. This is the first term of the circuit court in this circuit when Judge Gray has appeared since his appointment to the supreme court of the United States, and the first visit of a supreme judge since that of the late Justice Clifford in 1878.

The testimony on the part of the defence in the afternoon related in part to statements of Knights and Huntress, as to the sufficiency of Huntress' wagon for the carriage of the load, and was not concluded.

Copeland & Edgerly, and Wallace Hackett, Esq., for the plaintiff. Hons. Wm. L. Foster, John Y. Mugridge and Thos. J. Smith for Epsom.

NATHANS & CO.'S CIRCUS.

Nathans & Co.'s Consolidated Railroad Shows, museum, menagerie and circus, will exhibit in this city on the 19th inst. It opened in Boston on the 8th inst. for a week's stay, and the *Post* thus speaks of it:

The circus is first class, and a ring performance of twenty-one items is given, all of which are good, while many deserve more than a passing comment. The three Ashtons do an excellent brother act, and toss each other about with a systematic recklessness that never fails to rouse the enthusiasm of the spectators. Another item of the gymnastic display is the trapeze act by Mlle. Miranda, an unusually pretty and graceful lady, and Sam Ashton. The menage act Mme. Martha, a very easy rider, and the performance given by Prof. Fryer's pony circus, are also very interesting features. The two clowns, Tom Miaco and William Carroll, fairly divide the honors in their line, and are to be accredited with a budget of humor, which includes many new and telling jokes. These are a few of the many good features of the show, which is now seen at its best, as costumes, trappings, and people are fresh and brilliant.

RYE TOWN MEETING.

A special town meeting was held in Rye on Thursday, the 11th inst., to consider several articles duly specified in the warrant. David Jenness was chosen moderator.

Article two, in relation to a town cemetery, was disposed of for the time being by a motion to appoint by the chair a committee of four to investigate the subject, and report thereon to an adjourned meeting. The committee consists of G. H. Jenness, C. A. Drake, F. W. Rand and Moses Clark.

Article three, which related to exempting such buildings as F. A. Philbrick might erect for a hotel on the site of the late Farragut house, was laid on the table. Before the vote was taken the law relating to exemption from taxes was read, which showed that property which could be so exempted did not include hotels; and during remarks made by Hon. E. B. Philbrick he admitted that the town could not vote to exempt, but he thought it would be very gratifying to Mr. F. A. Philbrick if the citizens of the town would express in some way their sympathy for him in his misfortune, and his (the speaker's) plan for doing it was for the town to vote *to abate* for a period of five years such taxes as might be assessed on the property rebuilt. He stated the loss by the fire at something like forty or fifty thousand dollars over and above the insurance,—which if true shows that the selectmen and assessors of the town of Rye must have had very limited observations for estimating the value of the Farragut house estate for the last dozen or more years, if they could only find $16,000 taxable property there. No reply was made to Mr. Philbrick's remarks, and the motion to table being in order, it was voted on with the above result.

The 4th article, relating to the bridge at "Doctor's mill," was left with the selectmen, for them to examine and report at at an adjourned meeting what is necessary to be done.

It having been suggested that a bequest or legacy was awaiting the action of the town, it was brought out that Mr. Oliver Sleeper, formerly of Rye, who died a year or two ago in Massachusetts, had in his will left $20,000 to the town for a library; and in case the town would not accept it, it was to be divided equally between the Christian and Congregational societies. The selectmen didn't seem to know much of anything about the matter, nor did anybody else, and it seemed to those present somewhat doubtful if the town ever got that $20,000.

Meeting adjourned to Saturday, May 13th.

There was a large attendance at the meeting, and what looks a little singular was the absence of a large majority of the forty or fifty voters who signed the "exemption" petition, as there were only fifteen votes against laying it on the table. VOTER.

Reform Club meeting at Sons of Temperance hall, corner Market and Ladd streets, at 7:30 o'clock in the evening.

Mr. George Lane, proprietor of the White Hart hotel in this city, leaves this (Saturday) morning for Boston, to take passage in a steamer sailing from that port for Liverpool in the afternoon. Mr. Lane goes to England to visit relatives and friends whom he has not seen since he left a port in Wales thirty-five years ago in a barque which in due time arrived at Bath, Maine; he left the vessel there, came to this city, and immediately procured employment in the shipyard of the late George Raynes as a pit-sawyer. The world has prospered fairly with him since that time, and he is now able without scrimping himself to pay his passage across the "herring pond" in a first-class steamship, which is much preferable to working a passage across in a deeply-laden iron drogher.

Five British schooners, namely, the Cordelia Vogler, with 1500 ties, the Rosedale with 1171, the Regina B. with 2000, the Maggie Smith with 1950, and the Pleasantville with 2600, all for the Eastern railroad, arrived at this port on the 12th inst. from Bridgewater, Nova Scotia.

Friday noon a marine named Hanlan, who was supposed to be on guard at the post near the dry dock at the navy yard, was found—or rather he was not found, having apparently evaporated, leaving behind only his musket to mark the place where he once was. Strict search in and about the yard failed to afford any trace of the departed, and a boat expedition which was sent out had no better luck. A remarkable coincidence is that a boat belonging to Mr. Al. Staples of Eliot, which was made fast to the float not far from the dry dock, disappeared at the same time as the marine.

The fishing schooner Gracie Smith, of Gloucester, 12.63 tons register, Capt. Cephas Smith, which brought in the halibut taken on cod-trawls on Wednesday of this week, was lying at one of the wharves on Friday in readiness for another trip, having recruited here. The schooners Bonita and Pluribustah, of Gloucester, and the Lydia E. Davis of Newburyport, were also at the wharves waiting for better weather; and the Nettie Adams, Storm King and Helen F. Tredick were below. The schooner Grace Choate was also reported to be in below, from the banks, with 30,000 lbs. of salted fish.

The steamer Acushnet did not make her regular trip from Boston to this port on Friday, on account of the storm and heavy sea.

What Makes you Hiss?

A tooth is missing among the incisors, and you cannot help hissing. Go and get one put in, and then use SOZODONT to keep the others right. You should have done this years ago, but it is better now than never.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan82

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The person that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally, which entirely cured me, that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the Internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. WHAT HAPPENED TO

Mr. Joseph Beach.

Some in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 15th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or, any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS

THE BEST AND The Richest BLOOD, BRAIN and NERVE

-F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the tissues which bear the strain of every day work and life, and in order to save sickness it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, not by fermentation but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added, the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

Rupture

Its Relief and Cure as certain as day follows day by Dr. J. A. Sherman's method.

With safety from the dangers of strangulation and without the injury trusses inflict. Those wishing proofs should send 10c for his book, containing likenesses of bad cases before and after cure, also testimonials of professional gentlemen, Ministers, Merchants, Farmers and others who have been cured. Trusses and Rupture sooner or later affect the nervous and mental system, bring on organic diseases, impotency, destroy energy and social desires, making the young old and the old useless. Office 251 Broadway, N. Y., and 45 Milk st., Boston. Days for consultation, each week—New York, Mondays, Tuesdays and Saturdays; Boston, Wednesdays, Thursdays and Fridays, every other week. tiny19

Southern Humor.

There can be no mistaking the origin of the old story of the traveler who asked a Mississippian whether it was worth his while to carry a pistol, and was told: "Well, stranger, you must move around here mon'n a year an' never need a pistol, but ef you *do* happen to need one, you'd need it powerful."

Equally characteristic is the record of a well-known Tennessee case. The principal witness for the commonwealth testified he was sent to get a fresh pack of cards, that he got them, and, returning, sat down in the grass. Here he balked in his testimony, and would go no further. At last, after cross-questioning and coaxing had been exhausted, the judge threatened him with fine and imprisonment, whereupon he said: "Please your honor, if I must tell why I dropped in the jimson weeds, I suppose I must. It was just, your honor, to look over the kyrds and mark the bowers."

The following incident no less reflects the local color of the ante-bellum days: Two Kentuckians went to settle their bill at a hotel in Boston. There being a dispute about the amount, one of them grew angry and began to swear, when the other said: "Remember, John, who you are. Remember you are a Kentuckian. Pay the bill, and shoot the scoundrel!"—*Century.*

—An editor in Florida wrote: "It is years since we have experienced such a thing as winter." After the paper went to press he committed suicide simply because the compositor had set up the last word "water," instead of "winter."

Eighty-Five Dollars Lost.

"You do not tell me that your husband is up and entirely cured by so simple a medicine as Parker's Ginger Tonic?" "Yes, indeed, I do," said Mrs. Benjamin to her neighbor, "and after we had lost eighty-five dollars in doctor's bills and prescriptions. Now my husband feels as well as ever."

—Aunt—"Has any one been at these preserves?" Dead silence. "Have you touched them, Jimmy?" Jimmy, with the utmost deliberation, "Pa never lows me to talk at dinner."

A Burglar Captured.

This morning about two o'clock, John Wood, the well known plumber, who resides on Main street, was awakened by hearing glass break, on getting out of bed he received a severe blow on the head; he immediately grappled with the burglar, and after a terrible struggle succeeded in holding him until his wife obtained help, on being searched at the station, Mr. Wood's watch and wallet was found on his person. He gave the name of Robert Terry. The broken glass proved to be a bottle of Sulphur Bitters which had almost cured Mrs. Wood of rheumatism.—*Exchange.*

—"You flatter me," said a thin exquisite the other day to a young lady who was praising the beauties of his moustache. "For heaven's sake, sis," interposed an old skipper, "don't make that masher any flatter than he is."

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. The original and tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into new life the entire process of digestion.

—At a Russian Jewish colony in Louisiana the other day, were noticed a yoke of oxen hitched to a plow, a Russian leading each ox, one at each plow handle, and one with a whip driving, making five men to each team. They don't seem to understand farming intuitively.

The only iron preparation that does not color the teeth, and will not cause headache or constipation, as other iron preparations will, is Brown's Iron Bitters.

—"I'm no sectarian," said Job Shuttle, as he grew warm in religious argument. "I believe every man ought to be a strict Presbyterian, and then looked around in wonder as an audible smile wafted into the evening air.

"An Ambitious Individual."

"Oh! I'm boiling over in do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a friendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted

BRIGHTON CATTLE MARKET.

For week ending Wednesday, May 10.

[Reported for the Boston Journal.]

Amount of stock at market—Cattle 1400; Sheep and Lambs 2800; Swine 14,005; Veals 187; number of western cattle 1131; eastern and northern cattle, milch cows, etc., 269.

Prices of Beef Cattle per 100 lbs, live weight—Extra quality $7 62½ @ $7 87½; first quality $7 00 @ 7 50; second quality $6 25 @ 6 87½; third quality $5 25 @ 5 87½; poorest grades of coarse oxen, bulls, etc., $5 75 @ 5 12½.

Brighton hides 6½@7 ¢ ℔.
Brighton tallow 6½ @ 7c ℔.
Country hides 6 ¢ ℔.
Country tallow 5 ¢ ℔.
Calf skins 12 @ 12½c ℔.
Sheep and Lamb skins $1 @ $1 75 each.

The trade for western cattle has not been so active this week as it was one week ago. The cattle landed in market were of a poorer quality, and the trade for them slow. The number brought in was small, but there were enough for the demand. Extra grades of beeves cost too much at Chicago to sell to butchers for the Boston markets during the past week. Several hundred western cattle were driven from the west, which were bought and shipped direct for the English markets, not being offered on the market for sale; most of them of extra grade of beeves.

Working Oxen—A few pairs each week is all the demand requires at the present time. We quote sale of 1 pr, girth 7 ft 4 in, live weight 2500 lbs, for $215; 1 pr, girth 7 ft 8 in, live weight 3200 lbs, for $170; 1 pr, girth 6 ft 7 in, live weight 2700 lbs, at $?.

Milch Cows—Good cows have been in fair demand; common cows sell slow. We note sales of 3 new milch cows at $45 each; 2 do at $52 50 each; 1 do at $47 50; 1 do at $45; 1 do at $47; 3 springers at $47 50 each; 2 farrow cows at $47 50; 1 do at $27; 1 Jersey cow and calf at $55; 1 spring er at $50.

Veal Calves—Prices ranged from 4 @ 6½c ℔ lb live weight.

Sheep and Lambs—Those from the west full as high as those brought in one week ago, all owned by butchers. We quote cost of pens at 7½ @ 8c, lots 8 @ 8½c ℔ lb live weight, landed at the abattoirs.

Swine—Store pigs in light demand at 6 @ 6½ ℔ lb, weaks 6½ @ 7 ℔ lb; fat hogs 6½ @ 7c ℔ lb. Western fat hogs cost, landed at the slaughter houses, 7½ @ 8½c ℔ lb live weight.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the most *effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From I. S. Polzer, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpe, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Linn, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It relieves pain and soreness, and heals wounds like magic.

J. W. Dee says:
For Scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest are its best friends.

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills may *often be saved* by prompt application of the Pain Killer. *Unlike most medicines,* it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

A Spring Defence.

How to Repel the Assaults of Ill Health --Dr. Kennedy's Favorite Remedy Means Something for You.

The months of March, April and May are the three successive arches of a bridge which connect the season of ice with that of leaves and roses. As to respect of health than outward natural phenomena is this true. Spring is a trying season for invalids, and particularly for those who either suffer, or are liable to suffer, from Biliousness, Kidney complaints and Constipation of the Bowels, and for women who are peculiarly subject to any of the long catalogue of physical ailments to which their delicate sex is heir. Indications of disease in Spring should be heeded at once. A fatal attack may easily result from neglect or a disordered condition of the bowels. The cause of constipation may be had where tons of cure—or attempted cure—may be unavailing. Are you vexed or troubled in Spring with biliousness, torpid or disordered liver, want of appetite, constipation, or a feverish state of the skin? If so take without an hour's unnecessary delay Dr. Kennedy's Favorite Remedy. No medicine is so harmless and yet so quick and positive in its action. It is Nature's own bites, condensed and made tangible by human skill. Do not leave home when going upon a journey without a bottle of it in your valise. You cannot possibly pay one dollar in any other shape where it can render you so essential service. The Favorite Remedy is almost instaneous in its action, but does not tear you to pieces with its violence nor nauseate you with disgust. It frees the liver from bile and sets the machinery of your body into normal and healthy operation. Remember: Dr. D. Kennedy's Favorite Remedy. Ask your druggist for it and take nothing else. Price One Dollar a bottle.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

77 N. Eutaw St., Baltimore, Md. Feb. 15, 1880.

Gents:—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."

Daily Chronicle.

A Sage Brush Romance.

At the last session of the legislature, Miss M. Hortense Kittrell, daughter of Ex-Atty. Gen. Kittrell, was chosen as clerk of one of the assembly committees, and Henry H. Welch was minute clerk. Both were young, and, as their duties brought them frequently together, the acquaintance thus formed grew into friendship and blossomed into love. The natural result was marriage, and the ceremony was performed in San Francisco, on the 13th of March, 1881—a little over a year ago.

"For reasons best known to themselves, and in which the general public is not interested," it is explained, they kept the marriage a secret. Mr. Welch went to Eureka, where, being a capable accountant, he obtained employment as a deputy in one of the county offices. His bride remained with her father at Reno. The young couple kept their secret well, for not until recently did even the nearest relatives of the lady known anything of the affair.

When in this city, not long ago, she had the sweet audacity to ask a mutual friend if he had "heard from Mr. Welch recently." Her father, Gen. John R. Kittrell, being informed the other day of the facts of the case, went out to Eureka to take a look at his son-in-law, whom he had never seen. He found a manly-looking young fellow, about twenty-five years of age, and 6ft. 2in. in height. The Eureka *Leader* says the inspection was no doubt as satisfactory to the father as to the daughter, for the young man and his father-in-law departed on the same train for Reno.

Mr. and Mrs. Welch have given no reason for withholding the fact of their marriage, but their friends have volunteered the information that it was owing to the groom's financial inability to provide, at the time of his marriage, the kind of a home to which he desired to take his bride.—*Virginia (Nev.) Chronicle.*

—The foreman of an Iowa newspaper got a description of a young ladies' concert mixed with a "short-horn sale." The report as printed in the paper said: "The concert given last evening by sixteen of Storm Lake's most beautiful and interesting young ladies was highly appreciated. They were elegantly dressed, and sang in a most charming manner, winning the plaudits of the entire audience, who pronounced them the finest short horns in the country. A few of them are of a rich brown color, but the majority are spotted brown and white. Several of the heifers were fine-bodied, tight-limbed animals, and promise to prove good property." The foreman is now travelling for his health.

—A gentleman, accompanied by a favorite dog, visited the studio of a rising artist. There was a picture on the easel, and the dog began to bark furiously at it. "Nature may be relied upon, after all," said the gentleman; "the best evidence of the faithfulness with which you have painted that dog in the background is the earnestness with which my dog barks at him." "But that isn't a dog," said the artist, flushing; "it's a cow." The gentleman was nonplussed for a moment, but he quickly replied: "Well, the dog's eyes are better than mine; he never did like cows."

"Calvert's Magazine." The popular magazine devoted to art, science and literature, established in Philadelphia by Harry T. Calvert in 1879, has since the new year of 1882 been published in New York. The magazine is furnished at $1.50 per year, postage free, on remittance to the publisher, Box 1693, New York post-office.

Commander J. B. Coghlan, U. S. N., stationed at Mare Island, Cal., writes that he was subject to the most painful attacks of rheumatism, which totally unfitted him for the responsible duties of his office. Eminent naval and other surgeons failed to afford the slightest relief, until Dr. Hoyle recommended St. Jacobs Oil, which effected a complete and wonderful cure.

—"I can't get up early," said a poor victim to his doctor. "Oh, yes, you can," was the reply, "if you will only follow my advice. What is your hour of rising?" "Nine o'clock." "Well, get up half an hour later every day, and in the course of a month you will find yourself up at four in the morning."

MESSRS. ELY BROS., Druggists, Owego, N. Y. Gents—I have improved greatly since I commenced using Cream Balm for catarrh. I feel like a new man. Ely's Cream Balm is a blessing to suffering humanity. JOSH D. FARRELL, Hartford, Conn.

Ely's Cream Balm Co., Owego, N. Y. Gents—I have never found anything like Ely's Cream Balm for the cure of catarrh. W. P. BATES, 130 Hanover street, Boston, Mass.

I have been a sufferer for years with catarrh, and under a physician's treatment for over a year, have tried a number of "sure cure" remedies and obtained no relief. I was advised to try Ely's Cream Balm. It gave me immediate relief. I believe I am now entirely cured. G. S. DAVIS, First National Bank, Elizabeth, N. J., Aug. 14, 1879.

Price fifty cents.

—"No, indeed, I'm not going to learn how to make bread," said a New Haven belle. "Girls who know how to make bread generally marry men who can't afford to buy flour to make it with, and they have to work in a milliner's shop to help pay the board bill. I'll stick to my fancy work."

Parlor Decoration.

Horse-shoe, painted plaque and Sunflowers have each in its turn been the popular parlor ornament, but are now superceded by the Tamborine, which when tastefully decorated is very ornamental. For fifteen cents the Wheat Bitters Co., 19 Park Place, New York, will send free a beautifully decorated Tamborine.

—A cold and inconsiderate spring has retarded the movements of the sea serpent, and some anxiety has been felt lest he should get mad and break the contract requiring him to appear at every watering-place on the coast at least once during the season. But this alarm was premature. The illustrious creature has just started upon his summer circuit at Cape Elizabeth, Me., where he was seen by Captain John F. Leavitt, who is ready to swear that he has not deteriorated in any respect during the winter.—*Tribune.*

Not an experiment or cheap patent medicine is Brown's Iron Bitters. It is prepared by one of the oldest and most reliable chemical firms, and will do all that is claimed for it.

—A western paper announces that upon the occasion of a recent boiler explosion in the neighborhood "between three and four men were killed."

Solon Chase rode into fame on a pair of steers. Adamson's Balsam became meritorious by its wonderful healing properties. It cures coughs, colds, and all affections of the throat and lungs. Trial size, 10 cts.

—"It has always been my aim in life to imitate a good example," as the counterfeiter remarked while working on a new set of dies.

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a friendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted

R. H. EDDY, Solicitor of Patents

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1878.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1846, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful indiscretion causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple remedy, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poi-onous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

The Medicine Woman.

There comes to us in many of our exchanges, the likeness of Lydia E. Pinkham, who seems smiling either at the beneficial results of her medicines, or the increased sales derived from liberal advertising. Not to be outdone in this respect, we see that the proprietors of a rival remedy have inserted in some of the papers the sedate Shaker sketch of Mary Whitcher, whose herbs and roots compounded with proper care, are calculated to work wonders in a medicinal way.

Mary's countenance seems less bland and fair than does Lydia's, but as she is a New Hampshire girl we are bound to say a good word for her, and have no doubt of the efficacy of her concoctions if taken according to the directions accompanying each bottle. Still we are not attracted by her demure countenance, which reminds us too much of the solemn woman with lugubrious features who stands in the hall of the house of mourning at funerals, and receives a fee for looking solemn. We prefer Lydia's smile to Mary's scowl.

A Civil Rights Suit.

Gen. Robert Smalls, ex-member of Congress from South Carolina, arrived in Boston from Washington last Friday morning. Gen. Smalls, who is a colored gentleman, will be remembered as having captured the steamer Planter in Charleston harbor in 1863; during the night he ran her into the union lines, and for this act he was made a general by order of the United States government. He is now contesting the seat in Congress occupied by G. D. Tillman. The general was met at the railroad station in Boston by a committee from the Shaw Guard Veteran association, and escorted to the Revere house, where, it is stated, the committee had engaged rooms some days before. When they arrived at the hotel it is alleged that General Smalls was refused accommodations. The party then re-entered their carriages and drove to the Quincy house, where they were accommodated. The committee, it is understood, will enter a suit against the Revere house under the civil rights bill.

News and Notes.

The heavy storm of last week interfered with the movements of the sound steamers. The Providence, from New York for Fall River, put into Huntington; the Massachusetts, of the Stonington line, had to put into New London.

An excursion train carrying the Missouri Press Association and ladies was run into five miles from Oswego, Kansas, by a wild engine on the morning of the 12th inst. Both engines were smashed, but no person was seriously hurt. The wild engine was on a runaway without its driver, and the other engineer had brought his train nearly to a stop before the collision took place.

Mr. Eben O. Harrey, of Fairhaven, Conn., a calker in large business, and for ten years a popular member of the fire department, died on the 4th inst., after an illness of five days. He was severely wounded at the first battle of Bull Run.

This week the Boston Ideal Opera Co. will render "Patience" at the Globe theatre in Boston. H. C. Barnabee, who is engaged also for the next season in this company, appears as "Bunthorne." The Vokes Family will be at the Globe theatre the following week.

At Cherokee City, Kansas, on the 12th inst., forty houses were demolished, two persons killed and thirteen wounded, by a cyclone.

A large meeting of Irish-Americans was held in Cooper Institute, New York, on the evening of the 12th inst., to express their sentiments concerning the murders in Dublin. The O'Donovan Rossa faction were present in considerable force, and cheered "for the murderers," "for dynamite," and "for assassination."

Charles Dow, twenty years old, of Bridgewater, Mass., committed suicide by poison last week through jealousy of his seventeen-years-old wife, to whom he had been married nine months.

Joseph W. Butler has sold his Newburyport bakery to his son, George Butler. The bakery was established prior to the revolution, and is probably the oldest in the country. Bread was supplied from this bakery for Arnold's expedition to Quebec, and for other military expeditions previous to 1776.

Upon the final passage of the Geneva award bill speeches were made by Representatives Reed of Maine, Ray of this state, and Stone of the Essex district in Massachusetts, which are spoken of as ably setting forth the rights of the shipowners among their respective constituencies in this fund. Mr. Stone, like Mr. Ray, seemed to come to the front on this occasion with no small degree of ability.

At Worcester, Mass., last Thursday, an indictment for murder was returned against George H. Richardson of Charlton, who is charged with killing his father.

John Stetson has tendered the use of the Globe theatre, Boston, for a benefit to Ben. F. Tyron, retiring treasurer of the Howard Athenæum, who goes to New York to act as treasurer of the Fifth Avenue theatre. Mr. Tyron has accepted the generous offer, and will have a benefit on the afternoon of June 1st.

A finback whale was shot by James Reed, at Provincetown, Mass., last week, while feeding. The whale was hugely enjoying his lunch of shrimp, with mouth wide open, and the bomb was fired directly into the opening.

A movement is on foot among Gloucester's business men, looking to the handling in Gloucester of the fresh fish catch, adding greatly to the business of the place and securing the returns which now go to Boston.

Eight strings of trawls, with 1,200 hooks each, were set on the inner bank by schooner Lucy E. Next day two were missing, which were found at Gloucester on board schooner Fleur de Lis. The latter's captain said he thought the trawls were adrift, so he picked them up, but the captain of the Lucy E. says that trawls with four anchors to them don't drift very far.

New Hampshire Items.

The annual assembly of the Grand Masonic bodies of the state will be held at Masonic Temple in Concord this week, the Grand Council of Royal and Select Masters meeting on Monday, the Grand Chapter of Royal Arch Masons on Tuesday, and the Grand Lodge on Wednesday.

On Thursday (Ascension Day) the Grand Commandry of Knights Templar will make an official visit to Mount Horeb Commandry of Concord.

William Smith, alias Hill, on trial at Plymouth for obstructing the railroad track near High bridge, Ashland, in November, 1874, nearly wrecking the Montreal night express, because he was discharged by the railroad, was sentenced on Friday to fourteen years in the state prison at Concord.

Attorney General Tappan started for Ashland and Plymouth, Friday, for the purpose of seeing officially that there is a thorough investigation before the coroner's jury of the facts of the late accident on the Boston, Concord & Montreal railroad.

At a meeting of the governor and council last Thursday, John J. Bell of Exeter was nominated as a member of the commission to examine into the condition of insane paupers, vice Hon. Jeremiah Smith, declined. Charles H. Hutchinson of Manchester was appointed inspector of steamboats; G. W. Mann of Benton was appointed agent to expend the appropriation on the Moosilauke stream road, and Gilman C. Bradley was appointed agent to expend the appropriation for roads in Randolph.

The Cunard steamer Catalonia, which left New York 3d inst. broke her shaft when 1200 miles east of Sandy Hook. On the 7th inst., she was fallen in with by the French steamer Labrador, which offered to tow her to New York, but the Catalonia's captain wished to be towed to Halifax, which the captain of the Labrador declined to do. The captain of the Catalonia concluded to proceed to Queenstown under sail. The steamer is in good condition, with plenty of stores, but will necessarily make a long passage. Ex-Gov. P. C. Cheney and wife, of Manchester, are passengers upon the Catalonia.

The total number of polls in Keene this year is 1,900, a gain of fifty-eight from that of last year.

The Carville Soap company of Lawrence, Mass., are erecting a building in Biddeford for the manufacture of toilet and laundry soaps.

Two men giving the names of John Morris and Edward Davis were arrested in Wells on the 10th inst., on suspicion of having been concerned in the burglaries at Kennebunk Depot village the previous night.

Legal action has been commenced against quite a number of Kennebunk sportsmen for trespass in fishing in "Little river." It is their intention to carry the matter into court for a test case, to ascertain what their rights are as to fishing in tide waters.

On Sunday, April 7th, thirty members were added to the Congregational church in Alfred by profession, and four by letter. Among those who went forward for baptism were a man sixty-eight years old, and his two young daughters; a husband, wife and two daughters; and a brother and three sisters. No such revival of religious interest has been known in this church for many years.

The directors of the Boston & Maine railroad company were in Kennebunk and Kennebunkport last Thursday, and went over the proposed route of a branch railroad to connect those two towns.

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millons of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and equitable assignment is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the six years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 2500 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $5.00,—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. CIRCUIT COURT OF THE UNITED STATES.

SATURDAY, May 13th; *Clark J.*

The trial of the case Huntress vs. Epsom was resumed, and continued throughout the day. Thirty-five witnesses were examined on behalf of the town, and at half-past four o'clock the court adjourned to half-past ten Monday morning.

[This case has not been tried three times before, as stated in a despatch to the associated press. A suit brought by Mr. Knights, who was with Mr. Huntress at the time of the accident, has been twice tried in the state courts for Strafford county.]

HAMPTON'S BURIAL GROUNDS.

The people of Hampton have had common burying grounds since the first settlement of the town, and there have been three such places, the last one being laid out in 1859.

There are records in regard to fencing the first one as early as 1653, and stones were then placed on the graves with only the initials of the person buried. The first one with full name cut was to the memory of Susanna Smith, who was "slaine withe the thunder" in June, 1680.

The whole number of deaths in the town during the 124 years ending with 1859 was 1942, and probably most of the bodies were laid away in those two burying grounds. The average number of deaths each year was 15 3-4, the greatest in one year being sixty-eight, in 1736, when the "throat-distemper" was epidemic; and in 1754 there were fifty-one deaths. The least number was in 1790 and '91, when there were five deaths each year. The population at that time was 853. The average population during the last 100 years has been 1053.

The committee on the evening entertainment for Memorial day has a meeting this (Monday) evening at the common council room at half-past seven o'clock. There should be a full attendance.

Tickets for the Shakespearean entertainment at Music hall next Saturday evening will be on sale at Preston's on Tuesday morning.

Among the items of the river and harbor appropriation bill, as completed by the committee, are the following: Improvement of Portsmouth harbor, $17,000; Lamprey river, $10,000; Cocheco river, $10,000; Newburyport harbor, $40,000.

Several of the fishing schooners which were storm bound in the lower harbor came up to the city on Sunday. Mr. Sargent Lane, one of the fish dealers in this city during the winter of 1880-'81, arrived at Commercial wharf Sunday afternoon in the schooner Annie Lane, looking as if he and prosperity had been on good terms.

Bishop Healey of the Catholic church will hold confirmation services in this city on Sunday forenoon, June 11th, and in Newmarket on the afternoon of the same day.

The heavy sea raised by the storm of Thursday, Friday and Saturday last played mischief with the lobster pots set at the mouth of this harbor and along the coast on both sides. A number of pots were thrown up on the shores of Newcastle, Odiorne's point and Gerrish's island, Saturday.

Frank Hanlan, the marine who disappeared from his post of duty at the navy yard on Friday forenoon, was arrested in Dover in the afternoon of the same day, fighting drunk. The fellow belongs in Dover, and is said by the papers in that city to be an unmitigated ruffian, who has been in jail repeatedly for assaults on his wife and other persons, drunkenness, and crimes of various kinds—a reckless scoundrel when drunk, and drunk whenever he can procure liquor to get drunk on. A very valuable specimen of our country's defenders. He was brought to this city from Dover on Friday evening, and taken to the navy yard on Saturday morning.

The schooner Daniel C. Baker, Capt. Abraham Brooks of Eliot master, lying off Spinney's point, Eliot, with two anchors down, broke adrift one day last week, losing an anchor and twenty fathoms of chain, and went ashore on Ford's point, but came off with slight damage.

The 29th annual session of the Portsmouth Baptist Sunday School convention will be held at Stratham, June 7th.

The sea was breaking over the top of Whalesback lighthouse, Saturday morning.

Mr. Charles H. Cole of Eliot, who has been at work for some time at Lake Winnipesaukee, calking steamers, returned home a few days ago, the jobs being finished.

The schooner Lizzie Newton, Moore master, of Parrsborough, N. S., arrived at this port on Saturday afternoon, and tied up at the wharf near the Spring market. She has a cargo of soft coal for the manufacturing company at South Newmarket. Capt. Moore reports that when he left Nova Scotia ice and snow were plentiful, and the spring very backward; the ice had mostly left the harbors, but there was much snow in the woods. The Lizzie Newton will probably discharge her cargo into gondolas, her captain, who is an old trader at this port, having strong objections to the up-river trip.

Mr. Wm. G. Parker of Kittery, who has been confined to the house during the winter by sickness, is improving, and is now able to be out on pleasant days. He is in the 84th year of his age.

The howling of the automatic whistling buoy at Boon island ledge was distinctly heard at Kittery Foreside on Friday, the distance in a straight line being probably being between fifteen and eighteen miles. The tremendous sea running must have made the machine shriek with corresponding vigor.

It is reported that a number of empty coal cars were piled one on top of the other nearly to the height of the telegraph poles, on the Eastern railroad line in Greenland on Friday night, through the breaking apart of the train. No person is reported injured.

Mr. Timothy Dame of Eliot, who was taken ill some weeks ago with pneumonia while at the Marshall house, York harbor, and was for a number of days so sick that his life was despaired of, has returned home convalescent.

The repairs and alterations of the schooner yacht Una have been nearly completed by Mr. Warren Keen, and she will be ready to make her first trip about the first of June.

A libel was filed in the United States district court on Saturday against the schooner Azalia, of Gloucester, Mass. The vessel was seized by Deputy United States Marshal Kent, for debt. Charles S. Drown is the libellant, the claim being for part of a suit of sails furnished the vessel about fifteen months ago, since which time she has changed owners. She was found at Tredick's wharf in this city.

Mr. Charles Staples, of Eliot neck, has 100 young ducks, which with others that he expects yet to be hatched he will raise for the local market.

At a meeting of the stockholders of the Rhyston Mangle Co., held in this city on Saturday, David T. Burr, William F. Burr and Charles Reese were elected directors; Charles Reese of Philadelphia was chosen president, William F. Burr treasurer, and Herman A. Tarlton of Portsmouth, clerk.

Capt. John L. Jenks, of Eliot, in case the Geneva award bill now before Congres becomes a law expects a good sum.

Mr. Richard Seeley of this, city in company with Mr. Seth Langley, has just finished building at New Haven, Conn., a fleet of sixty-four scows, the largest of which will carry 400 tons, and the smallest 200 tons.

Mr. Elbridge Brooks of Eliot will shortly open a new grocery store in that town.

Capt. Harry Salter, assistant surveyor in New York for the Bureau Veritas, arrived in this city last week for a brief visit.

The Boston *Globe* of last Sunday says: "The season of '82 at the Sea View house, Rye beach, promises to be the largest and most brilliant of any since this popular seaside resort was first opened. The proprietor, Mr. George G. Lougee, has been in Boston often the past few weeks making perfect his arrangements, in order that his guests may receive that attention and comfort for which the hotel has been so famous in the past."

Thomas W. Keene, the tragedian, will appear in Music hall on Saturday evening, when Richard III. will be presented. After the superabundance of farce, burlesque and alleged comedy with which we have been favored during the winter and spring, a change will no doubt be welcomed by our theatre goers. After a man has lived for three months on popped corn and caramels he generally has a fair appetite for something in the line of roast beef and baked beans.

About two years ago an exhibition of rope walking and gymnastics was given on Market square by "Prof. D. J. Dare," whose real name was James Leman, his father being Rev. Dr. Leman, editor of the Norwich *Se ti el.* Prof. Dare was killed at Flushing, L. I., on the 9th inst., through a fall occasioned by the sudden slackening of a tight rope on which he was performing at a height of thirty feet above the macadamized street. His age was twenty-eight years.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

Cuticura
THE NEW BLOOD PURIFIER
Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 50c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 16th, 1876, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 15th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

Rupture

Its Relief and Cure as certain as day follows day by Dr. J. A. Sherman's method.

With safety from the dangers of strangulation and without the injury trusses inflict. Those wishing proofs should send 10c for his book, containing likenesses of bad cases before and after cure, also testimonials of professional gentlemen, Ministers, Merchants, Farmers and others who have been cured. Trusses and Rupture sooner or later affect the nervous and mental system, bring on organic diseases, impotency, destroy energy and social desires, making the young old and the old useless. Offices, 251 Broadway, N. Y., and 43 Milk st., Boston. Days for consultation, each week—New York, Mondays, Tuesdays and Saturdays; Boston, Wednesdays, Thursdays and Fridays, every other week. 1my15

Where Democratic Reform Begins.

The milk in the democratic cocoanut generally turns out to be pap. It is very evident that the opposition of the democratic senators to Mr. Davis' bill establishing Federal courts of appeals is due principally to the old delusion, which they have been fondly hugging ever since Buchanan's time, that the next President will be a democrat, and that then they can have the naming of the new judges. It is like their support of civil service reform—they want to date its beginning from the time when a democratic President makes his clean sweep of the republicans in office.—*Boston Herald.*

Chief Engineer George W. Melville, who is making the hazardous and almost hopeless search for the missing boat and party of the Jeannette under command of Lieutenant Chipp, is a man of very striking appearance. He was born in this city, and in his young days his family was well known among the old Knickerbockers. He is a heavy-built man, weighing about 190 pounds, and is about five feet eleven inches in height. Of large and powerful frame, he is of light complexion, and has bright, piercing blue eyes. He is supple, and a skilled athlete. When he returned from the Arctic in the Tigress, in November, 1883, he visited the engineer's office in the navy yard, and when met by his brother officers the natural question was asked, "Well, George, how do you feel." He answered, "As bright as a new uniform, and I never felt better," and to prove his assertion turned a hand-spring without the least difficulty. When serving his time in the machine shop he could do more work in the same time than any other man, and when passing through the shop if he met an obstruction no higher than his shoulders he would spend no time in going around it, but would jump over it with the greatest ease.—*New York Tribune.*

—He happened to press the foot of a young lady who was sitting next the door, in getting out of a street car. The damsel, compressing her brows in an awe-inspiring frown, ejaculated: "You clumsy wretch!" Most men would have looked foolish and apologized, but our hero was equal to the occasion. "My dear young lady," he exclaimed, "you should have feet large enough to be seen and then they wouldn't be trodden upon." Her brow relaxed, her eyes sparkled, her lips smiled, and the injury was forgotten.

—What is that which no man wishes to have and no man wishes to lose? A bald head.

Catarrh of the Bladder.

Stinging irritation, inflammation, all kidney and urinary complaints, cured by "Buchupaiba." $1. Depot, J. H. Thacher's.

Flies and Bugs.

Flies, roaches, ants, bed-bugs, rats, mice, gophers, chipmunks, cleared out by "Rough on Rats." 15c.

—A young gentleman being asked by a fair friend to describe another young lady's dress, said it was a velvet get-up, with sunken stripes. That settled it; it was the "latest agony" in corduroy.

The only iron preparation that does not color the teeth, and will not cause headache or constipation, as other iron preparations will, is Brown's Iron Bitters.

—Beggar: "You will not refuse a few pennies to a discharged tunnel laborer? I have nothing left in my pocket beside a few dynamite cartridges."

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the most perfect remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have *seen* its magic effects, and *know* it to be a good article.

From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpe, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
Infort, years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It relieves pain, and soreness, and heals wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been the constant use and those who have used it the longest *are its best friends.*

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

A Spring Defence.

How to Repel the Assaults of Ill Health --Dr. Kennedy's Favorite Remedy Means Something for You.

The months of March, April and May are the three successive arches of a bridge which connect the season of ice with that of leaves and roses. No less in respect of health than outward natural phenomena is this true. Spring is a trying season for invalids, and particularly for those who either suffer, or are liable to suffer, from biliousness, Kidney complaints and Constipation of the Bowels, and for women who are chronically subject to any of the long catalogue of physical ailments to which their delicate sex is heir. Indications of disease in Spring should be heeded at once. A fatal attack may easily result from neglect or a disordered condition of the bowels. The source of pain and illness may be bad where ton of cure—or attempted cure—may be unavailing. Are you vexed or troubled in Spring with indigestion, torpid or disordered liver, want of appetite, constipation, or a feverish state of the skin? If so take without an hour's unnecessary delay Dr. Kennedy's Favorite Remedy. No medicine is so harmless and yet so quick and positive in its action. It is Nature's own idea, condensed and made tangible by human skill. Do not leave home when going upon a journey without a bottle of it in your valise. You cannot possibly put one dollar in any other shape where it can render you so essential service. The Favorite Remedy is almost instaneous in its action, but does not tear you to pieces with its violence nor nauseate you with disgust. It frees the liver from bile and sets the machinery of your body into normal and healthy operation. Remember: Dr. D. Kennedy's Favorite Remedy. Ask your druggist for it and take nothing else. Price One Dollar a bottle.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 17, 1882.

Gents:—Upon the recommendation of a friend I tried BROWN'S IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of BROWN'S IRON BITTERS, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking BROWN'S IRON BITTERS, responded "that is a good tonic, take it."

THE PATENT VALVE BUSINESS.

Some time ago it was announced that the owners of a patent valve known as the Bixby valve, said to be in use on nearly all the steam fire engines made within the past twenty years, were going into business on a big scale, sueing every city and town in the union for actual and "exemplary" damages for infringement of their patent. It was stated that the cities of Troy and New York had been sued; that Troy had compromised for a large sum—$63,000, we believe—and that New York had been cast in the courts, and the damages, which were to be assessed, would reach well up into the millions. At about that time a demand was made upon Boston for the modest sum of $500,000, and upon Dover for the trifle of $17,000, on account of their having used this valve. It is reported that Boston will fight the claim, and it is certain that Dover will.

The claim against Dover was referred to Mayor Murphy and Ald. Morrill as a committee, to report; the committee had an interview with one Cameron, either one of the owners of the valve patent, or the owners' agent; and on the evening of the 10th inst. the board met to hear the report, which was that Cameron would accept $15,000 in lieu of $17,000, provided the money was paid on or before the 15th, and the city to pay a royalty of $500 per year for ten years to come! The board unanimously voted to take no action in the matter, and counsel for the claimants said action against the city would be entered at once.

The Dover dailies fully endorse the action of the aldermen, and advise a stubborn fight. The *Republican* says "The whole proceeding connected with this patent valve claim, so far as the patentee is concerned, savors strongly of bulldozing;" and the *Democrat* holds forth as follows:

There is such a superabundance of cheek and audacity in this demand against the city, and it looks so much like a stupendous effort to bulldoze us out of a pile of money, that we should say let's try it. A more outrageous demand was never made, as it looks to us, and rather than pay it we would fight it to the bitter end, and pay afterwards if compelled to do so. The demand is out of all proportion to the damage done, even if the justice and equity of a claim to any amount whatever were to be admitted. * * * All the circumstances are against the claim. * * Rather than pay a palpably unjust or trumped-up claim of any sort we prefer to pay ten times as much some other way.

There certainly does appear to be something very queer about this patent valve business. Although (as is alleged) nearly every city and town in the union which owns a steam fire engine has been infringing this patent for a score of years or so, nobody knew of it until a few months since, and nobody seems to have heard of the patent, so far as has been made known to the public, until the announcement was made that the city of Troy, N. Y., had "compromised" by paying an enormous sum, and that the city of New York would have to pay millions. And according to the proposition made to Dover, as to royalty, the patent must still have ten years to run. There is something very queer about the whole matter, and Dover's fight will be watched with much interest by the people at large, who will be glad to learn all about the granting of the patent, and why the claim for damages on account of infringement was kept in abeyance for so many years.

A Burglar Captured.

This morning about two o'clock, John Wood, the well known plumber, who resides on Main street, was awakened by hearing glass break, on getting out of bed he received a severe blow on the head; he immediately grappled with the burglar, and after a terrible struggle succeeded in holding him until his wife obtained help. On being searched at the station, Mr. Wood's watch and wallet was found on his person. He gave the name of Robert Terry. The broken glass proved to be a bottle of Sulphur Bitters which had almost cured Mrs. Wood of rheumatism.—*Exchange.*

A Montpelier, Vt., man, failing to bring down a fox with his little gun, determined to resort to more deadly means, so he divested himself of his boots and most of his clothing, and gave chase. After an exciting run he overhauled Reynard and caught him by the hind legs.

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. The original and tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into new life the entire process of digestion.

John McMorrow of Middletown, Vt., had a barn burned by a dissatisfied tenant recently. Fifteen cows perished in the flames. The incendiary was arrested and held for trial.

A Vigorous Growth

Of the hair is often promoted by using Parker's Hair Balsam. It always restores the youthful color and lustre to gray hair, gives it new life and removes all irritation and dandruff.

T. J. Deavitt of Montpelier, Vt., has procured a pension for Elizabeth Taylor, a pauper on the town of Waitsfield, Vt., with arrears of over $1,900, on account of a son who died in the army.

A Traveler's Story.

After spending months at watering places and consulting the best physicians without benefit, I returned home disheartened and expected to die. A friend urged a trial of Parker's Ginger Tonic. Three bottles and careful diet have brought me excellent health and spirits, and I hope my experience may benefit similar sufferers.—Cincinnati lady. See other column.

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a freindly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in local circles whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Testimonials.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them a early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1846, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the leading agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers; address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

William Farley, a convict, escaped from Jeffersonville, Indiana, penitentiary, borrowed a suit of clothes from a friend, presented himself to the governor at Indianapolis, and argued for a pardon. The governor said if he went back he would consider the case. Farley returned.

Connected with Messrs. Rogers, Peet & Co.'s vast clothing emporium, in New York, is Mr. E. Church, who resides at 207 Rodney street, Brooklyn. Recently speaking of St. Jacobs Oil, Mr. Church said: "I used St. Jacobs Oil for a severe case of rheumatism, and found it a sure and pleasant cure. In fact, the oil is found in my house at all times; we would not be without it, and whenever I see anyone suffering from aches and pains, rheumatic and otherwise, I simply say 'Use St. Jacobs Oil and be cured.'"

Mortality Among Railway Officials.

It will be remembered that there have occurred within a year *four* deaths in the board of direction of a railroad in the western part of the state; and an examination of the facts will show that men engaged largely in railway management have a severe strain upon their mental and physical energies, "age" rapidly, and break up earlier than those who are subject to less wear through a more placid existence.

Business men to-day, those at least who are engaged in large operations, do far more more work and enjoy far less rest or recreation than did the same class of men thirty years ago. The result is premature—at ripe—old men; rich men with broken constitutions or impaired health; men who have made money rapidly, but have not the time, taste or training to properly enjoy the proper results of accumulations—who are simply dredging machines while in active condition, succeeded by a premature old age of discomfort, induced by a too free use of their powers and too little regard to the economy of their vitality. The men who are content with a moderate fortune, and early discover the true sources of enjoyment in this life, seem to be more rare in number as the world grows richer.

Col. Worthington Confirmed.

Col. J. Horace Kent received a telegram, on Monday evening, from his friend Col. Roland Worthington, that his nomination by the President as collector of the port of Boston had been confirmed by the senate. Col. Worthington will make an excellent officer, as we have heretofore stated.

The Guiteau Case.

Chief Justice Cartter and Judges MacArthur, Hagner and James of the supreme court of the District of Columbia held a consultation on Saturday, summing up the arguments of counsel in the application of Guiteau for a re-hearing in the case. The consultation lasted during four hours, and was marked by the most searching examination of the authorities and the most rigorous analysis of every point made in the arguments. The judges were in thorough harmony all through the consultation, and in reaching a decision, not for one minute differing in the general steps by which the decision was reached. The decision affirms the sentence of the court below, and, of course, overrules the exceptions. This disposes of Guiteau's last chance. He will be hanged June 30th, 1882.

Base Ball in the Federal Courts.

The members of the Cincinnati base ball club sought to restrain by injunction certain members from playing with the Boston club, and the Boston club from employing them as players, as the Cincinnatians claim to have employed the men to play from April to October in the Cincinnati club. The case was dismissed for want of jurisdiction, the parties all being residents of one state, Ohio.

New Hampshire Items.

After a full investigation by a coroner's inquest as to the cause of the collision of trains May 8th upon the Boston, Concord & Montreal railroad, near Ashland, the jury have rendered a verdict that the accident arose from the fault of the train despatcher, and find that the managers and other employes of the road were no wise in fault.

John T. Welsh, clerk of the Dover police court, has been appointed register of probate for Strafford county vice Hon. John R. Varney, deceased. He was appointed by the supreme court.

The elevator of the Franklin mills fell from the fifth story to the basement, Thursday last, with three men. John Raynor had a leg badly broken and was otherwise injured; Hiram Shaw and Frank Kellog were injured internally, and badly bruised.

Mr. Joshua D. Caverly of Barrington met his death in a singular manner on the 12th inst. He was returning home at about five o'clock, riding in a hay-rack, and drove into a small pond to water the horse, when one of the wheels went into a hole and the rack capsized, one rail of the rack coming down on his head, and holding him under the water until he was dead. The water was only about a foot deep, and the horse, which was on its back for an hour or more, was not drowned. Mr. Caverly was seventy-one years old.

A Washington correspondent says Mr. Ray's speech on the Geneva award was excellent, and delivered with a fine, ringing voice which made him heard throughout the house.

Frank W. Baker, of Belmont, has been granted a patent for a cradle.

Elizabeth Murphy, a Dover mill operative, had her right hand so badly injured in a mule last week that three fingers had to be amputated.

The New Hampshire delegation in Congress on the 14th inst. presented to Miss Marilla M. Ricker of New Hampshire, admitted to the bar of the District of Columbia the previous day, a bouquet of flowers.

Mrs. John G. Sinclair of Florida, formerly of Bethlehem, is now visiting friends in Littleton and Bethelem. She will remain in the state through the summer, and will be joined in June by Mr. Sinclair, who will spend a few weeks in his old home.

The Amoskeag corporation at Manchester is fitting all its mills with fire-escapes of its own design, which are claimed to be superior to all others.

Rev. C. W. Griffin of Sandwich has accepted a call to the Freewill Baptist church of Alexandria.

News and Notes.

A paper published at Summerside, Prince Edward island, May 10th, reports the harbor as having become clear of ice on that day—a month, lacking three days, later than it was cleared last year.

At the meeting of the Boston common council last Thursday evening, the committee on fire department reported in favor of the passage of the order authorizing the employment of experts in the defense against the suit by Marcus P. Norton to recover $500,000 from the city, for the use of steam fire engine valves.

Henry P. Sargent of Newburyport, a well known stable keeper, and wife, while riding in West Newbury, Friday, were thrown from a carriage by the horse being frightened by a boy. Mr. Sargent was seriously, and his wife slightly, injured.

The British steamer Pilny, from Rio Janeiro for New York with 25,000 bags of coffee, was totally wrecked at Long Branch, N. J., on Saturday. All hands saved.

Julia M. Armstrong, widow of John M. Armstrong, who was murdered by Benjamin Hunter in Jersey City for the purpose of securing the insurance on his life, has just recoved from the insurance company, through a suit, $10,571.31.

Catherine McCabe, aged sixty-five years, was fatally shot on Saturday in New York by her step-son, aged sixteen, who was arrested. The murder was committed for the purpose of robbery.

Thomas Ginnovan was arraigned in the police court, at Lawrence, Mass., Friday, charged with setting fire to the mill of the Merrimac Paper company, Thursday night. Ginnovan was discharged from the mill Thursday, and it is alleged set the fire in revenge, as he was seen coming from the building shortly before the fire was discovered. He was held for trial.

Three white men and two negroes were publicly whipped for various crimes, at the jail at Newcastle, Del., Saturday.

Dick Rodgers, a cow boy, was shot dead by soldiers, and Jim Cation, a stage robber, was fatally wounded at Fort Oakland, Col., Friday evening. The desperadoes had got drunk, terrified the town, and were trying to run the soldiers out of the fort. Large rewards had been offered for Cation.

Mr. H. A. Warner, of Rochester, N. Y., has offered $200 for each discovery of a new comet made in the United States, Canada, Great Britain or Ireland, during the year 1882; $200 for any meteoric stone found in any of these countries, containing fossil remains of animal or vegetable life; and $50 for any meteoric stone seen to fall in the United States.

Jacob Hill of Raleigh, N. C., a negro, in a razor duel with Pleasant Plain, also colored, stabbed the latter so fearfully that he will die. Hill was arrested by three policemen. On his way to jail the prisoner asked to be allowed to pull off his coat, as the weather was warm. As soon as the officers unbound him he pulled a pistol from his boot, and an officer in the hand. J. M. Lang, another officer, then shot Hill dead with a gun.

Edward Reece, fourteen years old, of Greenfield, Mass., accompanied by George King, of the same age, started for New York last Thursday, intending going west to fight the Indians. One of the boys carried a revolver, stolen from W. S. Clark's tin shop, by which the red men were to die. Getting as far as Florence they visited the grandfather of Reece, to whom they made known their plans, and were taken home to their anxious parents. The money for the trip was raised by the sale of school books. Cause, dime novel reading.

The complete emptness of civil service protestations is seen in the late performance of Senators Hoar and Dawes. Mr. Beard's time expired, but these men are unwilling that the President's appointee shall take the office, because he is not their man. That is, they want to dictate the federal appointments in this state, after finding fault with Conkling for the same thing.—*Taunton Gazette.*

The Shenandoah, which recently returned from the South Atlantic station, was inspected in New York on the 8th inst. by a board of officers consisting of Commodore Rhind, Captain Bradford, Commander Howison, Medical Director Gibon, Pay Inspector Denniston and Chief Engineer Thomson. The ship was found to be in good condition, and the crew efficient and well drilled. In the gun drill there were more than usual promptness and celerity displayed. The nine-inch pivot gun was trained on the starboard side and fired, and then trained on the port side and fired, with only fifty seconds between the discharges. The broadside guns were dismounted and their carriages shifted in four minutes and four seconds. The Shenandoah has been in commission for nearly three years, and was flagship of the South Atlantic squadron until relieved by the Brooklyn. On her homeward voyage, when south of St. Helena, a fire caught under her boilers and burned for six days before being discovered. She will be placed in dry dock for repairs. It is said that she will replace the Minnesota as gunnery ship at the training school at Newport, R. I. In the interim, she has been ordered to Boston.

Looking Through a Telescope.

Large crowds were observed last week gathered around a telescope man at the corner of Eighth and Market streets. Our reporter stopped to ascertain the cause of the excitement, paid his five cents for a look and discovered across the face of the moon at which the "scope" was pointed, "Best thing for a Cold—Dr. Bull's Cough Syrup." He just concluded that Dr. Bull was a high old advertiser, and that Dr. Bull's Cough Syrup was the best thing out. Some one had stuck a strip with those words across the end of the glass.—*Philadelphia (Pa.) Traveler.*

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millons of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and application is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the six years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 2500 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent.—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00.—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. CIRCUIT COURT OF THE UNITED STATES.

MONDAY, May 15; *Clark J.*

Huntress vs. town of Epsom. The evidence closed at 12:20 P. M., and Hon. Wm. L Foster began his argument for the defendant and finished in the afternoon. He was followed by Wm. J. Copeland for the plaintiff, who concluded at half-past five P. M. The court then took a recess until seven o'clock, when the case was given to the jury after a charge by Judge Clark, who explained the law applicable to the case. The jury retired, and the result of the deliberations will be known on Tuesday at the coming in of the court.

KEENE AS RICHARD III.

Of Thos. W. Keene's interpretation of the character of Richard III., the Boston papers speak in high terms, as the following extracts will show:

It is an impressive and imposing exhibition of tragic art. Mr. Keene has the fire and enthusiasm of youth, which might almost be said to be a gift of itself, and one which can never be perfectly counterfeited; he has the enthusiasm of genius, yet lacking somewhat of its finest delicacy of insight; he is quickly responsive to his mental conception, and is finely cultivated in the technicalities of stage business. He is effective in by-play, and has that nameless magnetism which is the result of intense intellectual vitality.—*Traveller.*

Careful analysis and study of detail were apparent in every scene, and his expressive play of feature and finer touches of art in small things gave completeness to a generally excellent impersonation. The tent scene was magnificently given, and as this is popularly considered the test scene of the play, the applause that followed it may be regarded as a certificate of the actor's success and popularity.—*Globe.*

Mr. Keene's performance has merits which should be acknowledged. It has a fulness of youthful fire, a good understanding, an earnestness of purpose, and a certain amount of that thing which has no other name than "magnetism"—qualities which go far to the making of a great actor. Mr. Keene pays great attention to the dressing of the part, wearing suits of much richness.—*Advertiser.*

At music hall next Saturday evening. Reserved seat tickets now on sale at Preston's.

ABOUT LOBSTERS.

We found on our desk, Monday morning, a lobster which we feared was below the legal size; we did not measure it, but as a guess we should say that lobster was about ten inches long. Who put it there, or who caught and boiled it, we did not know; but we did know that if we were found with that lobster in our possession we were liable to a fine of ten dollars, so we made haste to put the "*prima facie* evidence" out of sight—we ate it.

The lobster fishery in this vicinity, which will now probably be at a stand still for some time owing to the destruction of lobster pots by the late storms, has been quite successfully prosecuted this spring. The waters along the shores east and west of the entrance to the harbor have been thickly set with pots; about twenty men have been engaged in the fishery, here and at the Shoals, and the average catch per man has been about fifty a day. The lobster smack Addie & Hattie has also arrived from the eastward about every ten days, with from four to five thousand lobsters each trip, to Randall & Caswell. Yet the supply has hardly sufficed to fill the demands of the local market and the orders from the country, and the receipts could be greatly increased without producing a glut.

A letter from Deer island, Me., to the Boston Fish Bureau, states that four canning factories are now in operation there packing clams and lobsters, and a large business is expected this season. Lobsters are becoming quite scarce along the coast of Maine, and the writer is of the opinion that very few will be packed after this year in that section. "Three years will close up every lobster factory in Maine, unless something is done for the increased production of lobsters, the present law being entirely ineffectual. According to the official report of the Maine fisheries, issued by the Fish Commission at Washington, the total quantity of lobsters caught during the census year of 1879-80 was 14,234,132 pounds, of which 9,494,584 pounds were canned. This industry gives employment to a large number of people in Maine, and its destruction would be a serious loss to the state. A number of our lobsters packers have established factories in New Brunswick, Nova Scotia, and Prince Edward island, and the indications are that we shall have to be dependent upon that section for our future supplies."

PASSING AWAY.

The "old stage drivers"—the men who were so widely known during the still well-remembered era of stage transportation, now a thing of the past—are rapidly dropping off. Peter S. Cate, a native of Sanbornton, died recently at the residence of his daughter at Flandreau, Dakota, aged eighty-five years. For many years he was a driver on the stage between Newburyport and Boston, and also proprietor of a stage line between Newburyport and Exeter.

Sherburne Somerby, who died in Concord week before last, was one of the early drivers for the once famous Eastern Stage Co., going through to Boston; and after the long stage lines were given up, for many years he kept the principal livery stable in this city, and ran stage coaches to Rye and other places in this vicinity.

Mr. Thomas Odion, who died recently in Temple, years ago did in this city a large business (there was then a large business in that line to do) in the making of masts, spars, pumps and blocks. Some of the finest vessels that ever sailed from this port—ships that aided much to give to "Piscataqua-river-built vessels" their world-wide high reputation—were masted and sparred by him. Mr. Odion was especially noted for the faithful thoroughness with which he did all work entrusted to him; no matter in how much of a hurry for a mast or set of spars the person he was making them for might be, he could not get them until Mr. Odion was satisfied that they were perfect; no job was allowed to leave his yard until it was completed in the best possible manner.

THE UP-RIVER MARKET WOMEN.

Louisa Shapleigh of Eliot, seventy-five years old, has been ill for three years past, and though she has the best of medical advice (Dr. Wentworth of Kittery and Dr. Willis of Eliot have attended her) it is doubtful if she ever recovers her health; she was formerly for many years one of the "market women" who so largely supplied the tables of Portsmouth with eggs, chickens, butter, early farm produce and "garden sass," pulling down and up river in their flat-bottomed wherries, and setting out their wares in the stalls of the old Spring market—a line of trade which is now known to the younger generation only by tradition, like the stage coach travel of fifty years ago.

Speaking of the former wherry traffic between Eliot and Portsmouth reminds us of a report made to us last week, to the effect that two elderly women who came down from up the river on one of the coldest days of the week with boat-loads of produce were compelled to shiver outside the Spring market for hours while they disposed of their goods. Our informant says that while the market was kept by Randall & Caswell, the old market women were always generously granted permission to use such portion of the premises as they might need, without charge; and he suggests that until the building is again let to a regular occupant, it might be well for the city to empower some person living or doing business in the immediate vicinity to open the market to transient dealers when required.

Dennis Shea of this city, and R. Trefethen of Dover, have been granted a patent for a funnel-block for partitions in buildings.

Mr. George Nutter, formerly night operator in the Western Union Telegraph Co.'s office in this city, has taken charge of the Eastern railroad station in Eliot, in place of Mr. A. C. Hayden, who has been transferred to Amesbury, Mass.

Mr. Dennis J. Lynch is refitting his grocery store on Market street.

Miss Lizzie Davis, who has been organist at the Unitarian church for the past three years, has been re-engaged for another year. Miss Davis is a player of good ability, and has rendered music acceptably to the choir and congregation.

The schooner Lizzie Newton on Monday commenced discharging her cargo of soft coal from Parrsboro', N. S., for Newmarket, into gondolas at Sise's wharf.

The schooner W. B Keen of this port (she hails from Salem, Mass., but is commanded by a Newcastle skipper, and has fished out of this port ever since she was born, so she may be considered as naturalized,) took into Rockport, Mass., on one of her recent trips, a cod-fish that weighed one hundred and twelve pounds when taken out of the water. This is the largest cod reported taken this season, and specimens of such size are very rare; but the weight is vouched for by Capt. Becker, the skipper of the vessel, so it is beyond doubt. The W. B. Keen will make one more trip after fresh fish, and then fit out for seining.

Mrs. Daniel E. Leavitt, who for twenty-one years was organist at the Middle street Baptist church, has again been appointed organist to succeed Mr. Cole.

The dog tax in Dover this year amounts to $474. How much does Portsmouth's dog tax foot up?

The Boston Sunday *Herald*, speaking of Nathans & Co.'s circus, which is to visit this city on the 19th inst., says that the ring performance is an excellent one, and the company includes some of the best gymnasts and tumblers on the road.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

Centaur.

Bismarck unto Victoria said,
Centaur will cure your aching head.
Grant says, "For horses it is fine,"
And Tilden ships it to his mine.
From California's gold-ribbed hills
To Alpine heights and frozen rills,
From New England's snow-clapped mountains,
To Antilles' shimmering fountains,
Through Britain's fog and misty mains
And India's far off parched plains,
Centaur Liniment is a balm
For helpless beast and suffering man.

Baby's Petition.

Life is restless, days are fleeting,
Children bloom, but die in teething;
Warning take all friends and mothers,
Watch the precious girls and brothers;
Read the home life of Victoria,
Children nine, all said **Castoria**;
No sleepless nights, by baby squalling,
Like larks they rise in early morning.

What Makes you Hiss?

A tooth is missing among the incisors, and you cannot help hissing. Go and get one put in, and then use SOZODONT to keep the others tight. You should have done this years ago, but it is better now than never.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Cuticura
THE NEW BLOOD PURIFIER
Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg, and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 25c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 15th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS THE Great LIQUID FOOD

FOR BLOOD, BRAIN AND NERVES.

IS A SUPERIOR NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A CHEAP, ALCOHOLIC DRINK. Highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is necessary to the brain, strengthens and quiets the nerves, purifies the heart's blood, and thereby makes only the best flesh, bone and muscle. UP IN WEEKS wonders, curing NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA. Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. DELICATE FEMALES, NURSING MOTHERS and WEAKLY CHILDREN can find no remedy equal to this healthful blood and nerve food tonic. For Sale by all Druggists. $1.00 per bottle. Prepared only by

Rupture

Its Relief and Cure as certain as day follows day by Dr. J. A. Sherman's method.

With safety from the dangers of strangulation and without the injury trusses inflict. Those wishing proofs should send 10c for his book, containing likenesses of bad cases before and after cure, also endorsements of professional gentlemen, Ministers, Merchants, Farmers and others who have been cured. Trusses and Rupture sooner or later affect the nervous and mental system, bring on organic diseases, impotency, destroy energy and social desires, making the young old and the old useless. Offices, 251 Broadway, N. Y., and 25 Milk st., Boston. Days for consultation, each week—New York, Mondays, Tuesdays and Saturdays; Boston, Wednesdays, Thursdays and Fridays, every other week. my15

Chronicle Correspondence.

SPRINGFIELD, MASS., May, 1882.

"A beautiful city situated on the banks of the Connecticut, containing about 35,000 people, one hundred miles from Boston," is the way geographers dish up the place from which my letter is dated; (that is, I suppose they do. I haven't hardly looked into a geography since I left school thirty years ago, and inasmuch as no school boy or girl remembers anything of this text book three weeks after graduation, it isn't to be expected that an old fellow like your correspondent should retain any more than the style of such a school book.) Thirty years ago, though, come to think of it, there were not half of the present population in Springfield, although it has not grown rapidly. Its inhabitants are strangely clever and hospitable for New Englanders. For you must bear in mind that a native N. E. almost invariably shuts himself up like an oyster, unless he is "introduced." The Springfielders remind me of the western people, except that they are as refined as the Hubites, and a great deal more polite. [Isn't politeness true refinement?]

I stopped at the Massasoit House, close by the Boston & Albany railroad station, and as I paid full rates and asked no favors, I suppose I can speak of the peculiarities of this hotel with a degree of freedom not accorded to the average newspaper correspondent. It has all the luxuries of your Rockingham, without its restraints of fashion and finery. If you can picture to your imagination an elegantly furnished old farm house with velvety carpets throughout the halls, clean and comfortable beds, large, airy rooms, a bill of fare from which one may gratify the most epicurean stomach, milk and cream, yes, and butter right from the Massasoit farm, two miles distant, you get but a faint idea of the delights of such a hostelry. It is a first class house in the best sense of that much-abused expression. Their prices are stiff, though But it is so rare that one gets all the needed comforts at a public house, that I am not inclined to growl about rates.

They have a magnificent court house here. Cost $220,000. It ought to be a good building, and it is. Yet Judge Lord, while presiding here at the Kidder murder trial recently, caught a severe cold which is likely to carry him off. Poor ventilation was the cause. Drafts of air, such as one feels in your Music hall, if he don't happen to have money enough to buy a seat away down front, are experienced in this costly court-room, that only prove how ignorant we still are of the proper method of ventilating our public buildings. What do piles of polished granite, and magnificently luxurious (how is that for a qualified adjective?) apartments and offices for public servants, or private ones, either, amount to, if the simplest laws of health are lost sight of?

Notwithstanding all this, Springfield is a grand old city, and her people are real nice,—refreshingly so. I may have something more to say of her—relating to her inner life. SOJOURNER.

Eighty-Five Dollars Lost.

"You do not tell me that your husband is up and entirely cured by so simple a medicine as Parker's Ginger Tonic?" "Yes, indeed, I do," said Mrs. Benjamin to her neighbor, "and after we had lost eighty-five dollars in doctor's bills and prescriptions. Now my husband feels as well as ever."

—A handsome woman pleases the eye, but a good woman charms the heart.

A Peerless Perfume.

The refreshing aroma of Floreston Cologne, and its lasting fragrance make it a peerless perfume for the toilet.

—Christianity does not estimate life extensively, but intensively. Not how much, but how well; not always what one has done, but often what has been left undone.

My Head Was Fairly Rotten,

And how much I suffered it is hard to describe. That loathsome disease, catarrh, caused the above, and the doctors said they could not relieve me. I paid hundreds of dollars, for which I received no benefit. I got more good from two bottles of Sulphur Bitters than from all the money I paid to doctors. I shall continue the Sulphur Bitters as I have great faith that they will cure me.—*Section Hand, Lowell.*

—M. Bouchut's experiments with pepsine for destroying worms in the stomach and bowels have been continued with extremely promising results. Even the tape worm succombs to the digestive action of pepsine in large doses, while the more highly organized tissues of the stomach are unaffected.

The only iron preparation that does not color the teeth, and will not cause headache or constipation, as other iron preparations will, is Brown's Iron Bitters.

—"There's my hand!" he exclaimed in a moment of courage and candor, "and my heart is in it." She glanced at the empty palm extended toward her, and wickedly replied: "Just as I supposed; you have no heart."

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have *seen* its magic effects, and *know* it to be a good article.

From I. S. Pötter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharper, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use, and those who have used it the longest *are its best friends.*

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines* it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

A Spring Defence.

How to Repel the Assaults of Ill Health
--Dr. Kennedy's Favorite Remedy
Means Something for You.

The months of March, April and May are the three successive arches of a bridge which connect the season of life with that of leaves and roses. No less in respect of health than outward natural phenomena is this true. Spring is a trying season for invalids, and particularly for those who either suffer, or are liable to suffer, from Biliousness, Kidney complaints and Constipation of the Bowels, and for women who are chronically subject to any of the long catalogue of physical ailments to which their delicate sex is heir. Indications of disease in Spring should be heeded at once. A fatal attack may easily result from neglect or a disordered condition of the bowels. The ounce of prevention may be had where tons of cure—or attempted cure—may be unavailing. Are you troubled in Spring with indigestion, torpid or disordered liver, want of appetite, constipation, or a feverish state of the skin? If so take without an hour's unnecessary delay Dr. Kennedy's Favorite Remedy. No medicine is so harmless and yet so quick and positive in its action. It is Nature's own ally, conceived and made tangible by human skill. Do not leave home when going upon a journey without a bottle of it in your valise. You cannot possibly put one dollar in any other shape where it can render you so essential service. The Favorite Remedy is almost instaneous in its action, but does not tear you to pieces with its violence nor nauseate you with disgust. It frees the liver from bile and sets the machinery of your body into normal and healthy operation. Remember: Dr. D. Kennedy's Favorite Remedy. Ask your druggist for it and take nothing else. Price One Dollar a bottle.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1880.

Gents:—Upon the recommendation of a friend I tried BROWN'S IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of BROWN'S IRON BITTERS, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking BROWN'S IRON BITTERS, responded "that is a good tonic, take it."

Daily Chronicle.

A Family of Little Foreigners.

At Prentice's stores, contiguous to the Wall street ferry, on the Brooklyn side of the East river, the good ship Lornty is moored. She sails under British colors, and is said to be the largest vessel at present in the port of New York. Her hull is of iron and about 2,000 is her registered tonnage. Less than a month ago she arrived, after a ninety days' pleasant voyage from Calcutta, with a full cargo of jute.

Before the freight had been unloaded a peculiarly interesting event occurred on board. Capt. J. Flynn, her commander, on April 25th realized that a son had been born unto him. The happy father, although born in Liverpool of Irish parents, christened the offspring "Washington Garfield Brooklyn Flynn." He claims that as the boy was born within the jurisdiction of the United States, there is no reason why he should not be eligible to the presidency.

Eight years ago Capt. Flynn married a maiden of seventeen. Six children have blessed their union, but there are no two of them of the same nationality. The first was born on shipboard, off the Cape of Good Hope; the second in Peru; the third, off Callao, Peru; the fourth in Calcutta; the fifth off Mauritius, in the Indian ocean; and the sixth in the port of New York. The captain is a hearty man less than forty years of age, and his wife is a robust lady of about twenty-five. The children are all alive and in excellent health. On Thursday the embryo president and his parents will set sail for Calcutta. Among their pets are tumbler, carrier and fantail pigeons, and a pair of goats with two kids.—*New York Herald.*

Two Sides to the Question.

"How often does the ferry boat start?" asked the lady.

"Ivery fifteen minutes, mum."

"How long since the boat left here?"

"Tin minutes, mum."

Lady waits ten minutes, and then says: "Didn't you say the boat starts every fifteen minutes?"

"I did, mum."

"Well, I have waited here ten minutes since you said the boat had been gone ten minutes!"

"Yes, mum."

"Then how do you make out that it starts every fifteen minutes?"

"Why you see, mum, it startuts from this solde wan fifteen minutes, and from the ittur solde the t.ixt."

Parlor Decoration.

Horse-shoe, painted plaque and Sunflowers have each in its turn been the popular parlor ornament, but are now superceded by the Tamboring, which when tastefully decorated is very ornamental. For fifteen cents the Wheat Bitters Co., 19 Park Place, New York, will send free a beautifully decorated Tamborine.

—"Does the world miss any one?" queried a disconsolate maiden of some thirty-six summers and eight moons over. "The world will very likely continue to 'Miss' you," said her younger sister; "as for me, I shall be a 'Mrs.' before cherries are ripe."

From Alonzo S. Weed, Publisher of *Zion's Herald*, 35 Bromfield St., Boston.

Several bottles of Adamson's Botanic Cough Balsam have been used in my family with the most gratifying result. We esteem it as one of the best of medicines.

—Rev. Dr Pullman, of New York, recently said that "women are not angels, but plain human beings." The doctor never made a more serious mistake. Of course, we all know they are not angels, but to call them "plain!" We predict a serious falling off of the feminine element in this man's congregation.

Capt. O'Farrell, of Chicago, Ill., says: "I am only too happy that I used St. Jacobs Oil. My leg was suddenly crippled with rheumatism, and my sufferings were extreme. I used St. Jacobs Oil, and it cured me."

—Vanderbilt has three miles of gas pipe in his house and has to use glasses when he reads. He is no better off than his grandfather, who used to read by the aid of one tallow candle and a pair of iron-bowed spectacles. We don't think three miles of gas pipe any luxury at all. Our idea of luxury in the illuminating line would be to build a house over an oil well and drop four miles of wick into it, and screw it up as we needed light.—*Dexter Gazette.*

MESSRS. ELY BROS., Druggists, Owego, N. Y.—About a year since a gentleman from Orwell, Pa., called my attention to your Cream Balm as a remedy for catarrh, hay fever, etc. He was so earnest in asserting it to be a positive cure, (himself having been cured by it) that I was induced to purchase a stock. I must say that the Balm has met my best expectations, having already effected a number of cures in this locality. I am using it with beneficial effects. Respectfully, P. F. HYATT, M. D., Bordentown, N. J., Oct. 26, 1880.

Having been afflicted with catarrh and cold in the head, I tried a great many remedies without any beneficial effects; at last I used Ely's Cream Balm, which effectually cured me. I consider it a duty I owe suffering humanity to recommend it to others suffering from the same, almost universal, American disease. W. H. I. HILLARD, dentist, Bordentown, N. J. Oct. 25, 1880.

Price fifty cents.

—Dr. Bartol once invited Mr. Emerson to dine with him to meet Father Taylor. The philosopher hesitated, saying: "Father Taylor is a cannon better on the common than in a parlor." But he was finally persuaded. As he left the table for his train Dr. Bartol said to Father Taylor: "That is a sweet spirit." "Yes, yes," said Taylor; "should he go to hell it would change the climate, and the emigration would be that way." Father Taylor also said of him: "I have laid my ear close to his heart and never detected any jar in the machinery. He is more like Jesus than anybody else I have known."

—Clergyman (who suddenly discovers that he has given a hackman the counterfeit half dollar that he was anxious to destroy)—"Hi, hackman, I've made a mistake!" Hackman (who has palmed off a bad quarter in change and is hurriedly driving off.) "No, sir; you'll find it quite correct!"

—Professor to classical student: "If Atlas supported the world, who supported Atlas?" Student: "The question, sir, has often been asked, but never, so far as I am aware, satisfactorily answered. I have always been of the opinion that Atlas must have married a rich wife, and got his support from her father."

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a friendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

A Startling Rumor.

The Washington correspondent of the Boston *Traveller* telegraphed from Washington on Tuesday afternoon as follows:

A cable despatch received here says Queen Victoria was assassinated this forenoon. Secretary Frelinghuysen, in response to an inquiry by your correspondent, acknowledged that he had heard of the rumor, but said that the state department had no information on the subject.

Mr. West, the British minister, also said this afternoon that he had heard of the rumor, but had received no news of the event.

Col. Worthington's Confirmation.

The confirmation by the senate of Roland Worthington as collector of the port of Boston was an overwhelming defeat for the "civil service reform" senators from Massachusetts, Hoar and Dawes, who are deadly opposed to the "boss" and "spoil-" systems—that is, unless they are the bosses, and have the distribution of the spoils among their personal friends and supporters. Col. Worthington was confirmed by a vote of thirty-eight to fourteen. During the discussion in the senate previous to the confirmation, Dawes indiscreetly averred that Mr. Beard's reappointment as collector of the port was earnestly desired by the Boston merchants. This promptly brought Senator Rollins of New Hampshire to his feet, and he proceeded to make things very warm by producing the famous memorial signed by 800 merchants of Boston, representing $400,000,000 of capital, in favor of the reappointment of Mr. Simmons, whom Beard superceded. The New Hampshire senator rather pointedly asked where the Massachusetts senator stood when that memorial was presented? Seven democrats, five republicans, and Hoar and Dawes, voted against Worthington's confirmation.

Beating the Air.

At the annual convention of the Catholic Young Men's National Union in Boston, a few days ago, the following preamble and resolution were unanimously adopted:

Whereas, There is but one state (New Hampshire) in the United States which has a prohibition in its constitution excluding American Catholic citizens from the privilege of holding any office within its domain; and

Whereas, we, the representatives of the Catholic young men of this country, believe that it is unjust that such a discrimination should exist against our Catholic brethren in that state, and is a severe blot upon its escutcheon; therefore be it

Resolved, by the Catholic Young Men's National Union in convention assembled, That in the name of American liberty the state of New Hampshire should cause, at the earliest possible moment, to be stricken from its constitution the clause which provides for such exclusion, feeling confident that when the subject is presented for the consideration of the citizens of said state they will see the injustice of such provision and demand its immediate repeal, thus securing to all American citizens, of whatever creed or nationality, that liberty which we believe to be guaranteed by the national government.

What the composition of the Catholic Young Men's National Union is we do not know, but its members are probably men of at least ordinary intelligence and general information; and as the association is "National," it seems probable that there were in the convention delegates from New Hampshire. Among so many presumably intelligent men, it seems strange that there should not have been at least one to know something of a public matter deemed of sufficient importance to call for the passage of resolutions by the convention. The religious test clause of the New Hampshire constitution was stricken out years ago, by a popular vote of more than two to one, and that fact was duly proclaimed by Gov. Cheney. The Roman Catholic citizen of New Hampshire is now under no legal disability as to holding office, or in any other way, on account of his religion; and even during the ninety years that the religious test clause remained in the constitution it was a dead letter, as Roman Catholics were elected to and held office without their right to do so being questioned.

Mr. Charles Stockbridge, in charge of Capt. Barr's gondola, has contracted to furnish ballast for seven of the British schooners now at this port.

Reserved seat tickets for Harlow's grand concert, which is to be given in Music hall on Thursday evening, May 25th, will be put on sale at Preston's next Saturday. This concert will give an opportunity of hearing the full Wentworth House orchestra, in a programme which will include music to suit all tastes and grades of musical cultivation; Miss Edith Wendell, the favorite soprano, in solo; and Miss E. M. Chamberlin of Cambridgeport, Mass., the solo whistler, who according to the Boston *Herald* "whistles as sweetly and naturally as a bird sings, having possessed this peculiar gift from her earliest childhood."

The tide breakers of the band-stand at Gangway rock were broken by the strong tide on Monday night, necessitating a stoppage of work on the rock until heavier timbers can be put in place. Those broken off measured six inches by four; six inches by seven will be the size of the new ones.

Mr. Joseph Flood, one of the Boston carpenters engaged in erecting the new barn on the Burnham farm at Gerrish's island, Kittery, was considerably startled a day or two since, on taking up a gun, at the weapon's going off of its own accord, and blowing out one of the windows of the house. He thinks that gun "too previous" to be reliable.

The schooner Emily A. Staples, Coleman master, from Durham with a load of bricks for Boston, dropped down to the lower harbor on Tuesday to "wait for a slant."

Persons who drove into this city from York, Tuesday morning, reported that ice formed to the thickness of window glass the previous night on the shallow puddles of water along the road. No particular damage was done, according to their reports, vegetation being backward in the extreme.

A pair of very large and fat cattle were brought in on Tuesday from Eliot by Mr. Leander Brooks, dressed ready for the market. They were purchased by C. Sullivan & Co.

Dr. Fay has only 200 suits of those nice flannel clothes at the low price of $7.50 each. To get a good fit you must come soon. Coat, pants and vest complete; all sizes; all wool, and fast colors.

News and Notes.

The steamer Sarmatian, which arrived at London May 15th, reported that she towed the disabled steamer Catalonia 240 miles, and then having taken off her mails and 122 of her passengers, left her in longitude forty-two, making eight knots an hour under sail.

Eight persons, including Capt. Napoleon Bucklin, formerly a well known shipmaster of Maine, and his two sons, were drowned by the capsizing of a sailboat while crossing a lake at Pullman, Ill., Sunday. Twelve persons were in the boat at the time of the accident.

New Hampshire Items.

There was quite a snow-storm in Wolfeboro' on the 15th inst., and the mountains in view were covered with snow. Snow fell in Dover for two hours, on the same day.

Rutherford P. Hayes, son of Ex-President Hayes, and Henry M. Burt, editor of *Among the Clouds*, made the ascent of Mt. Washington from the Fabyan house, Monday, walking along the railroad from the base to the summit in three hours. The mountain is still covered with snow, and in some places they walked over the tops of the telegraph poles. A drift in front of the Summit house is not less than ten feet deep. The descent of the mountain was made in eighty minutes.

"An Echo of Passion:" by George Parsons Lothrop. Boston; Houghton, Mifflin & Co.; price $1.25.

This latest story of Mr. Lothrop has been seen as a serial in the "Atlantic Monthly" for the past four months, and now appears in a sunflower binding, making a book of 230 pages. Unlike the conventional novel, in this story the author begins with his hero married, and started far enough in matrimonial existence to give us a gentle tiff in the outset of the tale. But the hero is a fearfully and wonderfully made genius homo. Three years before his marriage to a wife who was apparently too good for him, he had seen and admired the sweet tones of a young lady whose singing had enthralled him. He promptly served a notice upon her when he made a journey to her home in New York state, that he "had no idea of making love to her," and after counting himself out in this mode discovered the folly of the proceedure. After his marriage he saw the vocalist, then a widow with undiminished charms and fascinating powers, and though loving his wife, and with every attempt at conjugal loyalty, still flirts (if we may believe the gossips of the cheap summer country boarding house) with the widow, and neglects the good little wife of his bosom. The confiding character of the wife, her fondness for her rival, the clumsy platonic love-making of the hero, and the struggle between duty to either woman and inclination between right and wrong, the long-pent-up affection of the widow, who never loved any one but the hero, and the general mess which the author makes of this unwarrantable love-making, during one summer, are told with an interest which makes some readers set down the hero as a stupid fool, while others insist that he is very naughty, but unlike any man who ever yet was created. The fair readers, sympathizing with the at times neglected wife, are quick to condemn the widow for possessing her restrained love, which fortunately for the good of society carries none of the characters any nearer the brisk of the precipice than within a dangerous distance. The story has a novel construction, and every reader will be provoked enough with the leading characters to keep up a lively interest throughout the volume.

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millions of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and application is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the six years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 2500 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent.—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $100.—*no carcasale*. This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. CIRCUIT COURT OF THE UNITED STATES.

TUESDAY, May 16th; *Clark J.*

In case Huntress vs. Epsom, the jury returned a verdict for the defendant.

Lawrence Cleary vs. Saint Paul's School, action to recover $1538.07, due for plastering a new dormitory at St. Paul's School a corporation at Concord. The plaintiff is a master plasterer at Boston, who did the work, as the defendant contended, under a written contract for a fixed sum. Cleary executed a paper which was shown, by which Cleary agreed to do the plastering for $1700. The architect notified him in May to begin his work, but Cleary contended that the building was not sufficiently advanced in process of construction for the beginning of his work, and that he was unnecessarily delayed, and this is a dispute between the architect and the mechanic to be settled by the trial. The plaintiff also claimed that he did $168 of repairs upon the older buildings, and was unreasonably delayed, causing his work to cost him more than it should; and that the walls were so built that it took more plastering for the walls, it being in some places three inches thick instead of seven-eights of an inch. After the evidence had been partly put in the court held that a reference provided for in the contract was the mode of trial; and the plaintiff being surprised at the court's ruling, was allowed until the close of the noon recess to cite authorities in support of his proposition that notwithstanding the clause in the contract the case was properly in court, or to acquiesce in the ruling of the court.

On the coming in of the court after recess, it appeared that a comfortable dinner at the Rockingham had so mollified the asperities of the parties that an agreement for judgment for the plaintiff in the sum of $412 and costs was entered. William H. Towne, of Boston, for pltff.; Wm. L. Foster and Sam'l C. Eastman for St. Paul's school.

The jurors were then excused from further attendance, and the court took a recess until June 14th.

Wilbur vs. Abbot. This case, brought to enforce the payment of a judgment recovered in New Orleans without a service on the defendant, a resident of Concord, was entered in this court at its May term, 1872, and has since been in court. A similar suit has been decided adversely to the plaintiff in the state court of Hillsborough county. Various questions have arisen and been decided, until recently the death of the plaintiff was suggested, and the case, for want of prosecution, on motion of the defendant's counsel has been dismissed. Morrison and Little for pltff.; S. C. Eastman for deft.

The following cases were disposed of on Tuesday:

King vs. Adams, equity case, is to be heard by Judge Gray, June 14th.

Gustine vs. Cushing, a breach of promise case marked for trial, was continued. Copeland for pltff; Wheeler for deft.

Wheeler vs. Liverpool, London & Globe Ins. Co., also marked for trial by jury, was continued. Marston and Frink for pltff.; S. C. Eastman for deft.

ALMOST A DISASTER.

On Tuesday afternoon, shortly after three o'clock, while the children in Miss Ham's department of the Haven school were enjoying the usual recess, fire was discovered issuing from the chimney where a funnel enters it. No general alarm was given, the children behaving with remarkable coolness; but Mr. R. Hamilton Perkins, the principal of the school, and Mr. Charles S. Dodge, who fortunately was working in the garden of his residence close by, were called on, and after a few minutes' sharp exertion in cutting away the woodwork and dousing water on the flames, the danger was past. The fire was roaring quite loudly when the gentlemen named arrived, and only a few minutes delay would have been needed to assure the gutting of the building.

AN ASTONISHED DOG.

On Sunday last the captain of one of the British schooners now in this port from the provinces, and a gentleman belonging here, were taking a walk about town, accompanied by a huge Newfoundland dog belonging to the captain of another schooner. The big dog, at peace with himself and all the world, trotted sedately along with his tail gracefully curled over his back as became a Newfoundlander of established good reputation, minding his own business and treating with supreme contempt the occasional snarl of some cur, until the little party were passing the Rockingham house, when suddenly a change came o'er the spirit of his dream. As he trotted along he turned his benignant gaze toward the hotel, and saw the big iron lions standing guard on each side of the entrances. Instantly his whole demeanor changed. Ducking his head like a goose when going under a clothes-line, and giving utterance to a growl in which astonishment, defiance and apprehension were all plainly expressed, he made a jump of at least ten feet into the street, and then, with his tail sticking straight out behind and the hair on his back standing up so as to make him several inches taller than he was when he started out for his walk, he progressed sidewise down the street, bravely facing the foe, and showing his teeth to and growling at the enemy until he could no longer see them; and long after his confidence had so far returned as to enable him to go along endwise, as is customary with dogs, he would occasionally turn around, bristle up, and give a menacing growl as a warning to the iron lions of what they might expect in case they precipitated a fight with him and his amused human companions.

N. H. S. P. C. A.

The Directors of the New Hampshire Society for the Prevention of Cruelty to Animals held their regular meeting for May on the evening of the 1st inst. The President occupied the chair. Mrs. Alfred W. Haven, Mrs. John J. Pickering, Mrs. Charles M. Laighton, Miss E. H. Pearson, Miss Annie F. Jenness, Mr. Augustus W Odiorne and Mr. Charles E. Batchelder were present. Dr. J. R. May being absent from the city, Mr. C. E. Batchelder was chosen secretary pro tem.

The president made a report of several severe cases of cruelty prosecuted, and many investigated, at Berlin, Woodstock, Thornton-Gore, Plymouth, Rumney, West Rumney, Ashland, Franklin, Salisbury, Wadley's Falls, Newmarket, Eliot, Hampton and Portsmouth. Two horses and one ox were killed by brutal teamsters; two of the offenders were prosecuted and one escaped punishment by leaving the State. Several other cases of atrocious barbarity await the action of grand juries. Reports were received from the various special agents in regard to their work in their several towns. Printed annual reports were received from the following named societies: Woman's Branch of the Penn. S. P. C. A., Wisconsin Humane Society, Bangor S. P. C. A., Massachusetts S. P. C. A., San Francisco S. P. C. A., Saratoga S. P. C. A., Connecticut S. P. C. A., Oregon S. P. C. A., Washington, D. C., S. P. C. A.

Miss Kate M. Haven was unanimously elected a member of the Board of Directors. Mrs. Pickering reported the distribution of a large number of papers, books and pamphlets, free, to the public schools in various parts of the State. The express charges, amounting to five dollars, incurred in the distribution of humane literature, were paid by Mrs. Pickering, and the thanks of the society were tendered her for that and other pecuniary aid. Mrs. Pickering also reported the following donations of money made during the month of April: Mr. J. Fisher Sheafe of New York, $25; "A Friend" (for special work), $25; "A Member," $5; Mrs. Ezra H. Winchester, $10; "Portsmouth Friend," $10; "Special Contribution," $1—total, $76.

The committee on printing reported that copies of the Bird Law and the Law for the Protection of Animals had been printed for free distribution in the country. Mr. Batchelder reported that a teamster was found working a galled horse in Exeter, a week previous to the meeting; the driver was made to take the horse from work and let it rest until its sore shoulders were healed. A lady made a complaint that some boys were in the habit of killing frogs in a pond near her residence; measures to remedy that abuse were adopted, and the boys will soon learn the moral of an old fable. The Agent reported that two horses and two smaller animals had been humanely killed by him during the month.

After the transaction of the routine business the meeting adjourned.

Of Mr. Keene's rendering of the part of Richard III., which our theatre goers are to have an opportunity to see at Music hall on Saturday evening, the Boston *Post* says: "The conception is correct. The principal outlines are rightly placed. In the scenes that require great force, notably in the dream scene and the fight with Richmond, Keene is really great, and his performance, as a whole, must be pronounced of a high order."

Mr. Henry Kennison of this city has contracted to build a house in Eliot for Mr. Howard Staples.

Mr. Joseph Jefferson, whose "Rip Van Winkle" has brought him wealth and made his name famous throughout the English speaking world, is to appear in Music hall on Tuesday evening of next week as Bob Acres, in Sheridan's standard comedy "The Rivals."

Mr. H. M. Putney, collector of internal revenue for this district, has been confined to his bed for several days by illness, which his many friends hope will turn out to be nothing more serious than a severe cold.

Capt. Joseph C. Muchmore has hired the old foundry on Mechanic street for a rigging loft.

If you are in need of a man's or youth's indigo-blue, all-wool, warranted perfectly fast-colored, nicely-made and well-trimmed suit of clothes, at the low price of $7.50, (all sizes from 33 to 44,) it will pay you to visit Dr. Fay's, No. 3 Congress street.

It is perfect y safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. Twenty-five cents a bottle. eod&wtjan82

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so, and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of Cuticura Resolvent, the blood purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 25c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 15th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

Will "Judge" Ela Go?

The *Critic* some time since mentioned the controversy between Postmaster-General Howe and Sixth Auditor Ela, concerning the proposed removal of the latter's clerks from the second floor of the postoffice to the "sky-parlor." *Judge* Ela got mad and said he just wouldn't go, while the good-natured but positive postmaster-general said that his orders must be carried out, that he had entire jurisdiction over the postoffice building, etc. The matter has been in statu quo for the past three weeks, and has finally resulted in the postmaster-general addressing the sixth auditor an official letter, commanding him to pack up his traps and leave. *Judge* Ela has said that he would appeal to the secretary of the treasury and ask his interference in the matter; but just what the secretary of the treasury has to do with it would be of interest to many people just now, and especially to the postoffice officials. It now looks as if *Judge* Ela "must go."—*Washington Critic.*

Mr. Ela, before his election as member of Congress, had served as an assistant assessor of internal revenue and United States marshal, and before that kept a railroad station at Rochester. A Washington residence, however, gives a man a title, and as Mr. Ela did not serve in the late war and cannot wear the common prefix of "Col.," the alternative of being called "Judge" is left to him.

Going Him One Better.

An ingenious tramp, thinking to wring tears and money assistance from the stoutest hearts with a new scheme, gave it an experimental trial in the north end. He has decided not to patent the invention. He told a north end lady of his unfortunate condition, and asked if he might eat some of the grass in the yard. The lady, not less amused than surprised, said:

"Certainly."

He went out, and getting down on all fours commenced on the grass after the neglected and never-popular fashion of Nebuchadnezzar, and apparently not enjoying the diet any more than that ancient sinner of olden time. Presently the tramp's anxious eye caught sight of the servant girl coming to him from the back yard. He thought a rich reward for his humility was in store, and instantly responded.

"Did you motion to me?" said he.

"Yes."

"What did you want?" He now wore a look of most hopeful expectancy.

"Y. a may; o in the back yard if you want to. The grass is taller there."—*Terre Haute Gazette.*

More universally recommended than any proprietary medicine made. A sure and reliable tonic, Brown's Iron Bitters.

—An editor once wrote a brilliant leader for his paper, beginning, "We are all familiar with the principles of Magna Charta," etc., and happening to pick up a proof saw that the talented compositor had set up "Major Chute" instead of Magna Charta. The editor was not familiar with the versatility of the ideal compositor, and being an impulsive man he merely called attention to the error by writing on the margin of the proof, "Major Chute be d——d," and went home happy. In the morning the brilliant leader read like this: "We are all familiar with the principles of Major Chute. Major Chute be d——d!" Crushed by the ponderosity of superior intellect, and realizing his own incompetency to wrestle with the fine details of journalism, the editor resigned.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer is unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single week.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharper, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, etc., Mo.:
It gave me immediate relief.

R. Levis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest *are its best friends.*

Its success has *arisen* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued than *ever before*. Every family should have a bottle *ready for use*. Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines*, it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

PERRY DAVIS & SON, Proprietors, Providence, R. I.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of
$1.50 per year, paid in advance, or
$2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items: carefully prepared marine news, containing reports of vessels owned at this port, or offered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1880.

Gents:—Upon the recommendation of a friend I tried Brown's IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's IRON BITTERS, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking Brown's IRON BITTERS, responded "that is a good tonic, take it."
ADORAM PHELPS.

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

A Murder Confessed.

William Richards, the Englishman arrested at Waterbury, Conn., some weeks ago, on suspicion of murdering Joseph Jackson, another English immigrant, whose dead body was found in a wooded ravine at Abercorn, province of Quebec, April 12th, has confessed his guilt.

He says that they quarrelled over a little money, and that Jackson struck him a blow in the face. Richards then knocked him down, his skull being fractured by striking on a stone, rendering him unconscious. Richards then carried Jackson to an abyss and threw him down, the fall mangling his body. Richards went down the ravine and rifled the pockets of his victim, and came direct to Hartford, Conn. He says Jackson had but $10. Richards seem prepared for his fate, but thinks he may escape the gallows, as the crime was not premeditated. The extradition proceedings are set for May 30th.

Books, Magazines, Etc.

A. R. Thompson, associate editor of the "St. Nicholas Magazine," died of scarlet fever, last week, at his residence in Brooklyn. He was born in Paris, and was thirty-four years old. He was the "Jack in the Pulpit" of the magazine.

"The American Law Magazine" for May has abstracts of decisions of cases in the highest courts of nearly half the states in the Union. The publishers have been so liberal in the material furnished in their magazine that the price is now fixed at $3.00 per year. The magazine has contributors from every state, with the latest decisions. Published by the American Law Magazine Co., No. 142 La Salle street, Chicago.

"Picturesque B. & O." is the title of a most superb publication of about one hundred and fifty pages, issued by the Baltimore & Ohio railroad for complimentary distribution. Looking over this exquisite book one can scarcely credit that it is issued for gratuitous distribution. There is not a solitary suggestion of an advertising flavor about it, and even in the reading matter the reference to the road is of such comparatively rare occurrence as to be hardly observed. The book is written in an easy, unassuming style by Mr. J. G. Pangborn, who has had many years experience as a newspaper writer, and it reads more like a magazine article than an advertisement. The great charm of the book, however, lies in the matchless series of engravings, of which there are nearly one hundred, no less than seventy of them being by the famous Moran, whose paintings in the capitol building at Washington have been pronounced beyond all comparison the grandest ever made for the government. Of the artists engaged other than Moran were Davidson, W. Hamilton, Sheppard, Ferris and Warren. The corps of engravers employed was well in keeping with the distinguished rank of the artists. Without a single exception the drawings were made direct from nature, many weeks having been spent upon the sketching tour. The book is from the well known western publishing house of Knight & Leonard, of Chicago, and a model of artistic make-up and fine press-work. The cover, which is by the American Bank Note company, is a work of art, being of a decidedly novel design, and engraved and printed more perfectly than many of the colored pictures sold for framing. "Picturesque B. & O." is *the* illustrated book of the season.

A Traveler's Story.

After spending months at watering places and consulting the best physicians without benefit, I returned home disheartened and expected to die. A friend urged a trial of Parker's Ginger Tonic. Three bottles and careful diet have brought me excellent health and spirits, and I hope my experience may benefit similar sufferers.—Cincinnati lady. See other column.

Bennett, of the New York *Herald*, has given the widow of Lieut. DeLong $50,000 in United States four per cent bonds.

My Head Was Fairly Rotten,

And how much I suffered it is hard to describe. That loathsome disease, catarrh, caused the above, and the doctors said they could not relieve me. I paid hundreds of dollars, for which I received no benefit. I got more good from two bottles of Sulphur Bitters than from all the money I paid to doctors. I shall continue the Sulphur Bitters as I have great faith that they will cure me.—*Section "Hand, Lowell.*

A systematic robbery of mails on the night trains from Halifax to St. John, N.B., has just come to light. A large number of letters for the United States are among those stolen. The authorities are investigating.

A Peerless Perfume.

The refreshing aroma of Floreston Cologne, and its lasting fragrance make it a peerless perfume for the toilet.

The gamey black bass with which the state commissioners stocked 123 ponds have eaten up all the other little fish, and struck for other waters. The commissioners are satisfied with their experiment.

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a frendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

Telegraphic despatches announcing her own death were written by a dying woman, Mrs. Abbie Taylor, at Newport, R. I., on the 14th inst. The despatches, beginning with "Mrs. Taylor is dead," were written in a legible but trembling hand, and invited friends to the obsequies. In twenty minutes after the last one was finished the writer was a corpse.

Bank Watchman Galpin of Bridgeport, Conn., smoked a cigar the other day, broke out in a cold sweat, vomited and died—all in an hour. He was fifty-four years old and an old smoker, and it is surmised that his last cigar was not made of good tobacco.

The Husband's Commandments.

Thou shalt love no other man but me.

Thou shalt not have a daguerreotype or any other likeness of any man but thy husband.

Thou shalt not keep it in secret, and worship it; for I, thy husband, am a jealous husband.

Thou shalt not speak thy husband's name with levity.

Remember thy husband's commandments to keep them sacred.

Honor thy husband and obey him, that thou mayest long be in the home he has given thee.

Thou shalt not find fault when thy husband chews and smokes.

Thou shalt not scold.

Thou shalt not permit thy husband to wear a buttonless shirt, but shalt keep his clothing in good repair.

Thou shalt not continually gad about, neglecting thy husband and family.

Thou shalt not strive to live in the style of thy neighbor, unless thy husband is able to support it.

Thou shalt not covet thy neighbor's fine house, nor his fine furniture, nor his wife's thousand dollar shawl, nor her fifty dollar hankerchief, nor anything that is thy neighbor's.

Thou shalt not go to Woman's Rights meetings, neither to speak thyself or to hear others speak.

Thou shalt not scold if thy husband stays out until after twelve o'clock at night. [This is especially important.]

Thou shalt not run up large bills at stores, which thy husband is unable to foot; for verily he knoweth his means.

—"If I was in your place," said a New Haven housewife to a fish-peddler, "I'd throw away that horn or else learn a new tune. It's perfectly distressing." "Madame," said the purveyor of brain phosphorous, with becoming dignity, "with the limited time at my disposal, and the extreme low price of shad, it is impossible for me to favor my patrons with a cornet obligato on every street, but I try to make the few strains I attempt acceptable and attractive to the cultivated ears of the vicinity. If I fail, I make it up on the quality of my shad. Six pounds; fifty-five cents. Thanks."

AROUND HOME.

The schooner Lizzie Newton, Moore master, which brought a cargo of coal from Parrsboro', N. S., to this port, will take a quantity of flour from Boston to Parrsboro', and load again with coal for Newmarket.

Mr. Warren Keen went to Alton Bay on Wednesday of this week with a gang of men, to repair a steam yacht owned by Mr. A. O. Phillips and used for cruising on the lake.

"King David," the harmless lunatic who occasionally appears in this city with his hat and coat covered with feathers and bright-colored rags, was severely hurt in Beverly, Mass., some days ago, by falling from a hayloft.

A large gang of men under the superintendence of Mr. Joseph R. Holmes are at work making improvements on the grounds around the hotel Wentworth at Newcastle.

Piscataqua Commandery, Number 189, United Order of the Golden Cross, of South Eliot, will give a literary and musical entertainment in the Methodist Episcopal church of that village on the evening of Monday, May 29th, if fair weather; if the evening specified proves stormy, the entertainment will be postponed to Thursday evening, June 1st. The programme will consist of readings by Mr. Horace Lunt of Boston, and singing by the choir of the church and Dr. Adams of Kittery Point.

A pump and watering-trough have been put up by Mr. James Miller at the spring on Miller avenue, and neither man nor beast need now go thirsty when in that locality. The trough, which is of stone, was made on a plan of Mr. Miller's, and if not of the orthodox pattern is none the less serviceable. The stone stands about two feet high above the ground, and in its top a water-space about two feet long, eight or ten inches wide and four inches deep is gouged out, the ends and sides being cut shelving all around; this unique trough holds enough water for a horse to drink, but not enough for big dogs to lie down in on hot days, and should it be defiled by anything thrown into it, can be cleaned out in a moment with a broom or even a tuft of grass. Holding so small a quantity, every animal watered there must have a fresh supply pumped, and the water will be always fresh and pure.

A friend has called our attention to the following notice, which is kept standing on the first page of the *Intelligencer*, a paper published at Danville, Pa.: "Persons lifting and using papers addressed to others become subscribers, and are liable for the price of the paper." This must refer to "door-step subscribers"—persons who pick up from door-steps the papers of paying subscribers, and after reading them either throw them down in the mud or carry them off, as the spirit moves. If the CHRONICLE could manage to collect $6 per annum from each subscriber of that kind, the nautical editor would buy a marine bicycle.

We have examined the blue suits being offered by Doctor Fay at $7.50 each, and it is a positive fact that they are strictly all wool and fast colors, so far as we can judge. He has all sizes from 33 to 44—coat, pants and vest, complete. An examination of these suits will convince the sharpest buyers that it is one of the best bargains ever offered here.

It is said that Mr. Wm. P. Israel will this spring largely increase the capacity of his already extensive henery at Little Harbor.

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millons of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and application is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the six years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 2500 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00,—*not assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. POLICE COURT.

WEDNESDAY, May 17; *Batchelder J.*

George Robinson, for drunkenness, was fined $3, costs $6.90.

Margaret Sullivan, charged with brawl and tumult, had her case continued to the 27th inst. It is alleged that this woman, who lives on Bow street, while drunk on Tuesday evening made such a noise as to attract the police officers and a large crowd of lookers on; after considerable difficulty, and no little noise, she was taken out of the house, and to the police station in a wagon.

Daniel Sullivan, a son of Margaret Sullivan, was fined $3 for an assault on his father, costs being taxed at $8.04.

Daniel Sullivan, on a complaint charging him with attempting to rescue a prisoner from the custody of the police, was held in $100 for trial at the October term of the supreme court.

REAL ESTATE TRANSFERS.

The following recent transfers of real estate in this city and vicinity have been left for record in the office of the register of deeds:

Portsmouth—Chas. W. Kennard of Boston to Eugene M. O'Callahan, land, $625. Wallace Hackett of Portsmouth, trustee of estate of Lydia Pickering, to Eugene M. O'Callaghan, land and buildings, $1875.

Rye—Joseph I. Brown et al. to Sarah E. Barnard, land, $90.

Newcastle—Geo. Vennard to Chas. W. White, land, $300. Geo. Vennard to Chas. W. White, land, $250. Nathan W. Tarlton of Portsmouth to John V. White of Newcastle, land, $75. John V. White to George A. Bartlett, of Cambridge, Mass., land, $1000.

North Hampton—Albert Batchelder et al. to Thos. J. Batchelder, land, $25. Calvin Page of Portsmouth, administrator of estate of Emery Dearborn, to Simon D. Page of North Hampton, land, $800.

South Newmarket—Daniel C. Langland to William E. Gibson, land and buildings, $1700. John W. Paul et al. to Charles S. Clarke, land and buildings, $100.

Epping—John Willey to John F. Gibbs, land, $400.

Newmarket—Florence Conner to Thos. O'Brien, land, $550. Jeremiah Young to Sarah A. Garland, land, $1100. Hale Stevens of Durham to Joseph L. Elkins of Newmarket, land, $1200.

The schooner E. A. Williams of this port carried 17,000 lbs. of fish into Boston on Thursday of last week; she is now well fitted out for seining, having two boats and two seines.

THE CIRCUS.

"The Circus" (Nathans & Co.'s) is coming, and will be here to-morrow. It has been in Boston for a week past, and the newspapers of that city without exception commend it. One paper says:

To criticise the performance is to recommend it, for there was not a poor feature on the programme, and how to crowd more fun and real artistic merit into two hours is a problem yet to be solved. * * The great distinctive feature impressed on our attention was the absence of vulgarity and immodesty and the freedom from annoying peanut venders and lemonade fiends.

Another paper has the following:

Of the circus department we can only say that our most sanguine expectations were realized. Of late, the absence of that which the flaming posters claimed, has quite shaken our faith in pictures and adjectives, but Nathans & Co. are a pleasant exception to this rule, and as we have been and seen, our readers are advised to do likewise.

The advertisement of the show will be seen in another place.

KEENE AS RICHARD III.

Mr. Thomas W. Keene's advent as a "star" was warmly welcomed last evening by an audience which fairly filled the orchestra, crowded the balcony, and literally packed the gallery of the Park Theatre. * * There is an earnestness and magnetism about the man which plead strongly in his favor, and we shall be glad to see him in some more sympathetic part than Gloster. Mr. Keene, as we have said, was cordially welcomed last night, and throughout the performance was rewarded with frequent and hearty applause. He was several times recalled to the scene, and on one occasion (after the familiar "Off with his head!") was summoned before the curtain five times.—*Boston Herald.*

Mr. Keene will appear as Gloster at Music hall on Saturday evening. See advertisement.

The annual meeting of the Rockingham County Sunday School association was held at Epping on Tuesday, the 16th inst., with about 500 delegates in attendance, the president, B. R. J. Jewell of South Hampton, presiding.

In the superior court at Boston, on the 16th inst., Edward Foley, a boy five years of age, recovered of Frank Jones & Co. thirty-five dollars, damages for personal injuries received by him last October, by being struck by an empty barrel which fell from one of Jones & Co.'s wagons in South Boston. The plaintiff contended that the servants of Jones & Co. were negligent in not properly securing the barrels.

At the annual meeting of the stockholders of the Central Vermont railroad, held in St. Albans, Vt., May 17th, Hon. James W. Emery of this city was re-elected on the board of directors.

Over 3200 tons of coal arrived from Philadelphia on Tuesday and Wednesday of this week to J. Albert Walker, per steamers Lancaster and Reading. These big coal-boxes carry well, make good trips, and generally have quick despatch, notwithstanding which it is said that they do not pay very largely. This statement is in a measure borne out by the fact that the Philadelphia & Reading railroad, to which corporation the most if not all of the steam colliers belong, has not built or purchased steamers to replace the several vessels that have been lost during the past three years. The skippers and owners of coasting schooners would not grieve over the entire withdrawal of the steamers from the coal-carrying trade.

The high school base ball nine of this city played a game with a nine of the marine corps on the 17th inst., at the navy yard, the ball used being the prize. The high school boys won by a score of twenty-nine to twelve.

George E. Hodgdon, Esq., and Mr. George A. Mudge of this city, were in Farmington on Monday of this week, and with Frank Emerson, Esq., of Farmington, had a sleigh ride of several hours duration. The snow which commenced falling about seven o'clock in the morning, was four or five inches deep at the time the party went sleighing.

A large number of coasting schooners, bound east, light, put into the lower harbor on Wednesday afternoon.

Doctor Fay says, "please tell the people through your paper this morning all about those $7.50 indigo-blue suits, warranted all wool." All we can say is, if you don't care to buy, it will pay you to go in and see what everybody who has examined acknowledges to be the best bargain of the season.

The steamer Lancaster, which arrived at this port on the 16th inst., was discharged of her cargo of 1650 tons of coal in about sixteen working hours at the Concord railroad wharf, and her berth was taken on the evening of the 17th by the steamer Reading, with a cargo of about the same amount.

The fishing schooner Storm King came in on Wednesday, the 17th inst., to repair her main boom, which was sprung during the late gale. The Nettie Adams arrived the same day, having been out to pick up her trawls, which were set in Ipswich bay before the storm came in; she recovered the gear, but got only a small amount of fish.

The schooner Addie & Hattie arrived from the eastward on the 17th inst. with 4700 lobsters to Randall & Caswell. She met with extremely rough weather, and had several hundred lobsters killed.

The repairing of shoes is not generally considered a part of a brass founder's legitimate business, but Mr. N. D. Miller has recently mended a pair belonging to one of the divers now engaged in removing obstructions from the bottom of the river. The bottoms of the shoes are of metal, and they weigh ten and three-quarters pounds each.

The man who goes fishing, and sits in a cramp-inviting position on a narrow thwart from early morn to dewy eve, and calls it "fun," is the man who never goes to church because the pews are not comfortable.

The schooner Lydia E. Davis came in from Smuttynose island, Isles of Shoals, on the 17th inst., bringing in a lad named Brewster, son of Wm. H. Brewster, who was suffering from the effects of a fall from the breakwater which connects Smuttynose and Malaga islands. One of the boy's legs was considerably hurt, and one finger was so badly injured that amputation was necessary.

The steamer Mystic on the 17th inst. towed to the bandstand at Gangway rock one of the contractors' sloops, having on board part of a new set of tide breakers to replace those carried away by the tide on the previous Monday night.

The lobster pots set off the shores of Hampton and Seabrook were roughly handled by the late storm, many of them being smashed and thrown up on the beaches.

The steamer Appledore will go on the marine railway at Kittery this (Thursday) morning, to be put in thorough good order for the summer's work.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 15th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS

THE Great LIQUID FOOD FOR BLOOD, BRAIN AND NERVES.

A SUPERIOR NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A CHEAP, ALCOHOLIC DRINK. Highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is necessary to the brain, strengthens and quiets the nerves, purifies the heart's blood, and thereby makes only the best flesh, bone and muscle. It works wonders, curing NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA. Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. DELICATE FEMALES, NURSING MOTHERS and WEAKLY CHILDREN can find no remedy equal to this healthful blood and nerve food tonic. For sale by all Druggists. $1.00 per bottle. Prepared only by

Secretary Chandler.

The Boston *Journal* thus comments on the partisan opposition to the passage of the Harris bill for the creation of an American navy, by the democratic editors and congressmen:

If we had any idea that Mr. Chandler would squander an appropriation to build up the navy, we should oppose its being voted; but inasmuch as we believe that assumption to be unwarranted, we hold that Congress will fail in its duty in case it should fail to pass the Harris bill. As for Mr. Chandler, he has long been before the public. He is a man of positive convictions, and whether right or wrong, he has the courage to assert them and fight for their success. This has been the characteristic of his life. Mr. Chandler is not an office-seeker. He has held three important positions, the most important of which he resigned. In all of these offices he displayed unusual capacity, while his integrity was never questioned. So far as we know, Mr. Chandler has never been charged with being other than a straightforward man. He has appeared as the agent of claimants in Washington, but that is a legitimate calling, unless in following it counsel resort to bribery; and that has not been charged against Mr. Chandler. He is an efficient, positive man himself, and he will infuse his spirit into the department. Moreover, he is a man who likes to do things well and to have credit of it. Above all things, as an ambitious man, he would like to have his name connected with the construction of a navy which will be a credit to the country. He is assailed on the ground that he is a bitter and unscrupulous partisan, from which it is assumed that he will prove a corrupt official. This is clear assumption; his integrity in public and private affairs has never been successfully assailed, and cannot be. His executive capacity is of that tireless, pervading character which makes itself felt by every one under his direction. To refuse to intrust such a man with the carrying out of the plans to restore our navy is as weak as it is spiteful.

A Burglar Captured.

This morning about two o'clock, John Wood, the well known plumber, who resides on Main street, was awakened by hearing glass break, on getting out of bed he received a severe blow on the head; he immediately grappled with the burglar, and after a terrible struggle succeeded in holding him until his wife obtained help. On being searched at the station, Mr. Wood's watch and wallet was found on his person. He gave the name of Robert Terry. The broken glass proved to be a bottle of Sulphur Bitters which had almost cured Mrs. Wood of rheumatism.—*Exchange.*

—A man living in Troy, N. Y., accidentally set fire to the cord of his eye glasses the other night in lighting a cigar, and was astonished to see the bows of his glasses also burst into flames. He dashed them to the floor quickly, and saved his eyesight from injury. The secret of the mystery is that the frame of the glasses were made of celluloid, a preparation of gun-cotton, and very inflammable.

In New Haven, Conn., at 842 State street resides Major Russell W. Norton. For years the major has been troubled with sciatic rheumatism, and at last found substantial relief by using St. Jacobs Oil, after everything had failed to do him good. He thinks the great German remedy is a capital thing, and recommends it highly.

—A gentleman who had been giving a description of a friend's wife, but omitted all mention of her hair, was asked the color of it. His delicacy of feeling overcame him to such an extent that it was several moments before he ventured to give an answer, and then said, in a very reluctant way, "It was that—that indescribable shade which suggests the thought that it would explode powder."

Eighty-Five Dollars Lost.

"You do not tell me that your husband is up and entirely cured by so simple a medicine as Parker's Ginger Tonic?" "Yes, indeed, I do," said Mrs. Benjamin to her neighbor, "and after we had lost eighty-five dollars in doctor's bills and prescriptions. Now my husband feels as well as ever."

D. H. Andrews of this city, the builder of the Groveland bridge, has poor luck in getting his men to work. Two or three weeks ago he had twenty-five men finishing a contract at Greenfield, who were to go down to Groveland, when a fight occurred, a man was badly wounded, and nine of them, suspected of the crime, were lodged in jail. The remaining sixteen started for Groveland last week, and on their way the car was thrown from the track, and eight of them were carried to the hospital in Boston.—*Newburyport Herald.*

A Vigorous Growth

Of the hair is often promoted by using Parker's Hair Balsam. It always restores the youthful color and lustre to gray hair, gives it new life and removes all irritation and dandruff.

The Allan line steamship Peruvian was spoken May 13th, near Cape North, Cape Breton, drifting helplessly in the fog, having lost her propeller.

More universally recommended than any proprietary medicine made. A sure and reliable tonic, Brown's Iron Bitters.

The prospect for summer business at all the White mountain hotels is good. The Barrons have taken a five years' lease of the Mt. Pleasant house, making four hotels that will be under their management.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpar, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In fort, years use it never has failed me.

W. W. Linn, Nicholson, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest are its *best friends.*

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines,* it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

PERRY DAVIS & SON, Proprietors, Providence, R. I.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1880.

Gents:—Upon the recommendation of a friend I tried Brown's IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's IRON BITTERS, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking Brown's IRON BITTERS, responded "that is a good tonic, take it."

ADORAM PHELPS.

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

Daily Chronicle.

A SAILOR'S YARN.

This is the tale that was told to me,
By a battered and shattered son of the sea—
To me and my messmate, Silas Green,
When I was a guileless young marine.

'Twas the good ship Gynacutus,
All in the China seas,
With the wind a-lee and the capstan free
To catch the summer breeze.

'I was Capt. Porgie on the deck,
To his mate in the mizzen hatch,
While the boatswain bold, in the forward hold,
Was winding his larboard watch.

"Oh, how does our good ship head to-night?
How heads our gallant craft?"
"Oh, she heads to the east-sou'-west by north,
And the binnacle lies abaft!"

"Oh, what does the quadrant indicate,
And how does the sextant stand?"
"Oh, the sextant's down to the freezing point,
And the quadrant's lost a hand!"

"Oh, and if the quadrant's lost a hand,
And the sextant falls so low,
It's our bodies and bones to Davy Jones
This night are bound to go!

Oh, fly aloft to the garboard strake!
And reef the spanker boom;
Bend a studding sail on the martingalo
To give her weather room.

O boatswain, down in the for'ard hold,
What water do you find?"
"Four foot and a half by the royal gaff
And rather more behind!"

"O sailors, collar your marline spikes
And each belaying pin;
Come stir your stumps and spike the pumps,
Or more will be coming in!"

They stirred their stumps and spiked the pumps,
They spliced the mizzen brace;
Aloft and aloft slow they worked, but oh!
The water gained apace.

They bored a hole above the keel
To let the water out;
But, strange to say, to their dismay,
The water in did spout.

Then up spoke the cook of our gallant ship,
And he was a lubber brave:
"I have several wives in various ports,
And my life I'd orter save."

Then up spoke the captain of marines,
Who dearly loved his prog:
"It's awful to die, and it's worse to be dry,
And I moves we pipes to prog."

Oh, then 'twas the noble second mate
What filled them all with awe;
The second mate, as bad men hate,
And cruel skippers jaw—

He took the anchor on his back
And leaped into the main;
Through foam and spray he clove his way,
And sunk and rose again!

Through foam and spray, a league away
The anchor stout he bore;
Till, safe at last, he made it fast
And warped the ship ashore!

'Taint much of a job to talk about,
But a ticklish thing to see,
And such to do, I'll say it, too,
For that second mate was me!

Such was the tale that was told to me
By that modest and truthful son of the sea,
And I envy the life of a second mate
Though copies he curses him and sailor's hate,
For he ain't like some of he-mates I've seen,
As would go and lie to a poor marine,

Physicians say it combines all the desiderata of every ferruginous tonic prescribed by every school of medicine. Brown's Iron Bitters.

—First lady—"Dear me; I never saw Mrs. Potts look so pale." Second lady—"Nor I; she's probably been out in the rain without an umbrella."

Parlor Decoration.

Horse-shoe, painted plaque and Sunflowers have each in its turn been the popular parlor ornament, but are now superceded by the Tamborine, which when tastefully decorated is very ornamental. For fifteen cents the Wheat Bitters Co., 19 Park Place, New York, will send free a beautifully decorated Tamborine.

—A witty lady, who is, however, somewhat given to exaggeration, was trying to tell a friend what a poor appetite she had, and said, "I eat very little; a flea would be a barbecue for me."

MESSRS. ELY BROS., Druggists, Owego, N. Y.—About a year since a gentleman from Orwell, Pa., called my attention to your Cream Balm as a remedy for catarrh, hay fever, etc. He was so earnest in asserting it to be a positive cure, (himself having been cured by it) that I was induced to purchase a stock. I must say that the Balm has met my best expectations, having already effected a number of cures in this locality. I am using it with beneficial effects. Respectfully, P. F. HYATT, M. D., Bordentown, N. J., Oct. 26, 1880.

Having been afflicted with catarrh and cold in the head, I tried a great many remedies without any beneficial effects; at last I used Ely's Cream Balm, which effectually cured me. I consider it a duty I owe suffering humanity to recommend it to others suffering from the same, almost universal, American disease. W. H. I. HILLARD, dentist, Bordentown, N. J. Oct. 25, 1880.

Price fifty cents.

—The anti-polygamy bill will perhaps interfere with President Arthur's private arrangements, inasmuch as rumor credits him with contemplating matrimony with about a dozen young ladies.

Colonel Ira Wilson is the proprietor of the Metropolitan hotel, corner of Douglas and 12th streets, Omaha, Neb. The colonel had an experience recently, which he thus mentions: "I have been occasionally troubled with rheumatism for the past two or three years, and tried many remedies, and spent much money without obtaining relief. Finally I used St. Jacobs Oil and it gave relief at once. I found it a speedy and certain cure for rheumatism."

—At the close of the late war two women of Penfield, Ga., began farming with an old blind horse. Now they own a good plantation, well stocked. Our women of to-day should learn a lesson from this, and at the close of the next war procure an old blind horse and begin farming.

—Albert King, a handsome and polite young man, was a favorite guest for three months at a Hot Springs hotel. He did not pay his board bill, and his pocket money was provided by means of loans; yet he remained popular and lived luxuriously. At length the landlord peremptorily demanded pay. That night King stole watches and jewelry, and fled the town. He had not used a dollar of his own money during his stay, and got off with about $300 worth of plunder.

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a frendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted upon the advice, and is now a living exemplification of what this excellent remedy can accomplish.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

The Bore.

One of the peculiar circumstances concerning the genus bore is the fact that he never is wholly, if at all, conscious of his most successful efforts. In fact, in this respect, the perfect bore has always "builded better than he knew." The bore legitimate and beyond question is the fellow who, unconscious of his annoying possibilities, persists in haunting his victim, however he may be engaged, in such ways as talking about the weather and such inconsequential matters, while his "subject" is endeavoring to do something for himself. Probably there are few persons who as a class suffer from this infliction more than do newspaper workers.

The bore of experience never values the time, more than the patience, of his "patron." He sees the annoyance of others, but always regards himself as an exception to the rule, and so unconscious of offence, he perpetrates his protracted annoyance, and continues his uncomfortable crusade. And yet the bore, like the fly in summer, must be a creation designed by an all-wise Providence, perhaps to limit our happiness, lest we should enjoy more than we deserve in the world's distribution of good things. Bores may be well enough in their place, and we have always regarded it as an excellent arrangement if one bore could be set upon another. But such is not the plan; the victim must be one whose time, comfort and taste can be made to suffer from the boredom. It is a truism that a bore cannot bore a bore, any more than a dog will eat dog.

Has Rochester a Police Court?

John Marshall of Rochester was on the 15th inst. taken before Stephen D. Wentworth, a justice of the peace in that town, and by him sent to Dover jail for an assault. On the 16th he was brought before Judge Doe of the supreme court on a writ of habeas corpus, his counsel making the point that Wentworth, as justice of the peace, had no jurisdiction in the case, because there is a police court legally established and in existence in Rochester, which has sole and exclusive jurisdiction, hence the imprisonment of Marshall by the justice of the peace was illegal. The hearing on the writ of habeas corpus was continued to June 26th, Marshall being released on bail. At the last town meeting in Rochester the majority of voters thought they abolished the police court, and that from thenceforth there was no tribunal in existence, but it seems it was not exactly so; at any rate the matter is disputed, and that is the real question to be settled by the supreme court.

In the celebrated divorce suit of Georgianna P. Ela vs. George W. Ela of Allenstown, the court at Concord has refused to set aside the award of $25,000 alimony to the libellant, and notice has been given counsel for Ela that execution will be taken and levy begun unless a payment of that sum is made at once.

Charles H. Hutchinson of Manchester, who has been appointed inspector of steamboats on the inland waters of the state, is already preparing for the duties of his new office.

The work of grading the Laconia & Lake Village horse railroad was commenced at Lake Village on the 17th inst. The cars are to be furnished by a Concord firm, and the road is to be completed by the middle of July.

News and Notes.

A mob attacked the jail in St. Martin's parish, La., May 16th, took Jos. E. Jenkins, the murderer of his brother-in law, out of his cell, and hanged him. The same mob then hunted up James Azor, a colored man, out on bail, charged with murdering a young white man, and in spite of his protests of innocence hanged him on the same tree with Jenkins. Gov. McEnery offers a reward of $2,000 for the lynchers.

Fred Chamberlain of West Orange, Mass., with his wife, died Wednesday of this week from the effects of poisoning. The particulars are meagre, but it is understood that while using guano on his land Chamberlain's hands became poisoned, and his wife dressing the sores, she received the poison into her system. Its effect was swift and sure. Both bodies presented a bloated, disfigured appearance, and were with difficulty encoffined.

Joseph Cobb of Hill, Mass., aged about seventy-four years, and for upwards of twenty-five years past wharfinger for the Old Boston & Hingham Steamboat company, died Tuesday, May 16th. His wife died only a few hours before her husband's decease.

Isaac Gardner and his three daughters were drowned while attempting to ford the Tuscarawas river in a wagon at New Comerstown, Ohio, May 17th.

Moses Grinnell was on the 17th inst. found guilty of murder at Newport, R. I., for killing a fellow named Thomas. The latter, who was a state prison bird of the worst reputation, had for a long time maintained illicit relations with Christine C. Almy, Grinnell's daughter, whose reputation was about as good as that of her paramour. They are a bad lot all around.

The Bolivian official papers publish the report of a commission appointed to inquire into the robbery of public funds by Daza during his term of office as president. He is charged with having carried off $493,408, and the commissary is also accused of having taken $282,581.

Lucius L. Hubbard of Cambridge, Mass., furnishes a table, showing the results of sixty-five hunting tours in the Maine woods, in which the number of sportsmen aggregated 185; the number of guides employed, 101; the total number of days out, 1,011; the amount paid for guides, at $2.75 per day, $5,228.50; and the total expenses, $13,403.29. The grand result of the expeditions was seven moose, four caribou, and four deer.

The steamship Hidalgo, with Lieut. Danenhower, Mr. Newcomb, the naturalist, Jack Cole, the insane seamen, and Long Sing, survivors of the Jeanette Arctic expedition, arrived at Hull, Eng., on the morning of the 17th inst., all in good health. Cole, with the exception of one night, when he had to be confined, was allowed perfect freedom during the voyage. The party left on the mid-day train for Liverpool, from whence they will embark for this country.

The senate, on the 17th inst., confirmed the appointment of Edward A. Bragdon to be collector of customs for the district of York.

Mr. James Vick, the seedsman of Rochester, N. Y., whose death occurred on Tuesday, May 16th, was one of the best known horticulturists and seedsmen in the country. His seed and flower catalogues have long been noted for their beauty and value, and his monthly magazine is a publication which is highly esteemed. He was the author of a work entitled "Vick's Flower and Vegetable Garden." Mr. Vick made a trip to Europe last year, and while there received many attentions from many leading horticulturists.

The disappearance of Congressman Belmont from the forefront of the situation recalls the explanation of an Idaho citizen why a young school teacher was absent. He said: "This young teacher was from Ohio, and he met a grizzly, and he whistled for the grizzly, and the grizzly cum."

The state department on the 18th inst. received a despatch from Lieut. Danenhower, saying that he left England on that day for the United States with the Jeannette party.

Only about 100 barrels of fresh weir mackerel had been put up and shipped from Dennisport, Mass., up to the 17th inst., which is the smallest catch ever known at this time of the year. On or about this date in 1881 they were packing up and shipping in ice from 100 to 200 barrels a day, and salting as many more.

Mr. W. E. Kollock, of Madison, Wisconsin, has four daughters. The two older are well-educated physicians, each with large practice; the third is a successful and popular minister of a church in a Chicago suburb; the fourth is a successful dentist at Chicago.

Five women, graduates in good standing of several reputable medical colleges, applied recently to be admitted to membership in the Philadelphia County Medical society, and were blackballed, although the society had previously voted that women should be eligible for membership on the same terms as men.

RAILROAD NOTES.

The summer arrangement of trains running over the Eastern railroad and branches will begin on the 11th day of June. Among the new arrangements it is predicted that a train will leave Boston at 6:20 o'clock P. M., or thereabouts, for Portsmouth, to do way business, and that the Pullman trains will stop only at "know-nothing" crossings and at Ipswich. The earlier trains will accomodate all travellers bound east of this city by permitting those west of Ipswich, from stations on the line, to take the Pullman train at Ipswich, and those between Ipswich and this city to come to Portsmouth and take that train at this station. The Pullman train is quite heavy, and frequent stops of course greatly retard its time, while all trains over the Eastern, (including freight trains,) run as they are by telegraph, with reports sent from every telegraph station to the Boston office, are making exact time.

Mr. James D. Ackerman, in charge of engines at Prison Point, Boston, tells us that the motive power of the Eastern road was never before in such efficient condition for service as now; and it is said that on the line of the road farmers now set their watches and clocks by the passing trains, while east of us during the early morning hours the cocks have for some time past been in the habit of beginning their early matin notes of awakening on being aroused by the rumble of the Bangor Pullman train. Indeed, the Eliot farmers assert that the habits of the chanticleers of their town have of late undergone a total change, so that instead of awaking all creation by an early "salutation to the morn," they quietly await for the sound of the Pullman to awaken themselves from their peaceful slumbers on the roost.

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millons of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and application is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the SIX years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent.—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00—*no assessible.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, regular meeting, Thursday evening, May 18th, Mayor Sise in the chair:

Present, the full board.

The records of last meeting were read and approved.

Albert B. Trefethen asked for repairs of sidewalk on South street; Wm. Conn, for repairs of sidewalk on State street; Dennis Shea, for permission to open Salem street to repair drain; granted.

David Urch and others asked for four street lights to be placed between the south millbridge and tollgate of Newcastle bride. On motion of Ald. Green the request was granted—as it should have been.

John H. Flagg asked for the removal of a naphtha light near his residence, to a new location; referred to the committee on streets, with power.

The city solicitor's report in answer to the questions referred to him at the last meeting, was received and accepted.

Ald. Stavers offered an ordinance intended to do away with the sidewalk-loafer nuisance; referred to the committee on bills on their second reading.

The committee on the asked-for crossing at the end of Linden street were granted further time to report.

The matter of abatement of Mrs. Lyford's taxes was referred to the committee on claims, to report.

The Common Council was announced to be in session; also, that the council refused to concur in the amendents made to the appropriation bill by the board of aldermen.

A committee of conference was appointed,—Stavers, Green and Slater on the part of the aldermen, and Robinson, Shillaber and Clough on behalf of the council; but no agreement was reached. Further consider ation of the matter was postponed for one week.

The matter of repairing the fence in the court house yard was referred to the committee on city lands and buildings, with power.

THE GOLDEN CROSS.

Deputy Supreme Commander Horace Mitchell, Jr., of Kittery Point, assisted by Dep. Sup. Comdr. Pressy of New Hampshire, on Monday evening, May 15th, instituted a commandery of the United Order of the Golden Cross at Berwick, Me., with officers as follows:

N. C., Luther Paul;
V. N. C., Susan P. Hersom;
W. P., Seba F. Wetherbee;
W. H., Charles F. Rogers;
N. K. of R., Harold V. Noyes;
F. K. of R., Meade B. Hopkins;
W. T., Andrew J. Hersom;
W. I. G., Augustus Newcomb;
W. O. G., John W. Babb;
Med. Ex., Dr. Harold V. Noyes.

The new commandery, which starts out wiih twenty-one charter members, voted to take the name of "Golden Star."

Dep. Comdr. Mitchell will shortly institute a commandery of the order in Springvale, Me.

MEMORIAL DAY.

At a regular meeting of Storer Post, G. A. R., held on Wednesday evening, May 17th, the general and special orders in regard to the proper observance of Memorial day were promulgated, and minor details thus arranged:

An eight o'clock in the morning on that day details of comrades will visit the North, Catholic and Newcastle cemeteries decorate, the soldiers' graves therein, and fire volleys of musketry at each place.

The comrades of Kittery, Me., will form a procession at 10:30 o'clock A. M., and accompanied by Dirigo Encampment of Odd Fellows, of Kittery, will proceed to the cemetery in that town, decorate the graves, and fire volleys.

The graves in Rye will be attended to by comrades residing in that town, in the forenoon.

In the afternoon the Post will parade in general procession, organized as a battallon of four companies, escorted by other organizations, and march to the South cemetery, where the graves will be decorated with appropriate ceremonies.

An invitation was received by the Post from the pastor and wardens of the South Parish, to attend a Memorial service in that church at 7:30 o'clock P. M. on Sunday, May 28th; the invitation was accepted, the Post voting to attend in a body.

As the years go by the interest in the memorial services increases among the veterans of the G. A. R., and it is safe to assume that as long as one comrade survives, the day will not be allowed to pass unobserved.

Nathans & Co.'s circus, the only one which will exhibit in this city this season, will come to-day. The ring performance is a first-class one, as the press extracts we have given show. Performances afternoon and evening.

To-morrow night, at Music hall, Mr. Thomas W. Keene, the tragedian, will appear in his great character of Richard, Duke of Gloster. After the long run of burlesques, farces and frivolous dramas, one of Shakespeare's great plays should meet with a hearty welcome.

Sheridan's standard comedy, "The Rivals," will be presented at Music hall next Tuesday evening, with Mr. Joseph Jefferson as Bob Acres. Tickets on sale at Preston's drug store on and after tomorrow.

Mr. John Caswell, fish dealer near the Spring market landing, on Wednesday of this week found floating under the wharf just north of the market the wreck of what was once a very fine boat, but so shattered when found as to be worthless. The boat was of peculiar build—a centre-board lapstreak with two bottoms, the false bottom being of hard wood put on with brass screws, and having a keel extending from the stern post to the centre-board casing; the rudder gudgeons were also peculiar, being merely large screws with holes through the outer ends, set into the stern post. The boat was finished in the best manner, apparently nearly new, and painted green outside with a white stripe. It probably came into the harbor from outside, with the flood tide.

The Swampscot Machine Co. have built a new brow to be used in discharging cargoes from vessels arriving at their works in South Newmarket. Four schooners with coal and moulding sand are now on their way to that town. It is said that a very tempting offer has been extended to Swampscot Machine Co. to remove their extensive works to another place. The inducements are convenience for receipt of materials, plenty of building room, exemption for a term of years from taxation, and a liberal purchase of shares in the corporation. This is an industry which our Portsmouth business men might well invite to locate in our city, where its supplies of coal, iron, etc., would be cheaply receiv ed by water.

A pair of plovers some weeks ago took up their haunt in the vicinity of the old gravel pit on South street, just to the eastward of the cemetery, and not being molested soon became about as tame as young chickens. They were frequently seen by several sportsmen—of the kind who go out "in the season" with a dog and gun, and return with a long string of woodcock or partridges,—but of course were not annoyed, and would probably have nested in that vicinity. One day this week some "pot hunting galoot," (that is what our informant calls him,) who probably could not hit one of a flock of barns on the wing, went down there and succeeded in killing the two tame plovers—out of season, too. It is to be hoped that they gave him such a fit of indigestion as to make him even wish that he were dead.

The annual meeting of the stockholders of the Portland, Saco & Portsmouth Railroad Co. takes place on Monday, June 5th, at Kittery.

A family of the noble red man from Maine is encamped at Newmarket Junction.

Four extra coal-freight trains ran to Manchester last Thursday, the engines doubling the road each way.

H. B. Warden has been engaged as clerk at the Sea View house, Rye beach, the coming season.

Mr. Dennis Shea of this city, and Messers Shea & Trefethen of Dover, have commenced the manufacture in both cities of their newly-patented funnel-block for partitions in buildings.

Messrs. Critchley & Whalley, notwithstanding their enlargement of premises and their greatly increased facilities, are driven with business at their machine shop and brass and iron foundry on Hanover and Hill streets, though they employ fifteen men. Glad of it; no better mechanics can be found, and it is a great convenience, as well as a great saving, for persons requiring done any work in their line, not to be obliged to send out of the city to get their needs attended to.

The Concord railroad wharf is quite a busy place when a good number of coal vessels are in. The foreman of the wharf is Mr. John E. Locke; the principal stevedores are Messrs. Benning Moore, John Hennessey, Charles A. Cram and Timothy Lynch. There are twenty-two men whose regular occupation is that of coal shovelling, and over forty men are employed on the wharf when a coal fleet is in.

Few systematic business men are able to get on without the Boston *Commercial Bulletin*, a newspaper which is peculiarly systematic in its make-up, and is noted for its accuracy, and its authentic and varied reports. It is a wonder how the ancestral merchants of early days were enabled to conduct their business before Guild Freres invented this repository of weekly means of mercantile, mechanical and financial information.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 13th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS

THE Great LIQUID FOOD FOR BLOOD, BRAIN AND NERVES.

IT'S A SUPERIOR NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A CHEAP, ALCOHOLIC DRINK. Highly Recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is necessary to the brain, strengthens and quiets the nerves, purifies the liver's blood, and thereby makes the best of teeth, bone and muscle. IT IS works wonders, curing NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA. Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable to all pulmonary and bronchial difficulties. DESPAIRE FEMALES, NURSING MOTHERS and WEAKLY CHILDREN can find no remedy equal to this healthful blood and nerve food tonic. IT'S For sale by all Druggists. $1.00 per bottle. Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $300 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood diseases, consists in the internal use of Cuticura Resolvent, the Great Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 25c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

Death From a Cat's Bite.

Philip Speyer, a Hebrew, sixty-four years old, died on Friday evening, May 12th, at No. 340 Eighth street, New York city, from the effects of a cat's bite. He lived on the second floor of the house, and was employed as a cutter in a Canal street clothing store. The family owned a cat which had been a pet in the house for two or three years, and was very playful. Mr. Speyer had the animal on his knee late in the afternoon of April 22d, and while he was teasing it he was bitten on the thumb of his right hand. The wounds were so slight that he took little notice of the bite.

He worked for a few hours on the following day (Sunday) without much inconvenience, but on April 24th his arm suddenly began to swell. Pains darted from the thumb to the elbow at intervals, and his wrist became so stiff that he was obliged to give up work. He sought advice from Dr. Lilienthal, of No. 301 East Tenth street, who told him to rest for a few days. The physician also cauterized the wounds on the thumb, and gave him some medicine which was intended to act on the blood. Mr. Speyer's arm continued to grow worse, however, and the physician soon discovered that erysipelas had set in. The patient took to his bed and complained that the pains in his arm grew worse.

The other members of the family were besought by Irish inmates of the house to kill the cat. It was declared that the only way to save the old man's life was to shed the blood of the animal. The cat was killed on Monday, May 8th, but its death did not have the desired effect. Mr. Speyer became delirious two days later, and he did not again regain consciousness. His agony was intense, but Dr. Lilienthal said that he had no symptoms of hydrophobia. In order to satisfy himself by an autopsy how far the bite of the cat had contributed to the death of Mr. Speyer, the physician sent a notice to the coroner's office, asking for an investigation.

The captain of the schooner A. Denike, recently arrived at Savannah from New York, reports that as many as three hundred land birds came aboard his vessel when off the New Jersey coast, and there remained until opposite Charleston bar. They were kindly treated and fed with crumbs and grain, and remained contentedly until suddenly they took flight for the vice fields, their destination. They must have been blown out to sea, and had sufficient intelligence to take passage on a vessel bound south.

More universally recommended than any proprietary medicine made. A sure and reliable tonic. Brown's Iron Bitters.

—The annual campaign against the locusts has been in progress for about a fortnight in the island of Cyprus. The rewards offered by the government last year resulted in the collection and destruction of more than 1,200 tons of eggs, and yet the campaign was considered a comparative failure, owing to the provoking indifference of agriculturists to the work of extirpation.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From L. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharper, Valdosta, Ga., says:
It is a priceless for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest are its best friends.

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, hundreds of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued than ever before. Every family should have a bottle *ready for use*. Much pain and heavy doctors' bills may *often be saved* by prompt application of the Pain Killer. Unlike most medicines, it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 12, 1880.

Gents:—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted, he quickly said "Tonics were required;" and when informed that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."
ADORAM PHELPS.

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

Mistaken Kindness.

Mormon wagons took sunflowers along with them on their way to Utah, and Iowa farmers have had a hard time fighting the pest. A single Scotch thistle planted in Victoria—the Scotchmen there had a congratulatory dinner over it twenty years ago—has covered tens of thousands of acres, and been the destruction of farms. The scattered grain emptied from the bags of German troops in the Revolution knocked millions off the value of our grain crops for all time to come by bringing the Hessian fly. A careless man set out a French grape-cutting a few years ago with phylloxera on it, and the pest is now sprinkled along the Pacific coast, creeping inland. Its ravages in France have cost $400,000,000. A man with a taste for peppery greens planted water-cress in New Zealand, and the little plant has spread so that the local legislature has to appropriate a round sum yearly to improve the water-cress out of existence and the water-courses. A kindly, misguided man brought over to New York a basketful of sparrows, not twenty years ago, and the little wretches have already driven half our song-birds into the woods. In South America the same thing was done, and the birds are cleaning out the fruit crop; they will here some day. Natural selection is occasionally wiser in finding a place for men and animals than men.—*Exchange.*

Other examples of the importation and nurture of nuisances can be adduced. The pest of the New England grass grower, white weed, smuggled itself into this country by pretending to be a beautiful garden flower, and calling itself the "oxeye daisy."

The English rabbit was introduced into Australia and New Zealand by the acclimatization societies of the two countries, and stringent laws were passed by the local governments for their protection; to-day there are hundreds of once valuable sheep and cattle runs in New Zealand which the rabbit pest has rendered worthless, and the farmers in many sections have to raise crops on the halves with the rabbits; while in Australia many thousands of acres of the best land have been destroyed even for pasturage, the ground being so honeycombed with burrows as to make it dangerous for horses and cattle to walk over. As an illustration of the enormous increase of the rabbits in Australia, it is stated that one packing house in Victoria last season canned over 600,000 of them.

A canny Scot in Portobello, near Dunedin, New Zealand, longing for something to remind him of home, had some thistle's and heather brought out to him from Glasgow in flower pots by a sailing vessel about 1855; the heather has never made itself prominent as a colonist, but in less than ten years after the thistles' arrival it was recognized as a public enemy, and stringent laws were passed for its extirpation—said laws having proved about as effective as the prohibitory liquor laws of New Hampshire have proved in extirpating the liquor and beer traffic here.

And while we are so close home, as a last illustration of the careful fostering of pests, we may mention that the black bass which were introduced in many streams and ponds of this state by the fish commissioners some years ago, are now reported to be clearing out for other feeding grounds as fast as possible, having eaten up all the other little fishes in the waters where they were placed.

Physicians say it combines all the desiderata of every ferruginous tonic prescribed by every school of medicine. Brown's Iron Bitters.

Dr. Anna Warren, of Emporia, Kas., has a practice of $5,000 a year, besides mining interests that will give her a competence in old age.

Terrible itching and scaly humors, ulcers, sores and scrofulous swellings cured by the Cuticura and Cuticura Soap (the great skin cures) externally, and Cuticura Resolvent (blood purifier) internally. Ask about them at your druggists.

Raymond Newcomb of Salem, Mass., the naturalist of the unfortunate Jeannette expedition, is expected to arrive home the last of this month.

My Head Was Fairly Rotten.

And how much I suffered it is hard to describe. That loathsome disease, catarrh, caused the above, and the doctors said they could not relieve me. I paid hundreds of dollars, for which I received no benefit. I got more good from two bottles of Sulphur Bitters than from all the money I paid to doctors. I shall continue the Sulphur Bitters as I have great faith that they will cure me.—*Section Hand, Lowell.*

At Montville, Conn., on Sunday, the 14th inst., a couple were married while sitting in a buggy, the clergyman standing under an umbrella by the roadside.

A Traveler's Story.

After spending months at watering places and consulting the best physicians without benefit, I returned home disheartened and expected to die. A friend urged a trial of Parker's Ginger Tonic. Three bottles and careful diet have brought me excellent health and spirits, and I hope my experience may benefit similar sufferers.—Cincinnati lady. See other column.

It is worthy of notice that the bill admitting women to practice in the courts of law, was passed without a word of debate. Some voted for it who voted against suffrage. Will some one of these explain why it was the "unwomanly" to vote than it is to practice at the law?—*Salem Observer.*

A Peerless Perfume.

The refreshing aroma of Floreston Cologne, and its lasting fragrance make it a peerless perfume for the toilet.

Judge Brady has common sense to support him, even if he lacks legal precedent, in holding that a wife has a right to sue her husband for damages from assault and battery. The record of wife beating and wife murder in this city has become intolerably long and offensive.—*Christian Union.*

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a frendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted upon the advice, and is now a living exemplification of what this excellent remedy can accomplish.

PATENTS.
R. H. EDDY,
No. 78 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.,—Dear Sir: You procured for me, in 1846, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

A Washington despatch says that Senator Mitchell of Pennsylvania authorizes the statement that the independents will nominate a state ticket in antagonism to the Cameron ticket, except possibly Marshall, the candidate for congressman at large. Mitchell preserves his friendly relations with Don Cameron, and Don simply laughs at the bluster of the independents, saying they did their best last fall.

Eighty-Five Dollars Lost.

"You do not tell me that your husband is up and entirely cured by so simple a medicine as Parker's Ginger Tonic?" "Yes, indeed, I do," said Mrs. Benjamin to her neighbor, "and after we had lost eighty-five dollars in doctor's bills and prescriptions. Now my husband feels as well as ever."

—Old Mr. Hazlett of Oregon thought he was going to die, and in order that his heirs should have nothing to quarrel over he burned $22,000 in greenbacks. He didn't die after all, and feels rather put out because his relatives don't seem to appreciate the interest he took in their welfare and his efforts to save them from a troublesome lawsuit, and obstinately refuse to assist him in getting a living.

Clear head and voice, easy breathing, sweet breath, perfect smell, taste and hearing, no cough, no distress. These are conditions brought about in catarrh by the use of Sanford's Radical Cure. Complete treatment for $1.

—"How are you getting along?" asked a widow of her late husband, who appeared to her at midnight as a ghost. Ghost—"Very well indeed—much better than during the twenty years' of married life on earth." Widow (delighted)—"Then you are in Heaven?" Ghost—"Oh no."

HALL'S VEGETABLE SICILIAN HAIR RENEWER is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores gray hair to its original color. It makes the scalp white and clean. It cures dandruff and humors, and falling-out of the hair. It furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft and glossy, and is unsurpassed as a hair dressing. It is the most economical preparation ever offered to the public, as its effects remain a long time, making only an occasional application necessary. It is recommended and used by eminent medical men, and officially endorsed by the State Assayer of Massachusetts. The popularity of Hall's Hair Renewer has increased with the test of many years, both in this country and in foreign lands, and it is now known and used in all the civilized countries of the world.

For sale by all dealers.

Naval Affairs.

Capt. C. C. Carpenter is detached from equipment duty at the Boston navy yard, and ordered to command the Hartford.

Capt. Edward P. Lull is ordered to duty as equipment officer at the Boston navy yard.

News and Notes.

The Washington *Republican* says: "Mrs. Miranda Tullock makes the following report of the receipts at the Rotunda reception for the benefit of the Garfield Memorial hospital, held on the 6th instant: Receipts—tickets sold, $2,068; tables, etc., $2,806.39; total, $4,874.39; expenditures, $153 30; net receipts, $4,721.09, which amount may be slightly increased by collections on account of tickets sold. This result was highly gratifying, and reflects great credit on the ladies who had the matter in charge."

The captains of several European steamships arrived at Montreal mention seeing large fields of ice, and in one case an iceberge 1000 feet high. This would seem to account for the cool weather when the wind is from the east.

The Cunard steamer Catalonia arrived at Queenstown on the 18th inst., fifteen days from New York, which considering her break-down was a good passage.

Frank Chase of North Adams, Mass., who broke his hip by a fall on an icy street, last winter, has sued the town for $5000 damages.

The insensible body of Dr. Henry W. Kendall was found in a meadow near the county poor house cemetery four miles from Syracuse, N. Y., on the morning of May 18th, with a bullet hole between the eyes. A full kit of resurrectionists' tools were found near the body. It is supposed that Kendall was engaged in body-snatching, and either shot himself or was shot by a companion. He cannot live.

Mrs. Betty B. Bassett of Virginia is owner, by inheritance, of George Washington's family Bible, and she wants to sell it to the United States government. A petition, setting forth the fact of ownership and her idea as to the sale, has been presented to the senate.

New Hampshire Items.

Capt. Bachelder, who has sold his quarter interest in bark Cheshire, retires from the command, and is succeeded by Capt. Benj. O. Reynolds of Dover.

A cold rain prevailed throughout the state last Thursday, and during the afternoon considerable snow fell.

Mrs. Betsey L. Hatch of Dover, who fell on Chanel street sidewalk, last February, and injured her hip, has sued the city for $5000 damages.

AROUND HOME.

The committee on evening exercises for Memorial day will hold a special meeting in the common council room this evening, to complete the arrangements.

Mr. Joe Jefferson, who is to play Bob Acres in the "The Rivals" at Music hall next Tuesday evening, is popularly identified with one character, Rip Van Winkle. Long before he appeared in this role, however, he was a popular actor. He has never been equalled as Asa Trenchard in "Our American Cousin," and his old comedy characters, Doctor Ollapod in "The Poor Gentleman," Bob Acres in "The Rivals," and the like, have never been surpassed.

A number of servants for the Appledore house, Isles of Shoals, arrived here from Boston on the 17th inst., and proceeded to the island on the same day, in anticipation of early arrivals at the hotel this year.

Over thirty coasting vessels, about half of them lumber laden and bound west, and the rest light and bound east, were in the lower harbor on Friday. A Nova Scotia schooner, light, (one of those which recently discharged cargoes in this port,) was at anchor off Odiorne's point, and knocking about a good deal in the heavy sea; the tug Naumkeag went to her and offered to tow her in, but the steamer's services were declined

Mr. James Hammond, while on his way to Eliot on Friday afternoon in a boat loaded with barbed fence-wire, was carried against the Eastern railroad wharf by the tide, and capsized. He caught a rope hanging overboard from one of the schooners discharging at the wharf, and was rescued by Melville Staples and Engineer Bailey; what became of the wire our informant did not say, but we presume it went to the bottom.

The schooner Chilion, of this port, has been chartered by Clement, of Hingham, Mass., to take lumber from Bangor to Hingham at $2 per thousand. She runs well and carries well.

The democratic committee of York county, at a recent meeting, organized by the choice of Samuel L. Lord of Saco as chairman, Howard Staples of Eliot as secretary, and Charles H. West of Wells as treasurer.

The selectmen of Hampton have made the following appointments, the town having failed to elect at the annual meeting: Treasurer, George W. Lane; collector, William G. Cole; constable, John W. Dearborn; superintending school committee, Horace M. Lane; police, John W. Dearborn, Irwin O. Wright, Curtis DeLancey.

The fishing schooners Grace Choate, Storm King and Flying Eagle came in on Thursday afternoon, 18th inst., to wait for better weather, the wind outside being too strong for fishing. The Albert Woodbury, and the lobster smack Addie & Hattie, were also in port, ready to start out on the advent of decent weather.

The store of Lafayette V. Newell, grocer on Market street, was closed on the 18th inst., on attachments amounting to $6400.

The Newburyport *Herald* says: "Work on the ruined railway station at Salem has been temporarily suspended. There does not seem to be any definite plan of rebuilding decided on as yet."

The Northern railroad has declared a semi-annual dividend of $3 a share payable June 1st.

Albert G. Symonds, twenty years old, son of Major Stephen G. Symonds of Salem, while engaged in shackling cars in the Eastern railroad freight yard at Salem on the evening of the 17th inst. was run over, his right leg being so badly crushed that it had to be amputated a few inches below the knee.

Seven vessels were lying at the Eastern railroad wharf on Friday, discharging, or waiting to discharge, cargoes of ties. Besides the crews of the vessels, twenty men were at work on the wharf, Mr. Charles W. Roberts directing the operations; Mr. George W. Bailey runs the stationary engine for the railroad, and Mr. Thomas Philbrook is surveyor of ties. Several large vessels laden with coal are expected at this wharf soon.

The pooling arrangement between the Boston & Maine and Eastern railroads, which expires by limitation on the 1st of June, will be continued, through that month in order to give time for negotiations now pending between committees of the directors of the two roads, with a view to a continuation of the contract in a modified form.

A very fair catch of lobsters has been made by the small boats within the past two days, when the destruction of pots by the recent storm is taken into consideration; most of them have been shipped to Boston, alive.

The schooner Julia A. on Friday brought in 1500 lbs. of fish, to Randall & Caswell. Several other vessels came in, with small fares.

George Herbert has this week shipped to other markets about 12,000 lbs. of fish.

The lobster fishermen at Salem, Mass., suffered severely by the recent three or four days storm; one man's gear was damaged to the amount of $500, many of his traps being entirely destroyed, or carried off bodily by the heavy sea. As no lobsters can be legally caught on the Massachusetts coast after next month, this loss comes very hard on the fishermen.

The first sale of new mackerel in the Gloucester market this season was made last Thursday, one fare of 225 barrels being taken at $6.40 per barrel of 200 pounds, out of pickle, without barrel.

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millons of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and application is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the six years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at *$3.00,—no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. CITY SOLICITOR'S REPORT.

The following was submitted to the board of mayor and aldermen at their meeting on the 18th inst. by Wallace Hackett, Esq., city solicitor, in answer to questions submitted to him at the last previous meeting of the board:

To the Honorable Mayor and Aldermen of the city of Portsmouth:

In relation to the subjects submitted to me at your last meeting, I respectfully submit the following:

The Wilson house is an obstruction upon the highway, and should be removed; the city might be liable for damages resulting from its continuance there. Only that part of the building should be removed that is in the highway. The proper way would be to cut it down on the line with the street, and carefully board up the end exposed; none of the material should be appropriated by the city, but it should be left at the disposal of the owners. The damages having been accepted and paid, the city has the right to the use of the land thus appropriated, and it is their duty to remove the obstruction it has caused to the highway.

The subject of gates at Vaughan and Green streets was referred to Hon. Jeremiah Smith, and will be heard by him during the coming month, if possible.

The obstruction or wall at the end of Russell alley the city have the right to remove, if they deem expedient. The railroad has really trespassed on the rights of the city, and I understand claims no title to the premises, but placed the wall in its present position under a mistaken impression that there was no opposition on the part of the city authorities. If it is voted to remove the wall, very likely the railroad would do the work, inasmuch as they caused the mischief. I think an understanding, amicable and satisfactory to both parties, may be reached on this subject, if the city government will express their desire in the premises.

The Mason suits. It was expected at the last term of court to try the suit in which the city is the plaintiff; for this purpose the judge was to come to Portsmouth, but at the latter end of the term it was found impossible to make this arrangement, and it was very much cheaper to let the case go over to October and be heard here, than to try the case in Exeter; that plan was adopted. The case is a question of title, and is largely a matter of record, which renders it exceedingly inconvenient to try outside of Portsmouth. The other cases were continued, to be tried here in October, when they will both be disposed of.

Mary White has petitioned the court for leave to sue, having failed to give her notice within ten days as required by statute. The court always grants a petition of that kind, and she will be in court in October without doubt. She seeks to recover damages for slipping on the ice in the vicinity of Vaughan street, near the railroad crossing. I have not examined into the minutes of the case yet, and cannot report further than to say that I shall take immediate steps to inform myself in relation to it, and will submit the matter to the board as soon as possible.

I have no knowledge in relation to the title of the Eastern railroad to the north millpond, and their right to fill up the same; such knowledge is only to be gained by an examination of their title, and will require a little time. If desired to do so, I will make such examination, and report.

THE "CONSTITUTION."

There is a good prospect that the old frigate Constitution will be stationed at this port as a receiving ship. In answer to a communication on the subject previously sent, the mayor has received the following from Washington:

Hon. Wm. H. Size—Dear Sir: Yours of the 4th inst. received, enclosing a petition. I presented it to the secretary of the navy, and asked him to arrange to have the old Constitution go to Portsmouth. He says he will do something for the yard in that direction as early as possible. We will push the matter.

Yours Res'y, E. H. ROLLINS.

Commodore Wells, commandant of the navy yard, is doing all in his power to convince the department of the advisability of stationing the vessel here as a receiving ship, and it is to be hoped it will be done.

This evening, at Music hall, Mr. Thomas W. Keene appears as Gloster in the Shakespearean tragedy of Richard III., with strong support. Those attending will enjoy a dramatic feast.

Mr. Isaac Littlefield, formerly the tenor of the Unitarian church choir, will sing in that church Sunday, morning and evening.

A considerable number of men are at work on the grounds around the new church, levelling hills and hollows, setting out spruce and fir trees, evergreens and shrubs, and otherwise improving the looks of the premises.

The steamer Pinafore and schooner E. A. Creed on Friday brought in from Appledore a large number of masons and other workmen who have been for some time engaged there.

The remains of the late Noah B. Broughton, brother of Hon. John H. Broughton, who died at Syracuse, N. Y., last September, have been brought from that place and deposited in the South cemetery in this city.

Mr. Frank E. H. Marden, P. W. C. T. of Strawberry Bank Lodge, I. O. G. T., of this city, started on Friday last for Charleston, S. C., to attend the session in that city of the Grand Lodge of the World of that order, from May 23d to the 26th, inclusive. Mr. Marden was appointed grand representative in October last, by the Grand Lodge of Good Templars of New Hampshire.

It is said that Vennor, the Canadian weather prophet, is suffering from rheumatism. We are glad of it; let him attend to the weather of the provinces, and leave our United States weather to be managed by our own officials. By the way, the government had better put Howgate back in the weather office; he stole all the money, it is true, but he did occasionally serve out a decent day or two. Gen. Hazen is no doubt honest, but the weather he provides is not worth shucks.

Mr. Edward H. Hall is to start on his westward journey to-day, (Friday,) and leaves with the best wishes of many friends. His experience in the banking business, with which he has been connected for three years, will go with him, to secure for him a good position of a similar nature at Fort Collins, Colorado. Mr. Hall took up his residence in Portsmouth ten years ago, graduated with honors from the high school, and entered the banking room of the Portsmouth Trust & Guarantee Co., where he remained a year, when an opening presented itself in the National Mechanics & Traders' bank, which he filled with credit for two years, and has now left for a similar position out west. We regret the loss of our best young men, but nevertheless wish them success when they leave us.—*Journal, 19th inst.*

The British schooner Maggie Smith, Smith master, which cleared this port for La Have, N. S., on Friday, got on Ham's ledge, between Concord and Eastern railroad wharves, Friday afternoon, and hung there until lifted off by the tide. The vessel was light, having just put out a cargo of railroad ties, and apparently sustained no material damage.

The schooner Hattie Lewis, Brewster master, arrived at Portsmouth bridge on Friday from Dover point with a load of bricks for Boston. She reported the schooner D. K. Ham, Garland master, up the river, loaded for Boston and about ready to start down when the Hattie Lewis left.

Rev. J. R. Vincent will preach in the Universalist church.

The subject of Rev. Dr. Alden's discourse, Sunday evening, will be "The day of small things."

In the board of aldermen last Thursday evening, the committee on street lights, in a report, stated that the light recently removed from Randall's corner of State and Pleasant streets to Brimstone hill was originally put up and paid for by Capt. Jos. H. Thacher, who had given it to the city to do with as the government deemed best.

The Meagher Guards, of Providence, R. I., passed through this city on the three o'clock train, Friday afternoon, on their way to Portland, where they were to be the guests of the Montgomery Guards of the latter city.

The Rye cornet band is engaged to play in this city on Memorial day.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

No matter what the mouth disease—
How foul the breath or teeth's decay—
With SOZODONT on all we seize,
And swiftly sweep it far away,
Leaving the gums pure, firm and bright,
And the dull teeth as ivory white.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Cuticura
THE NEW BLOOD PURIFIER
Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experience a marked improvement from the first day he began to use the medicine; and on the 18th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

A New Business.

According to the New York *Tribune*, the following extraordinary circular was received on a recent date by nearly every householder in the fashionable parts of New York city, the name of the establishment being suppressed in reprinting:

Families who are about giving receptions, dinner parties, or other entertainments, will be gratified to know that persons who will assist in making these events pleasant and enjoyable can be obtained through the medium of the Blank employment bureau. These persons will not be professionals, but parties of culture and refinement, who will appear well, dress elegantly and mingle with the guests, while able and willing to play, sing, converse fluently, tell a good story, give a recitation or anything that will help to make an evening pass quickly and pleasantly. Those persons will also be sent to summer resorts, if desired.

The Blank employment bureau does not claim any originality in this plan, but simply complies with the increasing demands of a large class of its patrons in thus introducing a feature of its business that has long been practised in the large cities of Europe.

The attendance of such persons, young or old, male or female, can be had for the sum of $10 per evening each.

We will guarantee them to be strictly honest and desirable persons.

The chief clerk of the New York city sheriff's office, Mr. John A. Lowe, thus speaks of St. Jacobs Oil: "I happen to be one who has been cured by St. Jacobs Oil, and I think that the remedy cannot be excelled for rheumatism. I certainly found it a most pleasant and effective remedy and one which did for me what many others failed to do—cure me. I therefore have a good word for the Oil, whenever opportunity presents itself, for I consider it a splendid remedy."

—A young clergyman of Richmond, accepted an invitation to marry a former sweetheart of his own to a more successful wooer. The ordeal proved too severe for him, and he faltered and swooned in the midst of the ceremony, which therefore had to be deferred several hours.

More universally recommended than any proprietary medicine made. A sure and reliable tonic, Brown's Iron Bitters.

—Some years ago Senator Conkling had interrupted Senator Edmunds in a speech on civil service reform, with the supercilious remark that the senator from Vermont was fighting a windmill. "Certainly," replied Mr. Edmunds, "the senator from New York!"

From Alonzo S. Weed, Publisher of *Zion's Herald*, 35 Bromfield St., Boston.

Seven bottles of Adamson's Botanic Cough Balsam have been used in my family with the most gratifying results. We esteem it as one of the best of medicines.

—Sarah Bernhardt's theatrical exclamation on welcoming her new husband was, "To arms; he comes; the Greek—the Greek."

A Vigorous Growth

Of the hair is often promoted by using Parker's Hair Balsam. It always restores the youthful color and lustre to gray hair, gives it new life and removes all irritation and dandruff.

—There is no telling what surprising discoveries people of a theological turn of mind may make if they only keep their eyes open. The New York *Sun* has found that Emerson and Longfellow were not Christians, because they were Unitarians; and we are indebted to an unprejudiced Catholic paper published in Lewiston, for the novel discovery that Protestantism in this country tends directly to atheism.

A Burglar Captured.

This morning about two o'clock, John Wood, the well known plumber, who resides on Main street, was awakened by hearing glass break, on getting out of bed he received a severe blow on the head; he immediately grappled with the burglar, and after a terrible struggle succeeded in holding him until his wife obtained help. On being searched at the station, Mr. Wood's watch and wallet was found on his person. He gave the name of Robert Terry. The broken glass proved to be a bottle of Sulphur Bitters which had almost cured Mrs. Wood of rheumatism.—*Exchange.*

A lady, Miss E. U. Keely, is the proprietor of a large establishment for the manufacture of steam boilers, fixtures and machinery in Williamsport, Pa. The receipts of her business exceed $20,000 per month, and she sells her goods in all parts of the country, east and west. She was once book-keeper for the firm which carried on the works, but it failed; the business was sold, and she became the purchaser.

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. The original and tonic is rich in nourishment and strength. It fides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into new life the entire process of digestion.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the most effectual remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a wonderful medicine.

From I. S. Potter, U. S. Consul at Grefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpe, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
Inform your wife I never fail to use it.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It relieves pain and soreness, and heals wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been universally used and those who have used it the longest *are its best friends.*

Its success has *arisen* because of its merit. Since the PAIN KILLER was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills may often be saved by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

To "Frisco" in Forty-Nine.

Remeniscences of the Portsmouth Company: Crossing the Isthmus in the early days of the Gold Fever; Life in California in '49 and '50.

Three hundred dollars in gold had made each of us twenty-four, members of the company; and with each a small painted bag of clothing, rifle, pistols, bowie, etc., we urged our way through the crowd at the depot on the morning of March 13th, 1849; and soon after, as we entered the cars, a lachrymal deluge and the engine starting at the same time swept us safely out of the embraces of dear ones and of the city, amidst the cries and cheers of the multitude.

With two months' provisions on board steamer from New York, we after a voyage of nine days arrived at the village of cocoa-thatched huts, "Chagres." Soon as we anchored a little steamer, the Orus, received as many of us as could stand on her decks, intending to land us at once; as we neared shore a canoe hailed us and forbade us to do so until next day. An indignation meeting was held, and the result was we steamed to Navy Bay, (now Aspinwall,) eight miles, and passed the night most uncomfortably,—no supper, sleep or breakfast, only the cries of monkeys and birds on shore, encouraging *our* hourly indignation cries; early next morning we steamed to Chagres, and were allowed to land on the unsettled side of the river, the village being one-eighth mile distant on the other side. Had we known the magnitude of the great city of Chagres the evening before, we'd have held our indignation meeting in its huts and the foot-paths between them, and hoisted the American flag upon its abandoned fort, on a bluff close by the village. But "all's well that ends well." So we pitched our tents, and set guards, while the rest roamed at will, and well received, over the town and fort, and bargained to be taken up the river in early morning.

After sleeping with one eye open during the night, we took canoes for our company, and paddled and poled at intervals the whole day, with two natives and two or three of us in each canoe, the natives navigating, at first, with only a sort of shirt uniform, which, as soon as the sun was well up, they laid off, and to our amazement stood out the balance of the day in an undress uniform of a loin wrap, and hatless.

We had in the steamer as passenger to Panama a lady, Mrs. Gen. Fremont, who was going to meet her husband in California, and we were told that the natives in her canoe abated no less of their uniform. Of couse it was exceedingly hot, and the work of shooting the canoes up stream laborious, and clothing was almost superfluous. A few canoes had thatched coverings in the centre to protect the occupants from sun or rain; but as ours had none "we two" had the incomparable pleasure of a whole day's unobstructed canoe ride up the Chagres river,—something never to be forgotten, and baffling a satisfactory description; and not now enjoyed by travellers across the isthmus, the railroad taking them direct from Aspinwall, the scene of *our* indignation night.

Our course up was very tortuous for a distance of forty miles, to the village of Gorgona, where we arrived at dark, and found it a fac simile of Chagres, only that the natives welcome us as "Americanos," they holding lights floating in cocoa-nut oil contained in small earthen vessels (like our smallest flower-pots) for lamps, whereby we might see to land; they then invited us to the huts, and ordering the pickaninnies to vacate their beds on the ground floors, and climb the notched poles to the top of the house, we were invited to occupy the lower nests as an illustration of their friendly regard. How different from our reception at Chagres!

No "indigs" were held this night, but in the morning there was some digging *with combs*. We "did" Gorgona early, and by ten o'clock were accoutered with rifles, belt of pistols, knife, etc., and each with a share of the camp utensils in hand also, estimated at twenty-five pounds a man, we took up our foot tramp of twenty-four miles through tropical forests and across the Andes mountains, running through the isthmus of Panama.

'Twas a fatiguing walk, and tired, thirsty and famished we halted for the night at half-way place, and disposed ourselves upon the ground anywhere to sleep; awoke early, and found for our bed-fellows several half grown bristleless pigs, (native to this region,) fast asleep by our sides; and so exhausted were we as not to have been disturbed by them during the night.

Next morning we donned our arms and started for the city of Panama, which was reached early in the afternoon without incident, except that some natives made us understand there were some isthmus robbers awaiting us at a pass in the hills. We looked in vain for them, and encamped about two miles outside of Panama, where we remained until the return of two members sent to secure quarters within it. Spent the night in our tents, found the surface of the ground to be teeming with insect and animal life, including a great variety of lizards from an inch long to the iguana of 2 1-2 to three feet in length. Some of which latter we soon learned to cook and eat. We now had begun to use some of our two months' supplies, and were getting used to the natives, so that we had no fears, only as to our health.

Our ambassadors returning, we next started to enter the city, and half a mile outside of its walls passed through a broken village of huts extending to it. We had secured two rooms in a house, (which the family had vacated for us,) where we remained for the two months of our stay. During all this time there were arrivals from the states, and it was becoming a serious question how we should get away, no steamer having arrived at Panama. Before we did leave we saw the wisdom of laying in our two months' supplies, as there were thousands of strangers here, and the resources of the city were scant; many persons were sick and dying, and others returning home.

Early in our coming it was resolved to send out into the bay of Panama small sloop boats to hail whalers if possible, to take us up to California, and as many of our company as could use tools were soon at work upon three of the largest canoes, ribbing them wider, and planking over with some mahogany boards, which we and a few others of another party cut from the trees and worked to fit, with only a few tools,—so few, that we had to wait for each other to use; the natives made the cocoa rigging.

The men of our company who couldn't use tools went back to Chagres, and with a few others and native help, dragged a "Francis metallic life boat" across the rugged mountains of the isthmus after unspeakable difficulties, and launched it on the Pacific, as an addition to our fleet of three "Bungoes," all of which were for the same use, and in the event of speaking no whalers, were to be employed to reach San Francisco, at $150 per passenger. The gentleman whose purse was long enough for this enterprise was a Mr. Whitcomb, whose genial spirit was as far reaching and encouraging as his purse was strong.

The sloops and boat were all completed, but as there came in several whalers they were not needed for their original purpose, but were afterwards used by others in the attempt to get to San Francisco, although neither of them reached there, one being wrecked, with no loss of life, and the others returning to Panama. The arrival of three whalers furnished us the means of advance on our journey, and passage was secured for our company on ship Norman at $150 each, (except three, who went in the brig Copiapo, which was ninety days on the passage to 'Frisco, and three others in other vessels, one of whom, N. J. Coffin, took passage in one of the "Bungos" named the "Caliste," which was wrecked on the coast, the crew escaping and leaving Panama at the beginning of the rainy season, after a trip lasting sixty-three days we anchored in the bay of San Francisco, all in very good health.

Next day we went ashore and pitched tents in "Happy Valley," where we continued for a few days, to learn whether there was really any gold in California, for most of us had lost faith in the great stories heard at home, (for we had heard none from March 13th until July 16th on our arrival at San Francisco,) and began to ask if we were not dreamers. However, day dawned and we soon saw the evidences, and hastened to take the dazzling dust in hand.

It is of no use here to attempt to explain why the company was disbanded in a day or two, and each one started for himself, or formed co-partnerships of one or two; sufficient to say 'twas done, and provision being made for the three to arrive by the Copiapo, each went where his judgment seemed to point him. Most of us went to the mines, while a few remained in San Francisco, where prices were $15. to $20 per day for any that would work. But it was almost impossible to be content even at these wages, so marvellous were the stories told daily, and even oftener. Doubtless these wonderful reports from the mines had something to do with the general disbanding of companies and the individual system of mining at first; while now it is almost wholly carried on by stock companies.

Several bottles of Adamson's Botanic Cough Balsam have been used in my family with the most gratifying result. We esteem it as one of the best of medicines.

—A New York man went into a crowded car, and asked if he could have the seat which was then occupied by a hat, whose owner was sitting in the next seat. The man, angrily grasping his hat, answered: "Yes, take it, if you're a hog." "I'm so near one that I guess I'll take it," said the other.

If you would not have affliction visit you twice, listen at once to a word of advice—"Try Wheat Bitters."

The Moosilauke Mountain Hotel company are putting their hotel at the summit of the mountain in readiness for the coming season. They will run a regular daily stage line from Warren depot during the summer.

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a frendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted upon the advice, and is now a living exemplification of what this excellent remedy can accomplish.

Invalids, Epicures,

and, in fact, everyone should understand the value of that delicious food source—SEA MOSS FARINE. It is produced by inventive skill from the nutritious Irish Sea Moss, and is, without exception, the best Invalids' Food and most useful basis for light wholesome food and desserts now in existence. For puddings, jellies, creams, blanc manges and other table delicacies, the Sea Moss Farine excels everything known, and in the sick room it is simply indispensable.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple cure, which he will send FREE to his fellow-sufferers, addressing J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

Naval Affairs.

Passed Asst. Engr. John A. Tobin is ordered to special duty in the bureau of steam engineering at Washington. Also, to hold himself in readiness for sea service.

It is expected that Naval Constructor Thomas E. Webb will soon receive orders detaching him from the Norfolk navy yard, and ordering him to New York. Constructors Pook, Philip Hichborn, George R. Bousb and W. H. Varney are each mentioned as his successor.

The secretary of the navy has issued orders to Commander Pearson, commanding the United States steamship [Wachusett] at Sitka, Alaska, to proceed to Harrisburg, Alaska, and take such steps as he deems necessary to preserve order among the white miners, there who are reported as having engaged in a serious fight over a disputed claim.

News and Notes.

The steamer Prussian, of the Allan line, arrived at St. Johns, N. F., May 19th, from Liverpool. While going very slowly, on the 17th, she struck a huge iceberg, carrying away her bowsprit, figure head and head gear, but not damaging the hull.

Stephen Effler was hanged at Marion, N. C., on Friday last, for the murder of his wife a year ago; he confessed the crime on the gallows. At Pulaski, Tenn., on the same day, a murderer named Ray was executed; he attempted to poison himself in the morning, but failed through an overdose; at three o'clock in the afternoon he was bunglingly killed, being twenty minutes in dying.

The sound steamer City of Lawrence ran ashore on Bartlett's point, Conn., on Friday, and remained there Saturday.

The Windsor hotel, Academy of Music and other buildings were destroyed by fire at Leadville, Col., May 19th. Two dead bodies were taken from the ruins, and others were supposed to be there.

Steamer Manitoulan was burned on Lake Michigan last week, and a man and little girl drowned.

In the French settlements at Swanton, Vt., May 16th, Lewis Brow, a cripple, was burned fatally by a spark from a stove igniting his clothes, while temporarily left alone.

At East Machias, Me., on the night of May 18th, Daniel Huntley, aged thirty years, and married, was burned to death in his home. A lamp burst in his hand while he was going up stairs to retire, covering his person with oil. In an instant his clothes were a mass of flames. His wife and two children were directly behind him, and barely escaped through a back door before the entire building was in flames. The house and contents were uninsured. Loss unknown.

The loss by fire at Leadville, Col., on the 19th inst., is estimated at $3,000,000. It is believed that fifteen persons perished.

The steamship Peruvian has escaped from the ice off St. Paul's island.

An accident occurred on the Northern Pacific railway, near Spiritwood, Dakota, on the 17th inst., killing three men instantly. As it was a train carrying workmen, a large number of them were badly hurt, some being, perhaps, fatally injured. The accident was caused by the breaking of an axle.

Col. William M. Olen, for some time past secretary to Gov. Long, of Massachusetts, has accepted the position of private secretary to Collector Worthington of the Boston custom house.

Some years ago manager Maguire, of San Francisco, was conversing with a friend, when a small, farmer-like man, with a square head, dark, bright eyes, scanty hair, a lean, parchmenty face, and a suit of loose brown clothes, asked the way to the stage door. "Who is that greenhorn?" asked the friend of Maguire. "Greenhorn!" replied the manager; "why, that is Joe Jefferson, going to rehearsal." A greenhorn Mr. Joe Jefferson does look, as he wanders about off the stage with his rod and line, or with his sketch book and crayon. These are his two relaxations.

Mrs. Catherine Vose of Newport, R. I., a well-known and highly-respected lady, left her home early last Friday morning, deliberately walked to the bathing beach, and committed suicide by drowning, her body being found in the surf in front of the Cliff Cottage hotel. As she had shown signs of partial derangement for some little time, her family were on the lookout, and as soon as they ascertained that she had left the house, they notified the police. Her tracks on the sand at the beach led to the belief that she would soon be found. Two policemen discovered and brought the body to the shore. There was a bruise on the forehead where the body had come in contact with the rocks. The deceased, who was about seventy-eight years of age, was in very comfortable circumstances, being worth about $40,000. She was the widow of the late William S. Vose, one of the leading citizens of Newport.

The Wells comet has been seen with the naked eye.

John McMenomoe, a farmer aged sixty-five years, living twelve miles west of Muscatine, Iowa, was shot and killed by his fifteen-year-old daughter May 19th. The father and daughter were quarrelling, when the girl's brother, aged eighteen, handed her a revolver, with which she shot her father through the breast. It is supposed the children desired to get possession of their father's property. The mother is in an insane asylum.

The *New York Herald* says editorially that with or without the action of Congress or of the public, care will be taken of the widow and orphan of DeLong, and not of them alone, but of every widow and every orphan of the men who sailed with the Jeannette, and have perished.

The late James Vick of Rochester, N.Y., the great florist and seedsman, was born in Portsmouth, Eng, and was a playmate of Dickens. It is reported that his gifts for charitable objects amounted to over $10,000 a year. He gave $25,000 worth of seeds to the sufferers by the Kansas grasshopper plague, and half as much to the Michigan sufferers.

The Vermont Copper Mining company of Ely, Vt., has sold its property to a New York mining engineer named Cozin, and others, for, it is thought, about $500,000. A new company is to be formed to work the mines. The old company employed 700 men.

The will of Ex-Gov. C. C. Washburne of Wisconsin has been probated. Its contents are not yet known, but among the bequests is one of $50,000 for a public library at La Crosse, and $375,000 for a memorial orphan asylum at Minneapolis, as a tribute to his mother. The public bequests aggregate over half a million. The estate aggregates two and one-half millions.

George Wilbur of Fall River, Mass., aroused the indignation of the whole village of Steep Brook by abducting his child from the arms of his wife, who refuse to live with him on account of his alleged intimacy with another woman. He was assisted by Navada Ashley, a brother-in-law. The villagers threatened the accused parties with tar and feathers, but the police were on the spot and stopped it. Friends of Mrs. Wilbur demand that her husband's paramour, who holds a town position, be removed from her place.

At the Garfield tea party held recently in the rotunda of the Capitol, at Washington, there was one beautiful stranger who excited every one's interest. She was tall and graceful, with delicate features, belonging to the Spanish-American type of beauty. Inquiry revealed the fact that she was the wife of Mr. Ream, of the Indian territory. Mrs. Ream was a princess of the Cherokee Nation, with a musical name of that dialect before she conventionalized it by marriage.

Mark Twain said to a St. Louis interviewer the other day: "I travel by water because I don't like the railroads; I wouldn't go to Heaven by rail if the chance were offered me." Mr. Clemens has for a travelling companion James R. Osgood, the Boston publisher. They will take to the lakes on their way east.

New Hampshire Items.

Gen. Aaron F. Stevens, of Nashua, has been appointed by President Arthur on the board of visitors to attend the annual examination of the naval academy, on the first of June.

The chimney flues in the residence of J. P. S. Otterson, in Nashua, failing to work in a proper manner a few days ago, an examination of the chimney was made when seventeen coal-hods full of dead chimney swallows were removed.

Warren Dodge has completed his first financial year at the new state prison in Concord, and after paying all bills has turned into the state treasury $134.50.

Col. Joseph Cushing, who lives at Dover Point, says that he will not only give a building lot of half an acre to any new married couple in Dover if they erect a house thereon, but offers to give a site free of expense to any person or corporation that will build a factory and carry on business there; it will be the more valuable as it will be close to the Portsmouth & Dover railroad.

The Cocheco Manufacturing Co. pays a dividend of five per cent June 1st.

BRIGHTON CATTLE MARKET.

For week ending Wednesday, May 17.

[Reported for the Boston Journal.]

Amount of stock at market—Cattle 1377; Sheep and Lambs 4600; Swine 14,180; Veals 72; number of western cattle 1152; eastern and northern cattle, milch cows, etc., 225.

Prices of Beef Cattle per 100 lbs, live weight—Extra quality $7 75 @ $ 8 50; first quality $7 00 @ 7 62½; second quality $6 37½ @ 6 87½; third quality $5 25 @ 5 87½; poorest grades of coarse oxen, bulls, etc., $3 75 @ 4 25.

Brighton hides 6½c @ 9c ℔ ℔.

Brighton tallow 6¼ @ 7c ℔ ℔.

Country hides, light ones, 6 @ 6½c ℔ ℔; heavy ones, 5 @ 6½c ℔ ℔.

Country tallow 5c ℔ ℔.

Calf skins 12 @ 12½c ℔ ℔.

Sheared sheep skins 25 @ 85c each; wool skins $1 @ $1 75 each.

Trade was a little more active than it was one week ago, at an advance in prices of ½c ℔ ℔ over our last quotations. There were but a few loads of cattle offered on the market for sale this week, the larger portion having been previously contracted for by butchers, and were taken direct from the yards to the Abattoir for slaughter. Prices for most of those from the west ranged from $7 75 @ $ 50 ℔ 100 ℔s live weight.

Working Oxen—Not much call for them, a few pairs each week being all the market requires at the present time. We quote sales of 1 pr, girth 7 ft 2 in, live weight 3170 ℔s, for $170; 1 pr, girth 8 ft 7 in, live weight 2800 ℔s, $125; 1 pr, 7 ft 4 in, live weight 3230 ℔s, at $235.

Milch Cows and Springers—Extra $55 @ 85; ordinary $30 @ $50; springers $18 @ $65; farrow cows $15 @ $30 ℔ head. Good cows sell moderately well but common grades are not in so good demand.

Veal Calves in fair demand at 4 @ 8c ℔ ℔ live weight.

Sheep and Lambs—Those from the west were mostly owned by G W Hollis & Co.; Lambs costing from 8 @ 8½c and sheep from 8½ @ 8c ℔ ℔ landed here. There are seldom any western sheep offered on the markets for sale, except for the export trade.

Swine—Store pigs sell at 6 to 8c ℔ ℔ for shoats; spring pigs $2 00 @ $5 50 ℔ head. Fat hogs cost, landed here, 7½ @ 8½c ℔ ℔ live weight.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest reliability on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Prostration, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from rickets and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and nourishing their strength. When the stomach is weak and refuses other nourishment the Extract will prove a most excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of life-sustaining foods, and its effect is invariably to give fullness and roundness to the form, and vigorous health to the innermost tissues.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained by the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile of Baron von Liebig's signature, and a fac-simile of his signature as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by

F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, has said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my legs and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier, and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 25c.; large boxes, $1; Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millons of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and application is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the six years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 2000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $5.00—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. PLAIN TALK.

The following is the message sent from the common council to the board of mayor and aldermen on Thursday evening last, announcing the council's non-concurrence in the amendments made to the appropriation bill by the aldermen:

Voted. The common council thinks the changes made in the ordinance making appropriations for 1882 not expedient, and do not concur in the amendments offered by the board of mayor and aldermen. And further

Voted, That the common council would respectfully inform the board of mayor and aldermen that hereafter we propose to assume the share of government of this city which is assigned to us by law.

To accomplish the foregoing without appealing to the Supreme Court of the State for an injunction against the board of mayor and aldermen, and arraignment of said board for their past and present violations of Sec. 6 of Chap. 48 of the statutes, Sec. 12 of Chap. 2 of the city ordinances, and Sec. 16 of the joint rules of the city councils, we have unanimously passed an ordinance making the annual appropriations for 1882, including a provision that the city treasurer shall stop paying bills against the city for any department after the appropriation for that department is exhausted.

"THE RIVALS."

To-morrow evening, at Music hall, Mr. Joe Jefferson will play Bob Acres, in Sheridan's great comedy "The Rivals." To many it may seem strange that Mr. Jefferson should play any other part than Rip Van Winkle, which he has almost made his own by his pre-eminence in it; but his Bob Acres is equally artistic and meritorious.

HARLOW'S CONCERT.

The sale of tickets for the grand concert to be given in Music hall on Thursday evening, the 25th inst., under the direction of Mr. H. L. Harlow, commenced at Preston's on Saturday. The price of tickets is low enough to be within sight of the ordinary mortal, and this with the extra attractions offered should insure a full house. The programme is a choice one. Miss Ella M. Chamberlin, the celebrated whistling soloist, has two numbers, and Miss Edith Wendell, the favorite soprano, has two; Messrs. Reinewald and Hardy are down for a cornet duet, and Mr. Theodore Cook for a violin solo; and the full orchestra will give the overture to William Tell, the Spring Song from Mendelssohn's "Songs without words," Dave Braham's "Medley overture," and other pieces.

RAILROAD LITIGATION.

In the suits in the United States circuit court for the district of New Hampshire, between the Ogdensburg & Lake Champlain railroad on the one side, and the Northern and the Nashua & Lowell railroads on the other, agreements have been filed in the clerk's office in this city by which the amount of receipts from both passenger and freight traffic, done over the line between Ogdensburg and Boston, will be ascertained by experts in railway accounts, and reported in September. This is done in order to more economically and correctly arrive at the correct statistics; and pending the examination, the taking of testimony will be deferred. A similar agreement applies to the suit pending against the Boston & Lowell railroad company in the Massachusetts district.

An alarm of fire was occasioned at about eight o'clock Saturday morning, by a slight blaze in a house on Madison street owned by a Mrs. Patchen. The fire caught in a closet, and was put out by a few buckets of water.

The Meagher Guards of Providence, R. I., which passed through this city on Friday afternoon en route for Portland, Me., went through on the return trip at five o'clock Saturday afternoon. They were accompanied by Reeves' American band, of Providence.

Potatoes are reported as being up to a considerable extent in Rye, York, Kittery and adjacent towns.

A fine specimen of the heron, killed at Great bay, was on exhibition at Mr. H. S. Hartshorn's store on Daniel street, Saturday.

The steam tug Naumkeag looks quite showy in the fancy coat of paint which has been put on her deck houses. She towed two British schooners to the lower harbor, Saturday afternoon.

A boatman from Eliot neck tumbled overboard from his wherry at the Spring market landing on Saturday. He can't swim a stroke, but fortunately came up between two boats, and caught the gunwale of each with a grip that started the pitch out of the wood—or would have, had there been any pitch in it.

This is the time of the year when ladies are busy with their house-cleaning and renovating, to the general discomfort of the gentlemen of the family, especially if their own particular sanctums are invaded. Carpets are shaken, blankets and bedding are aired, furs and outside garments are got ready for packing. If those articles which are to be put away are hung out of doors in the sun and air for half a day, they will be in a much better condition for packing; chloride, which exists in the atmosphere in a greater or less degree, is a powerful deodorizer and cleaner, and many articles will be found to be as thoroughly cleansed as if they had been through the hands of a laundress. Feather beds, which are still the pets of country housewives, are renovated by it, and even mattresses are greatly improved. G.

The mystery of the wrecked boat picked up near the Spring market last week by Mr. John Caswell, the fish and lobster dealer, was solved by the discovery of the owner. It belonged to an Eliot man, and was smashed by being carried against Portsmouth bridge by the tide, the occupant saving himself by clinging to the bridge.

Frank Jones is putting in a new six-foot tubular boiler at his brewery. It is to be set with a Jarvis furnace to burn waste hops and similar cheap fuel.

The May term of the supreme judicial court for York county opened at Alfred on the 16th inst., Judge Virgin presiding. Among the grand jurymen were Arthur Williams, Kittery; Charles A. Grant, York; Charles E. Coffin, Berwick; John B. Ham, North Berwick; Hiram Walker, South Berwick. On the petit juries; Ira B. Delano, Oliver C. Haley, Kittery: Moses E. Goodwin, Eliot; Daniel W. Perkins, Wells; Edward S. Marshall, York; Ivory Cooper, South Berwick; James A. Austin, North Berwick.

The inventory of the town of Newmarket for 1882 shows property to the value of $1,280,000. The whole amount of taxes levied is $'8,500; rate of per cent., $17.50 on $1,000.

Certificates of the organization of the following corporations have been filed at the office of the register of deeds in York county: The "Automatic Edge Letter Co.," located at Kittery, with a capital stock of $150,000; The "Auburn Medical Spring Water Co.," located at Kittery, with a capital stock of $100,000.

The following are recent transfers of real estate in Kittery: Josiah W. Lewis to Ellen Lovell, for $1100; David Hussey of Boston to Joseph E. Jackson of Kittery, for $850. The Portsmouth savings bank has sold a lot of land in York to Edward S. Marshall, for $170.

A boy two years old, son of the late Ephraim Merrill of North Berwick, was drowned on the 16th inst. by falling into a pond near his home.

Says the Boston *Post*: "Last Thursday Mr. O. C. Chamberlain of the Atlantic house, Wells beach, captured an eighty-pound haddock. Mr. Chamberlain had a hard time landing him, and for a time it was nip and tuck, whether he should pull the haddock out or the haddock pull him into the water." This is the most astounding haddock of which we ever heard.

At the last meeting of the county commissioners of York county, bills to the amount of $853.55 were presented by the deputy sheriffs for extra services in enforcing the liquor law.

Mr. John Dawson, aged sixty years, fell from a tree in South Berwick on Tuesday of last week, and was so badly injured that he died on Wednesday.

The keel schooner yacht Actea, owned by David Sears of Boston, has sailed from that port for Cowes, Eng., with Mr. Sears and a party of friends. Mr. Sears intends to be absent about a year; he will first cruise on the west coast of Scotland, thence to the Canary and Cape de Verde islands, the West Indies, and Boston. The Actea is 103 ft. 2 in. over all, ninety-two feet on the water line, twenty-two feet beam, nine feet six inches depth of hold, and draws eleven feet of water; she was built by David Clark of Kennebunkport, and fitted up regardless of expense.

The landlords of hotels and boarding houses in our sea-coast towns are now busy giving a general renovation to their premises, preparatory to the annual exodus of city residents. In many cases the accommodations have been enlarged and improved every way. The prospect is that the season will open earlier than usual, and when these chilly east winds give place to the torrid wave there will be a general rush to the sea-shore. Mr. Whittier, of the Union house in Hampton, already has a large number of boarders for the time of the year.

WEEKLY FISH REPORT.

The summary of fish received at this port for the week ending May 20th, foots up less than ten thousand pounds, the continuous storm having kept schooners and market boats in port most of the time; the largest fare brought in by a single vessel was only fifteen hundred pounds, which was quickly disposed of. The supply of fish has not sufficed to meet local demands, let alone outside orders, the advance in meats causing increased calls, as well as prices. About seven thousand lobsters were landed during the week, more than half of the supply coming from the eastward. A small quantity of halibut was landed, which retailed at sixteen cents per pound.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

No matter what the mouth disease—
How foul the breath or teeth's decay—
With SOZODONT on all we seize,
And swiftly sweep it far away,
Leaving the gums pure, firm and bright,
And the dull teeth as ivory white.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 13th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS.

THE BEST AND The Richest BLOOD, BRAIN and NERVE -F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to overtoil even it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, not by fermentation by yeast or solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be compended with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it eonrms.

Sold by druggists, $1.00 per bottle.

Domestic Infelicity.

A wretched piece of business held the attention of "good society"—and some not so good—in Boston, for a number of days last week. Mrs. Cumming (formerly the wife of Col. Rogers, who at the time of his death was proprietor of the Boston *Journal*,) sought to be released from the bonds of matrimony, and charged Mr. Cumming with drunkenness, cruelty and adultery. Mrs. Rogers was left a large fortune by her first husband, and in about a year after his death married Cumming, who was an Englishman in holy orders, and had been private tutor to Col. Rogers' children before his decease, Cumming being some years younger than his wife. The union appears to have been unhappy in the extreme, all the charges against Cumming having apparently been proved. Gen. Butler, counsel for Cumming, claimed to be able to prove that the wife had also been guilty of marital infidelity, and had confessed it to her husband. The whole mess was sent to the full bench on a point of law.

More universally recommended than any proprietary medicine made. A sure and reliable tonic, Brown's Iron Bitters.

The new passenger depot of the Boston, Concord & Montreal railroad at Tilton is nearly ready for occupation. It is a tasty structure, and will be fully appreciated by the people of that enterprising town. The work of removing the old engine house at Woodsville is progressing, and the foundation for the new one is also going on.

Wheat Bitters will make you bold, but not rash; patient, but not insensible; constant, but not obstinate; cheerful, but not light.

The Franconia iron company, having thoroughly tested the quality of their ore, and being satisfied that the mine can be profitably worked, are about to proceed to active operations. They have delayed somewhat to consider the question of a location for the reduction works, but it now seems probable that the same will be erected in the vicinity of the mine, which is located about three miles from Franconia village.

Gen. Sparrow, the senate chairman of the committee on military affairs in the confederate congress, who has disappeared from public sight since the war, has come to light in St. Louis, on a visit from his Louisiana plantation. He is hale and hearty and takes a great deal of interest in the country's progress, especially the advancement of the freedmen.

MESSRS. ELY BROS., Druggists, Owego, N. Y.—About a year since a gentleman from Orwell, Pa., called my attention to your Cream Balm as a remedy for catarrh, hay fever, etc. He was so earnest in asserting it to be a positive cure, (himself having been cured by it) that I was induced to purchase a stock. I must say that the Balm has met my best expectations, having already effected a number of cures in this locality. I am using it with beneficial effects. Respectfully, P. F. HYATT, M. D., Bordentown, N. J., Oct. 26, 1880.

Having been afflicted with catarrh and cold in the head, I tried a great many remedies without any beneficial effects; at last I used Ely's Cream Balm, which effectually cured me. I consider it a duty I owe suffering humanity to recommend it to others suffering from the same, almost universal, American disease. W. H. I. HILLARD, dentist, Bordentown, N. J. Oct. 25, 1880.

Price fifty cents.

The steamer Peruvian was spoken on the 13th inst., jammed in the ice and with propeller gone, off St. Paul's island. Her purser landed at Meat Cove, Cape Breton, on the 17th, and telegraphed the owners. The steamer Progress was sent to her aid, but was burned on the way, with the loss of three men, the wreck being towed into River du Loup.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its remarkable effects, and *know* it to be a good article.

From I. S. Pottor, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharper, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest *are its best friends.*

Its success is its *celebrity* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before*. Every family should have a bottle *ready for use*. Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines*, it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

PERRY DAVIS & SON, Proprietors, Providence, R. I.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of
$1.50 per year, paid in advance, or
$2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire Items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 5.
I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

To "Frisco" in Forty-Nine.

Remeniscences of the Portsmouth Company; Crossing the Isthmus in the early days of the Gold Fever; Life in California in '49 and '50.

[Concluded from last issue]

It would be impossible to recount all our experiences of life on the isthmus, at sea and in California; varied and severe they were, many hardships encountered, some new and enlarged ideas opened up, and in some cases considerable "dust" obtained.

Not many days after disbanding, five of us (including the writer) made our first visit to the mines, going to Stockton in a flat-bottom (box) sloop, being in continual fear least the bottom would fall out in San Pablo and Suisan bays, and suffering great torment from mosquitoes in the tulle swamp on the San Joaquin river. We also suffered much from want of water on our tramp to Mokelumme, our destination; and being much exhausted we stopped at a small trading-place a few miles from it to refresh ourselves; and then, leaving Fayban here lame and unwell, (at his request,) we four went on, expecting him to come on in the morning with other miners,—but they brought us the startling intelligence of his death. He had been suffering from a swollen leg for some time, and while in the tulle swamp the day before allowed it to be covered by the myriads of large mosquitoes as a means of relief; he said he thought that the consequent blood letting made it feel much better; but it has ever been a question whether the poison absorbed was not the immediate cause of his sad loss to us. We laid him to rest in a beautiful spot near by, and will ever remember his courageous and cheerful life.

From this day we began our mining, with varied success, it depending much upon luck and experience; and often worked side by side with the Indians native to the localities. One evening we observed a long file of them coming over the hill and toward our three cabins; and as it was an unusual scene, we called a council of war, and it was deemed best to vacate two of the cabins, and all resort to the largest one, where putting out all lights, and pushing out the mud between the logs, we could watch them and best protect all. The Indians assembled around the cabin to the number of perhaps 100, and we, with loaded rifles, watched them through the openings until daylight, when they departed in single file over the hills, with our silent permission, of course! Why they did not attack us we knew not; perhaps they realized that we could better see them than they us, and would be sure to do them the most harm; perhaps 'twas only a "surprise party;" if so, they must have been surprised at our lack of courtesy. We always enjoyed their company in the daytime, and were willing to give them the same weight of salt for equal weight of gold dust, as were some less honest miners!

On the morning after our arrival at the mines, one of the party, (in haste to be rich,) started off to try his luck alone; and in about an hour or two afterwards returned, with perhaps a pint of yellow mica which he had with difficulty gathered, saying, "what do you think of that? we shall soon make our fortunes here; there is lots of it down at the river;" and was somewhat disappointed when one of us said, "That's not gold, man." He afterwards reluctantly threw the deceitful stuff away, and then learned to distinguish the real.

Another member of the company, (not in so much haste to be rich) after an eventful journey of more than 5000 geographical miles to reach this our "Eldorado," and a residence of more than two years at San Francisco, did not even *visit* the mines. He has, however, since revisited California, (overland,) including the mining portion in his trip.

Soon after the dissolution of the company, those of us who remained in the city, working at house carpentry, hired two rooms in a small house at $150 per month, (there were very few houses in the place then,) and lived as one family, the members of it changing from time to time, during the first two years; and this house was the rendezvous for all Portsmouth boys coming to San Francisco by later arrivals. Here they all found a welcome, and counsel as to the true state of the mines, etc.; in fact, it was considered by the many who came from the mines to the city for their letters, at the only post office (for a long time) in the state, almost as a visit to their home. There was always a spare berth for them, out of the six we had in two tiers on the side of the room. This was the "Mecca" to which all came; and thus we were in continuous communication with acquaintances from many mining locations, and able to advise new comers, and to give them the latest news from home.

Here also on separate occasions came George Patten and Eben Coleman, (both of this city, but not members of our company,) being quite feeble and sick; and after a very few days of suffering and care, they passed from us to the better land, and were buried at the Mission cemetery by a little company of saddened hearts. Theirs were the only deaths at the house in San Francisco; those of our own company occurring elsewhere.

Such was the open hospitality of our housekeeping, the door never being locked, that it was sometimes hazardous, as an incident or two will show. On one occasion the writer quietly opened the door at two o'clock in the morning, having just returned from a few weeks' work in the mines, and as silently advanced to his own berth intending to turn in for the rest of the night, when friend Hobbs, a chance acquaintance who was occupying the berth during my absence, started up pistol in hand, and in a menacing tone cried "Speak!" which order I obeyed quickly, and fortunately recognizing my voice he refrained from shooting, else you might have had to depend on some other "49-er" for this history.

At another time there was missing from the interior of the flue over the brick oven in our kitchen several hundred dollars in gold coin, placed there for temporary security. Of course it didn't go up chimney when we heated the oven to bake in, which we did once a week; we had a brick over the chimney, and we had been entertaining one "Gov. W——," and he was another "brick."

But why multiply incidents? They were of daily occurrence, and often startling. The three great fires were fruitful of them. On one occasion, at the hanging of one of the "Hounds" by the vigilance committee, one of our company was compelled to stand guard with a loaded rifle; he did not enjoy the scene, and afterward told me that he "would not be compelled any more" to take part in any such transaction.

Our members after two years of this kind of life began to start for the homes of their boyhood, although several remained for a year or two longer; and one, after a visit home, even returned to California, where he still resides.

Of the twenty-four members of the company, eight died in California at different times, namely: George Gaines, James Rundlett, Robert Phipps, Nathaniel Donnells, Ebenezer Runnells and Hazen Runnells, of Portsmouth; Alfred M. Berry, of Greenland; and John Sam'l Fabyan, of Newington. Four died at different periods after their return home—Samuel Smith, Joseph B. Adams, Benjamin Norton and Marco Bozzaris Goodrich. Twelve are still living, their residences now being as follows: James T. Wheeler, of California; Benjamin F. Moses, of Florida; John H. Jackson, John N. Coffin and George E. Stokell, Boston; Benjamin Jenness, (was from Deerfield, N. H., residence unknown to writer;) Nathaniel T. Moulton, De Witt, Neb.; Gee Pickering, Newington; Edward J. Moulton, Enoch Coffin, Nathaniel J. Coffin and James C. Brown, Portsmouth. A clergyman, Rev. Mr. Ashby, was added to the party in New York to fill up the twenty-five berths engaged on the steamer "Crescent City," but as he was not a member of the company, and left us at Panama, nothing further is known of him.

In closing we may add in reference to the city of Panama, it appears to us that the enterprise of the Portsmouth company in building the three sloops, and decking and bringing the life boat from the Atlantic to the Pacific was an event unequaled in the history of the isthmus, and must have made marks ineffaceable within the memories of its lethargic inhabitants. It is very doubtful if there has has been its like seen there since.

It is now thirty-three years since the events related here, but the remembrance of them is still vivid, as well as the memory of those twelve who have journeyed on,—not forgotten, though their resting places be unknown to fond ones who will never forget in this world, but trust to meet again at the close of life's journey.

A Burglar Captured.

This morning about two o'clock, John Wood, the well known plumber, who resides on Main street, was awakened by hearing glass break, on getting out of bed he received a severe blow on the head; he immediately grappled with the burglar, and after a terrible struggle succeeded in holding him until his wife obtained help. On being searched at the station, Mr. Wood's watch and wallet was found on his person. He gave the name of Robert Terry. The broken glass proved to be a bottle of Sulphur Bitters which had almost cured Mrs. Wood of rheumatism.—*Exchange.*

—"What is this man charged with?" asked the judge. "With whiskey, yer honor," replied the sententious policeman.

Eighty-Five Dollars Lost.

"You do not tell me that your husband is up and entirely cured by so simple a medicine as Parker's Ginger Tonic?" "Yes, indeed, I do," said Mrs. Benjamin to her neighbor, "and after we had lost eighty-five dollars in doctor's bills and prescriptions. Now my husband feels as well as ever."

—Barnes, the Kentucky revivalist, believes there are horses in heaven, which accounts for his great success in converting Kentuckians. A blue grass Kentucky man would utterly scorn a heaven without a horse race attachment.

A Vigorous Growth

Of the hair is often promoted by using Parker's Hair Balsam. It always restores the youthful color and lustre to gray hair, gives it new life and removes all irritation and dandruff.

—Dr. Rogers mentions a Kincardineshire husbandman who was expressing to his minister the high opinions he had of his personal virtues, and he wound up his eulogy by saying, "An' I a'ways, and specially, liket your sterling independence, sir. I hae a'ways said, sir, that ye neither fear God nor man."

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a friendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted upon the advice, and is now a living exemplification of what this excellent remedy can accomplish.

Invalids, Epicures,

and, in fact, everyone should understand the value of that delicious food source—SEA MOSS FARINE. It is produced by inventive skill from the nutritious Irish Sea Moss, and is, without exception, the best Invalids' Food and most useful basis for light wholesome food and desserts now in existence. For puddings, jellies, creams, blanc manges and other table delicacies, the Sea Moss Farine excels everything known, and in the sick room it is simply indispensable.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

"Harper's Young People" for May 16th has a fine sketch of "Dreaming of the Coming Summer," by Will. P. Hooper, a clever artist of Philadelphia, formerly of Biddeford, Me. The figures of the group are gracefully drawn, and appear in fine harmonious effect. "Harper's Young People" is a weekly illustrated paper, published at $1.50 per year.

Physicians say it combines all the desiderata of every ferruginous tonic prescribed by every school of medicine. Brown's Iron Bitters.

The Pacific Bank Again.

The Pacific bank, of Boston, which was wrecked by the transactions of its president, Abner I. Benyon, and suspended Nov. 18th, 1881, resuming business again on the 18th of March, '82, on the 22d inst. finally closed its doors, and will go into liquidation. Comptroller Knox has appointed L. M. Price of New Jersey as receiver of the collapsed bank.

Naval Affairs.

The Shenandoah arr at Boston on Sunday from New York. It is said she is to go out of commission.

A despatch from Tangier says: "The United States steamers Lancaster, Galena, Quinnebaug and Nipsic arrived here on the 19th inst., and are to sail for other Moorish ports to-day. No political importance is attached to their visit."

The nomination of Captain Henry Erben has been withdrawn by the president. It had been pending for a long time before the naval committee, having been reported twice favorably to the senate, and both times recommited. It would have been reported again favorably, we learn, had not the president decided to withdraw it.—*Army & Navy Journal.*

News and Notes.

The decision of the supreme court of the District of Columbia on the Guiteau appeal was promulgated Monday. It overrules all the exceptions, and confirms the judgment of the criminal court.

The Guion line steamship Alaska arrived at New York on the 21st inst., in seven days, four hours and twelve minutes from Queenstown—the quickest passage ever made across the Atlantic.

The schooner President, from Antwerp, took to Quebec on Saturday night six of the crew of the ship Weston belle. The Weston Belle left Greenock on April 11th, and on May 1st she ran into an iceberg at night, smashing in her bows, and in twenty minutes afterward sunk. Her captain and thirteen seamen were drowned.

Miss Mary Anderson and Mr. John McCullough will act together at the Boston theatre, May 31st, for the benefit of Mr. H. A. McGlenan, the well-known business manager of that house. Miss Anderson will personate "Parthenia;" Mr. McCullough "Ingomar."

Burglars made an unsuccessful attempt Saturday morning to rob the First National bank of Hopkinton, R. I. They were frightened away after shattering the safe door, and escaped towards Connecticut, in a horse and wagon belonging to Mr. C. D. Chase. They left their kit of tools behind them.

In one of the most crowded streets of Orizaba, Mexico, Saturday, two men met, and drawing revolvers, commenced firing at each other rapidly. Neither of them was hurt, but two women who were within a few yards of the spot were shot and instantly killed. The men fled.

A colored woman of Amissville, Va., becoming enraged at her boy, aged nine years, who committed some slight offence, bound him to the floor of the cabin in which she lived, piled fagots on his body, set them on fire and burned him alive.

The attractions at the Point of Pines, Chelsea beach, for the coming season, will be of the most inviting character. Mr. Charles H. Thayer, the general manager, promises a programme of entertainment which will maintain the repute of this famous spot as "the most attractive summer resort in America." The time-tables of the railroads are so arranged that trains run to and from this resort, eight miles from Boston, every fifteen minutes, from seven o'clock A. M., till midnight. The place is also reached by steamers, and its fame as a popular place of resort has already caused it to designated as the Coney Island of the east.

About 200 men were discharged on Saturday from the wholesale department of A. T. Stewart & Co., New York. From the present outlook the wholesale department will be closed up by July 1st.

John Woods, alias Fenton, a well-known English pickpocket, was arrested in New York on Saturday evening by detectives for robbing Charles Hoffman, messenger in the employ of the Mechanics' bank, of $50,000 worth of checks and securities. Part of the stolen property was found in the prisoner's possession.

An explosion occurred in Breckinridge colliery, near Shamokin, Pa., Saturday, causing the instant death of James Lawrence and Frank Osman, and fatally burning David Green and Frederick Hoffman. Green has since died. Hoffman had entered the mine with a naked lamp, while the other men remained behind. The explosion hurled the men with great force against the gangway timbers. About 200 tons of top coal were dislodged, which fell on Lawrence and Osman. This mine is over 1,500 feet deep, and has always been remarkably free from gas.

Jack Brummage of Roseville, while in Janesville, Ohio, got drunk Saturday, and on returning home by railroad stabbed an inoffensive young man, Chas. Axline, of Roseville, in the breast, while he was standing on a car platform. Axline, in self-defence, struck Brummage, knocking him off the car, and in falling he struck his head on a telegraph pole, knocking his brains out. Brummage died in a short time. Axline is not expected to live.

A despatch from Long Branch, N. J., says that many people in that vicinity have been made ill by eating the arsenic-poisoned coffee from the wrecked steamship Pliny. It was Mayor Bradley of Asbury Park who first found out that the coffee was poisoned. He immediately caused a bulletin to be placed on the town hall cautioning people from eating the coffee. One farmer threw the coffee he had gathered to his pigs, and all of them were taken violently sick before eating much of it. It is asserted that "Boston junk dealers, whose names are unknown, bought the coffee up from the farmers."

Schooner Hattie L. Gray, with 11,000 lobsters on board, recently ran upon a ledge in Camden harbor, Me., and 10,000 lobsters escaped before the schooner could be raised. A Campobello man has a curiosity in the shape of a live lobster that is of a beautiful shade of blue. It cost him $3, and he has refused to sell for a much larger sum.

New Hampshire Items.

William H. Abel of Laconia has been granted a reissue of his patent for knitting-machine. [Mr. Abel was killed in a recent railroad accident.] Chas. H. Thompson of Claremont has received a patent for seeding machine, and fertilizer distributer.

The body of Thomas Peasley, a highly respected citizen of Ossipee, who has been missing since last October, was found on Saturday in Archis pond, near by his house, by two men who were fishing.

George Leopold, of Dover, the trapeze man, fell from a rope at a circus in Mexico and was badly injured. His little daughter fell, too, but was caught in a net and not injured. Both had to retire from the circus, and are en route to their home in Dover.

Chesley Drew, Gustavus Riferman and Frank Perkins, three young men of Dover, were arrested on Sunday on suspicion of shockingly abusing—and possibly murdering—a youth named George Winn Hoyt, who was found in a ball-way, doubled up as though he had fallen down stairs; he was badly bruised, his knees were worn to the bone, and it is supposed he was brutally beaten and kicked, and then dragged a long distance over the rough ground. Hoyt was taken to his home in an unconscious condition, and was reported to be bleeding internally.

Sheridan's brilliant comedy, "The Rivals," was produced last night before a crowded and enthusiastic audience, and made a strong impression, thanks to the admirable cast. Mr. Jefferson's "Bob Acres" is, of course, well-known, but he has seldom acted it with more effect than last evening; his drollery kept the audience in a constant roar of laughter. The "Mrs. Malaprop" of Mrs. John Drew was inimitable—undoubtedly it was the finest interpretation of the part ever seen in Philadelphia—the creation of an artiste—avoiding the brazen vulgarity that is nearly always given it on the stage. Mrs. Drew was most cordially received. As "Sir Anthony," Mr. Frederic Robinson displayed his powers most skillfully, so well, indeed, that he was honored by a call before the curtain at the end of Act I. Mr. Pendleton gave a gentlemanly and agreeable performance of "Captain Absolute." The "Lydia" of Miss Walcot was excellent, especially in the scene with "Beverly" in Act II. Mr. Charles Waverly as "Sir Lucius" gave an intelligent interpretation of the character. Mr. Thomas Jefferson made "Fag" prominent by his clever acting, and Mr. Galloway did likewise for "David," while Miss Lee made a sprightly "Lucy." As the whole, the cast impressed the most exacting critics, and the applause was constant. "The Rivals" will be repeated every evening, and deserves the liberal patronage of our most cultivated theatre-goers.—*Phila. Sun.*

At Music hall, this evening, "The Rivals" will be given with the above cast, and though the tickets are higher than Portsmouth play-goers approve of, the audience will be a large one, Sheridan's glorious comedy and Mr. Jefferson's popularity being sufficient to in a great measure overcome their displeasure. See advertisement.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by

F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The person that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 25c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millons of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and application is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the SIX years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00,—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. ABRAHAM Q. WENDELL.

Mr. Abraham Q. Wendell, whose death is announced in another place, was one of the old business men of Portsmouth, having kept a hardware store on Market square for over forty years, retiring a few years since, failing health and approaching old age inducing him to give up the business to his sons. He was at one period of his life quite active in public affairs, and was at different times an alderman of the city and representative to the general court. At the time the project of erecting a high school building was under consideration by the city he was an earnest advocate of the measure, and contributed materially to its adoption. He was in the 69th year of his age at the time of his decease.

CONCORD RAILROAD.

The annual report of the directors of the Concord railroad shows the receipts of the road for the past year to have been $1,258,419.85; expenses, $787,211.02; balance, $471,208.83. Two dividends of five per cent each have been paid, amounting to $150,000; also taxes on the capital stock of the Manchester & Lawrence railroad, rent on the Concord & Portsmouth railroad, Suncook valley railroad, Nashua, Acton & Boston railroad, and on account of the Nashua, Acton & Boston improvements at Concord, which, with $38,000 reserved for future improvments at Concord, and for through line freight cars and passenger cars, amount to $320,909.05, leaving the amount to be carried to the contingent fund $29,978.

The BEST PLAN.

Among the plans under consideration at Portsmouth for the improvement of navigation on the Piscataqua and its tributaries is a scheme, the main feature of which consists of building a water-tight dike across the river at the most practical point near the entrance of Great bay.—*Dover Republican.*

It is a good scheme, no doubt; but as it would deaden the swift current of our river, and thereby deprive our harbor of its distinctive feature,—that of never freezing over—it is not so popular as it might be. The most popular plan "under consideration at Portsmouth" is to have balloons stationed at the Shoals, to watch for incoming vessels; when one is seen the balloon will hook on to her, with slings forward and aft, lift her out of water, and bring her right in overland, thus avoiding the point with the evil name, the narrows, the beacon ledge and all the other obstructions. The vessel's fore hatches will be taken off on the way in from the Shoals, and when the balloon gets over the wharf to which the vessel is bound, the forward tackle will be slacked away, the vessel held up by one end, and the cargo poured out on the wharf without either trouble or expense. This scheme would probably not cost so much as the dam plan, but it would be of more service to navigation.

"THE RIVALS."

In addition to the opportunity of seeing an actor like Mr. Jefferson, at Music hall this evening, all are to have the rare privilege of witnessing Sheridan's comedy "The Rivals," which was first produced at Covent Garden theatre in London, in January, 1775. The play took the town by storm, says the historian of those days. "The quotations from the parts of Mrs. Malaprop and others became domesticated in the household circle, quoted in the parks, parodied in the streets, plagiarized in the clubs, and not unknown in the houses of Parliament." For over a century it has held its place as one of the best English comedies. Sheridan, the author, was a man of varied talents. He was born in Dublin in 1751. His father was an actor, elocutionist and lexicographer, and his mother a novelist and dramatist. Sheridan was an orator as well as a dramatic poet, but is best remembered through his excellent comedies, of which perhaps The Rivals, his first production, takes the lead.

With such a play, presented by such a celebrity as Mr. Jefferson, the audience this evening should be limited only to the accomodations of the hall.

The locomotive drawing the train from Boston, Sunday morning, broke some small piece of her machinery when near the know nothing station near the depot in this city, and the train was delayed for some time in entering the station, being finally hauled in by the crippled engine, only one side of the machine doing any work. The damage, though trifling, was sufficient to disable the engine until repaired.

The committee of Storer Post on marking graves will be at the South cemetery at four o'clock Wednesday afternoon. Persons having knowledge of the location of any soldier's or sailor's grave that has not hitherto been decorated, are earnestly requested to be present at that time and give information to the committee.

A general court martial was in session at the navy yard on Monday to try Frank Hanlon, a marine, for desertion. The president of the court was Commander A. R. Yates; members, Commanders Bartlett J. Cromwell and Charles J. Barclay, and Lieuts. W. H. Reeder, Herbert Winslow and T. H. Gibson; 1st Lieut. George C. Reid, U. S. M. C., judge advocate. Hanlon is the marine who not long ago deserted while on guard near the dry dock at the navy yard, stole a workman's boat and went to Dover, and was arrested in that city, fighting drunk, on the afternoon of the same day. He will probably keep sober for the next few years.

The schooner E. A. Creed was towed to the Shoals on Saturday by the steamer Pinafore. The steamer James Sampson towed out the schooner Albert Woodbury Saturday morning, and schooners Christie Campbell and Grace Choate, Saturday afternoon.

Bishop Niles administered the rite of confirmation to seven persons at St. John's church on Sunday evening.

There will be a special meeting of Storer Port, G. A. R., on Thursday evening, May 25th, at Grand Army hall; all members are earnestly enjoined to be present.

George Herbert sent to Boston on Monday about 6000 lbs. of fish, brought in on that day, mostly by whale-boats and wherries. Randall & Caswell sent off about the same quantity. Caswell & Co., the retail dealers in fresh fish and lobsters near the Spring market, have commenced to buy for shipment, and on Monday purchased about 500 lbs.

The schoooner Storm King is fitting out for mackereling.

Mr. Martin Hoyt, who some months ago disposed of his shaving and hair-cutting business on Congress street to Mr. Edgar D. Wood, on account of ill health, having completly recovered has returned to his old quarters with Mr. Wood, and will be found there during the summer.

It was reported on Monday that Mr. Edward Jervis, the well known sign painter, had been granted a pension. It is also rumored that Lieut. Nathaniel J. Coffin has received a pension, with arrears to a goodly amount. We hope both stories are true.

Mr. John Hussey brought in ten fox skins on Monday. These skins now bring $1.50 each, the price sometimes being as high as $5.00.

Residents on South street, in the vicinity of Johnson's court, complain that the latter street is in a very bad condition from gullying out by water. It is reported that a man hurt himself considerably last week by stepping or slipping into one of the gullies.

Mr. George W. Raitt of this city has successfully passed an examination for steamboat pilot and master on the St. John river, Florida. Mr. Raitt went south last fall, and secured a position as mate with Capt. John L. Amazeen, another Portsmouth man, now commanding the steamer George M. Bird.

The steamer Clara Batemen on Monday towed to the Shoals the Appledore landing-stage. Several of the regular boatmen of the Appledore house also went out, to get things in readiness for the season's excursioning, among them being Mr. Wm. Berry, who it is said has been employed there every season since the hotel was built.

Lieut. David Whipple, U. S. M. C., has reported for duty at the navy yard after a month's leave of absence.

Mr. Albert Rowe of this city, for many years steward at the Rockingham house, has made an engagement with the proprietor of the Phoenix hotel at Concord to take charge of the help and supplies for that hotel, a position which he is abundantly qualified to satisfactorily fill. Mr. Rowe goes to the Phoenix on the 1st of June.

Mr. Isa Leveen of this city, now a student at Brown university at Providence, R. I., has been chosen orator for the union class of Phillips academy at Andover, Mass., this week.

Twenty-five fishing schooners came into the lower harbor on Monday after bait, but there was none there.

Few housekeepers can succeed in the proper enjoyment of life save by a due regard to correct taste in wall papers. Much depends upon a proper selection of this important accessory to good taste in the rooms where we spend so many of life's hours. Mr. Myers has, at this season, a carefully-selected assortment of the designs in papers which are to-day regarded absolutely essential to the proper decoration of a room.

Travellers on Middle road will miss the beautiful umbrella-shaped elm tree which stood near the foot of Park street, on land which Mr. J. R. Cornell purchased of Wm. Plaisted. It was a tree observable from its symmetrical and peculiar shape, but it had lived out its days, and decay had made it necessary to remove it. Another ancient elm on Chapel street, between State and Sheafe streets, has recently been taken down.

The Telephone company are arranging for wires from Portsmouth to all principal places. At Rye and Hampton beaches they are also constructing a new direct wire to Boston, which will, they claim, enable their patrons thereabouts to talk to Boston without trouble. They have lately completed a wire from Portland to Portsmouth, over which it is said conversation can be carried on with great ease.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 15th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS

THE BEST and The Richest BLOOD, BRAIN and NERVE

-F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Properties of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to save sickness it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, *not by fermentation* but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

Asinus-Mephitis.

To the jackass belongs the unpleasant distinction of possessing a vocal organ more fearful and more dreaded than any of its other members. Another animal, less blatant, but even more obnoxious, so pollutes the circumambient air that even its modest presence cannot be endured. It is reserved for the human family to furnish a mongrel specimen in which the distinctive and offensive qualities of the animals referred to are harmoniously blended. This fact has been made unpleasantly conspicuous by the idiotic diabolism of Mr. O'Donovan Rossa, who, at a convenient distance from all elements of danger, vents his seditious impulses in vain, but disgusting utterances. The general expression of the Irish people upon the subject of the assassination has enhanced the reputation of the nation, and it seems a pity that there should be even this one exception to the prevailing sentiment. It is unfortunate that the freedom of our national system should be taken advantage of as a shelter for the troublesome vermin of other lands, though so far as any influence here is concerned, the mouthings of such demagogues amount to nothing. The motification is that in countries where there is less latitude of speech, an importance may be attached to words that have no weight here, and a lack of comity on our part may be misunderstood.—*Providence Journal.*

"Right royally did I have the rheumatism and I suffered dreadfully," said Dan. Emmett of Lew Witt's Gigantic Minstrels; "St. Jacobs Oil, however, cured me completely, as any one can learn by addressing me, care New York *Clipper*."

—John Howard of Dartmouth, Mass, was fined $5 and costs in New Bedford district court for slapping his fifteen-year-old daughter's face, because she would not obey him as to going out with the boys.

My Head Was Fairly Rotten,

And how much I suffered it is hard to describe. That loathsome disease, catarrh, caused the above, and the doctors said they could not relieve me. I paid hundreds of dollars, for which I received no benefit. I got more good from two bottles of Sulphur Bitters than from all the money I paid to doctors. I shall continue the Sulphur Bitters as I have great faith that they will cure me.—*Section Hand, Lowell.*

—Some men always look on the bright side. Said the gentleman who was run over by the "Black Maria:" "Well, there's one consolation! The fact that I was run over by the thing shows that I wasn't inside of it!"

A Peerless Perfume.

The refreshing aroma of Floreston Cologne, and its lasting fragrance make it a peerless perfume for the toilet.

—Mezzofanti, the wonderful Italian linguist, knew sixty-four languages and talked forty-eight, and the number of things he could say to a stray dog in the front yard would make the animal run for dear life for three miles. Language is a great benefit to a man.

More universally recommended than any proprietary medicine made. A sure and reliable tonic, Brown's Iron Bitters.

—Sheridan met a friend who was terribly given to fibbing, and accosted him thus:—"Been to church to-day, Jones?" "No," was the quick response; "I've been on the bed nearly all day." "Just as I expected," chimed in Sheridan; "you're always lying."

"Buchupalba."

Quick, complete cure, all annoying kidney, bladder and urinary diseases. $1. Druggists. Depot, J. H. Thacher's.

Don't Die in the House.

"Rough on Rats." Clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers. 15c.

—The Scranton *Republican* relates that as a Wilkesbarre man took his seat in the barber's chair he asked the barber if he had the same razor he had used two days before. Being answered affirmatively, the patient man said: "Then give me chloroform."

A Traveler's Story.

After spending months at watering places and consulting the best physicians without benefit, I returned home disheartened and expected to die. A friend urged a trial of Parker's Ginger Tonic. Three bottles and careful diet have brought me excellent health and spirits, and I hope my experience may benefit similar sufferers.—Cincinnati lady. See other column.

—An Indiana clergyman delivers his sermons in rhyme. His congregation prefer them that way. They sleep much sounder, and leave the church much more refreshed than after listening to a prose-y discourse.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have *seen* its magic effects, and *know* it to be a good article.

From I. S. Polk, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharper, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Linn, Rhoadville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it for years *are its best friends.* Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in local cities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

75 Dearborn Ave., Chicago, Nov. 7.

I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel fine rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Political Mention.

The democrats of Maine are not deterred in their purpose to aid in the re-election of Governor Plaisted by his statement in a recent letter that he would run only as a greenback candidate. The chief democratic organ in the state, the Portland *Argus*, says: "Democrats will support him just as earnestly for governor as if he had not written the letter. When the democratic convention nominates him it will be only because such is the will and wish of their constituents."

The campaign of Governor Hamilton, of Maryland, against his enemies in the democratic party in that state was formally begun in Baltimore on Wednesday evening of last week at a "Reform Banquet" given to his excellency. The creed of the governor as laid down in a carefully prepared speech was "resistance to election frauds, to legislative lobbies, and to forced party assessments." The affair was successful, and gives what is known as the Hamilton faction a standing with the two other factions that divide the democrats of Maryland.

It is shrewdly suspected that the stalwarts are making a still hunt for the Massachusetts legislature, with the intention of defeating the re-election of Senator Hoar. The Boston *Herald* gives the following information on this point: "Local politicians from the interior and extremities of the state are remarking on the receipt, by their stalwart neighbors, of autograph letters from a distinguished Massachusetts republican, who is also a near friend of President Arthur. It is said that the stalwart republican politicians, and the republicans who went out of the party to help General Butler in his gubernatorial raids, are being called on to furnish information regarding the prospects of old-fashioned republicanism in their neighborhoods. It is understood to be intimated in certain more confidential epistles that an administration senatorial candidate will be put in the field against Senator Hoar next winter, and that it is desirable to at once begin selecting the proper men for the legislature."

Guiteau's pistol has worked many strange changes, but of them all the most striking is this conversion of Pharisees Hoar and Dawes from being rampant defenders of the President's right to do as he pleased with collectorships, to being violent assailants of that right. —*Utica Observer.*

The opposition manifested by the Boston *Herald*, and a few other papers of that peculiar stripe, to an appropriation for restoring the navy, on the ground that Secretary Chandler cannot be trusted to superintend the expenditure of the money appropriated, is about as ridiculous as anything that has recently found its way into print. One would suppose that Mr. Chandler had just graduated from the penitentiary. Perhaps no better proof of the insincere and groundless character of these insinuations could be afforded, than that suggested by the fact that none of these papers even attempt to cite instances of dishonesty in Mr. Chandler's history. They call him a thief, but they do not say when, where, or under what circumstances, he has ever stolen. Political hatred has seldom gone farther than this.—*Belknap Tocsin.*

Clear head and voice, easy breathing, sweet breath, perfect smell, taste and hearing, no cough, no distress. These are conditions brought about in catarrh by the use of Sanford's Radical Cure. Complete treatment for $1.

Seven European steamers landed in New York on Saturday 5,486 emigrants. The aggregate number of arrivals of emigrants last week was 23,545. This is a higher number than has ever before reached New York during any single week, and higher than the whole arrivals during any one month in the year 1879.

Terrible itching and scaly humors, ulcers, sores and scrofulous swellings cured by the Cuticura and Cuticura Soap (the great skin cures) externally, and Cuticura Resolvent (blood purifier) internally. Ask about them at your druggists.

On Sunday, at the village of Five Points, near Fort Wayne, Ind., three body snatchers attempted to rob the grave of Mary Shives, a little girl recently deceased. The brother of the dead girl was on guard, and attacked the party. Two of the men escaped, and one name Mason was soundly thrashed. He disclosed the names of his two accomplices, and also that of the physician who had promised $25 for the dead body.

MESSRS. ELY BROS., Druggists, Owego, N. Y.—About a year since a gentleman from Orwell, Pa., called my attention to your Cream Balm as a remedy for catarrh, hay fever, etc. He was so earnest in asserting it to be a positive cure, (himself having been cured by it) that I was induced to purchase a stock. I must say that the Balm has met my best expectations, having already effected a number of cures in this locality. I am using it with beneficial effects. Respectfully, P. F. HYATT, M. D., Bordentown, N. J., Oct. 26, 1880.

Having been afflicted with catarrh and cold in the head, I tried a great many remedies without any beneficial effects; at last I used Ely's Cream Balm, which effectually cured me. I consider it a duty I owe suffering humanity to recommend it to others suffering from the same, almost universal, American disease. W. H. I. HILLARD, dentist, Bordentown, N. J. Oct. 25, 1880.

—A young curate having preached before his vicar for the first time, asked that worthy at the close of the service which passage in his sermon he thought the best, to which the vicar made reply: "Your passage from the pulpit to the vestry was very fine; but commend me to that from the pulpit to the vestry for down-right, heart-relieving effect."—*Christian Advocate.*

Capt. Barry, of Kingston, Can., owner of several lake vessels and himself sailing master of one, says: "I, too, have been cured of the rheumatism by St. Jacobs Oil, the great German remedy; and I know of several others beside myself who have been cured of that dreadful ailment in the same manner; it is known upon the water just as well as on the land, and is considered an invaluable remedy."

—Angus McDonald, whose head was shot off his cap at the battle of Waterloo —or whose cap was shot off the battle at the head of Waterloo—or whose wattle was shot off his Barterloo at the head of his cap—or whose cap—Well, he's dead, anyhow, at the age of one hundred and six years.

Dyspepsia, heart-burn, nausea, indigestion, etc., are always relieved by Brown's Iron Bitters.

—A lawyer once said to a countryman in a smock frock who was undergoing his examination in the witness box, "You in a smock frock, how are you paid for lying?" "Less than you are, unfortunately," was the reply, "or you would be in a smock frock, too."

Wheat Bitters will make you bold, but not rash; patient, but not insensible; constant, but not obstinate; cheerful, but not light.

—The reputation of Illinoisans for hard drinking appears to be spreading. The house of representatives "burst into a roar of laughter" when Mr. Cox, pointing his finger at Townshend, of Illinois, said: "Whoever drinks the whiskey pays the tax, and the gentleman from Illinois knows it."

Adamson's Botanic Balsam is compounded of the best concentrated extracts of bark, roots and gums in the world. It is a safe and reliable medicine, pleasant to the taste, and cures coughs, colds, asthma and croup. Price, 35 and 75 cts. Trial size, 10 cts.

—"Is the neighborhood much bothered with cats?" asked a gentleman who was negotiating for the lease of a house. "It used to be," frankly answered the landlord, "but since a French restaurant was opened around the corner there hasn't been one seen."

Is three times the man he was before he began using "Wells' Health Renewer," $1. Druggists. Depot, J. H. Thacher's.

Skinny Men.

"Wells' Health Renewer" restores health and vigor, cures dyspepsia, impotence, sexual debility. $1. Depot, J. H. Thacher's.

—An Omaha man in danger of losing his house by a foreclosure of a mortgage, sold his wife to her admirer for the $200 needed to satisfy the claim. That was two years ago, at which time the proceeding caused considerable comment. The new couple lived amicably together until lately, when the original husband, having prospered during this period of bachelorhood, bought back the woman at an advance of $50.

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a frendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted upon the advice, and is now a living exemplification of what this excellent remedy can accomplish.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address, J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

—"I notice that Robinson is dead," said Jones to Brown. "Did he leave any money?" asked Brown. "Oh, yes," replied Jones. "How much?" said Brown. "All he had," replied the wag.

Physicians say it combines all the desiderata of every ferruginous tonic prescribed by every school of medicine. Brown's Iron Bitters.

The Geneva Award Bill.

A despatch was received in this city from Washington on Tuesday evening, stating that the Geneva award bill had passed the senate.

Naval Affairs.

Captain J. H. Higbee, U. S. M. C., has been ordered to Brooklyn for special court-martial duty.

Captain Ralph Chandler has returned from duty in Washington to duty in the Boston navy yard.

A correspondent of the *Army & Navy Journal*, writing from Brooklyn, N. Y., says: "The friends of Capt. Bishop, U. S. M. C., formerly on duty at the barracks, now in command of the marine barracks, Pensacola yard, were much pleased to see by the *Journal* of last week that he was highly complimented by Major Nicholson, adjutant and inspector of the marine corps, at a recent inspection made by him of the marines stationed at the Pensacola yard."

A Cowardly Brute.

Eli Foye and wife, of Strafford, have been separated for some time. On the 21st inst. Foye called at the residence of his wife's father, where she was stopping, and had an interview with her. He implored her to return and live with him; to let bygones be bygones. She refused, saying that she loved him no longer; that his past conduct and treatment had steeled her against him. He left the house in a rage. Soon afterward Mrs. Foye went to decorate her mother's grave in the cemetery, not far off, and while engaged in this manner her husband, who had been watching, came up while she was kneeling over the grave, and fired a gun at her, the charge of shot entering her arm and breast. He then walked off. She managed to crawl back to the house, when a physician was summoned, who pronounced the wounds probably fatal. Great excitement prevails in Strafford over the affair. Foye is said to have been given to drink, and when under its influence was ugly and vicious. Some years ago he was in jail at Dover for assaulting a man named Perkins.

Rum and Trouble.

Caesley Drew, Frank Perkins, Francis Ricker and Gustavus Kisteman were arraigned in the Dover police court on Monday for assault with intent to kill George Winthrop Hoitt, a young man who was found on Sunday morning at the foot of the stairs leading to the band room of the Dover cornet band. From indications it appears that the party had a drunken orgie in the band room on Saturday night, the floor being strewn with bits of bologna sausage, pickles and crackers, the furniture capsized, several music stands broken, an instrument destroyed, and other evidences of a drunken carousal being presented. The four young men were committed to jail without bail, to await the result of Hoitt's injuries, which it is feared will prove fatal.

News and Notes.

The Cape Breton coast is reported as completely blocked with ice that has been driven in by the long continued easterly winds. Every sailing vessel and steamer that has passed between the Newfoundland and Cape Breton coasts within a week has the same story to tell—of hundreds of floating icebergs and great masses of ice driven against the shore. It will be most fortunate if we do not hear of some serious mishap in view of the ice and the fog which render navigation so dangerous.

A band of vigilants have been chasing eight horse thieves in Missouri for over two weeks. Three were captured near Kirksville, and lynched. The other five escaped, but one has been since killed, one mortally shot, and a third captured and is now in jail. The other two are now hemmed in on White river, and will be captured and lynched.

The Russian press has been ordered to omit hereafter any report of massacre of Jews, and not to discuss the question. It is rumored that General Ignatieff has gone over to the nihilists, and that revolution is possible.

Five men who attempted to destroy a bridge on the Mexican National railroad on Friday were caught on Sunday by the governor of the state of Mexico, and immediately shot.

Mrs. Orra Nye, wife of W. D. Nye, late of Fairfield, died at Unity recently, aged seventy-five years. She leaves ten children, six boys and four girls, there having been fourteen in the family. She had in the army, at one time, seven good and true soldiers, all volunteers. Two were killed in action, one at Chancellorsville, and one at Port Huron; and one has since died of injuries contracted in the service. She regretted that her other boys were not old enough to enlist.

Postmaster-General Howe, in response to inquiry by Congress, reports in favor of abolishing postage on second-class matter, which amounts now to $1,500,000 a year, saying the increase in the revenues will be more than an offset. He says the expenses for star and steamboat service will be $1,000,000 less the next fiscal year than thus.

A man named Elken, living near Vienna, Ga., on the 22d inst. attacked his wife, and after beating her until insensible, hung her from one of the joists of the house. Neighbors soon afterward entered the house, and cut her down. Elken fled, but vengeance is threatened by residents of the place.

The body of Bertie Jenks, who was drowned in the Mississquoi at Mansonville station, Vt., April 5th, was recovered Sunday near the scene of the accident. The body of Mrs. Lizzie McAllister, drowned at East Richford, Vt., on the same day, was also found Sunday.

Greenwich Academy, East Greenwich, R. I., will celebrate the eightieth anniversary of its founding on June 22nd, by a grand re-union of former teachers and pupils. The literary exercises will begin at 10:15 A. M., and will be as follows: Oration by Rev. Albert K. Potter, D. D., of Springfield, Mass.; Poem, by Mrs. Mary Edmond Haseltine, class of 1858, of La Salle, Ill.; historical sketch, by Dr. Henry E. Turner, of Newport, R. I. Dinner will be served at one P.M. in a mammoth tent spread upon the campus. Prof. Alonzo Williams, of Brown university, will be the toastmaster. The afternoon and evening will be devoted to social intercourse.

Capt. John E. Mason, of Washington, D. C., will deliver the Memorial day address at Salmon Falls.

There is said to be no doubt that Mr. Thomas Peavey of Ossipee, who disappeared from his home in October last, and whose dead body was found floating in a pond a mile from his house on the 21st inst., committed suicide. He was highly respected, and leaves three daughters.

John Regan and Daniel Sullivan of Bangor, Me., were drowned on one of the Connecticut river drives Saturday, thirty miles from Stratford.

A fourteen-year-old son of N. J. Tilton of East Northwood was very dangerously poisoned with sumac while in the woods on Saturday.

The April term of the supreme court at Concord was held on Monday after a recess of some weeks, Judge Allen presiding. No cases were ready for trial, and the day was spent in calling the docket. The remainder of the term will probably be short.

George L. Dow, of Epping, has been awarded the contract to reset the poles of the Northern Telephone company between Epping and Exeter, and build a line from Epping to Manchester, with other connections. The figures quoted are $10,000.

"The Century" for June presents a varied feast to its readers, so varied that there are few tastes that cannot find something to suit them. Travel, history, biography, fiction, agriculture, poetry, art, mining, all receive attention. Richard Grant White's "Opera in New York" is brought to a conclusion with sketches of the artists of the present day. The second part of "Carlyle in Ireland" is given, and Mrs. Schuyler van Rensselaer, art critic of the New Yord *World*, has an account of "Wood Engraving and the Century Prizes." C. Kegan Paul gives a noteworthy account of Cardinal Newman, whose portrait, engraved by Cole, forms the frontispiece. Joaquin Miller's short poem, "Jewess," is one of the worst things he ever wrote. There are two short poems on Longfellow, and Maurice Thompson has a poem, "In the Haunts of Bream and Bass." Constance Fennimore Woolson's "The Street of the Hyacinth" is concluded. Other leading articles are "Around Cape Horn;" "In a Chinese Theatre," by George H. Fitch; "The Bee Pastures of California," by John Muir; "Marble Mining in Carrara," by Robert M. Welch; and "The Colonization of Palestine," by J. Augustus Johnson.

Mr. E. C. Burbank has commenced the study of law with F. M. Higgins, Esq., of Limerick. Mr. Burbank is a graduate of Bowdoin college, class of '80, and is a brother of H. H. Burbank, Esq., late county attorney of York county. He is a promising young man and an excellent scholor, and his friends are confident that at no distant day he will be noted in his profession.

After due deliberation and a thorough investigation, the town of Kennebunk has decided to build an iron bridge over Mousam river at the village. They have examined the bridges manufactured by many different companies, and have decided to have the Canton bridge, manufactured by the Canton Iron Bridge company of Ohio.

A Letter from Gen. Jubal A. Early.

On the 31st of March Gen. Early wrote a letter relating to The Louisiana State Lottery Company, from which the following statements of interest to the general public are extracted:

"Mr. M. A. Dauphin, the President of The Louisiana State Lottery Company, resides in New Orleans, which has been his place of residence for many years; and he is universally esteemed as a gentleman of high character. For the correctness of whatever he publishes in regard to the operations of the Lottery Company I am willing to vouch. The drawings of the Lottery, semi annual and monthly, are under the sole and exclusive control of Gen. Beauregard and myself, the officials of the Lottery Company have nothing to do with them, except to furnish us with the requisite materials and facilities; and we take especial care that the drawings are published precisely as they take place. In the monthly schemes all the tickets are sold, and all of the prizes are necessarily drawn, so that the Company has no possible inducement to make any false statement in regard thereto.

"I may say here that there are many people who cannot understand how it is that, when they have bought five, ten, fifteen or twenty tickets, they have drawn nothing. It is only necessary to say that of those who do buy tickets, there must necessarily be a very great many who draw nothing. If it were not so, no one would be fool enough to establish a lottery. Where a man, by spending ten dollars, stands a chance of drawing $100,000, $50,000, $20,000, and various other prizes of smaller amounts; or by spending two dollars, can draw $30,000, $10,000, $5,000, and various other prizes down to $10, he must not be surprised if he fails after taking many chances. It is a matter of chance or luck entirely.

"Gen. Beauregard and myself have had ample opportunity to test the integrity of the Louisiana State Lottery Company in all of its dealings, and we are willing to vouch for it, as we have done on repeated occasions. If any one can satisfy us that the Company has acted fraudulently in any of its dealings, we will dissolve our connection with it very promptly, and take far more efficient measures to expose its misdeeds than can be taken by irresponsible anonymous newspaper correspondents.

"The Company, which numbers among its stockholders some of the most respectable gentlemen of New Orleans, has sense enough to know that it can make a great deal more money by conducting its operations fairly and honestly, than by a resort to fraud. It has a firm financial basis to stand on, and is therefore subject to the hostility of other lottery companies which have no capital.

"I may add that it pays annually for the support of the Charity Hospital in New Orleans, one of the noblest charities in all the country, $40,000 per annum, according to its contract with the State. Besides this, its principal proprietors contribute very liberally and largely to other charities and public enterprises. J. A. EARLY."

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and wretchedness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment, the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are debilitated by Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Field Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, MD., Sole Agents for America.

THE

Mutual Life Insurance Co.

of New York,

F. S. WINSTON, President.

The Mutual Life Insurance Company of New York is THE OLDEST Company, with thirty-seven years of experience.

It is the largest Company by many millons of Assets in the World.

It is purely Mutual—without Capital or Stockholders to share in profits, and no bonuses allowed to Officers, Trustees, or Employees.

It confines its business to regular Life and Endowment Policies, and the granting of Annuities. No new or experimental plans.

Its premium rates are lower than any other regular Life Insurance Company, and Policy-holders participate in current earnings annually.

No Policy-holder need forfeit his Policy, provided three full annual premiums have been paid, and application is immediately made for a paid-up Policy, when necessity arises to do so.

Assets have more than doubled during the past ten years, notwithstanding the six years of financial panic.

Its Interest and Rent Receipts alone have exceeded its Death Claims TEN MILLIONS of Dollars ($10,000,000.)

It has issued over 220,000 Policies; insured over $700,000,000; received over $276,000,000 in premiums; and returned to Policy-holders over $162,000,000.

It can and does afford the cheapest, safest, and most satisfactory insurance investment of any Company in the world.

Is not this well styled a marvel in Finance? No more beneficent institution exists upon the face of the earth than this greatest of financial organizations, combining the greatest possible good for the greatest number with an expertness in financiering that is paralleled only by the sturdy integrity of its managers and the proud pre-eminence of its commercial, patriotic, and scientific record.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00,—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. THE CONCERT POSTPONED.

The concert advertised to be given in Music hall on Thursday evening of this week by the Wentworth house orchestra, Miss Edith Wendell, Miss Ella M. Chamberlin and Mrs. Martha Dana Shepard, under the direction of Mr. Henry L. Harlow, has been postponed, on account of the death of Mr. Harlow's father, until some evening next month, of the date of which due notice will be given. We are requested to notify those who have purchased reserved seat tickets for the concert that they will receive their money back again on surrendering their tickets at Mr. Preston's drug store; those who prefer to retain the tickets can do so, and they will secure the seats already selected whenever the concert is given.

THE PATENT-VALVE CLAIM.

On Tuesday Mayor Murphy of Dover was served with formal notice of the commencement of a suit in the circuit court of the United States for the district of New Hampshire by Marcus P. Norton of Boston, trustee and assignee of Benj. Richardson of New York, and Chris. C. Campbell of Chester, Mass., assignee of the interest of James Knibbs, of Troy, N. Y., plaintiffs, against the city of Dover, defendant, in a plea of trespass for infringement on a partial improvement in steam fire engine pumps. The damages are placed at $50,000.

This is what is known as the Knibbs patent, and it is asserted is also being used by the fire departments of Portsmouth and Keene, and other places in this state, against which it is said similar suits are soon to be commenced. The declaration in the complaint covers seventy-two pages in large pamphlet form. Gen. Butler, and J. Colby Caverley of Dover, are attorneys for the plaintiffs.

THE STEAMBOAT SERVICE.

If the direct passenger and freight serservice between Boston and this city, which was commenced last season by the South Shore Steamship Co. of Boston, does not prove a permanent success, the fault will certainly not lie with Mr. R. B. Beaumont, the gentlemanly and energetic general agent of the company in Portsmouth. The Dover *Republican* of the 22d inst. says:

The Dover Gas Co., have to-day let their wharf to Agent Beaumont of the steamer Acushnet, which will, the coming summer, as she did the last, ply between Boston and Portsmouth, making her trips from the latter city on alternate days. It is agent Beaumont's purpose to transfer passengers from the Acushnet to a barge, and vice versa, which will in turn be towed by the steam tug Ann, from and to Dover and Portsmouth. This arrangement will afford the citizens of Dover a direct transportation by water between this port and that of Boston. The day on which this arrangement will go into effect has not yet been designated, but it will receive ample announcement. Some of our merchants have already hinted that a means of cheap transportation for freight will thus be opened, of which they will promptly take advantage, and they argue that the difference in time of carriage will be more than offset by the reduction in price per mile.

The Dover merchants, who have complained long and bitterly of discrimination against them in railroad freight tariffs, and proclaimed their readiness to further any transportation scheme that would be for their benefit, will now have a chance to show whether they are in earnest or not; and it will not require heavy subscriptions on their part to build a competing line of railroad, as they have talked about doing, but merely to give their freight patronage to the cheapest line.

The putting on this route of the Acushnet last year caused a reduction in railroad fare between this city and Boston, to the extent that a round-trip ticket could be purchased for $3, instead of the traveller having to pay $1.70 each way; and in spite of a very serious drawback, for which the company was in no wise to blame, the passenger patronage of the boat during the warm season was very considerable. The drawback alluded to was the slow rate of speed attained by the steamer, consequent on the failure of a new boiler to do the work it was warranted to perform; this defect has been remedied, the inefficient boiler having been replaced by one which gives all the steam the engines require, by which the time between the two ports has been reduced nearly three hours from the time of last year. The making of the alterations obliged the taking of the boat off the line during the winter, instead of the service continuing right through the year, as the company originally intended; but the steamer is now in excellent condition in every respect, and if the patronage is as liberal as the managers have a right to anticipate from what it was last season, there will be no further break in the traffic.

A good-sized audience greeted Mr. Joseph Jefferson in "The Rivals" at Music hall on Tuesday evening, and greatly enjoyed the entertainment offered. Mr. Jefferson as Bob Acres was perfect, and the support was excellent throughout.

The committee of Storer Post on marking graves will be at the South cemetery at 4 o'clock this (Wednesday) afternoon. Persons having knowledge of the location of any soldier's or sailor's grave that has not hitherto been decorated, are earnestly requested to be present at that time and give information to the committee.

The steamer Tallapoosa, Comdr. A. G. Kellogg commanding, arrived at the navy yard on Tuesday from Washington and intermediate stations, with stores for the yard.

A rumor has been going about, and has gained some credence, to the effect that Mr. William Shannon, superintendent of the city farm, applied for the position of superintendent of the county farm, made vacant by the decease of Mr. Haven L. Scott, and was refused. There is not a word of truth in the story; no such application was made by Mr. Shannon, who is satisfied with the position which he now fills so acceptably to the citizens of Portsmouth.

Among the arrivals at this port on the 23d inst. were the schooners Mabel L. Phillips and Calvin T. Baker, the former from Richmond, Va., with 1146 tons of coal, and the latter from Philadelphia with 890 tons, both cargoes being to J. Albert Walker. Other arrivals were the Bedabedec with 176 tons of coal, the Mary Stowe with 246 1-2 tons, the Yankee Maid with 86 1-2 tons, the May Day with 172 tons, and the Nancy J. Day with 214 tons, all for Dover; the John H. Chaffee, for South Newmarket with 235 tons of moulding sand; the John Lenthiall, with a cargo of coal for Exeter; and the Adeliza, Frisbee master, from Perth Amboy with 323 tons of coal to C. E. Walker & Co., the second cargo to go into the new coal pocket.

The schooner yacht Una will be ready for a trial trip about the first of June, the extensive alterations made to her spars, etc., being nearly completed. This is her fourth season as a schooner, her original rig having been that of a sloop, while carrying which she "cleaned out" about everything with which she contested. She was sold from Boston to purchasers at Hampton, who shortly disposed of her to a wealthy gentleman living in a western city, but who spends his summers here, and who now owns her. This gentleman very sensibly concluded that while the vessel might sail faster as a sloop, she would be more comfortable and safe for cruising as a schooner, and he had her rig changed, her hull and internal arrangements being at the same time overhauled and altered so as to make her almost a new craft, except so far as her lines were concerned; and every spring since he has laid out a large sum of money upon her. During her first season as a schooner her performances fell considerably behind her record as a sloop, but last season she behaved very creditably, and it is expected that with her increased spread of canvas this year she will do still better. She is a comfortable cruising yacht, and as might be expected, both the boat and her owner are highly popular with some of our Portsmouth mechanics.

Intelligence was received in this city on Tuesday of the death on the previous day at Plymouth, Mass., of Mr. Abner H. Harlow, formerly of this city, father of Messrs. Henry L. Harlow and Joseph Harlow. The deceased while in this city conducted a cooperage on Pier wharf; he gave up the business about six years ago, and returned to Plymouth, his native place, to spend the remainder of his days. Mr. Harlow was an enthusiast in support of any measure of reform which commended itself to his approval, without weighing the cost to himself. He was one of the early abolitionists, having been a subscriber to the *Liberator* from its first number, and was fearlessly outspoken in his opposition to slavery in the days when "abolitionist" and "scoundrel" were very nearly synonymous terms in popular opinion. He was also an ardent temperance man, and prohibition never lacked an advocate when he was around. He was at one time quite largely interested in the fishing business at Plymouth, but had not been connected with that branch of industry for many years. His age was about seventy-three years.

An Eastern railroad locomotive got away from the fireman as he was trying to run it out of the round-house at Newburyport on Monday morning, to book on to a train, and backed into the rear wall of the building, knocking out a hole about twenty feet square, and scattering the bricks in all directions. The engine was not injured, and ran with the train as usual.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

No matter what the mouth disease—
How foul the breath or teeth's decay—
With SOZODONT on all we seize,
And swiftly sweep it far away,
Leaving the gums pure, firm and bright,
And the dull teeth as ivory white.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup." It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. cod&wtjan82

Washington Irving Whitney Flirts with Fortune.

He is 48 years old, but has the appearance of one who has gone through with long years of hard work. His family consists of a wife and four children. He bought a half of ticket No. 78,837, in the April (the 146th) Grand Monthly Drawing of The Louisiana State Lottery for one dollar. He received promptly $25,000, and has invested $3300 in the purchase of house No. 265 W. Jefferson st., and the rest he will invest against a future possible rainy day.—*Fort Wayne, (Ind.) Sentinel, April 17th.* The next drawing will occur June 13th, when Gen'ls G. T. Beauregard of La., and Jubal A. Early of Va., will scatter over half of a million dollars amongst those wise enough to invest. Any one can apply for further information to M. A. Dauphin, New Orleans, La.

Cuticura
THE NEW BLOOD PURIFIER
Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The person that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 50c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

WHAT HAPPENED TO
Mr. Joseph Beach.
Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Shoon Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.
By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 13th of September he voided a stone as large as could passed through the natural channel.
Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS.
THE BEST AND The Richest
BLOOD, BRAIN and NERVE
-F-O-O-D-
CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.
The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.
The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to sustain them it is wise to BUILD FOR HEALTH.
Wheat Bitters are prepared, not by fermentation but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be compounded with the thousand and one cheap alcoholic bitters which are sold as sure-kills. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Pruning in June.

We have tried pruning in almost all months of the year, and on the whole prefer June. This being about the busiest month of the year, there is usually little time for pruning, and so the favorite time is early in spring, and many of our old orchards, in their rotting limbs and decayed trunks, bear testimony to the mischief wrought by the ill-timed use of the saw and axe. Small limbs, an inch in diameter or less, can be taken off at any time with comparative safely. But the thorough pruning called for in a long-neglected orchard is best done in the early summer. The sap is absorbed by the rapid formation of wood and leaves; the wood laid bare in pruning large limbs soon becomes seared, the healing process around the edges of the wound begins immediately, and in a few years the wound will be completely covered with new wood and bark. There is no chance for decay as when large limbs are removed in the early spring. There is far too little pruning done in the farm orchard. A dead limb should not be suffered upon the fruit tree. Good pruning leaves no stubs, but cuts close to the trunk or branch bearing the excised limb.

Those who have a time of "making garden" in early spring, and doing up the sowing all at once, do not get the greatest good from their gardens. There are many vegetables of which the season can be greatly prolonged by making successive sowings. A striking example of this is sweet corn, which by judicious sowings may be had every day until frost stops its growth. In many localities the most thoroughly tropical plants, such as Lima beans, okra, and the melons, do better if put in now than if sown earlier. For succession, after the first sowing, put in bush beans, beets (allowing plenty to be used as best greens,) cucumbers, and other pickle plants. Carrots, kohl rabi, and salsify, are among those that may still be sown and make a crop before frost arrives.—*American Agriculturist for June.*

—A man living near Burlington, Vt., recently got divorced from his wife, whom he now employs as hired girl, but he can't see what he gains by the operation. She demands $3 a week, the washing sent out, three nights and an afternoon off, besides the privilege of having company in the kitchen, and now threatens to leave if he does not introduce into the house all the modern improvements.

—After sawing up a poor widow's woodpile, a lot of Harvard students discovered that they had spoiled a lot of timber she had bought to build an addition to her cottage. They never made such a mistake before and they never will again.

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. The original and tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into dew life the entire process of digestion.

—Thirteen Harvard students have been suspended by the faculty for brutally hazing some fellow students. Crow Dog is also to be suspended for hazing Spotted Tail with a revolver. As Crow Dog never graduated at an American university, we are at a loss to understand where he acquired such brutal practices, but he ought to be hung all the same. The name of the tribe to which the suspended Harvard students belong is not given.—*Texas Siftings.*

If you would not have affliction visit you twice, listen at once to a word of advice—"Try Wheat Bitters."

—The French habit of employing dates when speaking of important political events is, doubtless, very convenient, but, all the same, it is rather puzzling for the reader who hasn't followed French politics closely. For instance, a paper remarks in a leading editorial: "The men of the 16th of May have nothing to fear from the men of the 4th of September unless a new 18th of March, resuscitating the days of June or those of May, should conduct us to another 2d of December or another 18th Brumaire."

Dyspepsia, the bug-bear of epicureans, will be relieved by Brown's Iron Bitters.

—Two brokers were watching a lady who was sitting in the gallery, and wondering who she was, when they noticed another broker walk up and speak to her. "Now I know who she is," said one of the brokers, "she's Jack's wife." "How do you know?" "Because he neither took off his hat nor shook hands with her when he spoke to her." That settled it.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER
A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.
After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!
Editor of the St. John (N. B.) News, says:
In fresh wounds, aches, pains, sores, etc., It is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.
From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.
From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.
W. W. Sharper, Valdosta, Ga., says:
It is a precious ice for all bruises and burns.
From R. W. Adams, Saco, Me.:
It gave me immediate relief.
R. Lewis says:
In forty years' use it never has failed me.
W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.
J. W. Dee says:
For scalds and burns it has no equal.
PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest *are its best friends.*
Its success is owing, not to puffing, but to its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.
TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities where is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 7.
I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

SULPHUR BITTERS

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

News and Notes.

By the burning of the steamer Manitoulin near Killarney, Ont., May 19th, about twenty-five lives were lost. The exact number cannot be told, the registry of passengers having not been completed when the fire broke out.

A search of the justice's court of Troy, N. Y., fails to disclose the name of John R. McCormick, a "suspect" claiming to have been naturalized there, and whom Minister Lowell refers to in his report as being imprisoned in the Clonmell jail, Ireland.

The alleged English nobleman named Price, who was serving a life sentence in the penitentiary, at Canon City, Col., has died from starvation. He drank water, but resisted all attempts to force him to eat. Price was an expert knife thrower, and had killed five men in this manner.

Charles Samson of Bedford, Ind., sneaked upon and shot dead John F. Jackson on the morning of Tuesday, May 23d, as the latter was on his way to the duelling ground, where he was challenged by Samson to fight on account of a quarrel they had Monday night over a game of cards. Samson escaped, but vigilantes are in pursuit.

Mollie O'Brien, a cyprian of Chicago, was seriously burned by a stranger whom she had decoyed into her rooms. He held her over a lighted candle until her dress was in a mass of flames.

Robert A. Smith, who killed Charles Yost at Mount Vernon, Ill., was captured by a posse, after being shot at several times and seriously wounded. There are fears of mob violence. Smith is in the White county jail.

In the superior court in Portland, Me., May 23d, Dr. Charles H. Witham, who was convicted of adultery in 1880, but was granted a new trial, retracted his former plea of not guilty, pleaded guilty, and paid a fine of $300.

It is stated that Secretary Folger has unearthed some stupendous frauds in the shape of "straw bonds" in the interest of whiskey distillers in the west,

New Hampshire Items.

Thomas Twombly, an old and widely-known freight conductor on the Boston & Maine railroad, and for two years past general travelling agent for the same company, was stricken with paralysis on the morning of the 24th inst., and died at his home in Great Falls at ten o'clock.

It is discovered that the summer cottages of White, Chase & Co., at Lake Sunapee, have been recently entered by thieves. The extent of their depredations is not yet ascertained.

The census taken in ward four, Manchester, recently, found a French-Canadian family of twelve persons in all, consisting of father, mother and ten sons, the eldest fifteen years of age, all occupying four small rooms in a tenement block.

The assault of Eli Foye upon his wife, in Strafford, was not so deadly an affair as at first reported, as the woman was enabled to appear before the police court in Rochester on May 23d, and give evidence against her husband, who was committed to jail in default of $5000 bail for his appearance at the supreme court. From the evidence given it appeared that Mrs. Foye was returning to her father's house from the cemetery when she heard the crack of a percussion cap, and saw Foye pointing a gun at her. She started to run, when Foye fired, and thirteen shots struck her in the leg and seventeen in the breast, inflicting painful but not dangerous hurts. [That gun must have scattered shot remarkably, if only one charge was fired.] The cause of the trouble between Foye and his wife was his jealousy of his former partner in the mill business, Paul Perkins, whom he has accused his wife of criminal intimacy with. Foye is fifty-five years old, and his wife fifty.

The amount of damages which Moses G. Norton seeks to recover for infringement on his patent valve, now in use on our city fire engines, is $60,000. A nice little golden egg to be rolled out of Dover's nest, and as the darkey said, "dar is whar the hen scratches." The letter received by His Honor Mayor Murphy was of a peculiar tone and tenor, and leaves ample room for the belief that a compromise would have been much more agreeable to the plaintiff than an out-and-out fight, to which they have at last been driven by Dover's refusal to accept the proffered terms of settlement already published in our daily papers. It is feared the valve may prove an expensive one for Dover.—*Republican.*

Harper's Monthly for June opens with a frontispiece, "Delight in Disorder," drawn by Abbey, illustrating a poem by Herrick. George W. Curtis gives an article on Longfellow, with a full-page portrait, printed separately, of the poet. "Quaint Old Yarmouth," by W. H. Rideing, gives a pleasurable description, handsomely illustrated, of the old English village. "The Social Athens of America," by Eugene Didier, describes Baltimore and Baltimore society. An article on "Torpedoes and Torpedo Boats" is contributed by Commander Allan D. Brown, U. S. N. The number is strong in its list of names of other popular contributors.—Mary Treat, Sylvester Baxter, John Fiske, George Parsons Lathrop, and others. Paul H. Hayne and Henri Dauge are authors of two short poems; and William Black's "Shandon Bells" increases in interest. For sale in this city by Myers, Moses Bros., and Goodrich.

A new edition of the "Satchel Guide for the Vacation Tourist to Europe," for 1882, has just been issued. It is corrected to date, and contains many valuable additions, prominent among which is a list of the most famous paintings by great artists, showing in what galleries and cities the pictures are, and giving also the artists in chronological order.

A $20.00 Biblical Reward.

The publishers of *Rutledge's Monthly* offer ten valuable rewards in their monthly for June, among which is the following:

We will give $20.00 in gold to the person telling us which is the middle verse in the Bible by June 10th, 1882. Should two or more correct answers be received the reward will be divided. The money will be forwarded to the winner June 15th, 1882. Persons trying for the reward must send twenty cents in silver (no postage stamps taken) with their answer, for which they will receive the July *Monthly*, in which the name and address of the winner of the reward and the correct answer will be published. This may be worth $20.00 to you; cut it out. Address "Rutledge Publishing Company, Easton, Penn."

AROUND HOME.

Mr. G. Alexander Emery, the chiropodist, has removed from the room he has for several years occupied in Mechanics' block to quarters in the Franklin buildings, where he will attend to the removal of corns, bunions and callosities from the understandings of all who may call upon him.

A portion of the roof of the Eastern railroad round-house in Newburyport caved in on Tuesday morning of this week, by reason of lack of support owing to a large portion of the rear wall having been knocked out by a locomotive. Frank Davenport, a boy about fifteen years old, was badly bruised by the fall of the roof, he being in the round-house at the time.

Mr. Charles M. Green, formerly clerk at the Rockingham house, is to occupy a position at the Profile house, White mountains, this summer. It is reported that Mr. Isaac Rowe, for some years past steward of the Continental hotel at Philadelphia, will be the steward at the Wentworth house, Newcastle, during the season now close at hand.

The train leaving this city for Boston at 8:20 o'clock A. M., on the 23d inst., was delayed about an hour by a breakdown in Seabrook.

The schooner Adeliza, Frisbee master, which arrived at this port May 23d from Perth Amboy, N. J., with coal to C. E. Walker & Co., is to be recalked before leaving this port again.

The court-martial which convened at the navy yard on Monday, May 22d, with Comdr. Arthur R. Yates as president, to try Frank Hanlon, a marine, for deserting, adjourned on Tuesday, the accused having pleaded guilty to the charge preferred.

Mr. Elvin Newton sent in from the Shoals on Tuesday of this week 800 lbs. of fresh fish, which brought from $2.25 to $2.50 per hundred. The schooner Sylph, Hiltz master, came in on the same day with 8000 lbs., but did not sell her fare; she sailed for Boston on the next day with her catch still on board. Lobsters were reported as not arriving in sufficient numbers to fully supply the local market, let alone filling orders from other places.

The Osgood Dramatic Co., connected with Osgood Lodge of Odd Fellows, will give an entertainment in Odd Fellows' hall on Thursday evening, June 1st, commencing with "a drama of New Hampshire in two acts," entitled the "Reward of Crime: or, the love of gold," and concluding with the farce of "Slasher and Crasher." Tickets can be procured at F. B. Coleman's store.

The Vaughan street extension, where it passes through the Raynes estate, has had a substantial and very neat fence erected on each side, Mr. George A. Jackson doing the work. The city last year put up a good fence along the water front of the extension, and the street now presents a good appearance, the only blemish being the old Wilson house, which the city government has been legally advised to cut down on a line with the street.

Mr. Charles W. Cottle of Kittery started for Canada, May 20th, to purchase a lot of horses.

Messrs. Wm. P. Israel, Horace E. Frye and Edwin W. Berry of this city have for the past two Sabbaths held meetings in the upper school-house at Spruce creek, Kittery; the attendance has been large, and much interest has been manifested.

Mr. Hiram Thompson, of Brixham, York, lost two promising steers a few days ago. The animals had been turned out to pasture, but were put in the barn every night. Dr. Nowell, who has charge of the farm and is a good veterinary doctor, on going to the barn one morning found one of the steers dead and the other dying, every effort to save the latter's life being unavailing. It is supposed the animals got hold of something poisonous in the pasture.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Cuticura
THE NEW BLOOD PURIFIER
Resolvent

I will now state that I made a miraculous cure of one of the worst cases of able disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $300 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Derr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The potion that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally, and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 30c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountains over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00,—*not assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. We have received the published proceedings of the fifteenth annual encampment of the Grand Army of the Republic, department of New Hampshire, assembled at Franklin hall in this city on the 7th of February last. In addition to the official proceedings is a report of the banquet, with the poem of Lieut. Robert E. Rich, past commander of Storer Post of this city, which was read on that occasion, and is well worth preserving in substantial form. The roster of the department is given in the appendex, the whole making a pamphlet of fifty-eight pages.

HE FOUND HIS HAT.

One day this week a workman on the Concord railroad wharf picked up in the street near the wharf a new hat, and no one claiming it, sold it to a saloon keeper for a dollar. The hat it seems was the property of a young man residing at York harbor, Me., having just been purchased at Geo. W. Butler's well stocked establishment on Congress street, and had tumbled from the owner's wagon as he was driving home.

The hat was missed before the owner reached Portsmouth bridge, and the team was promptly turned around. On arriving at the northern end of the Noble's island bridge two young ladies were met; they were having an excellent time as they walked along, laughing heartily, and as they neared the team very naturally looked up to the driver, without ceasing their mirth. The owner of the hat at once jumped to the conclusion that the young ladies had picked up his valued property, and at the time had it concealed somewhere about their clothing; and stopping his horse he commenced to lecture them soundly on the enormity of their conduct. The young ladies indignantly denied any knowledge of the whereabouts of the "miserable old hat," and after explaining that they would "let him know," and would also "show him," marched off, bringing the heels of their boots down with a resounding ring, and seeming several inches taller than when first seen.

The gate-tender on the bridge, who had been a witness of the unequal dispute between one young man and two young women, exhibited considerable amusement, and was at once charged with having the hat hidden away in his sentry box, and warned that unless he instantly produced it his infamous proceedings would be reported to the directors. The gate-keeper not only immediately promulgated a series of uncomplimentary remarks about the stray hat, but also openly expressed injurious and unjust suspicions regarding the places of business which the hat's owner had probably visited before starting from Portsmouth; so the search proceeded.

After visiting several saloons without gaining any information, our York friend at last entered the one where his hat was, and seeing his property on a shelf, claimed it. The man who found the hat was sent for, and on arriving told about finding it, and paid back the dollar; and the hat was turned over to its lawful owner.

After "setting them up" in due and ancient form for all hands in the saloon, the proprietor of the hat once more started for York, stopping on the bridge long enough to make his peace with the gate-keeper through the medium of a half-dollar and an ample apology; but he failed to see the two young ladies again, and for the next six months will come to this city by way of Eliot, Dover point bridge, and Newington.

A MUTUAL UNION VICTORY.

Some time ago it was announced, with much detail, and full particulars of prices, etc., that the Western Union Telegraph Co., or its principal owners, had purchased a controlling interest in the new Mutual Union Co.; and there was much chuckling in this city, by those who had opposed the granting of permission to the latter company to place poles in our streets, over those who had successfully advocated the request. Notwithstanding all that was said then—and since—about the Mutual Union being a mere "selling-out scheme," it appears that the sell-out has not yet taken place, or at least the Mutual Union has not been entirely swallowed by its gigantic opponent; and the New York Associated Press has recently issued orders to its agents to send all matter by the Mutual Union lines, instead of by the Western Union, as heretofore. The difficulty arose out of the fact that the association has of late been in the habit of sending many of its specials over the new company's lines. A few days ago the association's managers were notified by the Western Union company that they must discontinue patronizing the Mutual Union, or the Western Union would charge them full commercial rates on all messages. The Associated Press has therefore transferred all its business to the younger company.

At the regular meeting of Strawberry Bank Lodge of Good Templars, held Wednesday evening, May 24th, the public advertisement of Sheriff J. Horace Kent to sell at public auction a "nice lot of old liquors" was thoroughly discussed, and as heartily condemned. When the sheriff of the county violates the laws of the state, well may we ask "To what are we coming?" G. T.

Collector Howard, on behalf of the government, has hired the storehouse on the Kearsarge mill lot, to be used as a bonded warehouse for the storage of wool now on the way to this port for Sawyer's mills at Dover.

William H. Hardy, son of Rev. A. C. Hardy, formerly pastor of the Methodist Episcopal church in this city, was on the freight train of the Atlantic & Pacific division of the Atchison, Topeka & Santa Fe railroad which was recently attacked by Indians, and was wounded, but it is understood not seriously. Mr. Hardy is employed in the freight department of that corporation.

The agent of the steamer Acushnet has leased Hon. Frank Jones' wharf for a term of five years. Mr. Jones is to build on the wharf at once a large and substantial warehouse for the storage of freight.

The poles for the telephone line between this city and Greenland were distributed on Wednesday.

By the card in another column it will be seen that Mr. John A. Cornelius has bought the stock and plumbing business of Mr. Wm. J. Doyle. Mr. Cornelius is a good mechanic, and guarantees that all work entrusted to him shall be done in a first-class manner.

The Brown Light Artillery of Portland, Me., accompanied by Mayor Libby and Ex-Mayor Walker of that city, several members of the city government, and other men of prominence, will pass through this city on the Eastern railroad train this forenoon on the way to Hartford, Conn.

The flag was displayed at half-mast on the Liberty pole at Liberty bridge, Tuesday of this week, as a mark of respect to the memory of the late A. Q Wendell, whose funeral occurred that day.

Messrs. John J. Fletcher and William Horn are going into the fish-curing business on a moderate scale, on the wharf near Liberty bridge.

As two young fellows named Martin and Morrill were running in to a landing near the Spring market with a sail boat on the 24th inst., one of them stood up in the bow to fend off, and in some way managed to capsize the boat. They were picked up by Mr. Perry Caswell in another boat.

A large party of young men from Eliot, Newington, and the section of Portsmouth near the Newington line, equipped with "musical instruments" of all kinds except those from which music could be produced, gave Mr. William C. Pickering and his bride a grand serenade on the evening of the 23d inst. The party mustered at about nine o'clock, and the concert began with a beautiful fife and wash-boiler duet, the tin horns, devil's fiddles, etc., coming in on the chorus. The concert ended with the overture, at the close of which Mr. Pickering invited the orchestra in to refresh themselves, being evidently of the opinion that the production of such music must be exhausting in the extreme. After paying due attention to a choice and plentiful supper, congratulating the bride and groom, and giving them three hearty cheers, the serenading party dispersed.

The steamer Acushnet brought down from Boston, on Tuesday of this week, six horses to be used during the summer in drawing the coach of the Thompson house, at York beach, between York and this city.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. sod&wtjan22

WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 15th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS

THE BEST AND The Richest BLOOD, BRAIN and NERVE -F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to preve ent disease it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, *not by fermentation* but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These take in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls, blistdoes is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

The Southern Drummer.

The traveling salesman, or "drummer," is one of the chief features of the mercantile business of the south, at present. I do not think I travelled an hour by railway, while in the southern states, without the company of at least one of these men, nor stopped at any railroad hotel without meeting one; and usually there were several of them present at such places at the same time. It must be said that most of these young men are kind and obliging to their fellow-travelers,—to everybody, indeed; and the uncomplaining indifference with which they eat the poor fare of southern eating-houses and hotels may claim a degree of respect, though they are commonly treated better than anybody else on the road. (The clerk of the pretentious railroad hotel at Montgomery, Alabama, added fifty per cent to my bill when he learned that I was not a drummer.) I was interested in observing and studying this class of young men, and in learning how they regarded their own life and occupation. There are a few elderly men, of excellent character, on the road, but most of them are young, and are somewhat peculiar. Many of them regard themselves as the real merchants and principal business men of the country, and speak of the houses which they are travelling for as if they (the merchants in the cities) were mere subordinates, or agents, employed by the drummers to put up and forward the goods on the road. I heard many discussions among these traveling salesmen of the various methods by which they could so conduct business as to bring the principal profits to their own pockets. They speak of the trade, as theirs, and boast of the amount of business which they control, frequently threatening to "carry the trade over to another house." They always have the best rooms, and best of everything at the hotels, and when several of them meet at the same house they are apt to have "little suppers" together. They are usually extremely hospitable on such occasions, and often invited me to join them, but I always begged to be excused. A good deal of wine is consumed at these suppers. It is a part of "the necessary traveling expenses," as they explained to me. At Jackson, Mississippi, arriving late at night at the hotel, I found myself in a merry company of drummers, who greeted me with effusive cordiality and offers of unlimited hospitality. The leader explained that they were "all as drunk as the devil, but g-g-good-good-natured. An' we're jus' as glad to see you's if you were sober!" The traveling-salesman method of doing business seemed to me clumsy and costly, and the older men on the road in the south say they do not believe the system will be maintained for many years in its present proportions.—*June Atlanta.*

Dyspepsia, heart-burn, nausea, indigestion, etc., are always relieved by Brown's Iron Bitters.

—An exchange, in deploring the necessity of a certain officer's retiring, says "the bank sustains a heavy loss." This is certainly a very kind way of saying he stole about a million dollars.

Good and Reliable.

A good and reliable family medicine is Sulphur Bitters. Every spring for six years I have been troubled with boils. Since I began using Sulphur Bitters I have not had a single one. You can rely on Sulphur Bitters every time.—*Editor Weekly News.*

—The meanest man on record sent through a post-office presided over by a woman, a postal-card on which was written, "Dear Jack—Here's the details of that scandal." And then the rest was in Greek.

Eighty-Five Dollars Lost.

"You do not tell me that your husband is up and entirely cured by so simple a medicine as Parker's Ginger Tonic?" "Yes, indeed, I do," said Mrs. Benjamin to her neighbor, "and after we had lost eighty-five dollars in doctor's bills and prescriptions. Now my husband feels as well as ever."

—Cook. "Madame, may I ask you for my testimonials?" Mistress. "What do you expect me to write, you worthless creature? Surely, I cannot say that I am satisfied with you." Cook. "Isn't necessary. Only write that I remained with you three months. That will be my best recommendation."

A Vigorous Growth

Of the hair is often promoted by using Parker's Hair Balsam. It always restores the youthful color and lustre to gray hair, gives it new life and removes all irritation and dandruff.

—Barnes, the Kentucky revivalist, believes there are horses in heaven, which accounts for his great success in converting Kentuckians. A blue grass Kentucky man would utterly scorn a heaven without a horse race attachment.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From I. S. Poland, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpe, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From E. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Linn, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest *are its best friends.*

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctor' bills may *often be saved* by prompt application of the Pain Killer. *Unlike most medicines,* it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

Bachelors' Buttons.

Did you ever see a man in the solitude and privacy of his study attempt to sew on a button by himself? It is in all its details one of the most interesting performances in the world. First, he hunts for a button. Generally to secure it he robs Peter to pay Paul, and cuts one from another garment. This button may be much larger or much smaller than the size he is wearing. Next he hunts a needle. Probably he goes out and buys a paper of needles. He always chooses the largest needles, having an impression that large needles will sew stronger than small needles. As to thread, he gets the coarsest he can find, and this he doubles.

He would thread his needle. He takes his big needle in one hand and his coarse black thread in the other. He bites off the thread to the desirable length. Then he tries to twist it to a fine point. Generally in this he succeeds in making two and sometimes three fine points out of one end. Of course he can't get all these points through the needle's eye at once. He tries hard to make that needle and thread get on friendly terms with each other, but they won't. They don't want to get acquainted. They do not wish to have anything to do with each other. Sometimes it is the needle that kicks; sometimes the thread. Sometimes he imagines he has really threaded his big needle. It is an ocular delusion. The thread has missed the needle's eye by half an inch. It is harder work than sawing wood. At last the needle is threaded.

Now he tries to sew the button on without taking his trousers off. This proves a failure. He twists himself into an uncomfortable position, and so would sew. But he can't sew so. He runs the needle into himself. And the contrary thread is always insisting in fouling or on doubling round the next button. Then one part of the doubled thread won't work harmoniously with the other part. One part draws through the button's eye first and leaves the other part behind. Then it gets hitched up, and the ambassador swears. Or the needle breaks. And then he swears. He may not swear audibly. But the recording angel knows what is going on inside of him, and debits him with every item. He sews hard. He has forgotten all about the necessity for a thimble. He jams his thumb down on the needle's head and it punctures his thumb or runs under the nail.

By and by he sews the button's eye full of thread. His big needle won't pass through any more. He must stop. He ends by winding the thread as many times as it will go under the button. And perhaps he leaves off with two or three inches of thread sticking outside. A woman can, through many outward indications, tell when a man has been trying to sew on a button. He doesn't know the shibboleth of needle and thread, and it catches somewhere every time. At last the button is sewed on, and he is proud of his work.—*Graphic.*

R. H. Cameron, 23 Park Row, New York city, publisher of business directory, of merchants in Mexico, Cuba, Porto Rico, W. I., says: "I, myself, have suffered a great deal from rheumatic gout, and about six months ago, was induced by a friend to try St. Jacobs Oil. I used two bottles and haven't had a twinge since; previous to that I have generally had an attack about once a month."

"The United Service" for June contains "Sergeant Mason's Trial," by Lieut. Sharpe, U. S. A.; "Blockade Running," by Capt. John N. Maffitt; "A Swedish Soldier;" "The Italian Artillery;" "A Reminiscence of the Old Navy," by Commodore Phelps; and chapters of "The Adventures of Harry Marline," "Winning His Spurs," and "Notes for a History of Steam Navigation." L. R. Hamersly & Co., Philadelphia, publishers; $5 per year; single numbers fifty cents each. This magazine well maintains the high promise of the early numbers.

Dyspepsia, the bug-bear of epicureans, will be relieved by Brown's Iron Bitters.

"Dick's Wandering," a new novel by Julian Sturgis, will be published immediately by Houghton, Mifflin & Co.

Decline of Man.

Nervous weakness, dyspepsia, impotence, sexual debility, cured by "Wells Health Renewer." $1. Depot, J. H. Thacher's.

Kidney Disease.

Pain, irritation, retention, incontinence, deposits, gravel, etc., cured by "Buchupaiba." $1. Depot, J. H. Thacher's.

Mr. Leonard A. Jones has written so exhaustively on real estate and chattel mortgages and railroad securities, that these subjects seem to be peculiarly his own. "Jones on Mortgages" has just gone to a third edition, and the two other works have had a large sale.

Wheat Bitters will make you bold, but not rash; patient, but not insensible; constant, but not obstinate; cheerful, but not light.

The June "Atlantic" (a special Longfellow number) is said to be in great demand. The steel portrait of Longfellow which serves as a frontispiece to this number is a most satisfactory likeness. It is, withal, an excellent work of art, and may well be used for framing.

MESSRS. ELY BROS., Druggists, Owego, N. Y.—About a year since a gentleman from Orwell, Pa., called my attention to your Cream Balm as a remedy for catarrh, hay fever, etc. He was so earnest in asserting it to be a positive cure, (himself having been cured by it) that I was induced to purchase a stock. I must say that the Balm has met my best expectations, having already effected a number of cures in this locality. I am using it with beneficial effects. Respectfully, P. T. HYATT, M. D., Bordentown, N. J., Oct. 26, 1880.

Having been afflicted with catarrh and cold in the head, I tried a great many remedies without any beneficial effects; at last I used Ely's Cream Balm, which effectually cured me. I consider it a duty I owe suffering humanity to recommend it to others suffering from the same, almost universal, American disease. W. H. I. HILLARD, dentist, Bordentown, N. J. Oct. 25, 1880.

Price fifty cents.

"Stories from the State Papers," a new book by Alexander Charles Ewald, will soon be published by Houghton, Mifflin & Co. The "Stories" deal with English historical subjects, and present new facts which the author has gleaned from calendars and catalogues of the State Papers of Henry VIII. from 1509 to 1532; the Domestic State Papers from 1547 to 1640; Irish State Papers; the calendars of the Colonial Papers, etc., etc. The stories are told in a manner that makes the book a fascinating one.

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, sir," replied a frendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted upon the advice, and is now a living exemplification of what this excellent remedy can accomplish.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, having tried in vain every known remedy, has discovered a simple cure, which he will send FREE to his fellow-sufferers. address J. H. REEVES, 33 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

Portsmouth Chronicle.

FRIDAY, MAY 26, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

News and Notes.

James Fitzgerald, alias Morrison, alias "The Kid," has been found guilty of fraudulently obtaining from Hon. Chas. Francis Adams three checks, the largest being for $17,500, by "banco" or some other swindling game. The old gentleman's family deserve hearty commendation for pressing the case against the scoundrelly swindler.

An atrocious attempt was made on the night of May 23d to wreck a train over the Shore Line railroad at East River, between New Haven and New London. Five men, supposed to be tramps, were surprised by Mr. Way, station master at East River, while putting ties in such a way as to throw from a bridge a passenger train then nearly due. Mr. Way was hit by a large stone, and shot through the arm by one of the wretches, who then ran away, enabling Mr. Way to reach the station and signal the train just in time to stop it. At a later hour the ruffians replaced the obstructions, but these also were removed by Mr. Way. [If Mr. Way's story is true, he is a hero; but to us it seems very unlikely that train wreckers, once baffled, would make another attempt at the same place the same night.]

Ten prisoners escaped from the county prison at Lancaster, Pa., during the dinner hour, May 24th. None of them have yet been recaptured.

A negro woman at Decatur, Ala., named Bock, recently beat her husband to death with a piece of plank.

Rev. D. Stemin, formerly a Methodist minister, while preaching in church at Fort Wayne, Ind., walked down the aisle and threatened to thrash Dr. Sweringer for making faces at him. He afterwards knocked Sweringer down while being tried in a justice court for assault.

Dr. Wm R. Upham of New York was fatally shot a few days ago by Leopold Schepp, wholesale dealer in cocoanuts, and has since died. Schepp accused Upham of improper intimacy with Mrs. Schepp.

A boat containing two girls and a boy, all French, was carried over the upper falls of the Presompscot river at Sacarappa, Me., May 24th, without upsetting the boat or injuring the occupants. Help was afforded them in time to save them going over the lower falls.

Charles Monroe of Lee, Mass., a fighting character, was assaulted by unknown persons, Tuesday night, May 23d, and fatally beaten with a slung shot.

William Whalen was on May 24th crushed between the bunters of cars loaded with sand, at the Lowell, Mass., machine shop yard, and probably fatally injured.

Wm. Whitefield of Haverhill, Mass., convicted of manslaughter by killing his wife, has been sentenced to seven years' imprisonment in the state prison.

The bill to allow claims against excupated cruisers and for war premiums, which has passed both houses of Congress, will admit New Bedford, Mass., claims, amounting to over $500,000.

Rosa Barrows, of Hudson, and Mary Applice, of Lowell, Mass., inmates of the Lancaster industrial school, escaped on Monday night, May 22d, and fled to Hudson, where they were married to former paramours. The officers of the school intend that their honeymoon shall be brief.

The body of Lillie Darling, a prepossessing girl of nineteen, who had been missing for several days, was found in the river near her home in Glendale, R. I., May 24th. She had become insane from religious zeal.

Rear Admiral R. H. Wyman has been detailed for duty as a member of the lighthouse board, vice Rear Adm. Rodgers, deceased.

Fitzgerald, the Boston "banco steerer," boasted that he got $1200 out of a Portland bank president whom he had beguiled into his den. Rather hard for the P. B. P., who probably would prefer that his extorter would not mention it that way.

Since Aug. 9th last, the certificates of 190 new corporations have been recorded in the Cumberland county, Me., registry of deeds. Of these, thirty-seven are mining, smelting and reducing companies; the remainder are formed for manufacturing and other business. The total authorized capital of these corporations is almost $27,500,000.

New Hampshire Items.

The Washington street church at Dover is to be rebuilt at a cost of $11,000.

The Savings Bank for the County of Strafford at Dover has given notice that after July 11th the interest on all its deposits will be at the rate of three per cent per annum.

Fred M. Hall, while attempting to jump from a passenger train at Lake Village, May 24th, missed his footing and was picked up insensible. His head was crushed, and he was internally injured, by striking on a side track. He was employed on the railroad as fireman.

George Robertson, aged sixty-two years, of Hinsdale, was killed by some part of a derrick falling upon him while at work putting in the foundation for a new mill, May 24th.

Barney Callahan, aged thirty-one years, died at Concord, May 24th, from the effects of an accident to his foot, received recently at the Page Belting works, where he was employed.

At a meeting of the governor and council, May 24th, Charles C. Low and Gilman C. Bradbury were appointed agents to expend $400 each on roads in Randolph; Charles H. Greenleaf to expend $50 on roads in Franconia, and Quincy B. Davis to expend $50 on roads in Millsfield. George S. Frost was appointed police justice for the city of Dover, to fill the vacancy occasioned by the death of John R. Varney. Charles W. Bingham, committed from Cheshire county, October, 1877, for seven years, was pardoned from the state prison.

An unwilling juror told Chief Justice Doe that he was deaf. Quick as a flash the chief justice turned to the clerk and said, "Dismiss him. If he is deaf we don't want him; if he lies we don't want him."

AROUND HOME.

The farmers of Newington had no sheep killed by dogs last year, which is something unusual.

Parties interested estimate that the amount under the Geneva award due parties in this city amounts to about $125,-000.

Capt. J. M. Richardson, superintendent of life-saving stations for the first district, was in town last Thursday, and visited the station at Rye beach.

Frank P. Locke, grocer, of Newcastle, has made an assignment for the benefit of his creditors.

The steamer Mystic was gaily decorated with colors on Wednesday, May 24th, on account of the passage of the Geneva award bill. Those persons who thought the decoration was in honor of the birthday of Her Majesty Queen Victoria, were mistaken.

The United States despatch boat Tallapoosa, Comdr. Kellogg commanding, sailed from the navy yard on the 25th inst. for Washington via intermediate naval stations.

Mr. George Lane, proprietor of the White Hart hotel, has gone on a trip to Europe. Mrs. Lane did not go, but she is having things about the place fixed up in such style that her husband on his return will at first suspect that he has got into the wrong establishment. The brick underpinning has been repaired, the main building has received a coat of paint of some æsthetic color which we don't know the name of, the front of the office has been painted a bright red, and other improvements have been and are being made.

Internal Revenue Collector Putney is out again, in recovered good health, and the congressional delegation are not likely to have another six months struggle in designating an incumbent for the office.

The cherry trees in gardens about the city were partially blossomed out on Thursday, May 26th,—a full month later than usual; last year the blossoms of all kinds had about all fallen before that date.

The board of examining surgeons for pensions will hold the next session at No. 71 State street in this city, on Wednesday, June 7th.

Mrs. A. F. Craig has accepted the position of matron of the Old Ladies' Home in Concord, to assume the duties June 1st.

TO STEAMBOAT OWNERS.

An important circular has just been issued by the secretary of the treasury to masters and owners of passenger steam vessels, supervising and local inspectors of steam vessels, and chief officers of customs, regarding the use of dangerous burning fluids on passenger boats. The circular states that it has come to the knowledge of the treasury department that there are steamers using the products of coal oil or petroleum as stores for illuminating and other purposes, and directs the attention of the persons above enumerated to certain extracts from section 4,472, revised statutes, prohibiting the use of such oils on passenger steamers, and providing a penalty of $500 for a violation of the law. The circular instructs inspectors of steam vessels, and customs officers, to notify owners and masters of steam vessels of the law on this subject, and to prosecute all violations thereof, dismissal from the service being the penalty provided for failure to so do.

ALLEGED SMUGGLING.

The *Press* of Portland, Me., under date of May 25th, says:

Yesterday morning Inspector Joseph Sterling of the custom house arrested Richard Burke, belonging in Portsmouth, N. H., on a charge of smuggling cigars, bay rum and honey into this port from Porto Rico. He was taken before United States Commissioner Rand on a charge of smuggling divers goods, and put under $500 bonds for appearance until to-day. In default of bail he was committed to Portland jail.

Who "Richard Burke of Portsmouth, N. H.," is, we do not know.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and ensures a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from leanness and weakness, the result of disease, over-study, or nervous stress, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Cough and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains some 300 wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a *pen-name* of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, MD., Sole Agents for America.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by

F. R. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 50c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 35c.; Cuticura Shaving Soap, 15c.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 600 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $5.00,—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, regular meeting, Thursday evening, May 25th, Mayor Sise in the chair:

Present, the full board.

The records of last meeting were read and approved.

Mr. Wingate appeared before the board in support of the request of the Boston & Northern Telephone Co. to erect sixteen poles in the streets on the line from the central office to Greenland. Referred to the committee on streets, with mayor added, to reported at next meeting.

A request for the transfer of wages due to an employe of the city, to another person, was laid on the table, it being stated that the understanding was that no such transfer should be made.

The appropriation bill, as originally received from the common council, was amended by the addition of an item of $150 for repairs to the chimney of the Haven school-house; and as amended it was passed, and sent to the council for concurrence in the amendment.

The trustees of Christ church asked for gravel unsuited for street uses, for grading up the grounds around the church; referred to the committee on city lands and buildings.

Mr. Willey addressed the board in regard to his claimed right of way between his premises and the gravel pit. The matter was referred to the committee on city lands and buildings, for further report.

An invitation from the Memorial day committee for the city government to take part in the memorial exercises, was accepted.

Petitions for gas light at the corner of Tanner and Islington streets, and for a kerosene light on Parker street, were granted.

The following communication was received by the Board:

PORTSMOUTH, N. H., May 24th, 1882.

To the Honorable Board of Mayor and Aldermen of Portsmouth:

At the regular meeting of Strawberry Bank Lodge, No. 54, I. O. G. T., held at Mercantile and Grange hall, No. 5 Congress street, on Wednesday evening, May 24th, it was unanimously voted that that Worthy Chief Templar be instructed to ask your honorable board, if they would not by special order close the rum and beer saloons of Portsmouth, on Memorial day and evening, Tuesday, May 30th, 1882.

We sincerely hope and pray that your honorable board will favorably consider this request, coming as it does, not from politicians, but from citizens and reformed men of Portsmouth, so that the day may be observed in its true spirit, in sacred memory of our departed soldiers.

Yours respectfully,
EDWARD S. SMART, W. C. T.

A similar communication was also received from Worthy Chief Templar Daniel D. Waldron, of Rockingham Lodge, No. 37, I. O. G. T.

Unanimously referred to the city marshal.

John F. Shillaber and others were granted leave to withdraw their petition for a crosswalk at the junction of Linden and Bow streets. The matter was then referred to the street commissioner.

The committee on the Russell alley blockade by the Eastern railroad reported that the city had yielded none of its rights in the premises and that when the city was ready to proceed to the opening of the thoroughfare, it would be done; but the time had not yet arrived. [And it never will arrive, as we said at the first.]

Voted to accept $100 from Mrs. John Lyford as back taxes, in lieu of $212 assessed.

The ordinance submitted by Ald. Stavers at the last meeting in regard to sidewalk loafers was reported back adversely from committee. After discussion it was referred to Ald. Stavers and Hartshorn, and the city marshal.

Ald. Caswell moved that the Wilson house on Vaughan street be immediately removed. The mayor said that in conference with the city solicitor he had been informed that since the death of Mr. Hatch, another attorney, Geo. E. Hodgdon, Esq., had been elected by Mrs. Wilson, and the solicitor desired further time for consideration of the matter. Ald. Stavers said he understood that Mr. Hatch's estate held a mortgage of $200 on the property, and there was a prospect of its being soon purchased and foreclosed. No action was taken.

The committee on street lights wished to know what authority they had for purchasing the lamps ordered by the board at the previous meeting. Laid over for one week.

Adjourned for one week.

C. Sullivan & Co. received 630 fine lobsters from the Shoals on Thursday, all alive and in fighting mood.

THAT SHERIFF'S SALE OF RUM.

Editor Chronicle: The correspondent who writes you in last Thursday morning's paper over the signature of "G. T." shows more zeal than knowledge in his statement concerning the sheriff's sale of liquors. It is not a violation of law for a sheriff to sell liquors held under attachment, any more than for a sheriff to execute a condemned murderer. It is a duty which he is *obliged* to perform when the parties to the suit required him to do so. A violation of this duty would be a breach of the condition of his bond, and render him and his sureties liable to suit. Being obliged also to sell at the highest possible price he may well consider it his duty to extol the article sold, as he might say of a lot of arsenic, which it was his duty to sell, that it was the purest or the finest kind, without regard to the question whether he considers it healthy to take for the purpose of beautifying the complexion or for any other reason. C.

INJURIOUS TO BUSINESS.

The Manchester *Union*, in its Portsmouth correspondence, having said that "A ferry boat to make continuous trips across the river, and land by means of a slip and drop on either side, is contemplated," the brilliant lad who "does" the locals for the *Times* remarks that "Such reports do not tend to add to the prosperity of the city," and that they "tend to injure what business there is."

There have been on the river for years regular ferry boats, for passengers and freight; and how the statement that they (or other boats, to carry teams) propose to land "by means of a slip and a drop on either side" can "injure what business there is," is beyond our comprehension. Does our brother of the *Times* know what a ferry boat is, anyway? Did he ever see one, in the course of his brief but checkered experience, before he came to this city?

MEMORIAL DAY.

The committee on the entertainment for Memorial evening in Music hall have completed the arrangements, and tickets thereto will be placed on sale at Preston's this morning. The price of admission will be, as ususal, ten cents, which includes reserved seats. The annual custom of marking off seats for the widows and orphans of soldiers of the late war has been observed this year, and with this exception the free list is suspended; this announcement is made by authority in order that there may be no misunderstanding. The evening programme will be a choice one, and those desiring to attend the exercises should secure their seats as early as possible to avoid disappointment. The exercises will commence at a quarter before eight o'clock *sharp*, and all ticket holders are requested to be in their seats before that time.

NEEDS LOOKING AFTER.

The bit of Chestnut street between State and Court streets is a disgrace to the city, and a menace to the city treasury. Just at the brow of the hill several projections of a ledge rise four or five inches above the surface, and could easily throw a horse, smash a carriage wheel, or trip a pedestrian and break his neck or (what perhaps would be worse for the city) his ankle. We could never discern the justice of compelling a town to pay for accidents arising from causes clearly beyond the town's control, such for instance as where a person slips on a sidewalk that has been made slippery by a fall of sleet which there has been no possible opportunity to remove or spread sand upon; but were we on a jury we would vote for awarding "bang-up" damages to any person injured by the Chestnut street ledge. If the city cannot afford to knock away or cover up the ledge, the street could be fenced off at Court and State streets.

GEORGE M. WHITE.

Capt. George M. White, U. S. N., died at Somerville, Mass., on the 24th inst. He entered the navy Nov. 1st, 1828, and long resided in Portsmouth. By reason of ill health contracted in the service he was placed on the retired list many years ago. He was a native of the state of Georgia, but married in Charlestown, Mass., and was a resident for the greater portion of his life in that city and Portsmouth. His last cruise was as lieutenant in the sloop-of-war Falmouth, in the East India squadron, in 1852, the ship during a portion of the cruise being under command of the then Capt. Geo. F. Pearson. He was subsequently on duty on board the receiving ship Ohio at the Boston yard. He was commissioned as lieutenant Feb. 24th, 1841.

Capt. White had many friends among our residents while he lived in Portsmouth. He was a good officer and a firm friend, and had it not been for the loss of his health would have filled a prominent position in the navy during the long years he has suffered from the effects of his early exposure, which has prevented his performing the services for which his natural abilities had amply qualified him. He leaves a widow and a daughter, resident in this city.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; and on the 15th of September he voided a stone as large as could passed through the natural channel..

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from the difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS

THE BEST AND The Richest BLOOD, BRAIN and NERVE

-F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to avoid sickness it is wise to

BUILD UP HEALTH.

Wheat Bitters are prepared, not by *fermentation*, but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as curealls. Medicine is doubly effective when used with food, and no food is complete without it.

Sold by druggists, $1.00 per bottle.

High Praise.

The *Nautical Gazette* of last week, in an editorial letter from Washington has the following:

Time forbade us making a long call upon the chief of the bureau of construction and repair, Theodore D. Wilson, who recently was called to fill this important chair. Mr. Wilson is comparatively a young man, but one of marked progressive and aggressive character, a great student in matters pertaining to his profession and naval matters in general, and an officer who, if opportunity presents itself, will embrace it eagerly and make the most of it for the benefit of the navy. Mr. Wilson has given to the world, as an author, some very excellent ideas on shipbuilding, and since the publication of his work has been enabled to ripen his experience, and will doubtless win fame provided Congress ever consents to allow us to build a navy. The plans and specifications of a superior type of naval vessel of several classes are now in this bureau waiting the orders to proceed with the work. Belittle the navy as much as anyone may, we can point to the fact that every time our navy has had an opportunity to develope a purely American type of ship, it has been superior to any possessed by any other navy. This has been conceded by the very best of foreign authorities; and as in the past we have been in the front rank, so we will be in the future.

In an editorial note in another part of the same paper it is said:

The improved side port invented by Naval Constructor Wilson, chief of the bureau of construction and repair, is being put in all the naval vessels now fitting out for service. It is the best article of its kind ever produced for the purposes for which it was designed.

Such commendation as the above, from so able and independent a journal as the *Nautical Gazette*, edited by men who are authorities in nautical and shipbuilding matters, may be accounted high praise.

The June "St. Nicholas" has two papers on Longfellow and the children, by Lucy Larcom and Hezekiah Butterworth, with numerous illustrations. This magazine will give special attention to sports and games, articles on travel, hunting, fishing, and kindred matters, during the coming summer.

Dyspepsia, heart-burn, nausea, indigestion, etc., are always relieved by Brown's Iron Bitters.

At Nesbit station, De Soto county, Miss., Anthony Driver shot and killed his son, aged twenty years, because the latter failed to make a return of money for a dozen eggs that he had sold.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Haulan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Haulan any time this summer.

Six men were killed, two fatally hurt, and many others more or less injured, by a coal mine explosion at Shenandoah, Pa., May 24th.

If you would not have affliction visit you twice, listen at once to a word of advice—"Try Wheat Bitters."

Keep the Gums Healthy

If you want a sweet mouth and breath. If the gums become spongy, they lose their power to hold the teeth. The use of SOZODONT is invaluable because it removes the tartar which separates the teeth and gums.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a great article.

From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpe, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been constantly used, and those who have used it the longest *are its best friends*.

Its success is entirely because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before*. Every family should have a bottle *ready for use*. Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines*, it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

PERRY DAVIS & SON, Proprietors, Providence, R. I.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of
$1.50 per year, paid in advance,or
$2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the old home by the sea," it is the best means of keeping informed of what transpires in this city.

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 7.

I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

A Needed Law.

The national house of representatives recently passed by a two-thirds vote, under suspension of the rules, a bill intended to protect innocent purchasers and users of patented articles from suits for damages. The bill was opposed on the ground that some of the provisions needed modification, but as the gentlemen making the opposition refused to give the needed consent for modification, the majority determined not to allow the measure to be defeated, but passed it and sent it to the senate, which body can make all needed amendment. With some such law as this on our statute book, we shall hear of no more schemes to assess farmers and others, under the threat of suits, for using articles which they did not know were patented; nor of such extravagant claims as Marcus P. Norton and others are now making against cities which are using fire engines fitted with valves which are claimed to be an infringement of a patent, but which it is not pretended any of the cities knew to be an infringement.

The foreman of Fowler, Bros. & Co.'s canning department, Chicago, Mr. Steamkelley, says he suffered with rheumatism for more than eight months. St. Jacobs Oil will cure me completely. It will cure anybody.

—Tommy, sitting on his mother's lap, and reading about Eve and the serpent; "She wasn't like you, mamma, for you're afraid of a mouse."

Clear head and voice, easy breathing, sweet breath, perfect smell, taste and hearing, no cough, no distress. These are conditions brought about in catarrh by the use of Sanford's Radical Cure. Complete treatment for $1.

Wilder & Co. of Boston have purchased the Olcott falls, in the Connecticut river, about three miles below Hanover, and propose to immediately put in a dam and erect mills at the place. These falls make one of the best unimproved water privileges in New England.

Dyspepsia, the bug-bear of epicureans, will be relieved by Brown's Iron Bitters.

Henry Hillgenmeyer of Indianapolis, Ind., aged seventeen years, and his sweetheart Ellen Wenning, in a fit of despondency, caused by opposition of their relatives to their marrying, left a picnic party and wandered in the woods, where they took the contents of a bottle of laudanum. The young man died, and the girl returned to her home. She will recover.

Quick, complete cure, all annoying kidney, bladder and urinary diseases. $1. Druggists. Depot, J. H. Thacher's.

The czar of Russia has a hard time in trying to have himself properly crowned. There seems to be no doubt that the Nihilists have been plotting to kill him at his coronation. He realizes that his destruction is the great object of the conspirators at present, and will spare himself no apparent humiliation to foil them. How great the danger of assassination is only Alexander III. and his police know. It is said that it had already been decided that the emperor should march to Moscow to be crowned, as the ordinary means of travel could not be trusted. Whenever the ceremony does come off, the thoughts of bombs and dynamite will probably prevent invitations to it from being much in demand among the royal families of Europe.

Adamson's Botanic Balsam is compounded of the best concentrated extracts of bark, roots and gums in the world. It is a safe and reliable medicine, pleasant to the taste, and cures coughs, colds, asthma and croup. Price, 35 and 75 cts. Trial size, 10 cts.

—The new neighbor was one of those non-committal men who seem by their silence to give assent to whatever views are expressed in their presence. It had ever since his arrival been a matter of no little importance with the village partisans to find out what his political opinions were, but no one had been able to lift the veil of mystery, until one evening the postmaster boldly announced to the little company gathered in the grocery store that he had made the discovery for which they were all looking. Whereupon a dozen voices exclaimed at the same time: "What is he?" "A democrat," was the emphatic response. "How do you know?" asked the chorus. "Because he got drunk on Jefferson's birthday," said the postmaster.

Eighty-Five Dollars Lost.

"You do not tell me that your husband is up and entirely cured by so simple a medicine as Parker's Ginger Tonic?" "Yes, indeed, I do," said Mrs. Benjamin to her neighbor, "and after we had lost eighty-five dollars in doctor's bills and prescriptions. Now my husband feels as well as ever."

—Said Mrs. Gallagher: "I think it is wrong to make these soda fountains so shiny, white and dazzling. They don't trouble me, but I've observed that my husband can never look at one without winking."

Good and Reliable.

A good and reliable family medicine is Sulphur Bitters. Every spring for six years I have been troubled with boils. Since I began using Sulphur Bitters I have not had a single one. You can rely on Sulphur Bitters every time.—*Editor Weekly News.*

—A scientist says "a big comet is now dashing toward a spotted sun." Its aim, no doubt, is to "knock the spots off it."

A Vigorous Growth

Of the hair is often promoted by using Parker's Hair Balsam. It always restores the youthful color and lustre to gray hair, gives it new life and removes all irritation and dandruff.

—An Iowa merchant won't advertise in the papers, but paints on the fence, "Go to Allen's for yer dri goods."

Terrible itching and scaly humors, ulcers, sores and scrofulous swellings cured by the Cuticura and Cuticura Soap (the great skin cures) externally, and Cuticura Resolvent (blood purifier) internally. Ask about them at your druggists.

—What is that which we wish for, and when obtained, we never know we have it?—Sleep.

"An Ambitious Individual."

"Oh! I'm boiling over to do some good act," shouted a politician the other day, as his red nose protruded from a face ornamented with unhealthy blotches. "Well, do," replied a friendly listener, "unless you want to make an animated sign for a drug store, and make the passers-by sick, I would advise you to use Swayne's Ointment and be cured of that skin disease." The ambitious man acted upon the advice, and is now a living exemplification of what this excellent remedy can accomplish.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

—Marriage resembles a village fair, where every one endeavors to trade off his lame horse or his vicious cow for a handsome, sound and useful critter.

In the Whole History of Medicine

No preparation has ever performed such marvellous cures, or maintained so wide a reputation, as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in throat and chest disorders, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and operation, physicians use the CHERRY PECTORAL extensively in their practice, and clergymen recommend it. It is absolutely certain in its healing effects, and will always cure where cures are possible.

For sale by all druggists.

SATURDAY, MAY 27, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

The Independent Republican Movement.

Senator Mitchell of Pennsylvania, who has had the courage to fling the gauntlet to his colleague Cameron, and stake his political career upon the issue of the contest, tells us "that the people will endorse his movement; the reform will come in the near future."

While the democracy will hopefully predict great results for their party's success by hoped-for dissensions in the republican party, the question will, with the great reserve of republican voters who are not politicians *per se*, be practically settled before we shall again vote for a president. The independent republican movement in Pennsylvania will be watched with much interest throughout the country, and Mr. Cameron is likely to come as far short of an endorsement in the Keystone, as Mr. Conkling did in the Empire state.

News and Notes.

The United States training ships Portsmouth and Saratoga arrived at Spithead, Eng., May 26th, and exchanged salutes with the harbor squadron and forts. The Portsmouth is leaky, and will recalk there. It is expected that both vessels will remain a fortnight.

The business portion of Tombstone, Arizona, was burned May 25th. Loss about $500,000.

Mr. Wm. Douglass O'Connor goes for Mr. Oliver Stevens, district attorney of Massachusetts, in a strong letter to the New York *Tribune* giving a history of the suppression of Walt Whitman's poem "Leaves of Grass," the first edition of which in 1855 was endorsed by R. W. Emerson, but now shocks the modern Bostonian.

Secretaries Chandler and Lincoln will with President Arthur attend the grand encampment of the Grand Army of the Republic at Baltimore, June 21st.

Palestine Commandry of Knights Templar, No. 18, of New York city, Thomas B. Rand, E. C., will visit Boston in June, arriving by the Fall River line on the morning of Friday, June 23d, and will be the guests of DeMolay Commandry until Saturday evening, when they will return home. The Boston headquarters will be at the hotel Vendome.

Postmaster Stabler of Sandy Spring, Md., is eighty-eight years old, and has been over half a century in the service.

Mr. Curtis, in *Harper's Weekly*, patronizingly pats Senator Rollins on the head and calls him a good boy for "maintaining in regard to the recent appointment of Collector Worthington," that "the President may have the right to nominate without regard to the dictation of Senators." The senator, though (so the Weekly says) a frank friend of the spoils system, "runs the ground under Mr. Cameron's feet." The New York editor perhaps loses sight of the fact that as New Hampshire has a representative in the cabinet, perhaps her senators may not be as much engaged in the matter of offices as formerly, at least until after the session of the next legislature.

AROUND HOME.

Mr. James Barr's gondola got ashore on the Eliot side of the river, while coming down on the night of May 24th with a load of ballast for one of the schooners at the Eastern railroad wharf, and had to throw the load overboard before getting off, which she did next day. The gondola was considerably damaged, and will have to undergo repairs before being again fit for service.

James Henry Barnes, who was struck by an Eastern railroad train near West Lynn, Mass., May 8th, died at the Massachusetts General hospital on the afternoon of the 25th.

It is said that the hotel and boarding house keepers at the beaches will advance the price of board this season, owing to the rise in price of nearly all kinds of food supplies.

The Sea View and Atlantic hotels at Rye beach each look better for a new coat of paint on the exterior.

The hotel Wentworth at Newcastle opens for business on Saturday, June 24th. A large number of rooms have been engaged. Mr. N. T. Hopkins, barber at the Rockingham, goes to the Wentworth for the season, and is succeeded in the barber room at the Rockingham by Mr. Alfred Sweetser from Boston, who has given much satisfaction since his arrival.

The Ocean Wave house at Rye beach begins its season June 15th. Mr. Knox tells us that since last season the house and its surroundings have been much improved by alterations and additional attractions.

The Marshall house at York harbor will open June 17th, when Bragdon's stages will begin to run, in connection with trains on the Eastern railroad. The house is rapidly being gotten in thorough good order; the "old hotel" has been recarpeted throughout, and the walls kalsomined; the laundry has been enlarged, and a new dining hall built for the help; and a dance hall, thirty-five by fifty feet, has been finished in oak, and it has a stage thirty-five feet by sixteen, with dressing rooms conveniently arranged. An orchestra has been engaged for the season,—for the first time since the house was started.

A gentleman of this city on Friday received a letter from a friend in York, in which it is stated that Dr. W. M. Hawkes of that town has ten patients "seriously sick, caused by eating greens"—probably dandelions, for the letter says "the dandelion will probably be in favor with the profession hereafter." Those greens must have had some kind of a Paris green attachment.

Deputy Supreme Commander Horace Mitchell, Jr., of Kittery Point, assisted by Dep. Sup. Comdr. C. F. Pressey of New Hampshire, on the evening of May 24th instituted a commandery of the United Order of the Golden Cross in Springvale, officers being installed as follows: Rev. T. C. Russell, P. N. C.; E. E. Goodwin, N. C.; Mrs. L. V. Russell, V. N. C.; Dr. John B. Andrews, W. P.; A. D. Paul, W. H.; D. M. Foye, K. of R.; D. F. Burt, F. K. of R.; F. H. Shackley, W. T.; Ora DeLand, W. I. G.; Joseph Higgenbottom, W. O. G.; Med. Ex., Dr. J. B. Andrews. The new commandery voted to take the name of "Springvale." The deputy commanders afterward went to South Berwick, where a commandery is to be established.

We are pleased to learn that Capt. Jonathan Talpey, of Cape Neddick, York, late master of the schooner Clara E. Simpson, has so far recovered from his severe fit of illness as to be able to go out on pleasant days.

The steamer Appledore has nearly completed her repairs upon the railway at Kittery.

The band-stand is to be removed to the next square of rock on the Gangway ledge, and the two sloops re-moored in line. A new set of tide breakers have arrived from Lewiston, Me., by rail, and are at Hill & Stover's wharf, Kittery, to be set in place at once.

The lawyer's errand boy who writes scathing articles for the *Times*, using a big "we," in the intervals of rest from his arduous duties of sweeping the floor and dusting the furniture in the office, has got 'em again. He should be careful and not get excited, lest it might cause a rush of brains to his head, which would inevitably prove fatal to him.

SUNDAY SERVICES.

Rev. J. G. Smith will preach in the Advent church on Sunday.

Rev. W. E. Gaskin, of Nashua, will preach in the Universalist church.

At the Pearl street church, Sunday evening, Rev. J. Herbert Yeoman will give an illustrated lecture, on "Darkness and Light."

At the South Parish, Rev. Mr. DeNormandie will deliver a discourse suitable to the Memorial season.

"To-morrow" will be the subject of Rev. Dr. Alden's lecture on Sunday evening.

Keep the Gums Healthy

If you want a sweet mouth and breath. If the gums become spongy, they lose their power to hold the teeth. The use of SOZODONT is invaluable because it removes the tartar which separates the teeth and gums.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan82

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest authority on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestive, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are confined to Counting-rooms—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incidental to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the nervous frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and consoles none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac simile signature of BARON VON LIEBIG, and a facsimile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent.—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00,—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. By Order Chief Marshal.

DAVID URCH,
Chief of Staff.

STORER POST MEETING.

A largely attended meeting of Storer Post, No. 1, G. A. R., was held on Thursday evening, May 25th. The post has been increasing in membership at a very rapid rate during the past year, and five new recruits were mustered in at this meeting. The post will parade on Memorial day with nearly double the numbers of last year.

It was voted to extend an invitation to all veteran soldiers and sailors in this vicinity to join with the post in the observance of Memorial day, and to request those accepting the invitation to appear, as far as practicable, in dark clothes, black felt hat and white gloves.

It was also voted to extend to the male pupils of the high school a cordial invitation to parade in the procession on Memorial day.

The following letter was received, read and placed on file:

To Commander, Officers, and Comrades of Storer Post, G. A. R.

I take this method of (in behalf of Storer Relief Corps) explaining to you in a few words the object of our corps. It is to assist you in caring for members and their families in sickness and distress, and all needy and sick soldiers and sailors, their widows and orphans. We feel that by so doing, we are in some degree performing a duty we owe the living, and honoring the memory of our fallen heroes.

We do not wish to take any work out of *your* hands, but to assist you in every way in our power in your noble work; in other words, we do not wish to lead, but to follow, and we ask you to notify us in all cases of needy and suffering members that may come to your notice, where we may be of the least assistance.

In this work in which we have engaged, we believe in exercising charity in its broadest sense. Although our numbers, as yet, are few, we have faith to believe that when the object of our association becomes better known all true and loyal ladies will not only be willing, but anxious, to join us. We feel that if we do all that is possible for us, it will be but little compared to what the Boys in Blue have sacrificed for our beloved country.

We are to-day enjoying blessings bought with the blood of our loved ones. We feel deeply in this matter, and we assure you that with the help of our Great Commander, to whom we should all look for guidance in every undertaking, it shall ever be our endeavor to do all in our power to lift up the erring and care for the needy. Yours in F., L. & C.,

MATTIE A. MASON,
President Storer Relief Corps, No. 6,
Auxiliary to the G. A. R.

It is earnestly hoped that all members of the post who can, will assemble at the hall on Sunday evening, to attend divine service at the South Parish; and that there will be a full muster on Memorial day.

THAT PATENT VALVE.

The board of aldermen of Dover have authorized a committee of the board to confer with the authorities of other cities which have been threatened with suit for damages by Marcus P. Norton et als., for alleged infringement on a patent fire engine valve alleged to be owned by Norton & Co., and to request such cities to combine in fighting the iniquitous though perhaps lawful claim. Portsmouth is one of the cities whose fire engines are furnished with this valve, and should Dover be cast in the courts the decision would rule in a suit against this city, which would of course follow the success of the Dover raid. Under these circumstances we think it would be both wise and proper for the cities which would suffer through a legal victory by Norton et als., to "hold up the hands" of the Dover combatants of Norton's claim by agreeing to assume a fair share of the expense incurred in fighting the outrageous claim to the end.

The schooner Clara E. Simpson of this port is discharging a cargo of 500 tons of coal at the Gas company's wharf. The occupancy of the wharf by so large a vessel compelled the steamer Acushnet to land her cargo at the little Pier wharf (J. H. Broughton's) on Friday evening.

A special meeting of the United Order of the Golden Cross will be held at the hall on Daniel street this (Saturday) evening at eight o'clock, for the purpose of taking action on the invitation to attend the literary and musical entertainment at Eliot on Monday evening. A full attendance is requested. PER ORDER.

There is some anxiety about receiving the customary donations of flowers on Memorial day, as the season is so backward, and it is the earnest request of the committee having the matter in charge that flowers of any and all descriptions may be sent to the Court house *early* on Tuesday morning next.

The south part of the city was visited a few days ago by a swindling quack calling himself Dr. Murray, representing himself to be a surgeon in the navy, sent here by the United States government. On one street he got four patients, receiving from each a fee of $1, and promised to call around next morning to see how his "prescriptions" worked, but the confiding patients have not yet set eyes on him the second time.

The tug Naumkeag brought a schooner down from up river, and towed her to sea, Friday afternoon. She afterward took two coal-laden schooners up the river.

Mr. Samuel G. Hooper, on Water street, is in receipt of Nova Scotia potatoes, brought by rail. They are of extra quality.

Chief Naval Constructor Wilson left Washington on Friday evening, to make inspection of the Charlestown and Portsmouth navy yards.

Residents in the suburbs complain of the kerosene-burning street lights, which they say either flare up tremendously and smoke the glasses all over so that no light is given, or else don't burn at all. We cannot see why kerosene lamps should not do good service as street lights.

There are ten men now employed in the Eastern railroad machine shop near the roundhouse in this city; ordinarily about twenty men are employed there, and that number it is said could be profitably kept at work at present.

Gov. Bell was in town on Friday, and sat as referee in a suit concerning the possession of certain real estate in Epping. The parties were Smith and Ramsbottom. Mr. Towle of Exeter appeared for the pliff., and Mr. Frink for the deft.

A Fairbanks platform scale with a capacity for weighing three tons has been put in position at C. E. Walker & Co.'s new coal-pockets.

The number of graves of deceased soldiers and sailors of the national service marked for decoration on Memorial day by the G. A. R. committee, is as follows: Harmony Grove cemetery, 110; Proprietors', forty-seven; Catholic, twenty-five; Sagamore, five; North and Union, seventeen; Cotton's, six; besides a large number in private burying grounds, and cemeteries in neighboring towns.

The gondola Sturgeon, Capt. Nason, towed a raft of logs from Eliot to Mason's steam sawmill in this city on Thursday, and another one on Friday. On her way back to Eliot, Thursday, she took a partial load of plastering sand from Lyman Hammond's farm near "Frank's fort," for Howard Staples' new house in Eliot; the sand procured at Mr. Hammond's place is said to be of unusually fine quality, both for plastering and brick-making purposes.

A ten-pound salmon was brought up from the Mitchell weir on Friday, and bought by Caswell & Co., near the Spring market, and by them sold at fifty cents per pound.

Mr. Hartley W. Mason is removing to his summer residence at York harbor, Maine.

Our brother of the *Times*, when he wants to be particularly severe on us, has something or other to say about the "twenty-eight regular contributors" to our columns. The readers of the *Times* would be glad if that paper also would manage to get twenty-eight regular contributors.

Cuticura
THE NEW BLOOD PURIFIER
Resolvent

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old; had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The poison that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 25c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

WHAT HAPPENED TO
Mr. Joseph Beach.
Some in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 12th, 1874, from the presence of Calculous or Stone in the Right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 15th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the Favorite Remedy to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

WHEAT BITTERS
THE BEST AND The Richest
BLOOD, BRAIN and NERVE
-F-O-O-D-
CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.
The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.
The Blood, Brain and Nerves are the forces which bear the strain of every day-work and life, and in order to avoid crises it is wise to BUILD FOR THE FUTURE.
Wheat Bitters are prepared, not by fermentation, but by solution and are richer in the Phosphates, while the starch and impure matter are eliminated. These take in their stead a tonic, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is not once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as curatives. Medicine is doubly effective when used with food, so as to nourish while it corrects.
Sold by Druggists, $1.00 per bottle.

Veal Calves in fair demand at 3 @ 5c ⅌ lb live weight.

Sheep and Lambs—Those from the west were all owned by G. W. Hollis & Co.; western shorn sheep costing 6c, western yearlings 8 @ 8½c and spring lambs 9c ⅌ lb, live weight, landed at Brighton.

Swine—Store pigs sell at 6 to 8c ⅌ lb for shoats; spring pigs at $3 @ $4 ⅌ head. Fat hogs cost, landed here, 7½ @ 8½c ⅌ lb live weight.

A Peerless Perfume.

The refreshing aroma of Floreston Cologne, and its lasting fragrance make it a peerless perfume for the toilet.

—Bertha Miller of New York, aged only sixteen years, has succeeded in swallowing a ten dollar gold piece. Here's your savings bank, young gentlemen.

A Traveler's Story.

After spending months at watering places and consulting the best physicians without benefit, I returned home disheartened and expected to die. A friend urged a trial of Parker's Ginger Tonic. Three bottles and careful diet have brought me excellent health and spirits, and I hope my experience may benefit similar sufferers.—Cincinnati lady. See other column.

—He was an entire stranger to the girls present, and the boys were mean and wouldn't introduce him. He finally plucked up courage, and stepping up to a young lady requested the pleasure of her company for the next dance. She looked at him in surprise, and informed him that she had not the pleasure of an acquaintance. "Well," remarked he, "you don't take any more chances than I do."

Murdered.

The body of Julius Baer was found by freighters five miles west of here Tuesday morn, in a terribly mangled condition. His head and face were smashed, so as to be hardly recognized, and numerous wounds were found on his body. Mr. Baer was agent for the great blood medicine, Sulphur Bitters. Robbery was undoubtedly the motive, as he was known to have a large sum of money on his person. As we go to press there is no clue to the perpetrators.—*Colorado Press.*

—Ohio pays fifty cents apiece for hen-hawk scalps, but we're not going out to scare up a hen-hawk and chase the blamed thing clear out to Ohio, just for half a dollar.

Dyspepsia, heart-burn, nausea, indigestion, etc., are always relieved by Brown's Iron Bitters.

—Sitting Bull is credited with remarking, in a thoughtful manner: "What a pity it is that our forefathers, the noble sons of the forest, failed to pass an anti-European bill early in the seventeenth century."

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the asthetic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

—There is more vitality consumed to the square inch in getting out a newspaper than in any other kind of work, if we except the preparation of a girl for a ball or the making up of a young swell to fit a cigarette.

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. The original and tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into dew life the entire process of digestion.

PERRY DAVIS' PAIN KILLER
A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.
After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!
Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle or it for a single hour.
From the Cincinnati Dispatch:
We have *seen* its magic effects, and *know* it to be a good article.
From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.
W. W. Sharpar, Valdosta, Ga., says:
It is a panacea for all bruises and burns.
From R. W. Adams, Saco, Me.:
It gave me immediate relief.
R. Lewis says:
In forty years use it never has failed me.
W. W. Lum, Nicholville, N. Y., says:
I use your Pain Killer as frequently. It *relieves* pain and soreness, and *heals* wounds like magic.
J. W. Dee says:
For scalds and burns it has no equal.
PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest *are its best friends.*
Its success is entirely because it merits it. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at the port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in local cities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN' IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1881.

Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters. I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the *king of medicines*.

JOHN K. ALLENDER.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic, together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *These Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS.

Why suffer with Boils? Why have your face covered with Pimples? Why suffer with Headache? Why have your tongue coated? Why have sick stomach? Why have no appetite? Why have no strength? Why have sallow complexion? Why have dull feeling? Why have no ambition? Why have no energy? Why have no courage? Why have you no flesh on your bones? Why are you a miserable, worthless, good-for-nothing cumberer of the earth? Why do you let your blood get so impure, your nerves so shattered, your liver so torpid, your kidneys so inactive? Why? Because *Sulphur Bitters is so cheap* and so easy to procure that everybody can have it. Why? Because it is a pure, genuine, *sulphur Bitters is a sure cure for all diseases* arising from impure blood, torpid liver, and shattered nerves. Why? Because *

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

Mrs. DeLong and her little daughter Sylvia left Burlington, Ia., for New York, last Thursday morning. Mrs. DeLong will stay east until the arrival of the remains of her husband, probably some time in June.

The medical profession universally and heartily approve of Wheat Bitters as a blood, brain, and nerve food. It is unrivalled.

Sad Accident.

George A. Conly, basso, and Herman Reitzel, pianist, of the Clara Louise Kellogg concert company, were drowned in Spofford Lake, Chesterfield, ten miles from Brattleboro', Vt., on Friday afternoon, May 27th. Miss Kellogg went to Brattleboro' with her company Thursday night, and went herself to Burlington on Friday morning to fulfill a personal engagement there. The company remained at Brattleboro', and were to be rejoined by Miss Kellogg Saturday, and give a concert there in the evening. During the day Friday some friends took the gentlemen of the company to Lake Spofford for their entertainment. While Mr. Crossley, the manager, and others were trout fishing in a little stream, Conly and Reitzel went on the lake in a row boat. When evening came they did not appear, and search was made for them, which resulted in finding their boat bottom up on the west shore of the lake, but no other trace of them could be found. The alarm was given, a message was sent to Brattleboro', and further search was made Saturday morning. The oars of the boat were found on the shore, with Conly's hat and coat. This is believed to indicate that the boat capsized, when Conly, who was an expert swimmer, stripped off his coat and attempted to save his young companion. Both were in fine spirits when they left the shore. They were cautioned to be careful, as a strong south wind was blowing. Conly replied that he had no fear, as the boat was a good one and he knew how to manage it, and could swim.

Mr. Conly was about thirty-seven years old, and a native of Philadelphia. He had an excellent war record, having enlisted in a Pennsylvania cavalry regiment for three years at the age of sixteen; at the end of his term he re-enlisted for the war, and was one of the first thousand to enter Savannah at the close of the "march to the sea." As a singer he was eminent, and had been a member of several opera companies.

Naval Affairs.

The Marion arrived at Montevideo on the 23d of May, all well.

The Galena arrived at Villefranche on April 28th, and expected to sail for Port Mahon on the 4th of May. She will be detached from the European station on July 15th, and ordered to join the South Atlantic squadron.

Capt. L. E. Fagin, U. S. M. C., was detached from the Norfolk navy yard May 17th, instead of June 10th, as previously ordered.

News and Notes.

As we intimated when the story was first told, the account given by Charles Way, station agent at East River, Conn., of an attempt to wreck a train by tramps, with whom Way had a fight and by whom he was shot in the arm, turns out to be a cock-and-a-bull story. Way put the obstructions on the track himself, assisted by another young fellow named Foster, and was not wounded at all.

G. Walter Davis, an expressman of Lynn, Mass., is under arrest for a cowardly and murderous assault upon J. Perry Howard, another expressman, with a monkey wrench. Howard is highly spoken of, but Davis bears a bad name. Howard was dangerously hurt.

Three men are under arrest for a conspiracy to exhume and exhibit the body of Jesse James.

The Grant smelting works at Leadville, Col., the largest establishment of the kind in the world, was burned May 25th. Loss between $300,000 and $400,000. Nearly 300 men are thrown out of employment.

An Englishman who sailed from Liverpool for this country as a steerage passenger on board the steamer British King, now at Philadelphia, but who jumped overboard on the fourth day of the voyage, is said to have exclaimed as he jumped, "I'm the man who killed Lord Cavendish."

Col. Charles H. Reed, counsel for Guiteau, arrived in Boston last Friday morning, for the purpose of consulting certain well known lawyers regarding his final efforts in behalf of the assassin.

In the supreme court for Washington county, R. I., May 27th, Catharine Chase Sprague was granted a divorce from William Sprague, with custody of her three daughters, and liberty to resume her maiden name.

A reign of terror exists in Startins parish, La., over the late lynching of Jenkins and Ayroz, both colored. Bands of armed negroes are going about swearing vengeance. Sixteen of the lynchers have been arrested, and a war of races is feared.

Gilman Upham, an elderly man, fell dead on the street in Dover from heart disease, May 26th.

George W. Holtt, the victim of the late drunken row in Dover, was on Friday reported to be slightly improved in condition. At the second arraignment of his supposed assailants, Friday, the bail of each was reduced to $8,000, and in default they were remanded. The hearing was postponed another week.

Twenty-six divorces were granted at the late term of the Hillsboro' county court.

John F. Cossitt, aged sixty-nine years, a wealthy farmer of Claremont, hung himself on the night of May 27th, while insane.

Henry Porter Peck of the Andover Theological seminary will be ordained and installed over the Congregational church at Plymouth on Thursday afternoon.

AROUND HOME.

It is announced that the U. S. S. Marion, Comdr. Silas W. Terry commanding, will be detached from the South Atlantic on the first of August, and ordered to "return to the United States and report arrival at the navy yard, Portsmouth, N. H."

The corrected time table of the trips of the steamer James Sampson under the spring arrangement, between this city and Kittery Foreside, and between this city and Kittery Point *via* Newcastle, can be found in another column.

A former resident of Biddeford, Me., who settled in Newington not long ago and soon afterward became insane, was sent back to his former home last week by the county commissioners.

"Number Eight," the last of the twenty new cars built by the Eastern railroad for summer travel, is elegantly finished in California redwood, and upholstered with green leather.

John S. H. Frink, Esq., has been putting up a summer house at his fine place on Greenland parade, and two large bronze urns, for flowers, have been placed in front of the dwelling. Mr. Frink, in beautifying the surroundings of his residence, has done much to add to the attractions of the beautiful parade, to which end he has also been a liberal contributor in other ways, in the past.

Gen. P. H. Sheridan, commanding the division of the Missouri, has issued orders detailing Brevet Lieut. Col. George F. Towle, captain Nineteenth infantry, for duty as aid-de-camp on the staff of Gen. Terry. Capt. Towle entered the army in 1861 as first lieutenant of the Fourth New Hampshire infantry, and saw a deal of active service during the war, having received three brevets for gallant and meritorious service. He was a member of Gen. Terry's staff during the campaign in Virginia, and was with him at the capture of Fort Fisher. Colonel Towle spent several weeks in St. Paul last summer, and made many friends who will be glad to hear of his appointment.—*St. Paul (Minn.) Pioneer Press.*

Owing to the unfavorable weather of the past month, many farmers in Kittery, Eliot and York who planted early potatoes are turning them under, and replanting.

Messrs. Charles W. Cottle & Son, of Kittery, on May 25th received from Montreal seventeen good Canadian horses.

The new Fiske house at Old Orchard is claimed to be architecturally one of the handsomest on the Atlantic coast. It will have cost over $60,000 when finished.

Calvin Rogers of Rochester on Tuesday of last week bought a quantity of boiled lobsters taken to that place from Dover. Next day Samuel Varney of Rochester went to Rogers' store, picked out the smallest two lobsters in the lot, paid for them, and then prosecuted Rogers for selling lobsters smaller than the law allows. The case was heard before a justice, and a fine and costs amounting to $25.76 inflicted on Rogers.

Mr. Daniel Carroll, at one time an overseer in the former Rockingham shoe manufactory in this city, came home for a brief visit last week, from Brocton, Mass., where he is foreman of the stitching room in the factory of Stacey Adams & Co. There are eighty hands employed in the room under Mr. Carroll's charge, and the whole factory is being enlarged by the addition of another story.

Keep the Gums Healthy

If you want a sweet mouth and breath. If the gums become spongy, they lose their power to hold the teeth. The use of SOZODONT is invaluable because it removes the tartar which separates the teeth and gums.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. cod&wtjan22

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state—the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 2500 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent.—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00,—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. MEMORIAL DAY.

At the South Parish, Sunday evening, a Memorial discourse by the pastor was listened to by a large congregation, including about sixty members of the Grand Army post, who marched to the church in a body from their hall. Musical selections appropriate to the occasion were given by Mr. Littlefield, the favorite tenor, and the organist.

Although a considerable amount of evergreen has been made into wreaths, etc., by the members of the Ladies' Relief Corps of Storer Post, there is still much work in that line to be done—enough to keep a large force of volunteers employed throughout the day. The court house will be opened this (Monday) morning, and remain open till evening; and it is hoped that the ladies, as in years past, will come forward in generous numbers to aid in the work.

There is some anxiety about receiving the customary donations of flowers on Memorial day, as the season is so backward, and it is the earnest request of the committee having the matter in charge that flowers of any and all descriptions may be sent to the Court house *early* on Tuesday morning next.

FATAL ACCIDENT.

An accident occurred at C. E. Walker & Co.'s coal wharf, Saturday afternoon, resulting in the almost immediate death of Mr. James Mahoney, of No. 61 Court street.

Mr. Mahoney was assisting in the discharge of the schooner Yankee Blade, Coombs master, which arrived from South Amboy on the previous day with a cargo of coal, and was one of the wheel-barrow men on the stage. The outboard end of the brow, over the schooner, was held up at one corner by the vessel's main throat-halyards, and at the other by her anchor purchase. Between two and three o'clock the pennant of the anchor purchase parted just as Mr. Mahoney was stooping to take hold of the barrow-handles, and the sudden drop of that corner of the brow threw Mr. Mahoney off, the barrow following him; he struck first on the hatch-coamings and then on the keelson, and was struck by the barrow, which broke his left leg, his injuries being such that he survived but a short time. The distance from the brow to the keelson was twenty-five feet. Mr. Peter Williams, who was on the brow at the time of the accident, tending hatch, was also thrown from the brow, but caught the hoisting line and slid to the deck. The vessel was attached later in the afternoon on a claim for damages, and a keeper was on board Sunday.

Mr. Mahoney was a sawyer by trade, and formerly worked for many years in shipyards on this river; of late years he has been employed as a helper in the boiler shop at the navy yard, and more recently has worked in Fernald's shipyard at Freeman's point. Having no job on hand Saturday, he went to work at the coal vessel about ten o'clock in the forenoon. He was an honest, industrious man of steady habits and quiet disposition, a faithful workman, and won the good will and esteem of all with whom he was brought in contact. He leaves a wife and two daughters. His age was about sixty years.

A KNOTTY QUESTION.

Mr. Editor: Your correspondent "C." says, "It is not a violation of law for a sheriff to sell liquors under attachment, any more than for a sheriff to execute a condemned murderer." Now the executing of a condemned murderer puts him out of existence so far as this world is concerned, and if the sheriff of the county will only take the liquor and put it out of existence, instead of selling it at auction, he will be doing his duty, and executing the law of the state. We have heard it said that the hard times affect even the liquor dealers, and that some of them hardly pay their expenses. Now if "C." is correct, would it not be well for such to place their liquors in our sheriff's hands, and let him advertise them and sell the same at auction. Your correspondent says if he did not do it for the parties who required him to do so, "It would be a breach of the condition of his bond, and render him and his sureties liable to a suit." And besides he would be obliged to sell it at the highest possible price, therefore he would "extol the article sold," which would be greatly to the advantage of the liquor dealers. But seriously, has the sheriff any legal right to sell intoxicating liquors, which the state law declares shall not be sold?

A LOVER OF LAW AND ORDER.

[*Note.*—We are unable to give an answer to our correspondents' enquiries regarding this matter. Our acquaintance with the law is limited; all we ever had to do with it was to accept $1.77 paid us by a man for our service as a witness in a case in which we were never called upon to testify, and concerning the circumstances of which we knew nothing whatever. But it seems clear that if the sheriff attaches liquors, he *must* sell them; so the question should properly be "Can intoxicating liquors be attached under the law?" Sheriff Kent's temperance principles are well known, and it is certainly no pleasure to him to sell liquors, even though he be obliged to do it in his official capacity.—*Ed.*]

A LATE SEASON.

In 1879, according to the CHRONICLE records, the cherry and pear trees in this vicinity were in full bloom on the 13th of May; in 1880, on the 11th of May; and in 1881, on the 10th. As the blossoms on the trees this year only commenced to show on the 26th of May, "full bloom" may be put down for the 1st of June.

An acquaintance who left San Antonio, Texas, May 15th, tells us that the oats were then being harvested in western Texas; also wheat. Many fields were garnered. Corn was in the tassel. Crops all through the southwest are looking finely, and may be considered pretty safe. The gentleman is surprised to find vegetation at the north so backward, and certainly our trees and fields afford a great contrast to the sample of ripe oats which he showed us.

Fifteen shad were brought up from the weirs, Saturday morning, and sold to C. Sullivan & Co. These were the first shad reported to us this season as having been trapped here. A few mackerel have been taken in the weirs, but not more than one or two at any one time.

The tugs Naumkeag and Ann each towed a coal-laden schooner up river, bound for Dover, Saturday afternoon.

The attention of the ladies is invited to the advertisement of J. M. Tebbetts, who offers at his stores Nos. 3 and 14 Market street a large assortment of seasonable hats, ostrich plumes, etc., to select from.

The construction gang engaged in putting up telephone poles in Greenland last week met with some opposition, a road surveyor ordering them to desist. The poles went up, all the same.

We have received a communication concerning the perpetration of practical jokes at a place of business in this city, which we cannot publish, though it is couched in very temperate language, as it is not accompanied by the writer's name. But we agree with our anonymous correspondent that a joke which ruins or injures the clothing of another had better not be played, as such joking, though commenced in ever so good temper, is apt to arouse ill feeling in the end, and sometimes engenders quarrels and enmities more bitter than would be caused by real injuries.

Messrs. C. Everett, woodworker, J. Dyer, blacksmith, R. McDonough, painter, and N. B. Bryant, carriage trimmer have combined to conduct the carriage building and repairing business at No. 15 Hanover street,—the building known as the Came carriage manufactory. Each of the gentlemen named is a thorough workman in his especial line, and the firm guarantee that all work entrusted to them will be done to the entire satisfaction of their patrons.

The schooner Active, of this port, Hontvet master, which arrived here from New York on Friday last, looked like a new craft on her arrival, having been treated to a coat of paint by the crew on the passage around. They made a good job of it.

Mr. Orville D. Bryant, formerly an overseer in the Kearsarge mill up to the time of its destruction by fire, last week assumed the duties of overseer of three dressing-rooms in one of the large manufacturing establishments at Biddeford, and will probably remove his family to that city. Mr. Bryant is of that class of citizens whose departure is a loss, and a very large circle of friends, while pleased at his business success, will regret his removal from our city.

The *Gazette* of Port Jervis, N. Y., has the following good notice of one of our Portsmouth young men: "G. W. Bartlett has been appointed road master of the Delaware division and its branches, and entered upon the discharge of his duties this morning. He has lately been track supervisor on that division, and was stationed at Narrowsburgh. Formerly he was clerk in the office of Benjamin Thomas while superintendent of the Delaware division, and later in the office of Superintendent Neilson. He is a young man of good education, a civil engineer by profession, and has had considerable experience in railroad matters. During his residence in Port Jervis he made many friends, being a young man of culture and of pleasing address, and those who know him will unite with us in congratulating him on his appointment." Mr. Bartlett is the son of James P. Bartlett, Esq., and seems to be cutting out a successful career for himself.

Mr. Charles E. Brackett, butcher, of this city, on Saturday slaughtered ten cows, the beef from which was sent to Dover.

The bridge between South Newmarket and Stratham is to have a new leaf-draw, draw pier, guard pier, etc.; the contract for making these improvements has been awarded.

J. D. P. Wingate of the Exeter *Gazette* has been appointed superintendent of the Portsmouth, Dover & Exeter division of the Boston & Northern Telephone company.

[*For other local matter see second page.*]

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

I will now state that I made a miraculous cure of one of the worst cases of skin disease known. The patient is a man forty years old, had suffered fifteen years. His eyes, scalp and nearly his whole body presented a frightful appearance. Had had the attention of twelve different physicians, who prescribed the best remedies known to the profession, such as iodide potassium, arsenic, corrosive sublimate, sarsaparilla, etc. Had paid $500 for medical treatment with but little relief. I prevailed upon him to use the Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally. He did so and was completely cured. The skin on his head, face, and many other parts of his body, which presented a most loathsome appearance, is now as soft and smooth as an infant's, with no scar or trace of the disease left behind. He has now been cured 12 months.

Reported by
F. H. BROWN, Esq., Barnwell, S. C.

Scrofula Sore.

Rev. Dr. Dorr, in detailing his experience with the Cuticura Remedies, said that through Divine Providence one of his parishioners was cured of a scrofula sore, which was slowly draining away his life, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The person that had fed the disease was completely driven out.

Eczema.

Sixteen months since an eruption broke out on my leg and both feet, which turned out to be Eczema, and caused me great pain and annoyance. I tried various remedies with no good results, until I used the Cuticura Resolvent internally and Cuticura and Cuticura soap externally, which entirely cured me so that my skin is as smooth and natural as ever.

ELLEN M. FRAILEY, 64 South St., Boston.

Cuticura.

The Cuticura treatment, for the cure of Skin, Scalp and Blood diseases, consists in the internal use of Cuticura Resolvent, the new Blood Purifier and the external use of Cuticura and Cuticura Soap, the great skin cures. Price of Cuticura, small boxes, 50c.; large boxes, $1. Cuticura Resolvent, $1 per bottle. Cuticura Soap, 25c.; Cuticura Shaving Soap, 15c.

WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 18th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

Fiat Money in Congress.

During the discussion of the bank charter bill, Congressman Bland of Missouri took occasion to declare that he is "no fiat-money greenbacker." Mr. Jones of Texas retorted, "You are the father of an eighty-three cent dollar with a nominal value of 100 cents. Where are the seventeen cents? Are they not fiat money?" And Mr. Bland had not a word to say.

During the same discussion, Greenbacker Murch of Maine said: "Let banks exist if they must; but let them bank on coin, or United States currency." Coin! when Murch and his brother fiatists have for years been telling us over and over again that gold is a coward, a fraud, the rich man's money, no sort of suitable basis for a currency!

New Hampshire Items.

Geo. S. Frost of Dover, who has been appointed police justice, was the candidate of Ex-Judge Jeremiah Smith, who has recently taken a hand at politics in that city, and made a pilgrimage to Washington in the interest of a newly-appointed postal clerk on the D. & W. R. R. The old stagers have to stand back when Jeremiah comes to the front.

Several Massachusetts and New Hampshire capitalists have purchased the Union Pulp & Paper company's property at Haverhill. A stock company, with $250,000 capital, was formed at that place Thursday. The company will commence to operate the mills at once under the title of the Haverhill Fibre company. The patent process of extracting the wood-oil and acids in the making of pulp will be used.

Hon. Charles S. Whitehouse of Rochester, state auditor of accounts, has closed his work for the last fiscal year. The debt of the state is a trifle over three millions of dollars. The reduction of the debt since 1881 is $42,000. It is estimated that the debt will be further diminished during the coming year in the sum of $160,000.

John O. Sanborn drove four yoke of oxen into Laconia from Pittsfield, a few days ago, which weighed 13,618 pounds, about 1700 lbs. for each creature.

The dyspeptic, nervous individual, who is vainly seeking rest and sleep, will get relief by using Wheat Bitters.

A hungry tramp, after receiving a good dinner and a dollar from Mrs. Murray of Hawley, Minn., knocked her down and brutally assaulted her. Constable Hillard was shot by the tramp while effecting his arrest.

"For a number of years I suffered with rheumatism of the back and hip," said Mr. Thomas Morgan, superintendent of streets, Cincinnati, Ohio. "I was waited on by physicians, but they gave no permanent relief. It was in a fit of desperation that I resolved to try St. Jacobs Oil. My rheumatism began to weaken at the first attack of its great enemy—St. Jacobs Oil—and soon I was as well as ever."

A gray-haired and tattered tramp entered a house in Chicago occupied by a family of Swedish emigrants, and after plundering all the rooms of valuables, shot and fatally wounded a little boy, and fled.

Dyspepsia, heart-burn, nausea, indigestion, etc., are always relieved by Brown's Iron Bitters.

Joshua Pillsbury died in Lewiston, Me., the other day, aged seventy-three years, nine months. His widow is only sixteen years old. About a year and a half ago we reported the marriage of this old gentleman, with a rosebud in his button-hole, to a blooming damsel hardly more than a child, by a Lewiston justice of the peace. The old gentleman was then supposed to be rich, but he was not, and his bride deserted him some time ago. Mr. Pillsbury's body has been interred in the pauper's graveyard.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have *seen* its magic effects, and *know* it to be a good article.

From I. S. Polzer, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpe, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest *are its best friends.*

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, hundreds of new remedies have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by **prompt application of the Pain Killer. *Unlike most medicines,* it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.**

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire News; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN' IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1881.
Gentlemen—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the *king of medicines*.
JOHN K. ALLENDER.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic, together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.

SULPHUR BITTERS

THE BEST AND GREATEST BLOOD MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS.

Why suffer with Dyspepsia and Indigestion? Why be troubled with Biliousness? Why let your nerves and all your system be shattered by the effects of Malaria? Why let your blood become impure, your skin covered with Pimples and Blotches? Why be troubled with Rheumatism? Why let your Kidneys become deranged? Why let your Liver become torpid? Why let your Stomach become disordered? Why let your Bowels become costive? Why let your Nerves become unstrung? Why let your Blood become impure? Why let your Skin become covered with Pimples and Blotches

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

OFFICIAL LIST OF PATENTS

Granted to citizens of New Hampshire, for the week ending May 23d.

No. 258, 389. Moore B. Fletcher, assignee to New Hampshire Chemical Pulp Company of Boston, Paper-pulp Engine. Application filed Feb. 20th, 1882.

New Naval Tactics.

The United States steamer Vandalia, which arrived in Hampton roads from sea on the night of the 26th inst., collided with the schooner Abbie Dunn, from York River, Va., bound to Bath, Me., with timber, fifty miles off Cape Henry, and carried away the bowsprit and foretopmast of the schooner. She towed the schooner into Hampton roads.

If the United States has not got a large number of naval vessels, they are at least numerous enough to get in the way of almost everything else afloat. Within two or three months past the Tallapoosa ran down a schooner, on the passage from New York to Boston; the Brooklyn was cut down to the water's edge by another steamer, in the harbor of Montevideo; the Tennessee was run into by a barque, in New York harbor; the Alert was cut down by an imperial yacht, in Japanese waters; the sailing ship Portsmouth is reported as having been in collision with something, on the British coast; and now the Vandalia takes a hand in the new naval tactics, and runs down a merchantman. If this sort of thing keeps on, the opponents of the scheme for rebuilding the navy will soon be using the argument that more naval ships would be destructive of what few merchant vessels the country still possesses.

News and Notes.

Lieut. Danenhower, Dr. Newton Newcomb, naturalist, John Cole, boatswain, and Charles Tow Sing, Chinese steward, of the Jeannette expedition, arrived in New York on Sunday, May 28th, by the White Star steamer Celtic. Danenhower is blind in one eye, and Cole is insane.

In the superior court at Worcester, Mass., Saturday, Jesse J. Coburn was fined $2,500 on conviction of manslaughter, as being responsible for the deaths of Mr. Cahill and two children. Coburn was the owner of a boat which capsized at his wharf, July 4th, 1879, owing to the fact that she had been overloaded.

Hon. Richard Drury Rice, ex-judge of the Maine supreme court, and from 1863 to 1873 a prominent railroad man, died in Augusta, Me., Saturday, at the age of seventy-two years.

Capt. Wm. J. Lunt, who has been a pilot at Newburyport since 1845, dropped dead in the yard of his house on Saturday afternoon, while cutting a pipe of tobacco. He piloted a vessel into port in the forenoon, and ate his dinner as usual. He about sixty-one years old, and leaves a wife and three sons.

During a fire in the grocery store of Robert McNeall at Manayunk, about eight miles from Philadelphia, on Friday evening, a barrel of coal oil exploded, and twenty-eight persons, firemen and spectators, were badly burned, some of whom it is feared will die.

The orphans' court at Philadelphia, Saturday, decided that Mrs. J. Edgar Thompson, the widow of the late president of the Pennsylvania railroad, is entitled to over $50,000 under the provisions of her husband's will in preference to certain charities which claimed the money.

Ten Kickapoo Indians living on a reservation in Atchison county, Kan., were naturalized by the United States court at Topeka, Saturday, and are now full American citizens, under the act recently passed by Congress.

Greenfield, Mass., was visited by a tornado on Sunday evening. In a track not over half a mile wide and two miles long damage to the estimated amount of $50,000 was done, houses and barns being demolished or wrecked, fences laid flat and trees in great numbers uprooted. One man was fatally injured, and several others seriously hurt.

The census office has issued a bulletin showing that by the census of 1880 the number of persons in the United States was 50,155,783; the area in square miles, 2,900,170; the number of families, 9,945,916; the number of dwellings, 8,955,812.

The mayor of Philadelphia, Saturday, caused notices to be served upon the owners of several houses used for gambling purposes that unless the tenants were at once evicted, prosecutions would be instituted. The action has created great excitement among the gambling fraternity. A number of high-toned resorts are among those brought under the ban.

A locked mail pouch from Bangor for Rockland by the Pullman train, Friday night, was stolen from the platform while the train was in the depot, carried a short distance, cut open and rifled of its contents. There is no clue to the thief.

Willie Haley, aged eleven years, of Pownal, Vt., died Saturday, from the effects of three tablespoonfuls of Paris green, taken to kill himself Friday night. He asked a druggist a few days ago how much of the fatal drug it would take to kill a person. His father committed suicide by cutting his throat and hanging himself to a door latch, about a year ago.

In Providence, R. I., Saturday, Mary Ann Murphy, aged sixteen years, was fatally burned, her clothes taking fire from the stove. Her mother was badly burned in trying to extinguish the flames.

Railroad officials have made a thorough investigation into an alleged attempt at train wrecking about two miles above Meriden, Conn., Friday night, and reached the conclusion that the affair was a job put up by Watchman Frank Baggs to secure reward or promotion, and Baggs is in custody charged with placing obstructions on the track. The police are searching for Stephen Joyce, a dissipated character supposed to have been the watchman's accomplice or confidant. It is supposed by the railroad men that Baggs, reading the newspaper ecomiums at first heaped upon Way, the station agent at East River, Conn., conceived the idea of imitating him.

A San Francisco despatch says that Edward Schreffelin, a well-known Arizona prospector and frontiersman, has organized a party of five experienced men, himself included, to make a thorough prospecting tour of the valley of the Yakon river, Alaska. The party has ample means. A small, light draught, stern-wheel steamer has been built for river navigation, and will be taken on the deck of a schooner chartered for the purpose. Schreffelin believes Alaska is within the mineral belt which extends through South America, Mexico and British Columbia. The party expects to be absent for three years.

A well known gardener of Montreal, named Charles Bailey, died suddenly Friday night, having been deliberately poisoned by his wife with strychnine. The parties had never lived happily together, and the wife was frequently heard to express a wish that her husband was out of the way. She is supposed to be insane. The man died in great agony, and when told by a neighbor that her husband was dead, Mrs. Bailey said: "Oh, he is dead at last? Well, now I shall have some peace. He was the plague of my life."

A sad accident occurred Friday at a place six miles from Lagrange, Mo. Eli Gharkey, his wife and a young man named Hansford Allison were returning in a wagon from Quincy, when a storm of wind blew down a large tree upon the wagon, instantly killing Mrs. Gharkey and Allison, and severely, if not fatally wounding Mr. Gharkey. Mrs. Gharkey leaves four small children.

Queen of the Dove.

When we had finished with the climate, soil and productions of Idaho, one of the group asked:

"How about education facilities?"

"That's the only thing we lack," replied the old man with a mournful sigh. "We've got schools enough, but we can't keep no teachers."

"What's the trouble?"

"Well, take my school, for instance—only two miles from the nearest house, eminently situated on the top of a hill, and paying the highest salary. We can't keep a teacher over two weeks."

"Do they die?"

"Some do, though it's no place for dying. We had a young fellow from Ohio, and he met a grizzly and whistled for him. The grizzly cum. We had another, and a widder run him down and married him inside of a month. The third was lame, and the Injuns overtook him. Then we tried women folks. The first one got married the night she lit down there; I took the second about the middle of the third week, and the next was abducted by a stage robber."

"Why don't you get the ugliest, homeliest-looking woman you can find—some perfect old terror, like that lantern-jawed, razor-faced female over by the ticket window?"

"Why don't we? Stranger, you eastern folks will never understand us pioneers in the world—never. That's my wife, the identical school teacher I married, and she was the handsomest one in the drove!"

Notice.

BOSTON, May 26th, 1882.

The undersigned certifies that he was the holder of one-half ticket No. 47,969, which drew the Third Capital Prize of $5,000 in the ordinary Drawing (Class E.) May 9th, 1882, of the Louisiana State Lottery Company, the said ticket having cost the sum of one dollar ($1.) at the office of L. F. Crosby, No. 325 Washington St., Boston, Mass.; and the amount was promptly paid in full on presentation of the ticket at the office of the company at New Orleans. W. H. ACKERS,

Keep the Gums Healthy

If you want a sweet mouth and breath. If the gums become spongy, they lose their power to hold the teeth. The use of SOZODONT is invaluable because it removes the tartar which separates the teeth and gums.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan22

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and secures a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from laxitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither palls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and restores the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restoratives—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 2000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent.—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $5.00.—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. MEMORIAL DAY.

To-day being a legal holiday, no CHRONICLE will be printed to-morrow.

There is some anxiety about receiving the customary donations of flowers on Memorial day, as the season is so backward, and it is the earnest request of the committee having the matter in charge that flowers of any and all descriptions may be sent to the Court house *early* this (Tuesday) morning.

All veteran soldiers and sailors of the United States service are cordially invited to join with Storer Post, G. A. R., in the memorial exercises to-day, and are requested to muster at Grand Army hall at one o'clock, wearing dark clothes, black felt hat and white gloves, if practicable.

Ticket-holders to the evening exercises in Music hall are notified to be in their seats at a quarter before eight o'clock, as the exercises will commence *promptly* at that time.

The committee on evening exercises invite the members of the military organizations to appear in uniform at Music hall this evening, and take seats on the stage.

ROCKINGHAM CONFERENCE.

The Rockingham Conference of Congregational and Presbyterian churches will meet with the Second church in Exeter on Tuesday, June 6th, at ten o'clock A. M. The services will be as follows:

Tuesday—ten o'clock, prayer meeting; sermon by Rev. Albert Watson of Hampstead; choice of officers. Two o'clock P. M., reports of the state of religion in the churches; discussion of the topic "Religious declension: its causes and remedy, as shown by the reports of the churches," to be opened by Rev. Lyman White of Deerfield. Evening, 7:30 o'clock, discussion on the "Responsibility of Christians for the intemperance, gambling and haste to be rich of our age," opened by Rev. W. H. McGinley of Portsmouth and Rev. J. H. Stearns of Epping.

Wednesday—prayer meeting at 8:30 o'clock A. M.; at 9:30, discussion on "Sabbath desecration: our duty to-day," opened by Rev. W. H. Cutler of Hampton and John J. Bell, Esq., of Exeter; at 11:30, business meeting. At two o'clock P. M., sermon by Rev. W. A. Rand of South Seabrook; to be followed by the Lord's Supper.

The Rockingham County Woman's Missionary society will hold a meeting at eleven o'clock Wednesday forenoon.

All persons intending to be present at the conference are requested to send their names to Rev. George E. Street, Exeter.

A SETTLER.

As a "Lover of Law and Order" seems to doubt the truth of our statement that the sheriff was not violating his duty by selling liquors held under attachment in the way pointed out by law, we will call his attention to the opinion of the supreme court of New Hampshire delivered in the year 1856, in the prosecution of a man named Johnson. In that case Chief Justice Perley said:

We cannot think that the law relating to the sale of spirituous liquors was intended to have the effect of protecting that species of property in the hands of the owner against the right of the creditor to take it for his debt. If taken on *mesne process* or execution, such property must be held and disposed of according to law, like other property. If an attempt should be made under color of legal process to evade the law regulating the sale of spirituous and intoxicating liquors, the form of the proceeding might not protect the officer. But the officer is ordered by his precept to take the property of the debtor; the liquors are his property; they are not exempted by any positive law, nor, we think, by any implication, from the law relating to the sale of spirituous liquors; and the officer would be warranted by his writ in taking them, and in selling them fairly on execution, to satisfy the debt, under the general provisions of the law on that subject.

This decision settled not only the right but the *duty* of the sheriff to sell such property under legal process, and also apparently settles adversely the right of the sheriff to evade the law in the manner suggested by the "Lover of Law and Order." C.

The real spring is believed to have arrived; all previous ones this year have been base imposters.

The amount of the claim against the schooner Yankee Blade, on board which Mr. James Mahoney was killed last Saturday, is said to be $5000.

Asst. Naval Constructor George F. Mallett is detached from the Portsmouth navy yard, and ordered to the yard at Norfolk, Va.

There is a pleasing rumor afloat that we are to have the pleasure of witnessing the presentation of a bright comedy at Music hall next week, by Miss Norah Bartlett, supported by the favorite actor Mr. Haworth, of the Boston Museum company.

The June session of the Rockingham County Temperance Association will be held in the lecture room of the First Congregational church at Exeter on Thursday, the 1st inst., commencing at ten o'clock in the forenoon. A collation will be served at noon to temperance workers from out of town in attendance on the meeting.

Mr. Alvah A. Gilman, of this city, was driving a spirited young horse from Dover to Portsmouth one day last week, having his daughter with him, and when a short distance this side of the Dover point bridge the animal took fright at an old car standing beside the track, and ran away, throwing both occupants out of the wagon, and bruising both, though they luckily escaped any serious injury. The horse soon stopped, but not before he had badly smashed the wagon and considerably injured himself; he was led home by Mr. Gilman, the wreck of the wagon being beyond temporary repair.

Chief Naval Constructor Wilson arrived at the navy yard on Monday morning, and received the regulation salute.

On Monday forenoon the dead body of an unknown man was found near the Eastern railroad tracks at Revere, Mass., having probably been struck by the cars. He was about twenty-six years of age, had red hair, and wore a blue suit with brass buttons.

The schooner Harry P. Percy, a small craft registering 83.25 tons, Hinckley master, bound from Port Johnson for Dover with a cargo of coal, sprang a leak May 27th, and went down in five fathoms of water about eight miles off Rocky point, Long island. All hands saved.

Mr. J. F. Carter of Beverly, Mass., wholesale manufacturer of oil clothing, ten years or more ago inaugurated a plan which he has kept up ever since and which might well be imitated by others—that of taking not only his family but all his employees on a day's excursion once every year, selecting a different place to visit on each excursion. This year the party, numbering about fifty, will come to Portsmouth, arriving here at ten o'clock on Saturday next, and will make their headquarters at the Rockingham house; the programme includes a visit to the navy yard, dinner at the Rockingham, and a dance in Franklin hall until if is time to start for the railroad station to take the train for home.

The Osgood Dramatic Co., connected with Osgood Lodge of Odd Fellows, will give an entertainment in Odd Fellows' hall on Thursday evening, June 1st, commencing with "a drama of New Hampshire in two acts," entitled the "Reward of Crime: or, the love of gold," and concluding with the farce of "Slasher and Crasher." Tickets can be procured at F. B. Coleman's store.

Mr. Israel Hoyt, of Newington, one day last week saw a black fox in a swamp near Great bay.

The Boston, Concord & Montreal and Boston & Maine railroads have an important competitor for the freight business on this side of the lake, this season, in the Eastern railroad, which has put on a steamer and promises to deliver freight in Lake Village, from Boston, via Wolfeborough, for fifteen cents per hundred. Several cargoes have already arrived, principally cotton for the mills at Lake Village.—*Belknap Tocsin.*

Capt. Mahoney of Greenland, master of the sealing schooner Express, of Stonington, Conn., has arrived home, having recently brought his vessel into Stonington from a sealing trip in the vicinity of Cape Horn. Capt. Mahoney, who has been long engaged in this business, spent years on Desolation (or Kerguellan's land) and Hurd's islands when "beachmaster," as the captains of the gangs of seal-hunters left to winter on those desolate and now deserted shores were called; on one occasion he was two years on one of the islands named, the vessel sent out from Stonington to bring home him and his men, with their catch, having been destroyed by the confederate cruiser Alabama. Reading the account of the wreck of the sealing barque Trinity on Hurd's island, and the rescue of her crew a year later by the U. S. S. Marion, was to Capt. Mahoney very like making a visit home, as he well knows the localities, the beaches, the rocks and the houses described in the account, having passed more than one winter in the houses, and on one occasion witnessed the wreck of a sealing schooner within a few hundred feet of the spot where the Trinity went ashore.

How to Cook Rice.

Rice is becoming a much more popular article of food than heretofore. It is frequently substituted for potatoes at the chief meal of the day, being more nutritious and much more readily digested. At its present cost, it is relatively cheaper than potatoes, oatmeal or grain-grits of any kind. In preparing it only just enough cold water should be poured on to prevent the rice from burning at the bottom of the pot, which should have a close-fitting cover, and with a moderate fire the rice is steamed rather than boiled until it is nearly done; then the cover is taken off, the surplus steam and moisture allowed to escape, and the rice turns out a mass of snow-white kernels, each separate from the other, and as much superior to the usual soggy mass as a fine, mealy potato is superior to the water-soaked article.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

WHAT HAPPENED TO

Mr. Joseph Beach.

Stone in the Kidney Expelled after Using Dr. David Kennedy's "Favorite Remedy" about two weeks.

One of the most remarkable cases that has ever been brought to the notice of the public is that of Mr. J. Beach, of Stone Bridge, Ulster Co., N. Y. Mr. Beach had suffered since October 18th, 1874, from the presence of Calculous or Stone in the right Kidney. No less than seven physicians were employed at different times, to whom Mr. Beach paid hundreds of dollars for medical treatment, with only temporary relief from his agony.

By the urgent solicitations of his friends he was induced to try Dr. David Kennedy's "Favorite Remedy"—experienced a marked improvement from the first day he began to use the medicine; on the 18th of September he voided a stone as large as could passed through the natural channel.

Mr. Beach concludes a long letter to Dr. Kennedy by saying: "It will always afford me pleasure to recommend the "Favorite Remedy" to those who may be suffering from difficulties of the Kidneys and Bladder, or any disorder, arising from an impure state of blood. The "Favorite Remedy" sold by all druggists. The doctor's only address is Rondout, New York.

In an affray Friday night in a low house in Rockland, Me., Chas. McCorrison, who says he belongs in Boston, was struck on the head by Charles Gray, keeper of the house, and had his skull fractured. Gray escaped in his boat next morning. McCorrison's situation is critical.

Hazeel, the champion walker of the world said to a New York reporter, in the course of conversation: "St. Jacobs Oil is a wonderful medicine; I do not know what pedestrians would do without it, for it is their best friend. A rub of St. Jacobs Oil after leaving the track makes a new man of one and fits him again for the contest."

It is reported in Biddeford that Eben F. Plisbury, who won notoriety in the days of the famous Garcelon state steal, and afterward jumped the state and settled in Boston, is to return to Biddeford and start a democratic paper. The people of York county must be wicked beyond other men, to have this infliction sent upon them.

Good and Reliable.

A good and reliable family medicine is Sulphur Bitters. Every spring for six years I have been troubled with boils. Since I began using Sulphur Bitters I have not had a single one. You can rely on Sulphur Bitters every time.—*Editor Weekly News.*

The Kennebunk *Star* of May 26th says that during the previous week $175 in cash was contributed to the free public library of the town by three persons, besides a number of books.

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. The original and tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into dew life the entire process of digestion.

—"Listen, Auntie; what's that?" "It's the cuckoo, darling. Don't you know the cuckoo?" "Oh, yes! The cuckoo's that horrid bird that doesn't lay its own eggs!"

Eighty-Five Dollars Lost.

"You do not tell me that your husband is up and entirely cured by so simple a medicine as Parker's Ginger Tonic?" "Yes, indeed, I do," said Mrs. Benjamin to her neighbor, "and after we had lost eighty-five dollars in doctor's bills and prescriptions. Now my husband feels as well as ever."

—A woman who does all her own housework, attends to seven children, and turns her dresses half a dozen times to make both ends meet, may be a good Christian, but when a lady in a $1,000 carriage and a $500 dress halts at the door and asks her to subscribe to some charitable object, she can hardly be expected to act and talk like one.

A Peerless Perfume.

The refreshing aroma of Floreston Cologne, and its lasting fragrance make it a peerless perfume for the toilet.

—It is against the law to take from any stream trout under five inches in length. This no doubt is the reason why fishermen always claim that the trout they caught were at least ten inches long and weighed several pounds apiece.

Dyspepsia, heart-burn, nausea, indigestion, etc., are always relieved by Brown's Iron Bitters.

Mrs. Staples has returned to Worcester, Mass., with her fifteen-year-old daughter, who was enticed away by a travelling Bible agent, and ruined. The girl was found in Connecticut, where she had been deserted and left penniless.

The Secret Out at Last.

It has long been a source of wonder, as to why Courtney failed to meet Hanlan in a sculling contest. The general explanatory argument was, that he feared the little Canadian. The opinion, however, is exploded by the authentic announcement, that on the days fixed for the race, Courtney was unable to sit in his shell, on account of the intense itching and soreness caused by the piles. Having recovered through the use of Swayne's Ointment, he now announces that he will row Hanlan any time this summer.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In fresh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From L. S. Foust, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpe, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest *are its best friends.*

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, hundreds of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills may *often be saved* by prompt application of the Pain Killer. *Unlike most medicines,* it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN' IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1881.
Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the *king of medicines*.
JOHN K. ALLENDER.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic, together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS.

Why suffer with Boils? Why are you troubled with Headaches? Why have you that terrible Humor? Why that Weak Back and Loins? Why suffer with nursing sore nipples? Why have you that bad taste in the morning, and such a terrible appetite? Why are you troubled with Nightmare, and such frightful dreams? Why have you Dyspepsia? Why are you so nervous? Why are you so easily startled, and why do you feel so miserable? Why have you Rheumatism? Why have you Fever and Ague? Why are you troubled with Piles? Why have you Costiveness? A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

The sailing sloop-of-war St. Mary's, Capt. Henry Erben, the New York nautical schoolship, was at New London, Conn., recently, where she put in to wait favorable weather to sail for Lisbon on her summer cruise.

The dyspeptic, nervous individual, who is vainly seeking rest and sleep, will get relief by using Wheat Bitters.

The Powhatan is in need of extensive repairs, but must go from Norfolk either to New York or Boston, or else wait until after July 1st, as the appropriation at the Norfolk navy yard is exhausted.

Delicate Females.

The exactions of society, added to the cares of maternity and the household, have tested beyond endurance the frail constitutions which have been granted the majority of women. To combat this tendency to premature decline, no remedy in the world possesses the nourishing and strengthening properties of Malt Bitters. They enrich the blood, perfect digestion, stimulate the liver and kidneys, arrest ulcerative weaknesses, and purify and vitilize every function of the female system.

It is worthy of remark that none of the navy yards of Great Britain are in the neighborhood of large cities, that of Deptford, near London, having been abandoned several years ago.

When you feel out of sorts, have the blues, melancholy, etc., it must be indigestion that ails you. Brown's Iron Bitters cures it.

The judge advocate general of the navy has been investigating the title of the United States to the ground on which the Boston navy yard is situated, and finds the title perfect.

"An Odd Street Scene."

He was seen in front of the office rubbing himself against the telegraph post like a flea-bitten dog. "What is wrong?" we ventured to ask. "Gotem, 'gent,'" he said laconically; have 'em every spring, small lumps form about the rectum; sore to the touch; they itch like blazes; "a telegraph pole's like an oasis in the desert to me." Here then, was poor humanity suffering from a complaint which a few applications of Swayne's Ointment for itching piles, would have thoroughly eradicated.

New York & New England Railroad.

A new time-table has gone into effect upon this road. Some of the changes are quite marked, and will prove acceptable to the public. The 9:00 A. M. train from Boston will still leave at that time, with Pullman cars for Hartford and New York, arriving at the latter place at 4:22 P. M. It also has through passenger coaches to Hartford, Waterbury, Danbury, Fishkill Landing and Newburgh on the Hudson river.

The train which has heretofore left Boston for Hartford at 1:00 P. M. will not leave until 1:50 P. M., thereby making direct connection with trains on the Eastern railroad leaving Portsmouth at 10:00 A. M. and arriving at Boston at 1:15 P.M.

The time of nearly every train between Boston and Providence has been quicked from twenty minutes to half an hour, which, with virtually a double track from Boston to Providence, an excellent roadbed, and superb cars, are inducements which will take a large share of this business.

One of the most important changes is that of the Washington express and Norwich Line trains, which will leave at 7:00 P. M. instead of 6:20 P. M. as at present. This reduces the time of the boat train to three hours and ten minutes between Boston and New London, and insures a connection with all lines from the north and east. Returning, the Norwich Line train will not leave the boat until 4:15 A. M. instead of 3:15 as formerly, and the Washington train, north-bound, will not leave that city until 4:20 P. M., making the run through in fifteen and one-half hours, arriving in Boston at 7:55 A. M.

To the travellers between this city and Washington this is a desired and appreciable accommodation.

AROUND HOME.

Mr. Fred Frisbee of Kittery Point goes to Long beach, York, this week, to open his house there for the summer; his brother-in-law, Frank W. Call, goes with him to take charge of the books. Mr. Frisbee has had a number of men at work for some days on his fine yacht, than which no better craft can be found at the beach. Mr. Fred Dame of Kittery Point will start in a few days for the White mountains, to put up a public house for summer boarders. The large new barn on the Burnham farm at Gerrish's island is nearly completed, and the carpenters from Boston will go home this week.

Julia Hayes, aged forty years, was found dead at Newmarket on the floor of her room at a corporation boarding-house, early Sunday morning, the 28th ult. Coroner Shackford and the selectmen viewed the body and deemed an inquest unnecessary. She had not lived with her husband for several years, and excessive drinking evidently caused her death. She leaves a son twelve years old, at Great Falls.

Sea fowl in great numbers are reported off the beaches in this vicinity now.

The schooner Harry P. Percy, Hinckley master, before reported sunk on the passage from Port Johnson for Dover, when in Long Island sound about two miles east of Horton's point light on the morning of May 27th, sprang aleak, and in order to save as much as possible of the vessel and cargo the captain headed her for the Long island shore, but at four o'clock in the morning on the 28th, when off Rocky point near East Marion, she sank in five fathoms of water. The crew, three in number, had entered their yawl-boat, and put in it their personal effects; Capt. Hinckley remained at the wheel until the water on deck was knee-high, when he sprang into the boat, and the vessel went down almost immediately. In sinking it is supposed the cargo shifted, as she lies heeled to port, heading directly on shore, and distant from it about one-eighth of a mile.

Sawyer's band, of Dover, is highly complimented for the quality of the music furnished by the organization in this city on Memorial day, afternoon and evening, though they played a grain too loudly, perhaps, in the hall. The band is really a fine one, and a credit to Dover; and the uniform is as neat and serviceable a one as is often seen. The organization never appeared on dress parade before Memorial day.

We have frequently heard our friends in York county say that Mr. Reed of Maine was not likely to be again a candidate for congressional honors. It has been thought that York county should have by this time a representative from her borders. In a house of representatives of not a very exalted average Mr. Reed has more than once shown his parliamentary ability, and his absence from the Maine delegation in the next Congress would be a positive loss. Had he been speaker, we should have probably heard less of scenes of disorder which have demonstrated the very moderate ability of Mr. Keefer as a speaker of the house of representatives, and the mistake in his selection.

Elder Paine of York has been engaged to preach at Beech Ridge another year.

Pay Director Caleb J. Emery, U. S. N., was retired on the 28th of May, having attained the age of sixty-two years. He was formerly a deputy sheriff at Nashua, and was a good business man, and hence has made an excellent paymaster. He was on duty as paymaster at this station several years ago. Pay Director Emery was appointed a purser in the navy by his friend President Pierce, in 1855.

A Boston paper says: "The steamer Acushnet, which runs between Boston and Portsmouth, will make the experiment of extending her trips to Dover." Hardly; she will transport passengers and freight between Dover and Boston, but the merchandise will be carried between Dover and this city in lighters.

Mr. Josiah Norton, whose house is at Short sands, York beach, near Union bluff, already has a number of boarders in his house, from Chicago.

THE KNABE PIANO.

Mr. D. H. Montgomery has just returned from a trip to New York and Baltimore, accepting an invitation from Messrs. Wm. Knabe & Co., the celebrated piano forte makers, to visit their factory and inspect their work. He reports not only having found the members of the firm gentlemen of the highest order and of unbounded hospitality, but the "Knabe" instruments themselves to be most perfectly and thoroughly constructed in every particular, the whole being under the immediate supervision of Mr. Ernest Knabe, senior member of the firm, who is a practical, as well as a theoretical, piano-forte maker. The tone and touch, as well as the durability, of these instruments are most remarkably perfect and satisfying, even to the greatest artists and critics, as all who have used them cheerfully testify. They are extensively used in public houses and places of amusement throughout the middle and southern states, and of late have become very popular for use at musical conventions and festivals throughout the country. They are also the favorite piano in the highest society and among prominent members of Congress resident in Washington and vicinity. A "Knabe Grand" is to be seen at the White House, selected by Mrs. President Hayes. The Knabe pianos have been made for nearly half a century, and heretofore have been sold chiefly in the middle and southern markets; but since the war they have been introduced more extensively to northern trade, where they are fast gaining the enviable reputation that they have so long enjoyed in the south. Mr. Montgomery made several selections for his stock in addition to what he had before, among which is a parlor or "Baby" grand; not a baby in tone, but only in size, being only six feet and one inch long, but possessing a remarkably powerful and rich tone—thus adapted at once for the concert hall and private parlor as well. A cordial invitation is extended to all admirers of a really beautiful and thoroughly reliable piano, to call at Mr. Montgomery's warerooms and inspect the "Knabe."

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent,—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00,—*no assessable.* This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. For further particulars enquire of

MEMORIAL DAY.

The ceremonies were carried out according to the programme, except that the procession was three-quarters of an hour late in starting. The marines made a fine appearance, as they always do; they appeared on our streets in their new regulation helmets for the first time. The City Guards, under command of Lieut. Wm. E. Grogan, looked well and drilled well; the Portsmouth Cavalry, Capt. E. D. Coffin, appeared with well filled ranks, and made a fine show; and the Grand Army of the Republic turned out with over a hundred war veterans. The exercises at the cemetery were interesting, and the volley firing by the marines was perfect; and the dress parade on Market square, after the return of the procession, passed off finely. The evening exercises in Music hall were attended by an immense audience, every reserved-seat ticket having been sold before the doors were opened.

Gay Post, G. A. R., of Newmarket, appropriately observed Memorial day, and an address was made by Rev. C. B. Pitblado.

Memorial day was very appropriately observed in Hampton by eloquent speaking in front of the town hall, excellent music by a band from Amesbury, Mass., marching to the cemetery in long procession, and the decoration of the soldiers' graves by the school children, with flowers beautifully arranged. The gathering of people was very large, including many from the neighboring towns of Rye, North Hampton, Hampton Falls and Seabrook.

In the Trinity cemetery, at New York, while the ceremony of decoration was being performed, the flag that called forth the celebrated order, "If any man attempts to haul down the American flag shoot him on the spot," was displayed by the John A. Dix post of the Grand Army. It is the property of Rev. Morgan Dix, son of the general and rector of Trinity.

CONCORD RAILROAD MEETING.

At the annual meeting of the stockholders of the Concord railroad on Tuesday, May 30th, Mr. J. H. Pearson presented his annual objections to the management by the directors of the corporation of which he is a large stockholder. Mr. Pearson's protest setting forth his complaint in detail acted upon Col. George like the display of a red flag to a mad bull, and the colonel at once opened his customary consolidation-anti-Pearson speech, and said some things indiscreet and impolitic. He objected to Mr. Copeland's assuming to come into the Concord railroad meeting because he (Copeland) had been counsel for the Lake Shore road last summer. Col. George's being in the meeting as counsel for the Lowell road was all right, but that Copeland should be present at a railroad stockholders' meeting to represent on the floor the largest stockholder outside the board of directors was wrong, according to Col. George's ideas. The stockholders wanted the free ride and a dinner, and apparently took but little stock in the talk of either counsel, but re-elected the old board of directors, and evidently considered that with the directors paying ten per cent dividends on the one hand, and Mr. Pearson and his lawyers on the other side keeping watch over the property, the investment remains as safe as usual.

A QUEER CLOCK.

A new-fangled clock on exhibition in the window of Mr. True W. Priest's store on Market square has attracted considerable attention for some days past. It is between two large panes of glass, and has neither pendulum nor weight, nor (so far as can be seen) any other motive power; all there is of it, apparently, are two little brass cog-wheels and two big hands, the latter being pivoted a little way from their centres, and balanced on the pivot by flat weights about as big as a silver dollar, on the shorter ends. Mr. Priest informed us on Wednesday afternoon, the 31st ult., that the machine had been running ever since the previous Monday morning, without being touched so far as he was aware, and keeping pretty fair time. The inventor and maker of the contrivance is Mr. Charles A. Barth of this city.

THE CITY GUARDS.

The City Guards, (Co. C, 1st Reg't N. H. N. G.,) Lieut. Wm. E. Grogan commanding, deserve more than a passing notice for the very creditable display they made on Memorial day. They turned out with twenty-two muskets, and not only received (and deserved) the commendation of the non-military lookers-on for their neat and soldiery appearance, but won words of hearty approval from old campaigners among the war veterans, for their steadiness in marching and their proficiency in drill. The company deserves credit for having maintained its organization in the face of many discouragements,—not the least of which has been a lack of friendly interest by the public, indicated by a much greater apparent readiness to jeer at and censure shortcomings than to award due praise when merited, which of course has had a most demoralizing effect on the members,—while so many "crack" companies, which flourished for a time like a green bay tree, under the approving smiles of the ladies and generous patting on the back by the prominent militia officers, have one after another dropped off the list; and from the showing made by the company on Memorial day we feel safe in saying that the members intend to merit public and official support, whether they get it or not.

The finest clover field that we have seen in this vicinity this spring is a little one about ninety feet square, close by the Eastern railroad station, and owned by the corporation.

The small fishing boats came in on Wednesday of this week with good fares of fish. The lobster smack Addie & Hattie sailed for the eastward that day for lobsters; the schooner Grace Choate sailed in search of bait, for a salt fishing trip.

The Plymouth is to be repaired in the vacant ship-house near the shears at the navy yard. Preparations for taking her up will begin to-day.

At a meeting of the directors of the Portsmouth Shoe Co., elected last month, Wm. W. Whitcomb, Esq., of Boston, was re-elected president, and Mr. Charles H. Mendum of this city treasurer.

Quite an excitement was caused late on Tuesday afternoon of this week by the tumbling overboard of three children, who were playing on some logs waiting to be sawed at Mason's mill, and were thrown into the water by the rolling of the logs. Their screams brought prompt assistance, and they were soon rescued with no more serious harm than fright and a thorough wetting.

The flag was displayed at half-mast from the pole at Liberty bridge on the 31st ult., on account of the death of Mr. Samuel Hadley. For over forty years Mr. Hadley was employed as a shoemaker by Hill & Carr, and James M. Carr, his specialty being the making of ladies' boots by measure. He was one of the oldest members of Piscataqua Lodge of Odd Fellows.

The Vandalia is ordered to proceed to this station for repairs.

Information has been received of the death on May 29th, in Brooklyn, N. Y., where he was a broker, of Mr. Mark F. Laighton, a native of this city, which he left early in life. He was sixty-one years old at the time of his death, which was caused by pneumonia. He leaves a widow and three sons.

A twenty-two pound salmon was trapped in the Mitchell weir at the mouth of this harbor, one day this week.

An apple tree in a south-end garden was reported to be in full bloom on Wednesday of this week—the first report of that kind made to us this year.

Wm. R. Foster, Esq., returned on Tuesday of this week in improved health from a western trip on which he went as far as St. Louis, Mo.

We make a stirring announcement this morning in the advertisement of Miss Norah Bartlett's entertainment at Music hall next Tuesday evening.

At about ten o'clock Wednesday evening, May 31st, the police were requested to look out for a boy named Tucker, son of Mr. Timothy A. Tucker, who was reported as having been missing from his home since about three o'clock in the afternoon of that day.

The schooner Satellite, Adderton master, was at Portsmouth bridge on Wednesday afternoon of this week, with a load of bricks from up river, bound for Boston. The schooner Annabella, Donnell master, from York, was at the bridge on her way to one of the Eliot brickyards with a load of firewood.

Commodore Chas. W. Pickering, U. S. N., and family, have returned from a winter and spring sojourn at the south.

Though there was a large number of strangers in the city, Memorial day, and all the saloons (with the exception of M. Garrity's) had their front doors open as usual, but very few persons were to be seen on the streets in a state of intoxication, not an arrest was made, and not one drunken disturbance was reported.

The dramatic society connected with Osgood Lodge, I. O. O. F., will give an entertainment at their hall this evening, consisting of a New Hampshire drama and the farce of "Slasher and Crasher." Tickets can be had at F. B. Coleman's store.

[*For other local matter see second page.*]

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan22

A PLEASANT LETTER.

It Rings of a Grateful Heart and gives Honor where Honor is Due.

Mr. William W. Chadwick, of Hatchville, Conn., writes under date of June 14, 1880, to Dr. Kennedy, to say that the use of "Kennedy's Favorite Remedy" has cured him of Gall stone, from which he had experienced everything but comfort for a long time. Mr. Chadwick felt wholly cured when he wrote, and says: "I have had no pain for six months, and have also regained my flesh and can stand a fair day's work. I recommend Kennedy's Favorite Remedy to any one suffering from a deranged liver." Grateful patients are common. Dr. Kennedy is daily in receipt of letters from them, expressing similar sentiments. These letters are spontaneous and put in all varities of phrasecology, but invariably setting forth one thing—the value of "Kennedy's Favorite Remedy" for many forms of disease. It may be just the thing you have been looking for. Is your liver disordered? Have you derangement of the kidneys or bladder, associated with constipation of the bowels? If so, you want "Kennedy's Favorite Remedy." Dr. Kennedy practices medicine and surgery in all their branches. Write and state your case frankly. Letters promptly answered. Address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE Great LIQUID FOOD
FOR BLOOD, BRAIN AND NERVES.

IS A SUPERIOR NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A DRAM OF ALCOHOL OR DRUG. Highly recommended by Chemists and Physicians as
A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,
as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is necessary to the brain, strengthens and quiets the nerves, purifies the heart's blood, and thereby makes only the best flesh, bone and muscle. IS A WONDERFUL BUILDER IN NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA. Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. DELICATE FEMALES, NURSING MOTHERS and WEAKLY CHILDREN can find no remedy equal to this healthful blood and nerve food. IS For sale by all Druggists. $1.00 per bottle. Prepared only by WHEAT BITTERS CO.
Office 19 Park Place, New York City.

Mr. George A. Caswell, a native of Dover but long a resident of Washington, D. C., died in the latter city May 27th. He settled in Washington after the war, since which time he has filled several responsible places under the general government, and was appointed in 1878 commissioner and intendent of the Washington asylum, discharging the many and difficult duties with honor to himself and profit to the public interests. He leaves a wife and one child. Mr. Caswell was an exceedingly popular man socially, and was well known in his official life for his sterling integrity of character; he was commissioner and intendent of the Washington asylum at the time of his death. The remains were brought to Dover for burial.

Secretary Chandler on the 27th ult. telegraphed to Rear Admiral Nicholson, commanding the European squadron, to send a vessel to Alexanderia, Egypt, to look after the interests of the United States there, and to protect their property if necessary. An answer was received from Admiral Nicholson on the 29th, dated Lisbon, Portugal, stating that two vessels of his squadron are now on their way to Alexandria.

Delicate Blanc-Mange.

Stir into one quart of rich milk, one teaspoonful of Sea Moss Farine, and place your farine kettle where it can cook slowly for an hour or more. Stir it often, add a cup of sugar. Flavor and strain.

Prof. Wm. B. Rogers, of the Massachusetts Institute of Technology, dropped dead May 30th while making an address to the graduating class.

Flies and Bugs.

Flies, roaches, ants, bed-bugs, rats, mice, gophers, chipmunks, cleared out by "Rough on Rats." 15c.

Decline of Man.

Nervous weakness, dyspepsia, impotence, sexual debility, cured by "Wells Health Renewer." $1. Depot, J. H. Thacher's.

Advices from Egypt report a terrible state of apprehension among the European residents, and with good reason. The European powers are reported to be preparing for armed intervention.

New lungs cannot be made by medicines, or the skill of physicians, but the old ones can be strengthened and preserved by the use of Adamson's Botanic Balsam, a sure cure for coughs, colds, asthma and all diseases of the lungs. Price, 35 and 75 cts.

Schooners Diver and Venture have been lost near Newfoundland, with all hands. The sealing brig Peerless is missing, with seventy-five men; a steamer has been sent from St. Johns to look for her.

The medical profession universally and heartily approve of Wheat Bitters as a blood, brain, and nerve food. It is unrivalled.

The body of a new-born male infant has been found behind a stone wall, about four miles out from Laconia, on the road to Meredith. The child had evidently been drowned in a watering trough near by, and the body was done up in a large sheet of Manila wrapping-paper, having upon it the name of an unknown lady. Search is being made for the parties implicated in the affair.

Rose Cold and Hay Fever.

MESSRS. WHITE & BURDICK, Druggists, Ithaca, N. Y.—I can recommend Ely's Cream Balm to relieve all persons suffering from rose cold and hay fever. I have been a great sufferer from these complaints; by using the Balm have had great relief. I have recommended it to many of my friends for catarrh, and in all cases where they have used the Balm freely have been cured. T. KENNEY, Dry Goods Merchant, Ithaca, N. Y.

Messrs. Wm. Rust & Sons, Druggists, New Brunswick, N. J.—Since boyhood I have been troubled with catarrh and hay fever, and have been unable to obtain permanent relief until I used Ely's Cream which has cured me. After a few days' use I could sleep all night. E. L. CLICKENER, New Brunswick, N. J. Price fifty cents.

Apply into nostrils with little finger.

The unveiling of the Father Blodgett monument at Dover took place May 30th, in the presence of 5,000 persons. The ceremonies were participated in by the various Irish organizations, the whole being under the direction of Father Murphy, priests from surrounding cities and towns assisting.

We call the attention of our lady readers to the advertisement in our columns of James Fyle's Pearline, for laundry and kitchen purposes. An article so popular and widely circulated, must possess merits that commend it to the favor of housekeepers.

The wife of Dr. A. G. Fenner of Dover was thrown from a carriage May 30th, and seriously and perhaps fatally hurt.

Nervousness, peevishness and fretting, so often connected with overworked females' lives, is rapidly relieved by Brown's Iron Bitters.

Gregg & Son's sash and blind factory at Nashua was burned May 30th; loss $8000; insured. Over a hundred men are thrown out of employment.

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpsr, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest *are its best friends.*

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

PERRY DAVIS & SON, Proprietors, Providence, R. I.

CatarrH

DIRECTIONS.

For Catarrh, Hay Fever Cold in the Head, etc., insert with little finger a particle of the Balm into the nostrils; draw strong breaths through the nose. It will be absorbed, cleansing and healing the diseased membrane.

FOR DEAFNESS, Apply a particle into the ear, rubbing in thoroughly.

Hay-FeveR

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a week'y invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN' IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1881.
Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters: I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the *king of medicines*.
JOHN K. ALLENDER.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic, together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS.

Why suffer with Boils? Why rack with terrible Headaches? Why scratch and toss on that bed of pain with Rheumatism? Why make you humble yourself to your friends, like the poor sufferer? Why suffer from Dyspepsia? Why groan with Kidney Complaint? Why let your blood become poisoned? Why let your system become a prey to every malady? Why let your liver become torpid, your bowels costive? Why let your nerves unstrung? Why let your blood become thick, sluggish and impure? Why let your skin become a mass of pimples? Why let your system become a prey to Fever and Ague? Why let your Kidneys become deranged? Why let your Urine become high colored? Why let your Urine deposit a sediment? Why let your Urine be scanty? Why let your Urine be frequent? Why let your Urine be attended with pain? Why let your Urine be suppressed? Why let your Urine be retained? Why let your Urine be Diabetic? Why let your Urine be Albuminous? Why let your Urine be Bright's Disease? Why let your Urine be Gravel? Why let your Urine be Stone? Why let your Urine be Brick Dust? Why let your Urine be Mucous? A Great B[illegible]
"Swayne's Soothing Syrup" [illegible]essing to Mothers and Nurses.
This new [illegible]'s Teething Cure" for infants. [illegible] theory and infallible remedy [illegible]ved the lives of thousands of children. When the child is in pain, or rest[illegible]s with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very noble medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

FRIDAY, JUNE 2, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

Dangerous "Kerosene."

In the United States circuit court at Boston, May 31st, before Judge Nelson, Messrs. Cottle & Pitcher, wholesale liquor dealers at No. 30 Washington street, were complained of for violating the internal revenue laws. A barrel of whiskey was sent to a customer in Claremont, N. H., "where a prohibitory law exists," as the report states. The barrel had been duly stamped and gauged by the government officers, but a false head of veneer was placed over the real head, the barrel was painted blue, the heads red, and the whole labelled "kerosene oil." This was done to oblige the customer, and not (nor is it so claimed) to evade the revenue laws. A test case was made, and the firm is accused of violating the United States statute on the subject. The alleged facts being admitted a *pro forma* verdict of guilty was returned, that the case might be brought before the court on the law points involved. M. F. Dickinson, Esq., represented the defendants, and he will move a new trial.

A Great Calamity.

The iron and nail mills of Wheeling, W. Va., shut down May 31st, throwing 2000 men out of employment, the proprietors refusing to sign the new scale of wages ordered by the trade union. A general strike and lock-out in the iron-working interest has commenced, and vast loss to employers and suffering to workmen and their families must result.

Thirty-six iron mills in Pittsburg, Pa., and vicinity, put out their fires June 1st, throwing 18,000 men out of work. Five mills have signed the new scale, and will keep at work.

The scale was presented to all mills of the Mahoning valley, Ohio, May 31st; all refused to sign, and no work was done at any of them June 1st. Brown, Bonnell & Co. ordered all their furnaces and coal mines to be closed down. This strike throws 10,000 men out of employment in the Mahoning valley alone.

Three of the five mills at Newport, Ky., shut down June 1st, the manufacturers refusing to sign the demand of the boilermakers for an advance.

At St. Louis, Mo., the Laclede rolling mill, Helbacker forge, Harrison wire works, and the Nut & Bolt Co.'s works, have all closed.

News and Notes.

The dead-lock in the national house of representatives, after lasting about two weeks, was broken by the seating of Mackey as representative from Orange county, S. C. The case is a queer one. Mackey, a republican, was elected by an overwhelming majority, but the democrats counted their man in, and the governor gave him a certificate. Mackey prepared to contest the seat, but the counted-in man died before Congress met. Thereupon the democratic managers ordered a new election; but the republicans of the district, who had once elected Mackey, refused to take part, and one Dibble was declared elected by the counters, a few hundred votes only being cast. It was to seat Dibble, and to prevent the seating of the rightful claimant, that the democrats in Congress wasted so much time. Another contest, Bisbee of Florida against Finley, the former having been elected by the republicans, and Finley counted in by the democrats, was taken up on the 1st inst.

By an accident to the pumping gear in the Alta mine at Virginia City, Col., June 1st, the mine was flooded with water; six men were cut off from escape, and drowned by the rising of the flood.

The first blue-fish of the season were received in Boston on the 31st ult., and retailed at twelve to fifteen cents a pound.

The National Soldiers' and Sailors' Home has given its house in Washington, worth $50,000, to the Garfield Memorial hospital. In the list of directors of the hospital for the first year are the names of Gen. Sherman, Mary E. Blair and Miranda Tullock.

At Braggville in Holliston, Mass., is a herd of sixty-five yearlings. Some time since one came from Brighton, and on the 27th ult. it died under the following symptoms: After an illness of only two hours from apparent healthfulness, a convulsive movement and trembling was followed by turning in a circle, frothing at the mouth, and a rush for water, where it remained until death. Since then four others have died in a similar manner. May 31st the selectmen and board of health visited the premises, ordered the herd to be isolated, and all dead animals buried.

AROUND HOME.

At an adjourned town meeting in Rye, May 27th, the committee appointed at the former meeting to receive proposals from parties who had lands to sell suitable for a cemetery, reported that they had received five proposals, the most eligible of which the committee thought was that of Joseph W. Garland, who offered five acres of land near the Centre for $1500; the proposition was rejected, and the matter of a new cemetery laid on the table. The selectmen were authorized to put in an abutment at "Doctor's mill-bridge," near Concord point, $400 being appropriated for the purpose.

Mr. H. E. Evans, landlord of the hotel Bartlett at York beach, has suffered severely for some time with a bad abscess, but is now nearly well. His indisposition has retarded the completion of the extensive enlargement and improvements of the hotel, but the work is nearly done. The furniture for the house was made in Fisherville, N. H., and sent to Portland to be painted; it will be transported by water from Portland to York harbor.

A necktie and apron festival in the Methodist church at Spruce creek, Kittery, for the benefit of the church, is announced to be held June 6th.

There was a town meeting in York on the afternoon of the 31st ult., called to take action on the request of Horace McIntire and partner for an extension of time for the completion of the improvements to the Bass Cove road until October, on the grounds that unexpected obstacles in the shape of hard clay and unfavorable weather have retarded the work, and that the busy season for farmers having commenced it will be a serious detriment to the contractors to be obliged to finish the job immediately.

According to the Boston *Post*, the people of York county are not to have the boss state-stealer inflicted on them. It says "The statement going around to the effect that Hon. Eben F. Pillsbury was to remove to Biddeford and take charge of a democratic newspaper is without any foundation in fact. Mr. Pillsbury has been urged to do so by democrats of York county, but he has no idea of accepting the invitation, being now well established in business in Boston. There is now one good democratic paper in Biddeford, published and edited by John Hanscom, a veteran in the party's service. Mr. Hanscom only needs an assistant of good ability as a political writer to make the *Statinel* all that the York county democracy requires in the way of an organ."

The high school at Kittery, taught by Mr. Frank E. Rowell, has at present about fifty scholars; declamations are given every Tuesday, and there is a class in botany which recites twice a week, when specimens brought in by the pupils are dissected and examined under the microscope.

The Sea View house at Long sands, York beach, has been remodelled since last season under the superintendence of the proprietor, H. M. Perkins, and its two stories are now topped with a mansard roof; the interior of the house has been entirely re-arranged. The alterations and improvements are nearly completed, and the house will be opened for the reception of guests about the middle of this month.

The new steeple of the old church at York village is nearly completed, the painters having commenced work on it early this week; it is a very handsome spire, and is twelve feet higher than the old one. In the steeple will be placed a town clock with three dials, the clock having been paid for by the subscriptions of prominent citizens of York.

The annual session of the New England Convention of Christian Churches occurs next week, with the Christian church in Kittery, commencing at ten o'clock A. M., on Tuesday, and ending on Thursday evening. Business meetings each day, and preaching each evening.

Landlord Grant, of the Sea Cottage at York beach, has added twenty-eight feet to the length of his stable since last season, and the structure is now eighty feet by fifty-one on the ground, and has a cupola. Mr. Grant at the present time keeps four cows and five horses, and has stabling for twenty horses; he has added to his rolling stock two new buggies, and a new party-wagon which will seat twenty persons. The Sea Cottage will open for the reception of summer boarders about the 20th of June; travellers are accommodated all the year round.

In a bunch of bananas hanging at the door of a fruit store in this city, on Thursday last, was found a bird's nest, evidently built there when the bananas were growing, quite large twigs being used in its construction. In the nest were a number of very pretty feathers, of a bright green, and also a snake's skin. The problem in the minds of the persons who inspected the "find" is whether the snake ate the young birds and afterwards shed his skin in the nest, or was himself caught by the old bird and fed to her young.

"The cliff" at York, one of the sights of the town, can only be reached by a road which passes through private property; this road is closed by a gate and carriages are permitted to pass only on payment of twenty-five cents toll.

—The old lady came down to her breakfast in a bed humor and, sharply addressing her son, said: "Charlie, did you leave that whiskey bottle on the parlor table?" "No; I guess dad took it." "Why do you guess your father lost it?" "Cause its empty."

—Jesse James was a very liberal man, and has received many blessings for the charity he extended to those who needed help. He stole the money he gave away, but when necessary, and sometimes for fun, did not hesitate to murder innocent people. He had many noble traits of character.

—Little boy has been swearing, and mamma, to punish him, washes thoroughly the inside of his mouth with soapsuds, "to," as she explains to him, "clean away the naughty words." A few days later, while passing the bathroom, she sees the younger with his face one mass of suds and his mouth so full that she barely understands his spluttering explanations: "Getting them all out, mamma! swore five times yesterday!"

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest reputation in both sides of the Atlantic, as an invaluable food in the debilitated cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the flow of milk, sharpens the appetite, invigorates the babies up the entire system, and excites vigorous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, overstudy, or nervous excite, will derive substantial benefit from its use. It renews the system in its normal condition, and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who are troubled with the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restoration and especially those who are inclined to Consumption—will find this preparation most suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of surrounding foods, and its effect is invariable to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from Alcohol. It is readily retained on the stomach and contains nourishment wholesome and nourishing ingredients. The genuine preparation bears on the label a fac simile signature of BARON VON LIEBIG, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Fortunes in Colorado.

ONE of the greatest mining enterprises in that famous mineral state is the Atlantic-Pacific Tunnel, which was started a little more than one year ago to tunnel through a range of mountain over 25000 feet, cutting at right angles more than 200 known silver and gold bearing veins of ore at the great depth of 4000 feet, to make fortunes for those interested. A safe and permanent investment for large or small sums, and a good prospect for large dividends. Safer than savings banks. More durable than bonds. The first year's tunneling of 1200 feet, crossed six or eight veins, which produced a dividend of ten per cent.—probably the smallest that will ever be declared, as new veins of known great value will be cut within a year, which the management have good reason to believe will necessitate the sale of no more stock. Shares are now selling for a short time only, at $3.00,—*no assessable*. This is no stock jobbing concern, but a legitimate working enterprise; every dollar received is invested in opening the tunnel. For further particulars enquire of

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, regular meeting, Thursday evening, June 1st, Mayor Sise in the chair:

Present, the full board.

The records of last meeting were read and approved.

A few small bills were approved, and ordered paid.

Several applications for leave to open streets to repair drains, were granted.

Application of C. M. Gignoux for permission to lay a drain on State street, was referred to the committee on sewers, with power.

Daniel Littlefield and others asked for a light on Green street, near the railroad crossing; referred for report.

A number of applications for relaying of sidewalks, were referred for report.

Wm. H. Smith and others asked for a light on the corner of School and High streets; referred for report.

The committee on city lands and buildings reported in favor of closing the streets laid out at the city farm some years ago, and it was ordered done; the streets discontinued to be put in charge of the superintendent of the farm.

The city messenger reported that on Memorial day he found it very difficult to hoist the flag on the staff on the city building, on account of the obstruction occasioned by several telegraph or telephone wires; referred.

The committee to whom the matter of Mr. Willey's claimed right of way at the gravel pit was referred, were granted further time.

A message was received from the Common Council, announcing that they had refused to concur in the aldermen's amendment to the appropriation bill, of $800 for heating school-houses, and added items of $500 for two furnaces for the Cabot street school-house, and $400 for steam heating apparatus for the engine house of steamers No. 3 and No. 4; also that the council concurred in the board's addition of $150 to repair the chimney of the Haven school-house, and refused concurrence in all the other amendments. As returned by the council, the bill was passed; and the board then adjourned.

HORSE-THIEF CAUGHT.

On Thursday forenoon last City Marshal Entwistle arrested a man giving the name of Frank Weymouth, on suspicion that he was a horse thief "wanted" in Lawrence, Mass., to answer to a charge of plying his profession there. After being taken into custody the fellow confessed to the stealing of two teams, one in Lawrence, on the 19th of May, which he sold in Brighton for $50, and the other in Marblehead, Mass., on the 21st, which he sold to some person about three miles outside of Portland, Me., for $100. He had been in this city a week or more, and was arrested on a description sent around by the city marshal of Lawrence. His real name is Frank Winn, and he belongs in Shapleigh, Me.; he has also gone under the alias of Frank Hill, as well as Frank Weymouth. He will be sent to Massachusetts to-day. Portsmouth is a bad hiding place for horse thieves, as they are nearly always gathered in before they are here many days.

GOOD TEMPLARS' SOCIABLE.

On Wednesday evening of this week Strawberry Bank Lodge, No. 54, I. O. G. T., gave a supper, invited guests and members of the lodge numbering nearly 150 participating, the tables having to be set twice to accommodate the party. After the supper an entertainment was given, during which speeches were made by P. W. C. T. Charles S. Dodge, Major Urch, and P. W. C. T. John A. Goss; also a recitation by Master Percy O. Smart, entitled, "The Shoemaker;" after this part of the programme was through a social party was held, in which nearly all participated, breaking up at a reasonably late hour, all having had a good time.

PARISH MEETING.

The Universalist society held a parish meeting on Monday evening of this week, and elected the following named gentlemen as wardens for the ensuing year: Edward E. Vaughan, James M. Carr, D. Edwin Junkins. The wardens extended a call to Rev. W. E. Gaskin of Nashua, who conducted the services at the church on Sunday, May 28th. This gentleman is a native of Nashua, and was educated at Buckteli college in Akron, Ohio, and fitted for the ministry at Tufts divinity school in Somerville, Mass. He has been preaching for four years in Machias, Me. It is thought he will accept the invitation of the society in this city.

GEO. A. JACKSON & CO.'S SHOP.

Mr. Editor: Walking along Elm street a few days since, my attention was attracted by a building recently erected just across the millbridge, on the western shore of the pond, and bearing the sign "G. A. Jackson & Co., carpenters and builders." Curiosity took me to the building, which is on Dearborn street, where I met Mr. Jackson, the senior member of the firm, (Mr. Albion Littlefield is the junior member,) and was invited to inspect the premises, which I did. The building is forty feet long, twenty-two feet wide, and has twenty-two feet posts. The lower floor is used for the storage of rollers, jacks, tackles and other gear for raising and moving buildings of any size. The second story is the joiners' shop, which occupies the whole size of the building, and is the most cheerful and pleasant shop of the kind I ever saw, being nine feet six inches high, and lighted by fourteen large windows. The third floor is to be used for the storage of lumber, for the purpose of drying. There are large sliding doors on each floor, in the westerly end of the building, and in the pediment end is a spur to be used for hoisting in stock. The sills of the building are about fifteen feet above the high water level of the millpond, and when the cupola is finished the point of sight from it will be about forty feet above it; a fine view of the navy yard and the hotel Wentworth can be had from the upper windows, and the view from the cupola will be much more extended. Messrs. Jackson & Co., employ quite a large number of men, on work in Portsmouth and the surrounding towns.

PEDESTRIAN.

Mr. Editor: With a single exception your report of the Memorial day exercises was very commendatory, and must be highly gratifying to those having the matter in charge. That exception was the statement that the procession was three-quarters of an hour late in starting! This is an error, as evidenced by the official programme printed in the CHRONICLE of Saturday, 27th ult., when taken with the knowledge that the procession started at 2:14 o'clock, the time set for the start being two o'clock. Yours, U.

The British schooner Minnie Currie, Crowell master, which arrived at this port on the 28th ult. from Port Medway, N. S., with a cargo of ties for the Eastern railroad, brought also 426 dozen eggs to J. G. Hall & Co.

Mr. William T. Rand, for some time engaged as writer in the office of the clerk of the United States circuit court in this city, has made an engagement as clerk in the brewery of Messrs. Jones, Cook & Co. at South Boston.

The steamer Mystic, Capt. Rashe Trefethen, on Memorial day transported across the river, between this city and Kittery, 659 passengers, exclusive of children under the paying age.

Mr. James F. Jenness has commenced haying early this year; there was a man mowing in his orchard on Thursday evening.

Scythes and lawn-mowers of all the best makes can be found at the hardware and paint store of Pryor & Matthews, Market street.

The steamer Gypsy, which has been hauled out and housed in at the Raynes shipyard since last fall, had the covering removed on the 1st inst., and will at once be put in trim for the summer's work at the hotel Wentworth.

The coal shed on Lyman's wharf, used by E. F. Sise & Co., is undergoing repairs.

The schooner Albert Woodbury of this port, Downs master, went into Boston a few days ago with a face of mackerel that stocked her $600, all taken at one haul; her crew shared $25 per man.

A cellar has been dug on the lot next the residence of Mr. George A. Jackson on Dearborn street, whereon is to be erected a house for Mr. George M. Huntress, carriage manufacturer; the building is to be square, two stories high, and have a mansard roof.

Capt. Watson's gondola was on the 1st inst. taking on board a cargo of coal for Newmarket, at E. F. Sise & Co.'s wharf. The little steamer Three Brothers was lying alongside, to tow the gondola up when loaded.

There is a likelihood that the 4th of July will be celebrated in this city by a procession of "antiques and horribles" in the forenoon, and a series of games on Market square in the afternoon, with prizes for the winners of the several events. The matter is in good hands, and all that is needed to insure success, and a consequent large influx of people from the surrounding towns on that day, is a liberal contribution of funds by the parties most to be benefitted by a throng in the city.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

A PLEASANT LETTER.

It Rings of a Grateful Heart and gives Honor where Honor is Due.

Mr. William W. Chadwick, of Hatchville, Conn., writes under date of June 14, 1880, to Dr. Kennedy, to say that the use of "Kennedy's Favorite Remedy" has cured him of Gall stone, from which he had experienced everything but comfort for a long time. Mr. Chadwick felt wholly cured when he wrote, and says: "I have had no pain for six months, and have also regained my flesh and can stand a fair day's work. I recommend Kennedy's Favorite Remedy to any one suffering from a deranged liver." Grateful patients are common. Dr. Kennedy is daily in receipt of letters from them, expressing similar sentiments. These letters are spontaneous and put in all varities of phraseology, but invariably setting forth one thing—the value of "Kennedy's Favorite Remedy" for many forms of disease. It may be just the thing you have been looking for. Is your liver disordered? Have you derangement of the kidneys or bladder, associated with constipation of the bowels? If so, you want "Kennedy's Favorite Remedy." Dr. Kennedy practices medicine and surgery in all their branches. Write and state your case frankly. Letters promptly answered. Address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE Great LIQUID FOOD FOR BLOOD, BRAIN AND NERVES.

IS A SUPERIOR NUTRITIVE MEDICINE, RICH IN HYPOPHOSPHITES, AND NOT A CHEAP, ALCOHOLIC DRINK.—It Highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is necessary to the brain, strengthens and quiets the nerves, purifies the heart's blood, and thereby makes only the best flesh, bone and muscle. IF IT WORKS WONDERS, curing **NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA,** Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. Rufus Hatch reckons the wealth of W. H. Vanderbilt and his sons at $300,000,000, that of Russell Sage at $60,000,000 to $75,000,000, Jay Gould at $40,000,000 to $50,000,000 Keene at from $25,000,000 to $30,000,000, and Commodore Garrison at $25,000,000.

At Leadville, Col., May 31st, D. W. Feister, a noted thief and burglar, shot one Bartemas, who returned the shot, killing his assailant. Bartemas died soon after.

George W. Hillard, of Greenwood, Me., is under arrest for outraging Abbie M. Chapman. He is an old offender, just out of the Maine state prison.

The Tennessee, Kearsarge, Enterprise, Alliance and Yantic arrived at Hampton roads May 30th, from a cruise of several weeks for squadron drill. During the cruise a seaman of the Enterprise fell from aloft and was killed.

Good and Reliable.

A good and reliable family medicine is Sulphur Bitters. Every spring for six years I have been troubled with boils. Since I began using Sulphur Bitters I have not had a single one. You can rely on Sulphur Bitters every time.—*Editor Weekly News.*

Thomas Flaherty and two young men whose names are unknown, were drowned in the river at Holyoke, Mass., May 31st, by the capsizing of a boat. Their bodies have not been recovered.

Beware of Imitations.

The delicate odor of Floreston Cologne is entirely novel. Look for signature of Hiscox & Co., N. Y., on each bottle.

Henry Bush, a bartender, on the night of the 31st ult. went to the Lindsey tavern, a disreputable house on the line between Pawtucket and Lincoln, R. I., where Mrs. Isabella Halle, wife of the proprietor, who is in the insane asylum, was tending bar. The woman was called to another room, when Bush followed, shot her dead, and escaped. Bush eloped with the woman a few months ago, but she had returned and refused to have further intercourse with him.

A Good Foundation.

In American households the prevailing complaints are weakness of the stomach and its consequences, indigestion, nervousness and rheumatism. Such sufferers can lay a good foundation for health by using Parker's Ginger Tonic, as it tones up the stomach and nerves, and keeps the kidneys active to carry off the foul matter.—*N. O. Picayune.*

On the night of Memorial day some contemptible wretch defaced the handsome soldiers' monument on the grounds of the State Normal school at Millersville, Pa., by bespattering it with ink and other substances. The monument is ruined.

Nervousness, peevishness and fretting, so often connected with overworked females' lives, is rapidly relieved by Brown's Iron Bitters.

John I. Davenport says that Kenward Philp not only did not write the Morey letter, but knew nothing about it. The author of the letter lives in Cumberland, Maryland.

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From L. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharper, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest are its best friends. Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills may often be saved by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

PERRY DAVIS & SON, Proprietors, Providence, R. I.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or offered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of BROWN' IRON BITTERS, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1881.
Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the *king of medicines*.
JOHN K. ALLENDER.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic, together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

News and Notes.

The liquor dealers of Boston and vicinity have formed an association to promote by all lawful means an active resistance to prohibitory legislation in relation to their trade. The liquor men are continually asserting that prohibition does not decrease liquor drinking, and yet they are always opposing it.

The "straight greenback" state convention of Maine was held in Bangor on the 30th ult., and Solon Chase, "the father of greenbackism," was nominated for governor, and a full set of candidates for congressmen. The democrats tried to capture the convention, but could not circumvent "them steers." Solon and his friends do not propose to be made a bob for the democratic kite.

Hapgood & Smith of Athol, Mass., have sold their match splint factory to the Diamond Match company, a corporation organized under the laws of Connecticut with a capitol of $2,500,000. The principal object of this company is to control or monopolize the match business in all its branches in the United States.

In Taunton, Mass., most of the flowers placed on soldiers' graves on Memorial day were stolen that night.

Charles Young, aged sixty years, dropped dead in Sutton, Mass., Memorial day, while watching a game of base ball.

Forty small flags used to designate graves decorated in the Catholic cemetery at Milford, Mass., were removed on Thursday by the church authorities. The flags were torn and the sticks broken. Much indignation is expressed at this action, as might have been expected. The day for that kind of performance to be approved of has long passed.

The "regular greenback," alias assistant democratic, state convention of Maine was held at Bangor on the 1st inst. Gov. Plaisted, who has proved himself the servile tool of the democratic party, was of course renominated.

A lad while walking on Bateman's beach, near Newport, R. I., last Thursday, espied what proved to be a body in the surf. It was brought ashore and subsequently identified as one of the Lowe brothers, who were drowned March 27th while returning from fishing in a small sail-boat. It was disfigured to such an extent as to preclude identification as to which of the brothers it was. It was taken in charge by a coroner, and a verdict rendered accordingly.

A Chilton, Wis., despatch says: "Gold in paying quantities has been discovered on the farm of Mr. Maxwell in the town of Stockbridge, and considerable machinery has been purchased to work the mine. Iron was also discovered there."

A Cincinnati girl has sued her mother for slander, demanding damages in $10,000. A Boston girl could settle the affair with a broom handle.

Edward Stabler of Sandy Springs, Md., claims to be the oldest postmaster in the country. He was appointed to the office he now holds by President Jackson, fifty years ago, under the first postmaster-general who was a cabinet officer.

A miserly farmer of Litchfield, Mass., has been buying broken down horses every spring, working them hard all summer, and killing them in the fall. As he paid hardly anything for the beasts, and avoided the cost of wintering, the plan proved profitable, until a Bergh society had him heavily fined.

Two German children named Herman and Christine Plumer, aged eleven and eight years respectively, were playing on the bridge at Adams, Mass., last Thursday evening, when the girl fell into the river, and the boy jumped to rescue her. They floated a quarter of a mile, and both were taken out dead. Their parents are recently arrived immigrants.

The "Art Amateur" for June contains a finely illustrated notice of the Paris Salon, with special reference to the pictures by American artists and to those coming to this country. Other exhibitions in Paris, New York and Philadelphia are also vivaciously criticised. There are capital practical articles on modelling in clay and on amateur photography, and some timely hints on the decoration of country "boxes" are given, together with the first of a series of articles on illuminated manuscripts, supplemented by valuable hints for amateur illuminators. The departments of Ceramics, Bric-a-brac, Needlework and Art in Dress are well filled, and the usual liberal array of designs for china painting, embroidery and general decoration completes a fine number of this deservedly popular art magazine. Price $4 a year; single numbers thirty-five cents. Montague Marks, publisher, No. 23 Union square, New York.

The schooner Alfaretta, of Newburyport, went into that port on Wednesday morning, May 31st, with about three thousand fresh mackerel, caught off Cape Cod. This was the first arrival of mackerel there this season, and the fish found a ready sale, retailing from the boat at five cents each.

The Greenland fishing fleet from Gloucester, Mass., this season, will be larger than for any year since 1872, comprising five or six first-class vessels. The schooner Mary E. sailed some weeks ago, intending to fish around Flemish Cap until an opportunity presents itself to make the passage north. The schooner David A. Story sailed Monday night, May 29th; the schooner Herman Babson is ready to sail, and the schooner Hattie L. Newman will fit for Greenland as soon as she arrives home from the banks.

An Episcopal church, forty by sixty feet on the ground, is to be built at once at Old Orchard, the sills having already been put in position.

How To Get Into One's Shoes.

The accompanying item was clipped from one of our New York exchanges: "Any one desirous of knowing just how to get into his shoes even though suffering with swollen ankles, the result of rheumatism, ought to call on Ex-Alderman James G. Powers, of the twenty-fifth ward, Brooklyn, N. Y., and get his experience in the matter. He will tell just how quickly St. Jacobs Oil reduced the swelling and cured the rheumatism, and also that he is never without a bottle of the wonderful substance in his house."

Building a Hen Coop.

"My dear," said Mr. Spoopendyke, as he appeared before his wife with a broad grin on his face, "say, my dear, I've bought some chickens so we can have fresh laid eggs. Look!" and he held out a couple of pair of fowls tied by the legs, for Mrs. Spoopendyke's contemplation.

"Well, upon my word!" exclaimed Mrs. Spoopendyke. "Of all things! chickens! Ever since we've been married I've wanted chickens!" and she approached the birds cautiously and with a look of misgiving that belied her words. "Where can we keep them?"

"In a coop, Mrs. Spoopendyke, in a coop!" retorted her husband, laying the chickens on the bed while he divested himself of his coat and vest. "We might keep 'em up the chimney or in the clock, but we probably won't. We'll just keep 'em in a hen coop, and I've got the laths and nails down stairs to build it with. Come down in the yard," and Mr. Spoopendyke grabbed his acquisition by the legs and started off, followed by his wife.

"Do you know how to build a coop?" asked Mrs. Spoopendyke, as she watched her husband dig a post hole in the corner she had reserved for a geranium bed.

"If I don't, you probably do," snorted Mr. Spoopendyke, kicking away at the spake until he loosened his leg. "Now, I put this post here and then one there. Then the two fences make the rest, and I only lath up these two—gast the post!" he concluded, as it toppled over on his ear "Can't you hold it up? What're you sitting around there like a cork in a jug for? Hold it up, will ye?"

Mrs. Spoonpendyke grasped the post firmly with both hands and held it at an angle of thirty degrees

"Now hold it perfectly still while I dig the other hole," and Mr. Spoopendyke hacked away at the ground again and set his second post.

"I see what you mean," giggled Mrs. Spoopendyke. "You slat it up from one post to the other and then put the chickens in. My! how nice that'll be!"

Mr. Spoopendyke glared at her a moment and then began putting up his laths, standing between the posts and the fence corner and whistling as he worked.

"Now," said he, as he finished, "what do you think of that?"

Mrs. Spoopendyke examined the job critically.

"It's a perfect palace!" she exclaimed. "But sas dear, how are you going to get out?"

"Yah-h-h! roared Mr. Spoopendyke, bounding into the air. "Why didn't ye tell me? What'd ye want to let me build myself in like a dod gasted mummy for? Ain't ye got any sense at all anywheres? Why didn't ye watch what I was doing?" and Mr. Spoopendyke grinned horribly through the slats.

"I supposed you were going to build a hole in it," faltered Mrs. Spoopendyke.

"So I am!" yelled Mr. Spoopendyke, jamming his leg through the structure. "Want any more holes?" and he kicked the side half way across the yard. "Four chickens, four holes!" he roared, and the laths flew in all directions. "Want any more holes?" and he smashed the roof out with the spade. "Holes constantly on hand! If you don't see the hole you want, ask for it?" and he blew out the end with terrible energy. "New goods coming in all the time! Second hand, holes a specialty!" and he banged out the other end. "Parties wanting holes to send in the country will consult their interests by applying here before going elsewhere!" and he ripped down the rest of the coop with a clatter. "Want any more holes in this particular coop?" he roared, wrenching out the posts and slamming them across the yard. "Does this hen coop begin to convey the impression of having a hole in it?" he demanded, stalking up to his wife.

"Yes, dear," replied Mrs. Spoopendyke, soothingly. "I'm so glad you got out, but where can we keep the chickens now?"

"Keep 'em!" ripped Mr. Spoopendyke, with a horrible grimace, and grasping the wretched fowls by the legs, "who's going to keep 'em?" and he cut the lashings. "S'pose I'm going to ruin my business just to gratify every measly whim of a dod gasted woman?" and he jerked the chickens into the air.

"Never mind," cooed Mrs. Spoopendyke, as the last bird slid over the fence and disappeared, "Chickens are a nuisance anyway. We really didn't need any."

"Why didn't you say so before I bought 'em?" blurted Mr. Spoopendyke, looking around on the wreck, "and, besides, I don't believe we would have had many eggs, because these chickens were all roosters."

And Mrs. Spoondendyke followed her husband, who stormed around the rest of the evening because she couldn't find the *Eagle* of January 12, 1879, which he had cautioned her to save because there was something in it he wanted to read, and which he had used the next day, in conjunction with the back breadth of her new flannel petticoat, to clean his shot gun with.—*Brooklyn Eagle.*

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are; A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

A FINE VESSEL.

The schooner Spartan, Hodgdon master, which arrived at this port on Wednesday of this week from Virginia with coal, is an old acquaintance, having made five trips to this port, if not more. She is owned by L. W. & P. Armstrong of New Haven, Conn., and was built by Goss, Sawyer & Packard at Bath, Me., and launched in September, 1880; she is 154 feet long on deck, 25 ft. 4 in. beam, and sixteen feet in the hold; her frame is of white oak and her planking hard pine, and she is fitted with all the approved modern appliances for saving labor and expediting work; and no handsomer vessel was ever built on the Kennebec. On a previous trip here another schooner, the Harry Messer, built from the same model and of the same size as the Spartan, was lying at the same wharf, almost the only difference in the two vessel beings in the arrangement of the cabins. The Spartan carries well, and Capt. Hodgdon says she is a fine sea-boat; and she certainly sails well. The last time she was here she sailed for Wiscasset, Me., after discharging her cargo of coal, loaded ice there, and made the run from Wiscasset to Norfolk, Va., in four days; and on her return trip she made the run from Newport News to this port in seventy-two hours, with 903 tons of coal on board. Capt. Hodgdon has been here so many times that he considers himself more than half naturalized, particularly as his wife was a South Hampton girl.

AN INDISCREET ADVOCATE.

Some weeks ago Hon. S. W. Hale visited this city, and was driven out to the farm of Hon. Frank Jones by Mr. John Pender, where the two were of course courteously entertained by Mr. Jones. Mention of this trifling matter having been made by the *Journal*, the Concord *Blade* was moved thereby to make some comments not at all complimentary to either Mr. Hale, Mr. Pender or Mr. Jones, to which the *Journal* replied that Mr. Pender "is always attentive to strangers, and ready to point out the places of interest in our city. Mr. Jones' farm is always interesting, and one of the first places the editor of the *Blade* should visit when he comes to old Strawberry Bank. He will find Mr. Jones a gentleman, and a fit associate for any man." In answer to this the *Blade* remarks:

In the same sense in which Mr. Jones is a gentleman, was Jesse James and probably Capt. Kidd, as well as many other lawbreakers that compel a support from the people.

The *Blade* is not on our exchange list, (and we are glad of it,) and Mr. Jones is on the opposite side from us in politics, (more's the pity, for a man with his sound "horse sense" and eminent business ability should be on the right side in politics, as we are;) but we must inform our Concord brother that if he expects to advance the temperance cause by making such scurrilous attacks as the one we have quoted, upon a man against whose moral character and personal habits not even a suspicion has ever been breathed, so far as we are aware, we think he has mistaken his vocation.

GENEVA AWARD CLAIMANTS.

The *Journal* gives the following as the claimants in this city and vicinity under the Geneva Award bill recently passed by Congress:

Philip Holmes, Ezra H. Winchester, T. Salter Tredick, Daniel Marcy, Mark H. Wentworth, J. Gilman Moses, Ichabod Goodwin, Samuel Adams, George W. Pendexter, John H. Broughton, Charles H. Mendum, Thomas E. Call, John S. Pray, and the estates of James N. Tarlton, Washington Williams, William F. Parrott, William R. Preston, William P. Jones, Edward F. Siso, George Raynes, John Chase, Horton D. Walker, John E. Salter, James S. Salter, William Simes, William Lambert, Jonathan M. Tredick, John Davis and William Pettigrew.

POLICE COURT.

FRIDAY, June 2; *Batchelder, J.*

After a rest of about two weeks the court held a session on Friday, and disposed of two offenders, Andrew Snow and Simeon Mayo, who were assessed $9.90 each, fine and costs.

In the afternoon Henry Tucker was brought before the court, charged with an assault on John W. Langdon, but after a patient examination into the case the accused was discharged.

AROUND HOME.

A fine morning for the sale of Miss Norah's tickets, at ten o'clock to-day, at Preston's.

The Court street Christian society will give a strawberry festival in Congress hall on Monday evening next.

Rev. W. E. Gaskin, of Nashua, has accepted the call extended to him by the Universalist society in this city, and commences his pastorate on Sunday.

The Middle street Baptist society will have a strawberry festival in Congress hall on Thursday evening, the 8th inst.

The Lilly Mammoth Variety Troupe will give an entertainment in Franklin theatre on Tuesday evening of next week. Of this company the Manchester *Star* of April 13th says: "A large audience enjoyed the performance of the Lilly Mammoth Variety Troupe this afternoon at Music hall, the ladies and children being out in full force. That they were delighted with the entertainment was evident from the frequent rounds of applause. The specialities, including singing and dancing, sketches, etc., rounded out a programme of two hours and a half of highly enjoyable amusement." See advertisement.

The Universalist society will have a strawberry festival, with dramatic entertainments, readings, musical exercises, etc., in Congress hall on Tuesday and Wednesday evenings, June 13th and 14th.

Mr. George M. Huntress says he is not going to build a house on the lot on Dearborn street next Mr. George A. Jackson's, as has been stated.

The new Episcopal church on Madison street being nearly completed, all persons disposed to unite in forming a parish in connection with said church are requested to meet at the Episcopal chapel on State street, on Wednesday evening, June 7th, at eight o'clock. The object of this meeting is simply to ascertain, in some degree, what is the feeling in regard to forming a parish, and of course will be entirely informal.

The Newburyport *Herald* says a concert will probably be given in that city some time this month by the orchestra of the hotel Wentworth, assisted by other talent. If it is given, the Newburyporters will have a treat.

Few things are more saddening to the sensitive heart than the having to discard an easy-fitting pair of boots or shoes, with the certain consciousness that a new pair *must* be "broken in." The man or woman who is sadly contemplating such an act, can have the beloved foot-wear (unless it is demoralized wholly beyond redemption) rejuvenated by leaving it with Mr. J. Wesley Young at No. 12 Hanover street, where leather that will wear will be applied in the best and neatest manner. Further, Mr. Young charges are very reasonable, and work is ready for delivery at the time specified. [The last statement may seem incredible, but it is true.]

The Boston *Post* says that Mr. Charles M. Green, for eight years and up to a recent date clerk of the Rockingham house in this city, is now room-clerk at the Tremont house in Boston.

The neighbors and friends of Mr. Morris Hobbs of Hampton, who for eight weeks was seriously ill, invaded his farm in that town and plowed and planted three and one-half acres of potatoes, putting into the hills three casks of plaster, and two casks of Bradley's superphosphate. Three acres of the above work was done in a steady rain in three hours. A few days later they also planted one and a half acres of corn. These kindly deeds are worthy of wide publication.—*Journal.*

—A man went out to kill fish with explosives at Metmora, Indiana. He made ready to float an ignited cartridge in the trout stream, but held too it long, and it blew off his hand. The Fisherman's Club, of Indianapolis, have resolved that the accident was "a severe yet not undeserved punishment."

—A man who had been carried to a Philadelphia hospital while suffering from the effects of a severe contusion was asked if he had been treated kindly while there. "Considering all things," he answered, "I think I have no right to complain. They amputated both of my feet, removed my collar-bone, cut off my right arm, trepanned me, took out a piece of the under jaw, sawed my left hip bone in two, and were about to excavate five or six ribs when a fire broke out in the establishment and the police got away with the rest of my body in safety."

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&w1jan83

BRIGHTON CATTLE MARKET.

For week ending Wednesday, May 31.

[Reported for the Boston Journal.]

Amount of stock at market—Cattle 829; Sheep and Lambs 3800; swine 15,025; Veals 120; number of western cattle 580; eastern and northern cattle, milch cows, etc., 249.

Prices of Beef Cattle per 100 lbs, live weight—Extra quality $8 75 @ 9 75; first quality $7 75 @ 8 62½; second quality $7 12½ @ 7 62½; third quality $6 12½ @ 7 00; poorer grades of coarse oxen, bulls, etc., $4 50 @ 6 00.

Brighton hides 8½c @ 9c ℔ lb.
Brighton tallow 6¾ @ 7c ℔ lb.
Country hides, light ones, 6 @ 6½c ℔ lb; heavy ones, 6 @ 6½c ℔ lb.
Country tallow 5c ℔ lb.
Calf skins 12 @ 12½c ℔ lb.
Shearings sheep skins 25 @ 35c each; wool skins $1 @ $1 75 each.

The supply of western cattle brought into market during the past week has been very light, and quite a large number of large number of those brought in were owned by shippers, which were bought at the west for slaughtering purposes, the beef of which is to be shipped per steamers for the English markets. Prices of all grades of beeves have advanced fully 50c ℔ 100 lbs over those obtained one week ago. The cattle which were offered in the market here to butchers were mostly of a common grade, there being but a few extra beeves among them. As prices are reported as broken at Chicago it is probable that cattle will be afforded at less prices the coming week than has been obtained for them this week.

Working Oxen—Not much call for them. A few pair each week is all the demand requires at present, as there are but few purchasers looking for workers, most of them being bought up for beef.

Store Cattle—With the exception of milch cows and springers there are but few stores being offered for sale, consisting of only rows and farrows.

Milch Cows and Springers—Extra $55 @ 80; ordinary $20 @ $50; springers $18 @ $70. Trade for extra cows has been fair; common grades not in so good demand. We note sale of 3 new milch cows at $70 each; 2 do at $70; 2 cows and calves at $70 each; 1 springer $45; 4 new milch cows at $190; 1 cow and calf $50; 1 do $65.

Veal Calves in fair demand at 3 @ 6¾c ℔ lb live weight.

Sheep and Lambs—Western sheep cost, landed at Brighton this week, from 6 @ 6¾c; western spring lambs from 8 @ 9c per lb, live weight, all owned by butchers, none being offered on the market for sale.

Swine—Prices of spring pigs range from $2 @ 5 50 ℔ head; shoats 6 @ 8c ℔ lb, live weight. Western fat hogs were all owned by butchers, costing, delivered at the slaughter houses, from 7½ @ 8¼c ℔ lb, live weight.

A PLEASANT LETTER.

It Rings of a Grateful Heart and gives Honor where Honor is Due.

Mr. William W. Chadwick, of Hatchville, Conn., writes under date of June 14, 1880, to Dr. Kennedy, to say that the use of "Kennedy's Favorite Remedy" has cured him of Gall stone, from which he had experienced everything but comfort for a long time. Mr. Chadwick felt wholly cured when he wrote, and says: "I have had no pain for six months, and have also regained my flesh and can stand a fair day's work. I recommend Kennedy's Favorite Remedy to any one suffering from a deranged liver." Grateful patients are common. Dr. Kennedy is daily in receipt of letters from them, expressing similar sentiments. These letters are spontaneous and put in all varities of phraseology, but invariably setting forth one thing—the value of "Kennedy's Favorite Remedy" for many forms of disease. It may be just the thing you have been looking for. Is your liver disordered? Have you derangement of the kidneys or bladder, associated with constipation of the bowels? If so, you want "Kennedy's Favorite Remedy." Dr. Kennedy practices medicine and surgery in all their branches. Write and state your case frankly. Letters promptly answered. Address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE Great LIQUID FOOD FOR BLOOD, BRAIN AND NERVES.

IT A SUPERIOR NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A CHEAP, ALCOHOLIC DRINK. Highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is necessary to the brain, nerves, bone and muscle, supplies the heart's blood, and thereby makes solid flesh, good bone and muscle. It is a wonderful worker, curing NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA. Produces a healthy action of the Liver and Kidneys, fortifies the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. DELICATE FEMALES, NURSING MOTHERS and WEAKLY CHILDREN can find no remedy equal to this healthful blood and nerve food tonic. For Female by all Druggists. $1.00 per bottle. Prepared only by WHEAT BITTERS CO., Office 19 Park Place, New York City.

The Massachusetts legislature passed a law making it a penal offense for a parent to abandon a child,—a crime which is rapidly increasing in Boston and other large cities.

The monument in Tappan, N. Y., erected by Mr. Fields upon his own grounds, to the memory of Andre, has toppled over and fallen to the ground, in consequence of attempts to blow it up destroying the foundation.

Walker Blaine and W. H. Trescott, special envoys to the South American republics, arrived at New York on the 1st inst. by steamer Acapulco, from Aspinwall.

William Hampson, who works in the Waring hat shop at the Concord (Mass.) state prison, was badly burned about the head and face, May 31st, while using benzine about his work case. His injuries are considered fatal.

Col. Bisbee, the republican who was elected to Congress from Florida by the ballots of the voters of his district, was on the 1st inst. seated by the house; Hull, the democrat who was elected by the democratic election officers, goes home.

Mr. James O. Neville, the general import and export agent of the Allen line, and general Dominion shipping agent, of 538 Dorchester street, Montreal, Canada, says: "While on a late excursion trip to the states, my old foe, the rheumatism, attacked me, and gave me a rough siege. Having read the endorsements of well known people who had used St. Jacobs Oil I determined to give it a trial. In two weeks time I was as well as ever, and fully able to attend to my business."

—A literary man, who had recently published a book, was observed to be very downcast last week. "What is the matter?" said a friend, "you look all broken up." "No wonder," was the answer, "I've just been blown up by a magazine."

Delicate Females.

The exactions of society, added to the cares of maternity and the household, have tested beyond endurance the frail constitutions which have been granted the majority of women. To combat this tendency to premature decline, no remedy in the world possesses the nourishing and strengthening properties of Malt Bitters. They enrich the blood, perfect digestion, stimulate the liver and kidneys, arrest ulcerative weaknesses, and purify and vitilize every function of the female system.

—The western railroads can discount the patent medicine men and Jumbo proprietors as advertisers. The Chicago & Rock Island advertises rides over its line as a cure for dyspepsia, and publishes testimonials.

The dyspeptic, nervous individual, who is vainly seeking rest and sleep, will get relief by using Wheat Bitters.

—A two weeks-old babe of Mr. Columbus Bridges of Randolph county, Ky., was blown out of the house and between logs without being hurt, or even waked up, during the recent cyclone. What a policeman that boy'll make when he grows up!

Nervousness, peevishness and fretting, so often connected with overworked females' lives, is rapidly relieved by Brown's Iron Bitters.

—A minister once asked a condemned criminal in a Paris jail, "What kind of a conscience have you?" "It's as good as new," replied the prisoner, "for I have never used it."

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have *seen* its magic effects, and *know* it to be a good article.

From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpe, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest are its *best friends*.

Its success is *entirely* owing to its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before*. Every family should have a bottle *ready for use*. Much pain and heavy doctors' bills may thus be saved by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. **Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.**

CatarrH

DIRECTIONS.

For Catarrh, Hay Fever Cold in the Head, etc., insert with little finger a particle of the Balm into the nostrils; draw strong breaths through the nose. It will be absorbed, cleansing and healing the diseased membrane.

FOR DEAFNESS, Apply a particle into the ear, rubbing it thoroughly.

Hay-FeveR

—A fair trial will convince the most skeptical—

ELYS' CREAM BALM

Effectually cleanses the nasal passages of Catarrhal virus, causing healthy secretions, allays inflammation and irritation, protects the membranal linings of the head from additional colds, completely heals the sores and restores the sense of taste and smell. Beneficial results are realized by a few applications. A thorough treatment as directed will cure Catarrh. As a household remedy for cold in the head and snuffles it is unequalled. The Balm is easy to use and agreeable. Sold by all druggists at 50 cts. On receipt of 50 cts., will mail a pack age. Send for circular with full information.

THE New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or expected by men from Portsmouth or its neighborhood; and in just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a week'y invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities where is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

37 Walker St., Baltimore, Dec. 28th.
For six years I have been a great sufferer from Blood Disease, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach, in fact, life had almost become a burden. Finally, when hope had almost left me, my husband seeing Brown's IRON BITTERS advertised in the paper, induced me to give it a trial. I am now taking the third bottle and have not felt so well in six years as I do at the present time.

The woman's crusade in Farmington against the rumsellers is being carried on without fear or favor.

Mr. H. H. Duncklee, formerly of Greenfield, became the landlord of the Chandler house, formerly the Haseltine house, at Manchester, on the 1st inst. Improvements are to be made throughout the house, and it will be known hereafter as the hotel Windsor.

The lumber mill on the Ammonoosuc river at Stark, owned by John W. Deering of Portland and run by McKeeman & Scott of Augusta, Me., was burned last Thursday. Loss $8,000; partially insured.

A good story is told of two Nashua fishermen who journeyed to a neighboring town on Memorial day for the purpose of sounding a trout brook. The two gentlemen had hardly cast their lines when they were attacked by an ugly bull, and compelled to escape up a tree, where they remained until late in the day.

Col. Whitcomb French, one of the oldest residents of Peterboro', died May 31st, at the age of eighty-eight years. He was a stage driver in early life, and established French's hotel in Peterboro' in 1823.

Dudley Towle, of Sawyer's Mills, Dover, while helping his father build a barbed-wire fence one day last week, had one of his hands so badly cut in the palm by a barb that a surgeon had to stitch it.

A boy named Harry Legg was playing on the Fourth street bridge in Dover on the evening of the 1st inst., and climbed upon the rotten railing, which broke and let him fall into the river. He was rescued as he was sinking for the third time, by Supt. Holland of the Cocheco Manufacturing Co., who was rowing in a boat on the river at the time of the accident.

—A little boy, proud of his new jacket, informed his sister that he was a six-button kid.

"Several of the employees of this hotel are happy to say that they have been entirely cured of rheumatism, neuralgia and lumbago by the use of St. Jacobs Oil," writes J. E. Shaw, Esq., proprietor Grand Union hotel, New York.

—Clergymen pretend to discourage lying, and yet go ahead and ask women their ages.

Beware of Imitations.

The delicate odor of Floreston Cologne is entirely novel. Look for signature of Hiscox & Co., N. Y., on each bottle.

—It is with feelings akin to pain that we observe that our best young men are clothing themselves in trousers that fit them too quick, and hats that are built on the model of a schooner yacht. This gives them the appearance of animated washbowls trying to walk on stilts.

A Good Foundation.

In American households the prevailing complaints are weakness of the stomach and its consequences, indigestion, nervousness and rheumatism. Such sufferers can lay a good foundation for health by using Parker's Ginger Tonic, as it tones up the stomach and nerves, and keeps the kidneys active to carry off the foul matter.—*N. O. Picayune.*

—A lady in town planted a plaque in the most exquisite manner, and expressed it to a friend. Soon after a note of acknowledgement came, in which the lady stated that, "It is altogether too nice to use every day, so I only use it for a bread plate when we have company."

Murdered.

The body of Julius Baer was found by freighters five miles west of here Tuesday morn, in a terribly mangled condition. His head and face were smashed, so as to be hardly recognized, and numerous wounds were found on his body. Mr. Baer was agent for the great blood medicine, Sulphur Bitters. Robbery was undoubtedly the motive, as he was known to have a large sum of money on his person. As we go to press there is no clue to the perpetrators.—*Colorado Press.*

—General Sherman is talked about by St. Louis belles because he actually kissed a whole row of grown-up girls at a reception. Mark Twain stood off in a corner during the blissful episode, and groaned "Who wouldn't march to the sea?"

When you feel out of sorts, have the blues, melancholy, etc., it must be indigestion that ails you. Brown's Iron Bitters cures it.

—"Look here," said an indignant tenant to his landlord, "there is a cat in the cistern of that house you rented to me." "Is it dead?" "It looks like it." "Then it will not disturb you any at night, so I will have to raise you rent five dollars on that account."

We call the attention of our lady readers to the advertisement in our columns of James Pyle's Pearline, for laundry and kitchen purposes. An article so popular and widely circulated, must possess merits that commend it to the favor of housekeepers.

—A St. Louis burglar broke into a house where a high-toned wedding had occurred, and stole the silverware that had been given as presents to the happy couple. The next day, after he had tried several pawnshops, he wrote an insulting letter to the bridegroom, accusing him of palming off plated ware on an innocent burglar, and telling him where he could find his confounded pot-metal in a lumberyard. The man went and got his presents, and says he will whip the burglar on sight.

Skinny Men.

"Wells' Health Renewer" restores health and vigor, cures dyspepsia, impotence, sexual debility. $1. Depot, J. H. Thacher's.

—It is all very well for health journals to tell people who are restless and unable to sleep at night to place the head of their bed toward the north, but it does no good unless you take the baby to the other end of the house and place his head toward the south.

Delicate Blanc-Mange.

Stir into one quart of rich milk, one teaspoonful of Sea Moss Farine, and place your farine kettle where it can cook slowly for an hour or more. Stir it often, add a cup of sugar. Flavor and strain.

—A way has been found for making old postal cards useful. Cut lengthwise into strips about an eighth of an inch wide they make excellent lamp-lighters, which burn readily, do not throw off sparks, and leave scarcely a trace of ashes.

"An Odd Street Scene."

He was seen in front of the office rubbing himself against the telegraph post like a flea-bitten dog. "What is wrong?" we ventured to ask. "Gotem, 'gent," he said laconically; have 'em every spring, mall lumps form about the rectum; sore to the touch; they itch like blazes; "a telegraph pole's like an oasis in the desert to me." Here then, was poor humanity suffering from a complaint which a few applications of Swayne's Ointment for itching piles, would have thoroughly eradicated.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1846, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

News and Notes.

Bishop Gilmour, of Cleveland, Ohio, has written a letter which was read in all the Catholic churches of his diocese at mass last Sunday morning, excommunicating any Catholic lady who shall hereafter attend any meeting of the ladies' branch of the land league, or become a member thereof. The bishop denounces that branch as calculated to make brawling politicians of women, and membership therein as incompatible with womanly modesty.

In Meriden, Conn., on the 2d inst., ten small elephants connected with Barnum's circus escaped while being driven to the show grounds. They scattered over a wide expanse of country, and created much excitement. After hours of pursuit they were captured about five miles from the scene of the escapade. No one was hurt, but much damage was done to trees, fences, etc.

A young man named Bigelow was fatally shot with a rifle at Deerfield, Mass., on the evening of the 2d inst., by another young fellow named Curtis, who fled immediately. It is not certain whether it was a murder or a case of didn't-know-it-was-loaded.

Seven men were rescued from the flooded Alta mine at Virginia City, Nevada, on the 2d inst. They were at first supposed to have been drowned, but the only lives lost were those of two men who attempted to explore the mine in a boat on the morning of the 2d.

Col. Reed, Guiteau's counsel, on the 2d inst. applied to the District of Columbia supreme court for a rehearing of the case, on technical points.

One James J. Sullivan died in New York from "poisoning the system by tobacco." Sullivan was only twenty-six years old. He had used tobacco so constantly that his system had become impregnated with nicotine.

Attorney-General Brewster having decided that more legislation is necessary before the president can carry out the eight-hour law, hundreds of appeals in the way of petitions to Congress and the president, from labor leagues and others, have been received. Congressman Bingham, from the navy yard district of Philadelphia, will call on the president and ask that a message from him inviting congressional action on the subject be sent in.

While Arthur Pitts, of Beverly, Mass., was watching a game of foot-ball one day last week, the ball struck a clay pipe which he was smoking, breaking the pipe and driving two pieces of the stem through his tongue, and forcing a piece an inch long up into the roof of his mouth, necessitating surgical aid to effect its removal.

One of the jurors in the Cramer murder case at New Haven, Conn., was taken ill on the 1st inst., and in consequence the trial of the Malleys and Blanche Douglass was adjourned to June 13th. The sick juror is named Lovejoy, and is eighty-four years old.

At Bridgeport, Conn., June 2d, a man twenty years old was split open by a circular saw in a saw-mill, and an unknown man about fifty years old was cut in two by a railroad train.

Sandy Matthews was hanged at Memphis, Tenn., and James E. Harvey at Carrollton, Ga., June 2d, for murder. Wm. L. Moore, who was to have been hanged the same day at Carrollton, poisoned himself with morphine in the morning.

A rescript has been received from the full court sustaining the tax assessed in Maine against the Western Union Telegraph company in 1880, and ordering judgment for the state for the sum of $2,500 and interest. A suit is also pending against the International Telegraph company, under the same act. These cases are of great importance to the state, and involve in principle not only the taxes against the telegraph companies for the year 1880, but also for the years 1881 and 1882.

The national debt was reduced $10,575,441.19 during the month of May.

Mrs. Marion Seaver, wife of Agustus Seaver, a prominent resident of the Back Bay district in Boston, and a young married man named Arthur C. Simonds, are under arrest in Boston for gross immorality.

Guiseppe Garibaldi, the distinguished Italian patriot, died on Friday evening, June 2d, at the age of seventy-five years.

The steam tannery of Oliver P. Allen, at Limington, was burned on the morning of May 28th, with all the sheds and storehouses attached, and about $3000 worth of hides and leather. Buildings and fixtures insured to the amount of $1500.

Naval Affairs.

The steamer Dispatch arrived at Washington on the 3d inst., from Samana bay, St. Domingo.

Lieut. John W. Danenhower is ordered to special duty at Washington.

Commander Edward Terry died in Colorado on the 2d inst., of consumption. He served with great gallantry during the war, and was executive officer of the Richmond in the battle of Mobile bay.

Mr. Froude, the biographer of Carlyle, has witten a short preface to go with Carlyle's posthumous "Reminiscences of My Irish Journey," when they appear in book form, the serial publication being completed in the forthcoming July number of the "Century Magazine." As to the history of the manuscript, Mr. Froude says: He [Carlyle] gave it to Mr. Newbery, who was then acting as his secretary; Mr. Newbery gave it to the late Mr. Thomas Ballantyne; by Mr. Ballantyne it was sold to a Mr. Anderson, from whom it came into the hands of the publishers." Mr. Froude adds, in part: "The Irish problem has not been solved since Mr. Carlyle's visit, nor has it been made more easy of solution by the policy of successive ministries, which have been precisely opposite to what Mr. Carlyle would have himself recommended. His remarks, rough and hasty as they are, cannot be injurious and may possibly be useful." Mr. Froude quotes from Carlyle's journal of November 11th, 1849, in which the latter sums up his Irish experiences in the following characteristic vein: "Ugly spectacle: sad health: sad humor: a thing unjoyful to look back upon. The whole country figures in my mind like a ragged coat; one huge beggar's gabberdine, not patched or patchable any longer: far from a joyful or beautiful spectacle."

The following recent transfers of real estate in this city and vicinity have been left for record in the office of the register of deeds:

Portsmouth—Jennie Maloon et al., to Thomas Lester, land and buildings for $800. James Janvrin, guardian, to Andrew Lowd, real estate, $515. Eugene M. O'Callahan to Rt. Rev. James A. Healey of Portland, Me., land and buildings, $2500.

Newcastle—Thomas Haywood, of Boston, Mass., to Charles H. Pattee, of Boston, land and buildings, $1200. Charles H. Pattee, of Boston, to Dollie F. Haywood, of Boston, land and buildings, $1500.

AROUND HOME.

Owing to the cold weather and storms of the spring months, the farmers in this part of the state are a good deal behind in their work. But few have wholly planted their potato fields, and hardly any have put in corn. Gardens are mostly unplanted as yet. The grass is looking fine, and those who are oracles in such matters say there will be a good hay crop, although it must necessarily be cured late. Fruit trees are in bloom, and promising fairly, with the exception of peaches, which will be a failure.

An old lady aged sixty-five years was given lodgings in the police station at Newburyport on Friday night of last week. She said she was on her way to this city.

Frank Prevaux, the expressman on the Amesbury and Boston line who was so badly hurt by the collision of two trains on the Eastern railroad at Salem some weeks ago, has so far recovered that he was able to ride out last week.

The steam launch Three Brothers, which received a new boiler and was otherwise much improved at South Newmarket during the past winter, will run between the Willows and the harbor islands at Salem, Mass., this season, as she did last year. She is owned in Salem.

The Dover *Democrat* says: "We have it from what we consider good authority that the Swamscott Machine company of South Newmarket would move all their works to Dover and go into very extensive and permanent business here, provided some liberal inducements could be offered, mainly in the matter of tax exemption for a term of years. We can assure our city government and board of trade that this is worth looking after, and the quicker the better."

The regular meeting of the Young Men's club was held Friday evening, when three very interesting papers were read, one by Mr. Arthur W. Walker, one by Mr. Albert W. Pickering, and another by Wallace Hackett, Esq., each following out different lines of thought, and advancing ideas, which, if they could be carried out, would work much good in this city. At the conclusion of these essays, the subjects were discussed at some length by several members present. The meeting was well attended and highly interesting.—*Times.*

The Boston *Post* says Mr. John Warden has resigned his position as clerk of the United States hotel, Boston, and is to take a similar position at the Oceanic, Isles of Shoals.

Counsel for the defence in the case of Edmund Burke et al. vs. the Concord railroad et al., on Saturday served notice upon counsel for the plaintiff that application to dissolve the injunction and dismiss the bill will be made to Judge Allen on Tuesday.

The amount of land planted with potatoes in York, Kittery and Eliot this spring is greater than ever before, and as a general thing they have come up well. The potato bugs are reported to be as yet in far less numbers than in previous years at this date.

C. A. Grant, proprietor of the Sea Cottage at York beach, was in town on Saturday driving a fine span of black horses, and took back with him a big load of supplies for the house.

Grass is reported as looking finely all through the western towns of York county; it was reported as being "high enough to wave in the wind" last week, and the indications are favorable for a very heavy crop.

JOHN LAIGHTON,
NO. 1 MARKET SQUARE,

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Sickness Consumption and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and secures a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pails upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restoratives—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach, and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE CARTER VISIT.

Mr. J. F. Carter, of Beverly, Mass., the widely-known manufacturer of "Carter's Oiled Clothing," who has since his removal from Gloucester been located at Beverly, with nearly fifty employes of his establishment, arrived in Portsmouth by the morning Boston express train on Saturday.

The company consisted largely of young ladies who are engaged in the preparation and making of the clothing, and all proceeded to the Rockingham house, where upon the steps of the hotel a photograph of the group was taken by Cook. The company then embarked on the Mystic for the navy yard, where an hour was spent in visiting the various objects of interest at the station, including the ordnance building, the contents of which seemed greatly to interest the visitors. The party then returned to the Rockingham house, where a dinner was served to the apparent enjoyment of all from the goodly land of "baked beans."

After the dinner Mr. Thomas Cosgrove, for more than ten years the efficient foreman in the manufactory, in a few well chosen remarks in behalf of the employees presented an elegant diamond stud in a velvet covered case to the hospitable "Carter" who had drawn such a crowd to our city. Mr. Cosgrove alluded to the pleasant business relations between the employer and the employed, and to the many preceding similar anniversary excursions of the company.

Mr. Carter responded, and happily alluded to the agreeable state of affairs at Beverly. While differences between various kinds of mechanical workers in the country were prevalent, and strikes were reported, he was happy to bear his testimony not only as to the fidelity of those employed in his establishment, but also in regard to the constant interest they had shown in his success and prosperity.

Later the company repaired to Franklin hall. Here was the veteran Denmark Procter of Gloucester, who in 1830 came by water from that town with the Essex Guards, a famous company of that day, which went into camp after landing at Newcastle, and marching to Portsmouth. Mr. Procter was a fifer, and many years after came here and played the fife on one occasion when the Rockingham Guards paraded under Capt. Henry F. Wendell. "Mark" plays the violin, and in the merrie dance at Franklin hall, as on many previous occasions of this kind, he seemed to put his mind to the business in hand. Messrs. Harlow and Turner of this city also contributed to the music, the band numbering six pieces.

The visitors enjoyed every moment of their stay in Portsmouth. Mr. Carter, as one might well suppose, is a genial, whole souled man, with a large heart, and one who has not only a respect for the persons he employs, but an interest in their welfare and happiness. He believes that in the manner indicated, he can do a great service to his assistants, and he has in his employ an intelligent and bright set of persons of either sex, who form an important element in the stability and success of a community. Mr. Carter is just the kind of man we should like to see come to Portsmouth, and start a business founded upon the ideas in which he generously abounds. His goods are known all over the world, and have a standard reputation. Each visitor wore a badge upon which was printed one of his trade marks in a circle surrounding a star, and the happy results of the excursion shew that the badge was one which all were proud to wear. Mr. Carter as an excursionist, no less than as a business man, is an acknowledged success.

The party returned by the half-past five o'clock train in the afternoon, and although in compliment to his business a gentle soul-wester blew over the city throughout the day, there was nothing to dampen the enjoyment of the participants of the pleasant occasion.

POLICE COURT.

SATURDAY, June 3; *Batchelder J.*

Olive Austin, for drunkenness, was sent to the county farm at Brentwood for four months, costs being taxed at $6.90.

Georgie Moody, drunk, thirty days at Brentwood, costs $6.90.

FIRE.

The alarm of fire shortly after noon on Sunday was caused by a blaze in the double-tenement house on Hanover street next to Critchley & Whalley's machine shop. The house is owned by John H. Folsom, formerly of this city but now of Hamilton, Mass., and is in charge of Mr. Charles A. Shannon; the tenants are William Gardner and Abram A. Johnson. The fire caught in the cellar under Mr. Johnson's part, through a boy playing there with matches, and burned up through the floor into the front entry; the damage by fire was not great, but the house and Mr. Johnson's furniture suffered considerably from water—a serious loss to Mr. Johnson, who is a hard-working man, and had no insurance on his property; the house is supposed to be insured. Mr. Gardner's tenement was not injured.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, special meeting, Friday afternoon, June 2d, it was voted to establish the thirty-five new street lights asked for by petitions presented at previous meetings, and the committee on street lights received authority to make the necessary purchases.

There was a lively call for tickets on Saturday at Preston's, for Miss Norah Bartlett's dramatic entertainment at Music hall to-morrow evening. The first comers fare the best, as there is no difference in price all over the house, excepting the gallery, which is thirty-five cents. Admission fifty cents.

W. A. Greenough, of W. A. Greenough & Co., Boston, well known as publishers for some years of the Portsmouth and other city directories, died in Cambridge, Mass., June 2d. He leaves a wife and two children.

Messrs. E. F. Sise & Co. advertise the standard varieties of coal for sale in any quantity, hand-screened, and also hand-picked coal for parlor grates, at as low prices as can be found in the city.

Probably the last variety entertainment of the season will be given in Franklin theatre to-morrow evening, when Lilly's Mammoth Variety troupe will appear there. The Worcester *Spy* says the entertainment given by this company is "a first-class one in every respect," and the Salem *Democrat* says "the troupe is a good one." See advertisement.

Commodore Clark H. Wells, commandant of the navy yard, goes with Mrs. Wells to Philadelphia to-day, to attend the marriage ceremonies of their son in that city.

Barnum, Bailey & Hutchinson's circus is announced to be in this city July 19th.

The Boston *Sunday Herald* informs us that the stage at Music hall for Miss Norah Bartlett's entertainment will be appropriately set with scenery from the Boston Theatre.

The schooner Celia, formerly a fishing vessel at this port, but which was sold last fall, and during the winter was used as a pilot boat at Baltimore, has returned here, and will again engage in fishing.

One hundred dozen bananas were sold at retail by John Laighton, the Market square grocer, between Friday morning and Saturday evening of last week. Ten years ago the number of bananas would have more than supplied the entire city for a week.

The schooner Sylph, Hiltz master, came in from Jeffrey's ledge on Friday after bait, having on board 18,000 lbs. of fresh fish,—cod, haddock and halibut; she did not sell her fare here. A number of shore boats came in Saturday, generally with good fares.

John W. Hanscom of this city last week calked a gondola in Durham belonging to Edward Butler, and used in the brick trade. He has also taken the job to calk the top-sides of a barge to be used by the South Shore Steamship Co. in the transportation of freight between this city and Dover.

Constructor Robert W. Steele, of this station, with Comdr. Francis M. Bunce, Constructors Philip Hichborn and Wm. L. Mintoyne, and Asst. Constructor John F. Hanscom, have been on duty at the Boston navy yard as the board detailed to hold a survey on the hull of the U. S. S. Shenandoah, recently put out of commission at that station.

The gondola Edgar A. Weston, in going up the river one day last week, got foul of a brick schooner near Dover point, and had her sail torn and one of her sweeps broken. In coming down on Thursday night, with four men on board, the tide got hold of her and swept her against Portsmouth bridge about midway from the ends, and she came very near being turned over, but fortunately got clear of the bridge without apparent damage, after being held there nearly six hours by the tide.

The Eastern railroad hay-field, near the station in this city, was mowed last Saturday.

The schooner Harry P. Percy, Hinckley master, which sank on the 28th ult. off Long island while on the way from Port Johnson to Dover with a cargo of coal, has been running to Dover every summer since 1876, and last year landed four cargoes there.

Three or four vessels of the brick fleet said from Portsmouth bridge on Saturday with cargoes from the up-river brickyards.

Forty barrels of potatoes were sent to Boston on Thursday last, and twenty barrels on Friday, by Wm. Downs & Son; also thirty-three cases of eggs, forty-nine dozen to a case. These articles arrived here from Nova Scotia in some of the numerous vessels that have brought ties for the Eastern railroad. Mr. William Dutton went to Boston with the goods, and sold them, the potatoes bringing $1.50 per bushel, an increase of twenty-five cents over the price in this market.

[*For other local matter see second page.*]

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

A PLEASANT LETTER.

It Rings of a Grateful Heart and gives Honor where Honor is Due.

Mr. William W. Chadwick, of Hatchville, Conn., writes under date of June 14, 1880, to Dr. Kennedy, to say that the use of "Kennedy's Favorite Remedy" has cured him of Gall stone, from which he had experienced everything but comfort for a long time. Mr. Chadwick felt wholly cured when he wrote, and says: "I have had no pain for six months, and have also regained my flesh and can stand a fair day's work. I recommend Kennedy's Favorite Remedy to any one suffering from a deranged liver." Grateful patients are common. Dr. Kennedy is daily in receipt of letters from them, expressing similar sentiments. These letters are spontaneous and put in all varities of phraseology, but invariably setting forth one thing—the value of "Kennedy's Favorite Remedy" for many forms of disease. It may be just the thing you have been looking for. Is your liver disordered? Have you derangement of the kidneys or bladder, associated with constipation of the bowels? If so, you want "Kennedy's Favorite Remedy." Dr. Kennedy practices medicine and surgery in all their branches. Write and state your case frankly. Letters promptly answered. Address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS
THE BEST AND The Richest BLOOD, BRAIN and NERVE -F-O-O-D-
CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.
The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.
The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to avoid sickness it is wise to
BUILD FOR HEALTH.
Wheat Bitters are prepared, not by fermentation but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.
Sold by druggists, $1.00 per bottle.

The Belle of the Ball.

Margery Deane, in her last book, describes the simplicity of some of the European ladies of rank as follows: "An American girl would have stood amazed at a fashionable lawn party which I once attended, where all the ladies were in the simplest of pretty calico and cotton dresses. Ladies whose family jewels would have stocked a shop, and whose inherited laces were of priceless value, were in the streets, and on these occasions wore dresses that the American girl would scorn to wear on the beach at Newport on a Sunday morning because of their simplicity. In Vienna I went with a young baroness to try on a dress she was having made to wear at the afternoon ball to be given to the emperor's school for the education of officers' sons. She was twenty, and had 1,000,000 florins in her own right, and had been brought up with the emperor's children for a time, when her father had been aide-de-camp, and the jewels she had inherited and were to come to her had dazzled me when spread out for my seeing one day. I had fancied her dress to be something very elegant. Imagine my surprise when it proved to be a dainty cotton satine, fifty cents a yard in America. But she was the belle of the ball."

—While Longfellow was a professor at Bowdoin college he once called up a student who was utterly unprepared to recite. A fellow-student endeavored to help the delinquent youth by prompting him in a whisper, which, however, was so loud as to be heard all through the room. The professor did not interrupt, but when the student stopped of his own accord, remarked quietly: "Your recitation reminds me of a Spanish theatre, where the prompter is more important than the actor."

An Impossibility.

Deserving articles are always appreciated. The exceptional cleanliness of Parker's Hair Balsam makes it popular. Gray hairs are impossible with its occasional use.

—The slang of a "big thing" is going out of style. New York girls now talk of having "a regular Jumbo time."

How it was Done.

"How do you manage," said a lady to her friend, "to appear so happy and good natured all the time?" "I always have Parker's Ginger Tonic handy," was the reply, "and thus easily keep myself and family in good health. When I am well I always feel good natured."

—A correspondent writes to ask us if wool is a sure investment. No, it is not. The southern people had millions invested in wool, and they lost every scent of it.

Good and Reliable.

A good and reliable family medicine is Sulphur Bitters. Every spring for six years I have been troubled with boils. Since I began using Sulphur Bitters I have not had a single one. You can rely on Sulphur Bitters every time.—*Editor Weekly News.*

—Alexander H. Stevens will have no difficulty in securing the governorship of his state. The citizens there are determined to elect a civilian, and he is the only public man south of Mason and Dixon's line who is not a colonel at least.

Nervousness, peevishness and fretting, so often connected with overworked females' lives, is rapidly relieved by Brown's Iron Bitters.

—"Women are so contrary," said Blobbs: "I thought when I got married my wife would darn my socks and let me alone; instead of that she lets my socks alone and darns me."

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have *seen* its magic effects, and *know* it to be a great article.

From I. S. Potter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharpor, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest *are its best friends.*

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before.* Every family should have a bottle *ready for use.* Much pain and heavy doctors' bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines, it is perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

THE
New Hampshire Gazette!
Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

37 Walker St., Baltimore, Dec. 18, 82.
For six years I have been a great sufferer from Blood Disease, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach, in fact, life had almost become a burden. Finally, when hope had almost left me, my husband seeing Brown's Iron Bitters advertised in the paper, induced me to give it a trial. I am now taking the third bottle and have not felt so well in six years as I do at the present time.
MRS. L. F. GRIFFIN.

BROWN'S IRON BITTERS will have a better tonic effect upon any one who needs "bracing up," than any medicine made.

COSTUMES.

Like a two-edged sword in the hands of the dressmaker, come tuckings, which, no longer confined to innocent white dresses, appear in wools, silks, and all that is skin thereto. Imagine now for a moment the forcefulness of this new element in the making of costumes, and you will see what a weapon is launched against goods of every description. Worn places can be passed off as new, because covered up by tucks; a plain expanse, often as much to be dreaded as an awkward pause, can be furrowed over by tucks either narrow or wide, run lengthwise, crosswise, or any other wise, and from a small cluster up to a regiment. Every day now, too, gives proof that braid and cord are coming to the front as trimmings. The former put on in rows, and finished usually by a bullet-shaped crochet or metal button; the latter in fanciful traceries, twirlings and whirlings that on the fronts of dresses are connected by "frogs," which have leaped into a sudden life. Of course the material must be plain to show off the trimmings, and tuckings likewise are manifestly inappropriate to aught but solid surfaces. One who wants to know about

SEMI-DRESS OUTFITS

Cannot do better than follow the crowd to Talmage's on a Sunday. For as we all know, brother T—— preaches not to the mighty but to a crowd of the semi-poor; people who, if they have nice things, work in some way for them. Perhaps this was the reason that Talmage so furiously denounced the buying of lottery tickets, since it is not the rich who usually invest in this way, but the poor who want to get rich. As a proof of the efficacy of his eloquence, we find some of the people whom he preaches against doing a better business than ever; now especially that Generals Beauregard and Early superintend all the details of the monthly and semi-annual drawings of the Louisiana State Lottery company, to insure perfect fairness. They say, moreover, that the "Black Crock" never found such audiences as after Talmage warned his congregation not to go there. Our special business, however, is not with the sheep of his flock, but with their clothing, so I return to those serviceable outfits needed by every one. First comes flannel, which in view of the popular demand, has been dyed not only in standard brown, blue, green, etc., but in "greenery," "yallery," and the new *terra cotta*, which threatens us as a popular rage. It is a very brownish red, or a very reddish brown color, and is seen in ribbons, hats, feathers, gloves, and I know not what. There are several shades running from pale to dark. Cheviot cloth is likewise in great demand for stylish, inexpensive costumes, and here you can choose among checks, showing indistinct co-minglings of the recent brows, reds, yellows, greens, etc., or stripes in similar combinations. If you are stout, choose the latter, or, if thin, select among the former, but for either, you need a good complexion. Uncertain shades are always disastrous to uncertain complexions, and unless your face shows the red and white, (natural,) rely on some decided color for your costume.

STRUCK BY HATS.

Anybody might be struck by hats, for they are striking enough. It seems as if milliners could not pile on ostrich feathers sufficient to satisfy their hearts, and the result is—feathers. Plumes overtopping plumes, till they form small mountains, or trailing plumes that droop from either side of the hat till they well nigh touch the shoulders. Then how piquant three nodding ostrich tips peering impudently above the brow on one side, and adding significance to each look of coquetry. A climax of effectiveness is reached by contrasts of color, as when red feathers adorn a black hat; black feathers are put on red hats, etc., although red hats trimmed lavishly with red ostrich plumage are very stylish. Not only genuine red, but the garnet terra cotta and other varieties. These red hats, and hats with red or any other colored feathers, are worn independently of the costume, which often is in violent contrast.

FANS.

There are fans of feathers and feathery fans. Provided you have feathers, Fashion opens her portals and you enter, even though you may have secretly in the kitchen or poultry yard, despoiled your own chickens or guinea hens of their coatings. Arrange them in some pretty way, and behold you have a fan. Mary Anderson's favorite stage fan was a set of white ostrich plumes confined without regularity and tied with ribbon. Sometimes we see painted feathers, but here they lie flat and are uniform in color. Painting indeed is greatly liked; birds, figures, or landscapes on black, white or pale satin or moire surfaces. Very large fans have followed very large white ties, nobody knows where, and medium sizes prevail.

LUCY CARTER.

Medical science never produced so valuable a remedy for the treatment of diseases, requiring a general alterative medicine, as Wheat Bitters. See advt.

—It is suspected that the science in whose interest so many boys are allowed to shoot our song birds is the sciecce of millinery.

If you wish to purify the blood, make free use of "Wheat Bitters." It is an economical physician.

—"I never pretend to know anything that I do not," remarked Brown; "when I don't know a thing at once I say 'I don't know.'" "A very proper course," said Fogg; "but how monotonous your conversation must be!"

When you feel out of sorts, have the blues, melancholy, etc., it must be indigestion that ails you. Brown's Iron Bitters cures it.

—In discussing the mother-in-law question, the Boston *Transcript* calls attention to the fact that there was one married man who never had a mother-in-law. His name was Adam, and he had not been married twenty-four hours before he got into trouble. Had he had a mother-in-law she would have kept a close watch over the apples, and neither Eve nor Adam would have got a chance at them.

"An Odd Street Scene."

He was seen in front of the office rubbing himself against the telegraph post like a flea-bitten dog. "What is wrong?" we ventured to ask. "Gotem, 'gent," he said laconically; have 'em every spring, small lumps form about the rectum; sore to the touch; they itch like blazes; "a elegraph pole's like an oasis in the desert to me." Here then, was poor humanity suffering from a complaint which a few applications of Swayne's Ointment for itching piles, would have thoroughly eradicated.

Testimonials.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1846, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!
LOST MANHOOD RESTORED.
A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers. Address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

OFFICIAL LIST OF PATENTS

Granted to citizens of New Hampshire, for the week ending May 30th.

[Compiled weekly expressly for this paper.]

George A. Brown and B. Holt, assignees of one-third to A. F. Holt of Concord, machine for sand-papering wheel-rims or felloes, and other articles. No. 258,553; dated May 30th; application filed Jan. 17, 1882; no model.

The Geneva Award Bill Signed.

The President on the 5th inst. approved the act re-establishing the Court of Commissioners of Alabama Claims, and for the distribution of the unappropriated monies of the Geneva award.

The Navy.

The obvious necessity of something which should, in a measure, diminish the rapid numerical growth of graduates from the naval academy, is a question which perhaps may have been discussed by the annual examining board at Annapolis at this season. The navy is now overrun with officers, and while Congress omits to appropriate the needed funds for building naval vessels and prefers the wide-spread steals for remote and unknown rivers, there is but little actual duty for our large number of officers to perform.

The late superintendent of the academy, Admiral Rodgers, advanced the idea of retiring to civil life a certain proportion of the the class year by year educated, and thereby reduce the excessive number of graduates, or at least keep the number limited by the actual needs of the service. The plan would be to relieve the navy of its excess of officers, and permit a class of educated young men to find employment in civil duties, and in case of an exigency, their services could be had for naval warfare.

What to do with the superabundant number of officers is becoming a question of importance, and as long as incompetent and ill-behaved men in the service can, even if a court-martial should approach a just sentence in proportion to their deserts, always succeed sooner or later in being restored to rank and perhaps pay, it is idle to hope that the service can be weeded of its poor personnel. Congress must either vote more ships, or provide some check upon the abundant growth of the navy in regard to officers, while in other respects a corresponding diminution seems to be the order of legislation.

News and Notes.

The supreme court of the District of Columbia has denied Col. Reed's motion for a new trial for Guiteau, and it looks as if the assassin's case was now finally out of the courts and in the hands of the executioner.

The house of representatives on the 3d inst. unseated Wheeler, democratic congressman from Alabama, and seated Lowe, greenbacker.

It is reported that Minister Lowell has been recalled, or has at least determined to decline further service, and that his resignation is on the way to Washington.

Mr. R. M. Field, manager of the Boston Museum, last week arrived home from his trip to Europe. He secured while abroad a large number of dramatic and musical novelties for the coming season at his theatre.

At West Brome, Vt., Friday night, burglars broke into the house of an old man named Milton Capron. Capron heard them in the house, and held his chamber door to prevent their entering, when they fired a shot through the door, and then burst in. Mrs. Capron jumped from the window and ran for help, and the thieves fled after stealing a shot-bag containing $150, leaving a box containing $2000. The burglars were well acquainted with the premises.

Two young women, Jane McKellar and Frances McNair, fought a duel with bowie knives in a secluded spot in the woods near St. Paul, S. C., last Friday evening. They had no seconds, but were followed by a party of men, too late however to stop the fight. Miss McNair was found lying in a swoon across the dead body of her antagonist, whose heart she had split with her bowie knife. Jealousy was the cause of the fight between the two she-tigers.

A boiler of an engine at Norrie, Wis., exploded, killing Fireman Henry Hopkins, blowing the engineer, name unknown, to atoms, and fatally injuring Fred Otto and four others.

There are now five cases of small-pox in the pest house at Lawrence, Mass.

Naval Affairs.

The U. S. S. Galena arrived at Malta on the 5th inst., and proceeded to Alexandria, Egypt, in a few hours.

The house committee on naval affairs on the 2d inst. devoted its session to the consideration of the resolution offered in the house by Mr. Finley of Florida, directing the committee on naval affairs to inquire into and report upon the practicability and expediency of constructing iron or steel ocean steamers for commercial purposes upon such models and of such strength that they may be readily converted into efficient ships-of-war when needed for such purposes. The committee directed Chairman Harris to report the resolution to the house with a favorable recommendation. They also adopted a resolution which provides that a subcommittee, to consist of five members, shall be appointed to sit during the recess, with authority to visit such places as may be deemed necessary, with power to send for persons and papers, for the purpose of taking testimony on the subject, and that a report shall be submitted to Congress at its next session.

AROUND HOME.

Steam fire engine Mosea H. Goodrich was on Monday evening placed at the Eastern railroad deep-well reservoir, and pumped water from it through two lines of hose for a considerale time, the test demonstrating that though one engine can exhaust the reservoir, yet it would be of great value in case of a fire in that neighborhood.

The schooner Gov. Goodwin arrived on Sunday.

The schooner W. B. Keen, Becker master, sailed on Monday for mackerel fishing.

The schooner E. A. Creed took out to the Shoals on Monday the furniture and furnishings of the two new cottages built there this spring.

The steamer James Sampson was well patronized on Monday by persons drawn to the city by the "railroad day" of the Portland, Saco & Portsmouth stockholders, who took trips to Newcastle, Kittery Point and Kittery.

The mackerel school was struck off Thatcher's Island last Saturday, a large number of schooners taking from thirty to 100 barrels each. A few stragglers were taken in the weirs at the mouth of this harbor on Sunday and Monday, indicating the near approach of the school.

A new baggage express wagon, handsomely lettered, was brought in over the Concord & Portsmouth railroad Monday evening; it will run between the railroad stations in this city and the hotel Bartlett at York beach, during the season.

A considerable number of persons arrived at Kittery on Monday, to attend the meetings of the New England Convention of Christian Churches this week, commencing at ten o'clock Tuesday morning and ending Thursday evening. Rev. Walter Phillips, of Haverhill, delivered an introductory discourse on Monday evening, in the Christian church at the Foreside.

The Pepperell house at Kittery Point has opened, with twenty boarders at its table.

Mrs. George Griffin, wife of the proprietor of the Agamenticus house at Union Bluff, York, who has been seriously ill for some time, is now recovering.

Mr. Charles Preble has had six boarders this spring at his private house near the Long sands, York beach.

Wallace Chase of Kittery Point will take a prominent position at the Marshall house, York harbor, during the summer.

The ninth camp meeting season at Old Orchard opens July 27th, with Dr. Cullis' faith convention, which will last till Aug. 4th. The Portland district camp meeting, under the leadership of Rev. C. J. Clark, presiding elder, will commence Aug. 12th. The National Christian temperance camp meeting, under the direction of Hon. Nelson Dingley, Jr., will commence Aug. 16th, and close Aug. 20th.

The three-masted schooner W. L. Walker, of Taunton, Mass., Capt, F. F. Kelsey commanding, arrived at the Concord railroad wharf last Saturday afternoon from Richmond, Va., having made the run from Richmond to Portsmouth in seventy-two hours. She is a bran-new craft, and a fine one; she was built by Robert Crosby, at East Boston, launched April 15th, 1882, and is rated A 1 for fifteen years in the American Record. Her frame is of oak and juniper, and she is planked and ceiled with hard pine, square fastened with iron throughout, copper bolted in the bottom, and thoroughly tree-nailed with locust. She is 175 feet long, 36 ft. 10 in. beam, and 15 ft. 6 in. in the hold; registers 592.5 tons, brought 948 tons of coal to this port, and will carry 1000 tons when fully loaded; she is furnished with patent windlass, capstan, hoisting purchases for sails, etc., and her decks are unusually free from obstructions. She has a large cabin, handsomely finished in ash, butternut and cherry, and furnished with all needed conveniences; and the seamen's quarters are commodious and well arranged. The present is her second cargo, the first having been ice from Gardiner, Me., to Washington; and she expects to make the same round again, loading ice at the eastward for Washington, and returning to this port with coal.

NO. 1 MARKET SQUARE,

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitutions and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and ensures a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When a stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food, its author palate upon the appetite now offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the manlier frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach, and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile signature of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE SWAMPSCOT MACHINE CO.

Since it was stated that the Swampscot Machine Co. would remove their extensive works to this city, the Dover board of trade have moved to obtain the benefit of this great industrial company in their city. President Paul has visited Dover and has been shown a site for operations A leading stockholder in the company has informed us that some of the advantages of establishing at Portsmouth would be that coal, moulding sand, iron, etc., could be landed here at all seasons of the year cheaper than elsewhere. These articles are now landed on the company's wharves at South Newmarket, and it is quite doubtful if at Dover such a convenient location could be obtained adjacent to deep water and beside the railroad tracks, except at a great outlay. The company has equal advantages in the present location which it could find at Dover. In Portsmouth it is expected that ere long iron vessels will be built, both by the government and private concerns. In the construction of these ships the Swampscot could supply here to builders and contractors much that was required, and deliver it at short notice at any point on the river.

The Swampscot is not a company which requires capital. A few years ago it increased its capital stock one half, from the profits of earlier business, without any assessment on shares; and it pays regular dividends. It has been one of the best-managed concerns of the kind in the country. Its establishment in Portsmouth would bring an addition to our working force, and its workmen are good citizens. More than one man from our city is now employed in its shops. Its business is largely in gas pipes, steam heating apparatus, boilers, engines, water pipes for factories,—indeed, in almost an endles variety of machinist and foundry work. The business requires an advancing outlook. If the navy is to be built up and we are to construct iron ships on the Piscataqua, we must have some such live concern as the Swampscot Machine company in Portsmouth, and those who have an interest in the welfare of our city should pray that "Paul may plant" within our borders. The Raynes ship-yard, with its advantages for receiving and sending away goods by water, and the grade which would permit its being connected by rail with the tracks of all the railroads, (and it is probable that ere long a track will be laid from the Kittery station to the navy yard,) would, it has been suggested, make it a desirable place to establish works of this kind, and it remains to be seen whether there is energy enough left in our community to cause this or some similar enterprise to be here established.

RAILROAD MEETING.

The annual meeting of the stockholders of the Portland, Saco & Portsmouth railroad was held at the company's building near the railroad station in Kittery, on Monday, June 5th, at eleven o'clock in forenoon. There were about seventy-five stockholders present, representing over four thousand shares.

The meeting was called to order by E. B. Phillips, president, who made a brief statement of the condition of the company's property, which he said had been maintained at its usual high standard; that the entire track was now of steel, and that the usual semi-annual dividends had been paid the stockholders.

A committee consisting of Henry J. Stevens, Esq., John Robinson and Nathaniel Ropes were appointed to receive, sort and count the votes for directors, and a ballot was then taken with the following result, as reported by the committee: Whole number of votes cast, 4177; necessary for a choice, 2089. The following-named gentlemen having received the whole number of votes, were declared elected: Elijah B. Phillips, Alfred P. Rockwell, William B. Bacon, Samuel C. Lawrence, George P. King, G. E. B. Jackson and Stephen J. Young.

The meeting then adjourned.

WILLIAM A. GREENOUGH.

Mr. William A. Greenough died at his home in Cambridge, Mass., Thursday morning, June 1st, from consumption, having a few weeks previously returned from the south, where he passed a portion of the winter in hope of improving his health.

He was born in Portsmouth on the 18th of February, 1837, but left this city in 1849 and went to Boston, shortly afterward going to work for Stacy & Richardson, printers on Milk street, with whom he served his apprenticeship. After finishing his apprenticeship, he on account of his health took up the directory business, going to work for Adams, Sampson & Co., publishers of the Boston directory, which business he has carried on for the last twenty years, and under his supervision directories of some of the principal cities of Maine, New Hampshire and Massachusetts have been published. In 1866 he went west, became a member of the firm of Edwards, Greenough & Deved, and published directories of St. Louis, Chicago, Milwaukee and other western cities He was the founder, and for a time editor and publisher, of the *Journal* of Somerville, Mass. He was a member of John Abbott Lodge of Freemasons, of Somerville, of the Somerville Royal Arch Chapter, and Cœur de Lion Commandry of Knights Templar of Charlestown, which organizations took charge of the funeral ceremonies. The remains were interred at Mt. Auburn.

Miss Norah Bartlett's entertainment: fifty-cents admission tickets have been put on sale at Preston's, to accommodate those not wishing to linger at the hall door to-night.

The halls and corridors of the United States court house, post office and custom house are being frescoed by Schumacher, who has completed the ceiling of the post-office room. A dado is to be placed in the halls to make them more in harmony with the prevailing style. Mr. Jas. H. Gardiner is superintending the work on the part of the government, the whole being done under one contract.

The directors' car of the Eastern railroad, with the president and a number of officers of the road, went up over the Portsmouth & Dover railroad with the noon train on Monday.

Lovers of variety entertainments are reminded that at Franklin theatre this evening what will probably be the last show of the season in that line will be given by Lilly's Mammoth Variety Troupe; two hours and a half of fun; see advertisement.

It is stated that many of the floral tokens of remembrance placed on the soldiers' graves in the south cemetery on Memorial day were soon stolen by persons unknown. If there is any more contemptible phase of sneak thieving than this pilfering of flowers from graves, it has not been made public.

Music hall doors open at 7:30 o'clock, music begins at 8:00, at Miss Norah Bartlett's dramatic entertainment to-night.

The passenger trains over the Eastern railroad are getting very heavy. Train number seven, Monday forenoon, from Boston, was a "double-header," and included five cars newly painted and fixed up, and filled with persons from Boston and places along the line of the road between Boston and this city, bound to Kittery to attend the stockholders' meeting of the Portland, Saco & Portsmouth road. Train eleven had twelve cars, all well filled. The Pullman train from the eastward, Saturday morning, was heavier than any ordinary freight train, numbering twelve cars, but was hauled in good style by a single engine, No. 100.

A fire which damaged the carpet, furniture and woodwork in Sheriff Kent's library in his residence at the jail to the amount of $50 or $60, caught on Sunday from air-tight stove which was set up the day before, but was extinguished by the inmates of the house without an alarm being given.

The schooner Yankee Blade, Coombs master, which had been detained at this port for several days on a claim for $5000 damages on account of the death of Mr. James Mahoney, received a discharge on Monday, and sailed at five o'clock in the afternoon for Bangor, Me. On what terms the writ was discharged we did not learn, but we think likely the keeper had the best of the bargain.

The schooner D. K. Ham, Garland master, arrived at Portsmouth bridge from Boston on Monday afternoon; she will have her rigging overhauled before she sails on another trip. The schooner Hattie Lewis, Brewster master, arrived at the bridge in the afternoon from up the river, with a load of bricks for Boston.

The train from this city due in Boston at 1:15 o'clock P. M., Monday, did not get there until 3:40, being delayed by a derailed freight train at Ipswich.

Col. Charles G. McCawley, commanding the marine corps, paid a visit of inspection to the navy yard on Monday and was received with the usual honors.

First Lieut. Fred L. Dodge of Co. I, 23d U. S. Infantry, has been transferred to Co. F at his own request, First Lieut. Heyl of Co. F being transferred to Co. I.

Mr. T. C. Cole, the milkman, has purchased of Mr. M. H. Wentworth a seven-eighths Jersey bull which is claimed to be the finest in the state.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. A PLEASANT LETTER.

It Rings of a Grateful Heart and gives Honor where Honor is Due.

Mr. William W. Chadwick, of Hatchville, Conn., writes under date of June 14, 1880, to Dr. Kennedy, to say that the use of "Kennedy's Favorite Remedy" has cured him of Gall stone, from which he had experienced everything but comfort for a long time. Mr. Chadwick felt wholly cured when he wrote, and says: "I have had no pain for six months, and have also regained my flesh and can stand a fair day's work. I recommend Kennedy's Favorite Remedy to any one suffering from a deranged liver." Grateful patients are common. Dr. Kennedy is daily in receipt of letters from them, expressing similar sentiments. These letters are spontaneous and put in all varities of phraseology, but invariably spelling forth one thing—the value of "Kennedy's Favorite Remedy" for many forms of disease. It may be just the thing you have been looking for. Is your liver disordered? Have you derangement of the kidneys or bladder, associated with constipation of the bowels? If so, you want "Kennedy's Favorite Remedy." Dr. Kennedy practices medicine and surgery in all their branches. Write and state your case frankly. Letters promptly answered. Address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE BEST AND The Richest BLOOD, BRAIN and NERVE

-F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to save sickness it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, *not by fermentation* but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls, medicine is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

Charles Ripley, four years old, son of Jacob Ripley of Milton Lower Mills, Mass., was found on Monday, May 29th, in a dying condition in Henry Crane's stable, whither he had gone to play with a seven-years old son of Mr. Crane, and a boy named Hutchinson. The latter said they knew nothing how Charley got hurt, but supposed he was kicked in the head by one of the horses; and a superficial examination of the wound by a physician seeming to bear out this story, the body was buried. Owing to rumors of foul play, Mr. Ripley had the body disinterred, and it was found that the boy was shot, the bullet having passed through his skull on one side, through the brain, and embedded itself in the skull on the other side. The other boys now confess that Charley was shot by a revolver in the hands of Eddie Crane, which was found in a box in the stable, and which they say went off accidentally, as there seems little doubt was the case, they being so terrified over the affair as to be afraid to tell the truth at first.

Delicate Blanc-Mange.

Stir into one quart of rich milk, one teaspoonful of Sea Moss Farine, and place your farine kettle where it can cook slowly for an hour or more. Stir it often, add a cup of sugar. Flavor and strain.

A masked mob went by rail from Ashland to Catlettsburg, Ky., Friday, and took George Ellis out of jail to Ashland, near the scene of the murder and outrage of the Gibbons girls last December, and hanged him to a sycamore tree. George Ellis was convicted of manslaughter on the indictment for murder of these girls, and sentenced to state prison for life. It was his testimony that convicted William Neal and Ellis Croft, who are now in jail in Lexington, Ky., under sentence of death.

General Leib of the Chicago, (Ill.,) *Democrat* says: "St. Jacobs Oil is the remedy for rheumatism and neuralgia, without any manner of doubt, and people who suffer from these diseases ought to be made acquainted with that fact. Whenever I had occasion to use the Oil I found it all its proprietors claim for it."

Caleb Campbell, colored, was taken from jail at Winnsboro', S. C., last Friday night, by a mob, and hanged. His crime was felonious assault on a white woman.

New lungs cannot be made by medicines, or the skill of physicians, but the old ones can be strengthened and preserved by the use of Adamson's Botanic Balsam, a sure cure for coughs, colds, asthma and all diseases of the lungs. Price, 35 and 75 cts.

A destructive hail and wind storm occurred Sunday afternoon, extending from Halifax to Garysburg in North Carolina, a distance of ten miles. Several houses were blown down, and huge trees uprooted. A house occupied by Mateld Gary, colored, near Garysburg, was razed, and his two daughters killed.

Rose Cold and Hay Fever.

MESSRS. WHITE & BURDICK, Druggists, Ithaca, N. Y.—I can recommend Ely's Cream Balm to relieve all persons suffering from rose cold and hay fever. I have been a great sufferer from these complaints; by using the Balm have had great relief. I have recommended it to many of my friends for catarrh, and in all cases where they have used the Balm freely have been cured. T. KENNEY, Dry Goods Merchant, Ithaca, N. Y.

Messrs. Wm. Rust & Sons, Druggists, New Brunswick, N. J.—Since boyhood I have been troubled with catarrh and hay fever, and have been unable to obtain permanent relief until I used Ely's Cream which has cured me. After a few days' use I could sleep all night. E. L. CLICKENER, New Brunswick, N. J. Price fifty cents.

At South Wareham, Mass., William L. Pilsey, aged seventeen years, is under arrest for a felonious assault on Lillie F. Perry, aged thirteen.

We call the attention of our lady readers to the advertisement in our columns of James Pyle's Pearline, for laundry and kitchen purposes. An article so popular and widely circulated, must possess merits that commend it to the favor of housekeepers.

The schooner Industry was wrecked near South Haven, Michigan, June 4th, and all hands were drowned.

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc.

After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says:
In flesh wounds, aches, pains, sores, etc., it is the *most effectual* remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch:
We have seen its magic effects, and *know* it to be a good article.

From I. S. Folter, U. S. Consul at Crefeld, Rhenish Prussia:
After long years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, and sprains.

W. W. Sharper, Valdosta, Ga., says:
It is a panacea for all bruises and burns.

From R. W. Adams, Saco, Me.:
It gave me immediate relief.

R. Lewis says:
In forty years' use it never has failed me.

W. W. Lum, Nicholville, N. Y., says:
I use your PAIN KILLER frequently. It *relieves* pain and soreness, and *heals* wounds like magic.

J. W. Dee says:
For scalds and burns it has no equal.

PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use; and those who have used it the longest are its best friends.

Its success is *entirely* because of its merit. Since the Pain Killer was first introduced, *hundreds* of new medicines have come and gone, while to-day this medicine is more extensively used and more highly valued *than ever before*. Every family should have a bottle *ready for use*. Much pain and heavy doctor bills *may often be saved* by prompt application of the Pain Killer. *Unlike most medicines*, it is *perfectly safe* even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c., 50c. and $1.00 per bottle.

PERRY DAVIS & SON, Proprietors, Providence, R. I.

CatarrH

DIRECTIONS.

For Catarrh, Hay Fever Cold in the Head, etc., Insert with little finger a generous particle of the Balm into the nostrils; draw strong breaths through the nose. It will be absorbed, cleansing and healing the diseased membrane.

FOR DEAFNESS, Apply a particle into the ear, rubbing in thoroughly.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

37 Walker St., Baltimore, Dec. 1881. For six years I have been a great sufferer from Blood Disease, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach, in fact, life had almost become a burden. Finally, when hope had almost left me, my husband seeing BROWN'S IRON BITTERS advertised in the paper, induced me to give it a trial. I am now taking the third bottle and have not felt so well in six years as I do at the present time. Mrs. L. F. GRIFFIN.

BROWN'S IRON BITTERS will have a better tonic effect upon any one who needs "bracing up," than any medicine made.

Will You Feed Hay or Wood?

A great deal has been said and written about the proper time of cutting hay. The outcome of the discussion and experiments, thus far, seems to be that the best time, all things considered, is to cut the grass just after it has come into full blossom. As it is impossible to always mow every field just at the right moment, the general safe rule is, we think, to be all ready to begin at full bloom, and finish before it is entirely past.

There is this important fact to be kept in mind, viz.; that as soon as grass of any kind has attained its growth, and is full of juices, it begins to change more and more into woody fiber, and that when fully ripe, a large part of the stems or stalks differ very little in composition from dry wood. And every one knows that dry wood is neither easily digested nor nutritious. It stands to reason that a stalk of grass cut when it is full of juice containing sugar, gum, and protein compounds, and cured thus, must be more nutritious than if left standing until a part of these constituents have changed into woody fiber. Feeding hay not cut until it is thoroughly ripe, is giving the animals that which is in part only so much wood. The practical lesson is, make a good ready well in advance, now, and have the barns, mows, stacking arrangements, mowers, scythes, horse and other rakes, forks, wagon racks, in short, all things, in perfect order—and the work planned, so as not to let any hayfield get into the fully ripe condition. Head work beforehand, will save hard work and worry, and secure better hay.—*American Agriculturist.*

At 187 West street, New York, is the Erie ticket office, presided over by Mr. C. V. V. Ward, who thus writes: "Some months ago I had rheumatism in my right arm, and was unable to raise it. I was advised by a friend to use St. Jacobs Oil. I did so, and on the second day I felt greatly relieved. I continued to use it, and before the second bottle had been exhausted my arm was perfectly well.

The search for the bodies of Conly and Rietzel at Chesterfield had not been successful up to Saturday night. The dynamite cartridge tests have been tried, and will be continued for a few days at least. The only effects thus far produced have been upon large numbers of fish, which have been brought to the surface. The New London divers failed to come, and others will be summoned in case other efforts finally prove unsuccessful.

A Fool and His Money Soon Part.

How true some of these old sayings are. A friend of mine paid a travelling quack $50 to cure him of scrofula, from which he had suffered two years. He gave him a bottle of stuff which only aggravated the disease. When he went to consult him a second time, the quack had left for parts unknown. Upon learning the circumstances I recommended Sulphur Bitters. Five bottles cured him.—*Courier.*

William Ryland is believed to have been accidentally drowned in the Merrimac river, at Lowell, Mass., Saturday night. He went fishing in a light boat with two or three companions. Leaving them on an island he rowed to Sam's brook, a short distance off, which was the last seen of him.

A pure, wholesome distillation of witch hazel, American pine, Canada fir, marigold, clover blossoms, etc., fragrant with the healing essences of balsam and pine. Such is Sanford's Radical Cure for catarrh. Complete treatment for $1.

Mrs. Mary A. Skillings, aged sixty years, wife of Charles H. Skillings of Portland, Me., shot herself through the brain on Saturday, with a revolver. She had been ill and despondent.

Parents who allow their children to grow up with scrofulous humors bursting from every pore are guilty of a great wrong. Think of them pointed out as branded with a loathsome disease, and you will readily procure them the Cuticura remedies.

Aldis Barden, aged seventy-one years, a farmer, strangled himself with a handkerchief on Friday morning at South Scituate, Mass., through nervous despondency. He leaves a wife and six children.

An Impossibility.

Deserving articles are always appreciated. The exceptional cleanliness of Parker's Hair Balsam makes it popular. Gray hairs are impossible with its occasional use.

Spotters have been watching the liquor sellers in Portland, Me., and six arrests have been made of men selling without a United States license.

How it was Done.

"How do you manage," said a lady to her friend, "to appear so happy and good natured all the time?" "I always have Parker's Ginger Tonic handy," was the reply, "and thus easily keep myself and family in good health. When I am well I always feel good natured."

Maj. Henry L. Pasco, special agent of the Ætna Fire Insurance company, died at Hartford, Conn., Saturday, June 3d. He was major of the 16th Connecticut volunteers, and an officer of conspicuous gallantry. With the most of his men he was captured at Plymouth, N. C., and spent several months in rebel prisons. He was one of the band of officers placed under fire in Charleston, with the hope of stopping the seige of the city. Subsequently, while being transferred to another prison, he jumped from a railway train, and after many adventures made his way to Sherman's lines. He has been connected with the Ætna company since the war.

Beautiful skin, and fair complexion, robust health, and powers of endurance follow the use of Brown's Iron Bitters.

William Marshall, seventy-six years old, of Stamford, Conn., has suffered much from a cancer. Sunday afternoon he blew the top of his head off with a navy revolver.

Reuben M. Hutchinson, aged forty-seven years, and a man of dissolute habits, drowned himself in a canal at Lowell, Mass., on Friday night.

If you wish to purify the blood, make free use of "Wheat Bitters." It is an economical physician.

Walter Curtis, the young fellow who killed Charles Bigelow at Deerfield, Mass., with a rifle, last Friday, was captured on Saturday in Springfield.

"An Odd Street Scene."

He was seen in front of the office rubbing himself against the telegraph post like a flea-bitten dog. "What is wrong?" we ventured to ask. "Gotem, 'gent," he said laconically; have 'em every spring, mall lumps form about the rectum; sore to the touch; they itch like blazes; "a telegraph pole's like an oasis in the desert to me." Here then, was poor humanity suffering from a complaint which a few applications of Swayne's Ointment for itching piles, would have thoroughly eradicated.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

Mr. Albert Kingsbury, Keene, N. H., troubled with bad humor on hands and neck, caused by lead poisoning. (He's a painter.) STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

Portsmouth Chronicle.

WEDNESDAY, JUNE 7, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

Oregon Election.

The state election in Oregon occurred on Monday, when a governor, judge of the supreme court, four other general officers, members of the legislature, and the first member of the 48th Congress were chosen. The legislature will be called upon to elect a United States senator in place of Lafayette Grover, democrat, whose term expires in 1883. For governor the republicans nominated Z. F. Moody, and the democrats Joseph S. Smith. The present governor is a democrat, he having been elected in 1878 by a small plurality, the vote for the several candidates being: Republican, 16,132; democratic, 16,201; independent, 1447. For representative in Congress the republicans nominated Melvin C. George, who was elected two years ago by 1397 plurality. The democratic candidate was William D. Fenton.

A despatch from Portland, Oregon, dated Monday evening, the 5th, says: "The democrats generally concede the election of Melvin C. George to Congress. The republican majority in Multnomah county, in which Portland is situated, was 1157 two years ago. The republicans estimate it this year at 1800, and an impartial estimate this evening gives the republicans a majority in the state of from 500 to 1200. There is a bare possibility that Shattuck, democrat, has been elected judge of the supreme court. The Chinese restriction bill was not made an issue in the election."

Counterfeiters Arrested.

In Philadelphia, June 5th, the government detectives have arrested Frederick Kunnecke, Joseph Locke and N. H. Robinson, the latter known as "Gopher Bill," with a package of $620 in counterfeit $10 notes of the issue of the Muncy Pennsylvania National bank, and fifty $1 notes of the Central National bank of New York and about $200 in counterfeit silver coin; also A. L. Hubbard, at whose residence was found a large cast-iron machine used for milling coins, crucibles, metals and acids, and some blank dies used for making gold coins, as well as $900 in counterfeit dollars and half-dollars. The prisoners were arraigned before the United States commissioner, and committed for trial.

Another "Shepherd's Fold" Affair.

In New York, June 5th, in an investigation into the recent death of a child at the Unsectarian Home, several of the employes testified to the horrible treatment to which children were subjected. Several of the poor little things had died for want of food, and neglect. Ramsear, the superintendent, was held in $5000 bail, and the "Home" was ordered to be abolished.

News and Notes.

The British steamer Strathairlig, which arrived at San Francisco from China last week, was found to have brought 326 more passengers than she was entitled to carry. This will subject her captain to a fine of over $17,000.

The bodies of F. Washington and Fred Feherback were found near Perham, Minn., June 3d, both having been shot and robbed. The murders were evidently committed several days previous. Suspicion points to a boy named John Tribbett, who was seen June 2d in Fargo with the watch and revolver that belonged to Washington. He has escaped, and has probably joined the cowboys, as he had expressed such an intention.

At Harris, Mo., last Sunday, the house of John Jackson was burned while he was at church, and his four children perished.

Concerning the Malley trial, which has been dragging along at New Haven, Conn., for weeks, Mr. Doolittle, for the state, said to an inquirer on the 3d inst.: "I can't tell you, sir, when the defence gets through, how long the rebuttal will occupy. It will take long enough to demolish, utterly demolish the defence. I can say that."

In Centradale, North Providence, R.I., June 5th, Edward W. Olney, a prominent citizen of the town, was shot three times with a pistol by John Kinnecom, of Allendale, who has been rather a troublesome citizen for several years. The wounds of Mr. Olney will probably not prove fatal, unless some complication of disease should set in. Kinnecom was arraigned on a charge of assault with intent to kill, waived an examination, and was committed to await the action of the grand jury.

It is reported that Mrs. Dunmire, Guiteau's ex-wife, has telegraphed to Col. Reed to apply to the president for "a commutation of Charlie's sentence."

Three negroes who had outraged a little girl were taken from jail at Butterville, Ark., Sunday night, and hanged by a mob.

Ben Green of Providence, R. I., and Jim Murray of New York, with a large number of roughs, arrived in Boston on the 5th inst., and went down the harbor on the steam tug Elsie and the passenger steamer Chaffee, to Long island, where Green and Murray were to have a hard-glove fight for $500 a side. The police boat went down with a detachment of officers, but found the men standing around doing nothing. Jim Elliott, a pugilist, was arrested on an old charge.

Near Denton, Texas, June 5th, an attempt was made by four masked men to rob an express train on the Missouri Pacific railroad. The train was flagged, but suspicions having been aroused, when the robbers attempted to board the train they were met with a volley which put them to flight. One of the robbers is reported to have been found dead near the scene. A posse is in hot pursuit of the remaining three.

A cyclone in Northampton county, N. C., June 4th, ruined the cotton, wheat and corn crops, blew down buildings and telegraph poles, and killed several persons. Hailstones weighing over a pound fell.

An Englishman named Warburton, with his wife and two children, were drowned in lake Eustis, Fla., June 5th, through Warburton driving his horse too far into the lake, to allow the animal to drink.

Garibaldi's remains will be cremated. King Humbert of Italy will be represented at the ceremony.

At Wiscasset, Me., June 5th, a stage coach with four passengers fell through a toll-bridge into the river, but no lives were lost.

The wife of Frank S. Trickey, of Bangor, Me., committed suicide June 5th, by drowning herself in a cistern.

A breech-loading cannon on board the British iron-clad Swiftsure, burst on Wednesday, May 31st, when the ship was near Madeira, killing one man and fatally wounding four others.

The case of the United States against Goerth & Co., of San Francisco, for attempting to smuggle in 3,880 cans of opium on Jan. 3d, was decided in the United States district court in favor of the government. The opium is valued at $24,000. Two police officers who made the arrests and seizure will get one-half of this sum.

Philip Rowe, who for sixteen years has held the position of foreman of plumbers at the Charlestown navy yard, has been removed, and Eugene Sullivan put in his place. Mr. Rowe is aged seventy years, and was the first plumber ever employed in the yard, where he has worked, off and on, for forty-eight years.

On Sunday, June 4th, Miss Ida Cheever of Newburyport, who is hopelessly ill, was propped up in bed and married to Mr. William Graves, Rev. Dr. Wallace performing the ceremony. Mr. Graves was engaged to her before her illness, and she wished to be his wife before she died.

The schooner Elliot B. Church, recently launched at Bath, Me., for owners in Taunton, Mass., is the largest schooner on this coast. She has four masts, and has a carrying capacity of over 1,700 tons, is about 220 feet long over all, 182 feet on the keel, forty feet beam, and sixteen feet in the hold. She has four hatchways, and is provided with an engine to help in weighing anchors and making sail.

Secretary Chandler will attend the graduating exercises at the naval academy, probably, on the closing day.

The fishing schooner Elizabeth W. Smith, of Portland, Me., arrived at her home port on the 3d inst., from a six weeks southern mackerel cruise. She had made eight trips into New York and one into Boston, and landed over four hundred barrels, making a gross stock of about $5,700.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE DRAMATIC ENTERTAINMENT.

The audience at Music hall on Tuesday evening, on the occasion of Miss Norah Bartlett's dramatic entertainment, was of course a select one, the parquette being well filled, though the gallery was only sprinkled with spectators; and the close attention paid to the stage throughout the evening, quite as much as the occasional liberal applause, the calls before the curtain, and the floral gifts, denoted the marked interest taken in the young actress.

In some parts of the balcony scene from Romeo and Juliet, Miss Bartlett reminded us of Mary Anderson, though not so strongly as to suggest a copy, and her rendering of this "test character" was such as to again demonstrate her ability in her chosen profession. Her words, however, were occasionally barely audible to persons in the rear of the house, owing, as we thought, to the height of the balcony causing her voice to be partially lost in the flies, as when speaking on the stage there was no difficulty in hearing her all over the hall.

Recitations by Miss Bartlett and Mr. Haworth were well received, and the evening's entertainment ended with an amusing comedietta, The Happy Pair, which contains a great deal of quiet fun, and was excellently rendered and greatly enjoyed by the audience.

COULDN'T SEE IT.

There was a rumor here last evening that the president had signed the Geneva award bill. We see no confirmation of it to-day.—*Times, June 6th.*

The Boston papers of Monday evening, the 5th, received in this city at seven o'clock that evening, contained the "confirmation" referred to, and it was in all the papers of Tuesday—excepting the *Times*—which came to our desk.

POLICE COURT.

TUESDAY, June 6; *Batchelder J.*

Andrew Callaghan was before the court on a charge of threatening to do his sister some grievous bodily harm, to her great terror; he acknowledged making threats, but said he had no intention of carrying them out, and the sister said she was not in the least afraid he would, so the accused was dismissed.

Mrs. Melvin Gould, charged with keeping a disorderly house, was ordered to recognize in the sum of $200 for her appearance in court on Thursday, June 8th.

SINGULAR ACCIDENT.

A singular and painful accident happened on Monday to Mr. Sargent of Hampton, a piano tuner. Mr. Sargent called at the house of J. A. Greeley in Newburyport, on business, and rang the door-bell; but on Mrs. Greeley opening the door she found no person there, though there was much blood sprinkled about on the door and steps, and Mr. Sargent was riding away in a hack. The crystal knob of the bell-pull had burst in Mr. Sargent's hand, cutting it to the bone, and so badly that he fainted in the hack on his way to a doctor's office. Serious accidents have at different times been reported from the bursting of flap-jacks and doughnuts while frying, of potatoes while baking, and of eggs while boiling; but we never before heard of a glass door-knob exploding. About the only thing now left to blow up and kill somebody is a bootjack.

A meeting of Storer Post, G. A. R., will be held at Grand Army hall this (Wednesday) evening at 7:30 o'clock, at which a full attendance is especially requested.

Two blacklegs who came to this city from Boston on Monday on the railroad stockholders' train, hung around the city the rest of that day and on Tuesday up to noon, when they left for Dover. They were well dressed, tho' with a slight tendency to flashiness, and had a "little game" on which they were willing to take bets; but they reported business in this city as very dull—much worse than last year, when they worked the city for a week, to good profit.

The entertainment advertised to be given at Franklin theatre on Tuesday evening by the Lilly variety combination, was postponed until a future date, on account of some of the leading talent not being able to appear.

A large fleet of coasting vessels took shelter in the lower harbor on Sunday, most of them sailing again on Monday.

Col. Sise on Tuesday evening received a despatch from Congressman Hall, announcing the incorporation in the river and harbor bill of an appropriation to complete the Newcastle breakwater.

Our neighbor Charles M. Laighton has returned from his trip to the Pacific coast, and reports himself for business in improved health after his leave of absence. Mr. Laighton has for many years attended closely to his business, almost without interruption, and it was a very sensible thing to do, this visit to the Pacific slope.

Twenty-one bales of wool have been sent this week from the bonded warehouse in the custom house basement to Sawyer's Woolen mills at Dover. A lot of nearly 200 bales has been placed in the new bonded warehouse, late the cotton house of the Kearsarge mills. The Sawyer Woolen Manufacuring Co. have this building as their exclusive warehouse, and have filed in the custom house the bonds required for that purpose.

As it seems possible that the time is near at hand when light drinks will be in demand, it may be seasonable to remind our readers that Mr. C. E. Boynton will this summer, as for ten years past, fill all orders for soda and mineral waters, tonic, birch and ginger beer, lager, porter, refined cider, etc. There is nothing to be gained, either in price or quality, by purchasing of dealers in other cities any of the liquids put up by Mr. Boynton, for though other manufactures may make as good beverages as he does, none can make any better, and his prices are as reasonable as any.

A large deer recently sent from Boston to Mr. Howell C. Russell of this city, and by him placed in an enclosure near Wallis' sands, Rye, jumped over the fence one day last week and took to the water, being chased by dogs. After swimming out about a mile he turned and came ashore, landing on Capt. Dow's farm, and took to Dow's woods, where he remained at liberty the last our informant heard of him.

Mr. Joseph Chapman, of York, was thrown from his wagon on the 5th inst. near Butterfield's blacksmith shop in Kittery, through his horse taking fright, and had his arm broken.

Grant and Thompson's stages between Union Bluff, York, and Portsmouth, will commence running about the 15th inst. Mr. Grant recently bought six fine horses for the line in Boston, and they were brought down by the steamer Acushnet; during the beach season they keep twenty-five horses, and hire a stable in this city, where relays are kept, and also spare horses for any emergency.

A Biddeford paper says that "Mr. Samuel Pillsbury of Kittery is expected in the Saco river within the next two weeks, with his new yacht 'Nemo.'"

A number of graduates of South Berwick academy last month held a meeting, and organized an alumni association, with W. H. Downs of South Berwick as president, Abbie G. Bartlett of Eliot as vice president, and Samuel Hale of South Berwick as secretary and treasurer.

Though a petition was presented to the selectmen of York some time before the late annual town meeting, praying for the laying out of a road from the Long sands to York harbor so as to pass close by Lobster cove, the selectmen neglected to insert in the warrant an article to take the sense of the voters on the question. This was a serious oversight, so far as the proprietors of the hotel Bartlett are concerned; they had planned to put up six cottages to be conducted in conjunction with the hotel, and to run a fast and safe steamer between Portsmouth and Bass cove, but it is uncertain now what will be done, as there is no road from the cove to the hotel. The proprietors have expended $15,000 on the hotel since last season, on the strength of encouragement given them by the selectmen that the road would be built.

Mr. George Hobbs, a marble worker of Dover, N. H., while at work setting up a monument in the church yard at Kittery Point a few days ago had the fingers of one hand badly jammed, and one of them broken. Dr. E. G. Adams dressed the wounds.

Recent transfers of real estate in Kittery are as follows: Wm. M. Otis to John B. Trefethen, real estate, $800; Daniel W. Frisbee to Jesse E. Frisbee, 1 1-4 acres of land, and buildings thereon, $200. In Eliot, Mary J. Brooks to Nathaniel Knowlton, real estate, $1500.

Messrs. Rilby and Mugridge, of Kittery Point, are at work at York neck, moving and repairing buildings for Mr. Ames of Boston.

Mr. William P. Titcomb, keeper of the York almshouse, is highly spoken of by the citizens of the town irrespective of party; everything in and about the house and farm is kept in fine condition, and the kind consideration with which he treats the inmates, a large proportion of whom are aged people, while at the same time maintaining good order and the utmost possible degree of cleanliness, makes him as popular with the unfortunate poor as with the tax-paying voters whose interests he is so mindful of.

Mrs. S. Marden, of Kittery Point, has a large and choice assortment of flowers, in all nearly two hundred and fifty different kinds, that she takes care of indoors and out, and they are looking very finely for such a backward season.

A new wharf is being built at Sewall's bridge, York, on the ruins of the old one at which the West Indiamen used to discharge their cargoes—not unfrequently forgetting to pay duty on a portion of the same, according to tradition—in the days long gone by.

[*For other local matter see second page.*]

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

All scurf and tartar disappear
From mouth and teeth, though dark and dry;
And all becomes fresh, pure and clear,
If we but SOZODONT apply.

Gives to the mouth new loveliness.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of you rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

A PLEASANT LETTER.

It Rings of a Grateful Heart and gives Honor where Honor is Due.

Mr. William W. Chadwick, of Hatchville, Conn., writes under date of June 14, 1880, to Dr. Kennedy, to say that the use of "Kennedy's Favorite Remedy" has cured him of Gall stone, from which he had experienced everything but comfort for a long time. Mr. Chadwick felt wholly cured when he wrote, and says: "I have had no pain for six months, and have also regained my flesh and can stand a fair day's work. I recommend Kennedy's Favorite Remedy to any one suffering from a deranged liver." Grateful patients are common. Dr. Kennedy is daily in receipt of letters from them, expressing similar sentiments. These letters are spontaneous and put in all varities of phraseology, but invariably setting forth one thing—the value of "Kennedy's Favorite Remedy" for many forms of disease. It may be just the thing you have been looking for. Is your liver disordered? Have you derangement of the kidneys or bladder, associated with constipation of the bowels? If so, you want "Kennedy's Favorite Remedy." Dr. Kennedy practices medicine and surgery in all their branches. Write and state your case frankly. Letters promptly answered. Address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE BEST AND The Richest
BLOOD, BRAIN and NERVE
-F-O-O-D-

CAREFULLY PREPARED,
THOROUGHLY TESTED,
ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are in most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to save sickness it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, *not by fermentation* but by solution and are richest in the Phosphates, while the starch and impurements are eliminated. These take in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and most not be surpassed with the thousand, and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Growing Okra.

Okra is an annual and may be planted where it is to remain, or the plants may be grown in pots or beds and transplanted. There are two varieties, dwarf and standard, the dwarf being generally grown in northern gardens. The dwarf seldom grows over two feet in height, the other grows from four to six feet. The edible part of the plant is the pods, which grow from four to eight inches long. They must be picked when tender, to be good. If allowed to remain on too long they become woody and worthless. Kept picked off, the plant goes on bearing until killed by frost. It is used for soup, adding to it a peculiar flavor, much liked, and also thickening it by the mucilage contained in the pods. The pods are also boiled, dressed and served as asparagus. They are also used largely for making a dish known as "Gumbo," recipes for which may be found in any cook book.

The pods are salted just as cucumbers for winter use, or are dried. Of late they are also canned, and they may now be found in our grocery stores.

The rows of plants should be about two feet apart, if of the dwarf variety, and about a foot apart in the rows. The seeds should be planted at once, as they are often a long time in sprouting. If you have never used this vegetable, try a short row of it and we are sure you will be pleased. Do not get uneasy if it is a long time coming up, as this is a peculiarity of the plant. It grows fast enough when it comes up to atone for the delay.

Delicate Females.

The exactions of society, added to the cares of maternity and the household, have tested beyond endurance the frail constitutions which have been granted the majority of women. To combat this tendency to premature decline, no remedy in the world possesses the nourishing and strengthening properties of Malt Bitters. They enrich the blood, perfect digestion, stimulate the liver and kidneys, arrest ulcerative weaknesses, and purify and vitilize every function of the female system.

Nelson Drew of Dover, aged eighteen years, while examining a pistol Sunday afternoon, accidentally discharged it, the ball entering the left palm and glancing upward. The ball is supposed to have lodged in the armpit.

Beware of Imitations.

The delicate odor of Floreston Cologne is entirely novel. Look for signature of Hiscox & Co., N. Y., on each bottle.

Ellen J. Emerson has been appointed postmistress at Alton Bay, and Walter H. Stickney postmaster at Epping.

A Good Foundation.

In American households the prevailing complaints are weakness of the stomach and its consequences, indigestion, nervousness and rheumatism. Such sufferers can lay a good foundation for health by using Parker's Ginger Tonic, as it tones up the stomach and nerves, and keeps the kidneys active to carry off the foul matter.—*N. O. Picayune.*

The Nashua *Telegraph* is informed that Dr. R. J. P. Goodwin, claim agent at Manchester, has been suspended from practice before the department by order of the secretary of the interior.

Don't do It.

Said my physician, who for six months had doctored me for dyspepsia without success, when I told him I was going to try Sulphur Bitters, they will only make you worse. I did try them and now I am a well man and can eat anything. Sulphur Bitters are a great foe to doctors.—*George Bastett, New Haven.*

—Riches and religion are not incompatable, only a man does not want to have too much religion in the way while he is getting riches.

The corner-stone of the new St. Paul's church, on the corner of Amherst and Union streets, Manchester, was laid on Saturday. The box placed beneath the stone contained, among other things, an album bearing 1350 names, including President Arthur and the Cabinet, Mrs. James A. Garfield, the New Hampshire delegation in Congress, and the governor of the state and staff.

Puny, weak, and sickly children, need Brown's Iron Bitters. It will strengthen and invigorate them.

Timothy Donovan and James Cunningham were arrested by the Manchester police early Sunday morning, while ransacking the counting room of Josselyn's furniture factory, which they had broken into. Both are well known to the police, and the latter has "done time" for a burglary committed in Manchester a few years ago.

Medical science never produced so valuable a remedy for the treatment of diseases, requiring a general alterative medicine, as Wheat Bitters. See advt.

The law restricting black bass fishing in the lakes of New Hampshire will be suspended June 15th.

We call the attention of our lady readers to the advertisement in our columns of James Pyle's Pearline, for laundry and kitchen purposes. An article so popular and widely circulated, must possess merits that commend it to the favor of housekeepers.

The Lawrence professorship of Greek in Dartmouth college has been accepted by Prof. Rufus B. Richardson of the Indiana State university. Prof. Richardson graduated from Yale in 1867.

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaints, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 23, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 5, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it *never* cures every time.
JULIUS W. DEE.

MOINGONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and chills and fever, and it never failed to give almost instant relief.
L. F. CALDWELL.

CARNESVILLE, GA., Feb. 29, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. B. IVIE.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
M. J. NATES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORRIS.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
T. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never know it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

THE
New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

37 Walker St., Baltimore, Dec. 1881.
For six years I have been a great sufferer from Blood Disease, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach, in fact, life had almost become a burden. Finally, when hope had almost left me, my husband seeing BROWN'S IRON BITTERS advertised in the paper, induced me to give it a trial. I am now taking the third bottle and have not felt so well in six years as I do at the present time.
MRS. L. F. GRIFFIN.

A Drowned-Out Mine.

A curious affair occurred on the 2d inst. at the Faneuil Hall & Sullivan mine at East Sullivan, Me. The mine is reported to be 165 feet deep, with a cross-cut of about 350 feet. At the end of the cross-cut a seam of quartz was encountered, which had the appearance of a vein. It was penetrated, and found to be about eighteen inches wide. Water now began to work into the mine, and increased to such an extent as to alarm the workmen, who were forced to leave the mine. It was determined to put in a new pump to draw out the water, and while the men were engaged in arranging for this, there was a great rush of wind and a roaring of water heard, and the men in the cross-cut ran into the shaft, jumped into the bucket and signalled for the men on top to hoist away. The water came in so fast as to nearly catch up with the men as they ascended, and the mine is now nearly full, the water rising and falling with the tide.

Volunteers to Explore Hades.

A gentleman conversing with a naval officer in this city relative to the sad fate of De Long and party, remarked that he supposed officers would continue to volunteer for such fool-hardy expeditions all the same.

"Yes," said the naval officer, "call for volunteers to go to hell, and fifty will step to the front."

"Perhaps some of them ought to go there," said the gentleman.

"They are not the ones that would volunteer," quickly replied the naval officer.—*Hartford Courant.*

Smith's Wooing.

Samuel Smith, a barber of Denver, Ind., undertook to woo Miss Higgins after the audacious and precipitate manner of the hero in "Faint Heart ne'er won Fair Lady;" but he found that the success of the dramatic lover was not to be duplicated in real life. Smith was unacquainted with the girl when he fell in love with her. He took out a license to marry her, and presented it to her as an introduction, asking her to name the day. Although he was accompanied by his sister as an evidence of good faith, and both pleaded his cause glibly, Miss Higgins refused to regard the offer as anything but an insult, and had Smith shown to the door.

—Count (to his servant)—"John, I have noticed that ever since your wife's death you come home drunk every evening. Why is this?" John—"I am trying to console myself for my loss." Count—"And how long is this going to last?" John—"Oh sir, I am inconsolable."

Our assistant postmaster, John Bliss, Esq., uses the great German remedy for lameness, rheumatism and pains of every description, says the Lawrence (Kan.) *Journal*. He claims that St. Jacobs Oil is the best thing that was ever applied to man or beast.

—Johnny, aged twelve, ran into the house and exclaimed, in well-feigned astonishment, "Oh, ma! I saw a little baby out here with only two ears and one nose!" "Good gracious!" exclaimed the startled mother, in a single breath, throwing up her hands. "Good gracious! you don't tell me, the poor little dear, however did it happen!"

One pint of milk, in which one dessert spoonful of Sea Moss Farine and one cup of sugar have been boiled and strained. Whip and flavor one pint of cream, and add to the milk. Line a dish with sponge cake or lady fingers, and pour the cream into it. Many prefer this to that made with eggs. Flavor to taste.

—This story of Dan Rice is never told in the ring: After leaving New Orleans a couple of years since he wrote back to the hotel-keeper, saying: "I left my overcoat at your house. Send it by express to Cincinnati." Dan had been dreaming. The hotel man wrote back: "You left nothing here but an unpaid board bill. What shall I do with that?" The great humorist of the ring has not yet answered the last question.

The Boston *Journal* says that "the husband of Mrs. Mary B. Glover-Eddy, the founder of the 'Christian Science' cure, died recently with all the symptoms of arsenical poisoning, induced, according to the statement of Mrs. Eddy, by the mesmeric influence of an enemy. It is supposed by the physician attending that Eddy, having become thoroughly imbued with his wife's fears, died precisely as though actually suffering from the poison. No autopsy has been ordered as yet."

Rose Cold and Hay Fever.

MESSRS. WHITE & BURDICK, Druggists, Ithaca, N. Y.—I can recommend Ely's Cream Balm to relieve all persons suffering from rose cold and hay fever. I have been a great sufferer from these complaints; by using the Balm have had great relief. I have recommended it to many of my friends for catarrh, and in all cases where they have used the Balm freely have been cured. T. KENNEY, Dry Goods Merchant, Ithaca, N. Y.

—*Messrs. Wm. Rust & Sons*, Druggists, New Brunswick, N. J.—Since boyhood I have been troubled with catarrh and hay fever, and have been unable to obtain permanent relief until I used Ely's Cream which has cured me. After a few days' use I could sleep all night. E. L. CLICKENER, New Brunswick, N. J. Price fifty cents.

Aaron Leedham of Sheffield, Eng., confesses to complicity in a murder committed twenty-six years ago. John Whitaker of Dalton Brook, Rotherham, was the victim.

Puny, weak, and sickly children, need Brown's Iron Bitters. It will strengthen and invigorate them.

It is reported that an old colored lady who recently travelled from Providence, R. I., to Bangor, Me., on foot, has come into possession of a fortune of $15,000 by the death of a relative in Macon, Ga. Her name is Dinah Butterfield.

"An Odd Street Scene."

He was seen in front of the office rubbing himself against the telegraph post like a flea-bitten dog. "What is wrong?" we ventured to ask. "Gotem, 'gent," he said laconically; have 'em every spring, small lumps form about the rectum; sore to the touch; they itch like blazes; "a telegraph pole's like an oasis in the desert to me." Here then, was poor humanity suffering from a complaint which a few applications of Swayne's Ointment for itching piles, would have thoroughly eradicated.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

Mr. Albert Kingsbury, Keene, N. H., troubled with bad humor on hands and neck, caused by lead poisoning. (He's a painter.) At times it would break out, crack open, and the skin separate from the flesh in large pieces, suffering great continual itching and stinging. Purchased your remedies, used Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally, and in less than three months effected a complete cure, and has not been troubled since. Corroborated by Bullard & Foster, Druggists, Keene, N. H.

Mother Died from it.

J. W. Adams, Newark, Ohio, says: "Cuticura Remedies are the greatest medicine on earth. Had the worst case salt rheum in this county. My mother had it twenty years, and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relived or cured until I used the Cuticura Resolvent (blood purifier) internally, and Cuticura and Cuticura Soap externally.

Psoriasis.

H. E. Carpenter, Esq., Henderson, N. Y., cured of Psoriasis or Leprosy, of twenty years' standing, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The most wonderful case on record. Cure certified to before a justice of the peace and prominent citizens. All afflicted with itching and scaly diseases should send to us for this testimonial in full.

Salt Rheum.

Those who have experienced the torments of Salt Rheum can appreciate the agony I endured for years, until cured by the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

The State Finances.

From an abstract of the transactions of the treasury department of the state for the year ending May 31st, 1882, it appears that the total receipts during the year, including cash on hand June 1st, 1881, were $947,128.27; total disbursements, $885,894.79; leaving cash on hand June 1st, 1882, $61,233.48.

The net indebtedness of the state on June 1st, 1881, was $3,372,770.05; on June 1st, 1882, $3,330,757.48; reduction during the year 1881-82, $42,012.57. The report says: "Should the revenues of the state for the ensuing year be equal to those of the year just closed, the reduction of the debt for the year 1882-83 will approximate $160,000."

The auditing committee "commend in high terms the systematic methods of keeping the accounts, instituted and perfected" by State Treasurer Solon A. Carter, "the care with which all evidences of receipts and payments are preserved, classified, indexed, and filed away, and the clear and concise explanations embodied or attached to every document. Such care and method of details can but be of great benefit for future reference, should occasion arise."

News and Notes.

John Tibbetts, (or Frebbett,) the fifteen-year-old devourer of dime novels who murdered two men at Perham, Minn., a few days ago, was arrested in Bismarck, Dakota, on the 6th inst. He made a partial confession, by saying he was not alone in the murder.

George F. Bert, said to be recently from Boston, and a man named Hudson, have been arrested in a "dug-out" hovel at Kirwain, Kansas, and a complete set of dies for counterfeiting, and a lot of counterfeit coin, captured. The fellows are believed to be at the head of a large gang of counterfeiters and "shovers of the queer."

The 16th annual meeting of the Maine Homœopathic Medical society was held in Augusta on the 5th inst., many of the leading physicians of the state, of the new school, being in attendance.

The Maine Central railroad construction crew have begun work on the road bridge over the Kennebec at Augusta, Me. New granite piers are to be built, and $25,000 will be expended in strengthening the structure.

Michael Davitt has published a letter in London, in reply to a pamphlet circulated by Arnold Forster attacking the land league, in which he denies emphatically that the league had any hand in the Clerkenwell explosion, or that the Fenians, as a body, knew anything of or planned the outrage.

The members of the state constitution amendment committee of Iowa charge that a campaign of free beer, whiskey and money, and the importation of voters, has been inaugurated to defeat the prohibitionists on June 27th in that state.

Ex-Chief Drake of the fire department of Coldwater, Mich., was held for trial June 5th in the circuit court, on the charge of burning some buildings last summer so as to prove the efficiency of the department.

On Saturday night, June 3d, in Billings township, Mich., Mrs. Anna Stevenson shot her husband William dead, for trying to gain access to her house after she had barred him out. The couple, though married a long time, had often quarrelled.

Steamer Evansville, from Evansville, Ind., to Bowling Green, Ky., exploded her boilers June 6th near Calhoun, fatally injuring her mate, Owen Gilmore, and a fireman, and slightly scalding nine or ten others. No passengers were injured.

Capt. Thomas Bates and Maj. George G. Bailey, keepers of Boston light, and Charles Pochtaska, of Middle Brewster island, have each received $10 and a diploma from the Massachusetts Humane society for rescuing the crew of schooner Fanny Pike, of Calais, Capt. Kilpatrick, which vessel went ashore on Shag rock on Jan. 31st, about nine o'clock in the evening, during a heavy northeast snowstorm, and very heavy sea. The crew were on the rocks for upward of ten hours. The steam tug Thomas J. Yorke, Jr., Capt. Bates, laid by and took the crew from the boat, and rendered all possible assistance, as the boat from the light could only rescue one man at a time.

The Biddeford *Times* says: A private letter received from Michigan states that an excursion of nearly 600 persons, including prominent journalists and professional men, will leave for Old Orchard via White mountains and Portland, July 25th. They will remain at the beach ten days.

The Newburyport fishing schooner Alfarettta on the 6th inst. got about two thousand mackerel in her net, which the crew were glad to see, and a mackerel shark seven feet long, which the crew were not at all glad to see, as he played the mischief with the net.

The citizens of Croydon are agitating the subject of a new road from Croydon Flat to the base of Croydon mountain, two miles, voted one year ago, but not yet laid out. It is an important tourist's route.

The *True Religion*, heretofore published at Norway, Me., is to be removed to North Conway.

The body of Herman Reitzel, who was drowned in Chesterfield lake with Conly, was found June 7th.

AROUND HOME.

The new schooner building by Wm. F. Fernald at his ship-yard at Freeman's point will be ready for launching about July 10th. Mr. Geo. Young of Boston has the contract for the spars. The schooner seems to be very thoroughly built, and will be a large carrier. We have heard no name suggested as yet for the new vessel. How would it sound to call her "Freeman's Point?"

Theo. Keene, proprietor of the steamer James Sampson, has had the steamer Fearless fitted for excursions; some changes have been made, by the removal of the cabin sides, so that a better prospect will be had by those on board, with yet a chance for shelter in a storm. The Appledore is now at Jones' wharf, all ready to resume next week her summer trips to the Shoals.

One of C. E. Walker & Co.'s teams took a little excursion on its own hook on the 7th inst., but was soon stopped, having done no special damage to itself or anything else except to one of the windows of Mr. Mike Ryan's barber shop, restaurant and residence on the corner of Water and Court streets, which was smashed in. Mrs. Ryan was reclining on a sofa at the time of the crash, but immediately arose; she says she never had the least idea of how much glass there was in that window, until she swept it off the floor. Speaking of this incident reminds us that Mr. Ryan had one of his feet hurt on the evening of Memorial day, through a wheel passing over it as he was talking with a friend on Vaughan street, making the fourth time that that same foot has been more or less injured by accidents.

The schooner Wingaersheek will go on the ways at Kittery to-day.

The potato bugs, which were reported as having hardly shown themselves in this vicinity the last of May, put in an appearance in large numbers a week later, and it is evident that the Paris green and London purple campaign must be carried on again this year, and probably always, for most likely the potato bug, like the rot, has come to stay, though the bug pest, like the rot, may turn out to have shown its worst side at the first, and will be a nuisance rather than a calamity in the future.

The schooner Storm King, which has been in this port for some weeks getting ready for mackereling, sails to-day, Thursday, for Gloucester, Mass., to get her seines, which were some time ago sent to that place to be overhauled and thoroughly repaired, at an expense of $500. The schooner during her stay in this port has had about $400 laid out on her, and has been fitted out like a yacht.

The mountain and seashore cars will be put on the Eastern railroad in a few days.

The North Parish Sunday school will give an exhibition and strawberry festival next Wednesday evening.

Schooners of a size which would have been considered large for ships not forty years ago are now common, and are frequently seen in this port. One such, the City of Augusta, Johnson master, arrived at the Eastern railroad wharf on the 5th inst. with a cargo of 850 tons of soft coal destined for the sheds near the roundhouse in this city. The City of Augusta is owned at Augusta, Me.; she is heavily timbered and copper fastened, and is of a fine model, though having more shear than we like to see; she was built at Bath, Me., by Goss, Sawyer Packard, and launched in May, 1880. She is 145 feet long on the keel, thirty-five feet beam, and fifteen feet in the hold; registers 595 tons, and carries 1000 tons when loaded to her full capacity. Her mate, Mr. Cyrus H. Buzzell, sailed out of this port in a small coaster in 1846, with Capt. Solomon Williams of Kittery Point, and came here again in the winter of '48, with a cargo of lumber for the government dry-dock.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wltjan82

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and confers a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It renews the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for enriching the blood, and restoring lost strength. When the stomach is weak and refuses other nourishment, the Extract will prove an excellent substitute for food. It neither palls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestive and reproducting foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the muscular frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a facsimile of his signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE RAILROADS.

The directors of the Boston, Concord & Montreal railroad in their recent report to the stockholders say that "in their opinion the increasing business of the road will, before long, require the laying of a double track for a part if not the whole of the distance between Concord and Woodsville, and it would be advantageous to have the surveys and estimates of the costs of such improvements made at an early day." The B., C. & M. R. R. controls the charter of the Meredith & Conway railroad, a corporation existing on paper, but if the litigation now pending in the United States court in this state, between certain bondholders of the Portland & Ogdensburg railroad and the managers of the P. & O., should result in the change of ownership of that part of the line of the P. & O. R. R. which is in this state, there would be a lively movement to possess this piece of road, which is the key to the White Mountain notch. It is stated that several railroad managers have an eye to this property as a part of the direct route from the west to the seaboard, and the energetic manner in which the Boston & Maine is pushing the completion of its double track east of Newton Junction, is one evidence of this fact.

The Boston & Maine road will soon have a double track between Newton Junction and Scarborough, and thus be able to shorten the time of its Portland trains. The B. & M. and the B., C. & M. railroads will not quietly see the Eastern enjoy its magnificent White Mountain traffic, without an attempt at some time to repossess themselves of a portion of it. These roads have directors resident in this state, who have a sharp eye at all possibilities, while the management of the Eastern is in the hands of non-residents, with not a director resident on the line east of Boston. While the Eastern is furnishing the public with superb cars and rolling stock of unsurpassed excellence, its old rival the Boston & Maine is making ready to put down its double track in preparation to make a new attempt upon the passenger traffic from Maine, by affording a more rapid transit on a double track. The enormous business of the Eastern between points connected by single track is of course done by telegraphic despatching, but convenience as well as safety should induce the managers to increase every year the length of the double track, and especially to extend it between Ipswich and Greenland.

MUTINOUS GROUND TACKLE.

On Wednesday afternoon, the 7th inst., as a schooner from the British provinces (reported to us as the "Hugn" of Annapolis, N. S.,) with a load of ties for the Eastern railroad, was making a berth at the company's wharf, in charge of a pilot, on letting go the anchor the shackle broke, and the anchor was lost. The pilot instantly ordered the other anchor to be let go; the order was obeyed, but the anchor wouldn't "go," the chain being choked in the hawse-pipe, and the schooner was carried by the tide against Portsmouth bridge, where she hung until slack water. The damage was trifling to either vessel or bridge.

THE PATENT VALVE BUSINESS.

A despatch of the 7th inst., from Dover, says: "The mayors of all New Hampshire cities are to meet by appointment Mayor Murphy and Alderman Quaid of this city at the Quincy house, Boston, at eleven o'clock A. M. on the 14th inst., for the purpose of combining to resist the claims of Marcus P. Norton et al. for infringement on a patent valve. The suit promises to be important in the light of precedent, for other cities all over the country are already threatened with suits by the parties. Those outside of New Hampshire will be duly notified of the convention, and are expected to be officially represented."

POLICE COURT.

WEDNESDAY, June 7; *Batchelder J.*

Charles Libbey, for drunkenness, was fined $3, costs being taxed at $6:90.

Ransom B. Crook, another drunk, was assessed $9:90, which he paid.

Eva Downing paid $11.04 for one drunk had and expended, $8.04 being the costs in the case.

Nellie Dickerman's drunk must have been one of unusual size, judging from the price she had to pay for it, $18.04, divided as follows—fine $10, costs $8.04.

Jeremiah Marden and William Frost, charged with insult, Andrew Callaghan, charged with assault, and B. Stowe Laskey, charged with drunkenness, were dismissed.

BOATS TO LET.

Mr. Lewis Holmes has got his fleet of sail and row boats all afloat, and is now ready to answer the calls of all responsible person, who may wish to hire a boat of either kind by the hour or day, on their application at the office on Commercial wharf, in the rear of Mr. Samuel G. Hooper's grocery store, or at the float in the dock close by. Mr. Holmes has had one boat painted with the especial view of gratifying the æsthetic taste; she has a gorgeous sunflower on each bow, and another on the back-board; and she is ornamented inside with all the colors ever heard of, and several bran-new ones never before seen, and to be found only in this boat. Any person desirous of hiring a boat will do the correct thing by calling upon Mr. Holmes.

The young people of the Middle street Baptist society are to give a pleasing entertainment in Congress hall this evening, consisting of music by a female quartette, Mother Goose Melodies by twelve children in costume, tableaux, statuary, etc. Fancy articles, strawberries, cake and ice cream will be on sale during the evening. The proceeds are to be used in swelling the fund for a new chapel.

Rev. A. A. Williams of Lynn, Mass., will deliver a lecture on the "Liquor Traffic Piracy," illustrated by five painted charts, in the Court street Christian church this (Thursday) evening. Admission free. Good music will be furnished on the occasion. Lecture will commence at eight o'clock, sharp; Doors open at 7:30.

The concert by the Wentworth house orchestra, assisted by Miss Edith Wendell, Miss Ella M. Chamberlain, the whistler, and Mrs. Martha Dana Shepard, which was postponed from the date first set on account of the death of Mr. Harlow's father, will be given in Music hall on Friday evening, June 16th.

The schooner Christie Campbell arrived on Tuesday evening, and sails on a trip for mackerel this morning.

The Natural History society of West Newbury, Mass., propose to visit this city by steamer July 26th.

The schooner yacht Una, after a somewhat prostrated stop on the marine railway at Kittery, will come off to-day; it is said she will sail for Pictou, N. S., on the 15th.

The steamer Mystic on Wednesday afternoon, the 7th inst., took down the river on an excursion a large number of persons in attendance upon the New England Convention of Christian Churches at Kittery.

The captain of a British schooner which arrived at this port on the 7th inst. from a Nova Scotia port with ties to the Eastern railroad, reports a much larger acreage of potatoes planted in Nova Scotia this year than ever before, the active demand from "the states," and the exceptionally high prices obtained, having stimulated the farmers in that direction. As more potatoes have also been planted in this vicinity than ever before, it is probable that the tubers will be cheaper next fall.

The first delivery of coal from C. E. Walker & Co.'s new coal-pockets was made on Tuesday of this week, to a prominent professional gentleman of the city.

About twenty applicants for pensions were examined on the 7th inst. by the medical examining board in this city; only one of the applicants is a resident of Portsmouth.

Portland Commandry of Knights Templar, of Portland, Me., have voted to accept the invitation of the commandry in Haverhill, Mass., to be their guests on St. John's day, June 24th. The commandry, escorted by Glover's band of Auburn, will leave Portland on Friday afternoon, the 23d, pass the night in Portsmouth, and leave this city for Haverhill on Saturday morning, passing the day there and returning on Saturday night.

Miss Haley of Tuftonborough, N. H., the well known revivalist, is at Kittery this week, taking part in the Christian convention there.

A PLEASANT LETTER.

It Sings of a Grateful Heart and gives Honor where Honor is Due.

Mr. William W. Chadwick, of Hatchville, Conn., writes under date of June 14, 1880, to Dr. Kennedy, to say that the use of "Kennedy's Favorite Remedy" has cured him of Gall stone, from which he had experienced everything but comfort for a long time. Mr. Chadwick felt wholly cured when he wrote, and says: "I have had no pain for six months, and have also regained my flesh and can stand a fair day's work. I recommend Kennedy's Favorite Remedy to any one suffering from a deranged liver." Grateful patients are common. Dr. Kennedy is daily in receipt of letters from them, expressing similar sentiments. These letters are spontaneous and put in all varities of phraseology, but invariably sending forth one thing—the value of "Kennedy's Favorite Remedy" for many forms of disease. It may be just the thing you have been looking for. Is your Liver disordered? Have you derangement of the kidneys or bladder, associated with constipation of the bowels? If so, you want "Kennedy's Favorite Remedy." Dr. Kennedy practices no medicine and surgery in all their branches. Write and state your case frankly. Letters promptly answered. Address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS
THE BEST AND The Richest BLOOD, BRAIN and NERVE
-F-O-O-D-
CAREFULLY PREPARED, THOUGHTFULLY TESTED, ACCEPTABLE AND RELIABLE.
The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.
The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to save sickness it is wise to BUILD FOR HEALTH.
Wheat Bitters are prepared, not by fermentation but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.
Sold by druggists, $1.00 per bottle.

Equal to the Emergency.

A newly-arrived and singularly-assorted couple at the Fifth Avenue hotel, New York, consisting of a Londoner and an out-and-out American western man, stood watching the throng of people coming and going at the marble counter the other evening, and listening with surprise to the endless number of quick questions made to the hotel clerk about trains, rooms and individuals, and his instantaneous replies, when the Englishman broke out with:

"Most extraordinary man; seems to know everybody and everything—wonder if there is any question about a railway train or any person that he can't answer?"

"I'll bet half a dozen champagne I'll put him a question he can't answer," said the westerner.

"Done! I'll stand six to see him go to grass," said her majesty's subject.

"Well, here goes, then," and western stepped up to the marble counter.

"Say! You appear to know everybody; who is there that is going to hell, and when'll the train start?"

"Charles J. Guiteau; starts 30th June, sir," replied the clerk, looking the questioner right in the eye without moving a muscle.

"Well, I reckon you are about right; but you can't tell me where I can go and get a ticket, can you?"

"Go to the devil!" said the clerk, turning away.

"Mister," said the western guest, looking over to the doorkeeper, after the laughter had subsided, "you can charge six bottles of 'Fix' in my bill for the use of them gentlemen, for I must weaken on this bet; it's agin me." He withdrew, and the clerk kept answering questions about other and more familiar routes with perfect equanimity.

Rough on the Lawyer.

Some years ago, when the late Judge M—— was holding court in one of the interior counties of Maine, a case was called which had long been in litigation. The costs considerably exceeded the amount at issue, and the judge, thinking it impracticable to keep the case longer in court, advised the parties to refer the matter, whereupon they assented, and agreed to refer the case to three honest men. The judge said the case involved some legal points which would require one of the referees, at least, to have a knowledge of law; therefore he would suggest the propriety of their selecting one lawyer and two honest men!

—They were speaking of cranial deformities down at the corner grocery last evening. "I hold," said a fly young man, "that a man with a big head is just as apt to be a durned fool as a man with a small head." "True," replied an elderly man who was holding down the cover of a sugar barrel, "but he ginerally knows it, and don't give himself away." The young man ordered a small bottle of spruce beer.

Beautiful skin, and fair complexion, robust health, and powers of endurance follow the use of Brown's Iron Bitters.

—Floral: Apropos of the "Language of Flowers," how would forget-me-not do to send to a rich relation?

—Says a London cram: "The Americans are as mad as we. They have 'christened' Jumbo with champagne, and made his sponsor swear for him that he will renounce all allegiance to the Queen of England, the works of the British Empire, and become the son of the stars and stripes, and a worshipper of republicanism. All the novelties of the American stores are called after him, and the cost of his keep every day is published along with the price of shares and rate of exchange."

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

THE
New Hampshire Gazette!
Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

37 Walker St., Baltimore, Dec. 18st.
For six years I have been a great sufferer from Blood Disease, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach, in fact, life had almost become a burden. Finally, when hope had almost left me, my husband seeing BROWN'S IRON BITTERS advertised in the paper, induced me to give it a trial. I am now taking the third bottle and have not felt so well in six years as I do at the present time.
Mrs. L. F. GRIFFIN.

BROWN'S IRON BITTERS will have a better tonic effect upon any one who needs "bracing up," than any medicine made.

"The Boy" Discussed.

It is Charles Dudley Warner who urges that boys should be caught young, put in a barrel, and fed through the bung-hole until they have arrived at years of discretion. And yet after many and forcible reasons for regarding boys as blessings in disguise, and so well disguised as to be mistaken for something quite the contrary, most everybody will agree with the eulogy he pronounces upon the boy. "After all," he says, "there is something I like about a boy." Boys are certainly a nuisance, and yet in their most obnoxious aspect they have an invaluable disciplinary value which all who have nothing to do with them cannot sufficiently admire. The Detroit *Free Press* says: Boys are the terror of cats, their mothers and their sisters, but the cats would lead but a dull career without them; while a mother would scarcely know what life really is if she was freed from the constant anxiety she feels about her boys. What unruffled but unprofitable hours of lazy enjoyment would fall to the lot of elder sisters, were it not for their younger brothers. Sloth and ease and a mistaken belief that this world is not a world of annoyances and discomforts would enervate their characters. Boys make them feel that we are not put here simply to enjoy ourselves, but to develop our characters. So with teachers. What a monotonous existence would be theirs were it not for boys! A teacher of girls alone would mistake earth for paradise, and so, not having any use for heaven and not believing in any such place as a refuge from earthly miseries, would never strive to get there. But, as a teacher of boys, every week he looks forward to a better and brighter world, and makes good use of Sunday in fitting himself for it, and in hoping that he will get there sometime to make up for his trials here.

Mr. Arthur Fisher says: "I caught a very bad cold which settled into a severe case of rheumatism. I did not know what to do for it, so I resolved to purchase St. Jacobs Oil for trial. Happy thought. I began applying the Oil, and in two weeks was as well as ever."—*Toronto (Canada) Globe.*

—A St. Louis editor accidently received in his morning mail proof-sheets intended for the employes of a religious publication house, and, after glancing over them, rushed to the night editor, yelling: "Why in —— didn't you get a report of that big flood? Even that slow old religious paper across the way is ahead of you. Send out your force for full particulars—only one family saved. Interview the old man. His name is Noah."

A Fool and His Money Soon Part.

How true some of these old sayings are. A friend of mine paid a travelling quack $50 to cure him of scrofula, from which he had suffered two years. He gave him a bottle of stuff which only aggravated the disease. When he went to consult him a second time, the quack had left for parts unknown. Upon learning the circumstances I recommended Sulphur Bitters. Five bottles cured him.—*Courier.*

—A Philadelphia undertaker invited some actors and other friends to a dinner. The invitations were printed on mourning paper, ornamented with a skull and crossbones; and the guests found that the funereal aspects of the affair did not end with that. The table was set in a room hung with black and lighted by candles; the table resembled a catafalque; the dishes were edged with black; a turkey was dressed in a white collar and black necktie; the ice cream was moulded like a coffin; and the mashed potatoes were in a mound, with sprigs of green here and there, and tombstones to complete the semblance of a burial plot.

If you wish to purify the blood, make free use of "Wheat Bitters." It is an economical physician.

—A Hartford man went to a lawyer for advice. After receiving the retaining fee the lawyer said: "State your case." "Well, sir," replied the client, "a man told me to go to h—l, and I want your advice." The attorney took down a volume of the Connecticut statutes, and after turning over a few leaves, answered: "Don't you do it. The law doesn't compel you."

An Impossibility.

Deserving articles are always appreciated. The exceptional cleanliness of Parker's Hair Balsam makes it popular. Gray hairs are impossible with its occasional use.

According to the *Opinion*, of Bradford, Vt., the Dartmouth boys who went up to St. Johnsbury to play ball the other day acted very outrageously on their return trip, assailing store windows at Pierpoint station with a shower of stones and bottles, to the great damage of the aforesaid windows; and all because of a little miff against the storekeeper.

How it was Done.

"How do you manage," said a lady to her friend, "to appear so happy and good natured all the time?" "I always have Parker's Ginger Tonic handy," was the reply, "and thus easily keep myself and family in good health. When I am well I always feel good natured."

The question of allowing a taxpayer to use national bank stock to offset what he is owing in making out a return of his inventory, has arisen in Concord for three successive years. Such an offset has heretofore been denied, and taxes have been paid under protest. In accordance with a recent decision of a United States court the assessors of Concord will now take the ground that bank stock should be considered as money capital, and allowed to be used in the deductions of debts owed by taxpayers. The test case is that of William F. Thayer, cashier of the Frst National bank of Concord, who claims that $16,600 which he is owing should be deducted from the value of his bank stock. The issue is an important one, and has already arisen in other places.

The Appalachian club of Boston will visit the Sunapee lake, Claremont and Ascutney mountain during the month of June, and are expected in Claremont on the 16th.

"An Odd Street Scene."

He was seen in front of the office rubbing himself against the telegraph post like a flea-bitten dog. "What is wrong?" we ventured to ask. "Gotem, 'gent," he said laconically; have 'em every spring, small lumps form about the rectum; sore to the touch; they itch like blazes; "a. elegraph pole's like an oasis in the desert to me." Here then, was poor humanity suffering from a complaint which a few applications of Swayne's Ointment for itching piles, would have thoroughly eradicated.

Cuticura

THE NEW BLOOD PURIFIER

Resolvent

Mr. Albert Kingsbury, Keene, N. H., troubled with bad humor on hands and neck, caused by lead poisoning. (He's a painter.) At times it would break out, crack open, and the skin separate from the flesh in large pieces, suffering great continual itching and stinging. Purchased your remedies, used Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally, and in less than three months effected a complete cure, and has not been troubled since. Corroborated by Bullard & Foster, Druggists, Keene, N. H.

Mother Died from it.

J. W. Adams, Newark, Ohio, says: "Cuticura Remedies are too greatest medicine on earth. Had the worst case salt rheum in this county. My mother had it twenty years, and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relived or cured until I used the Cuticura Resolvent (blood purifier) internally, and Cuticura and Cuticura Soap externally.

Psoriasis.

H. E. Carpenter, Esq., Henderson, N. Y., cured of Psoriasis or Leprosy, of twenty years' standing, by the Cuticura Resolvent internally, and Cuticura and Cuticura Soap externally. The most wonderful case on record. Cure certified to before a justice of the peace and prominent citizens. All afflicted with itching and scaly diseases should send to us for this testimonial in full.

Salt Rheum.

Those who have experienced the torments of Salt Rheum can appreciate the agony I endured for years, until cured by the Cuticura Resolvent internally and Cuticura and Cuticura Soap externally.

MRS. WM. PELLINGTON, Sharon, Wis.

Cuticura

and Cuticura Soap externally and Cuticura Resolvent internally will positively cure every species of humor, from a common pimple to Scrofula. Price of Cuticura, small boxes, 50c.; large boxes, $1. PATENTS!

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 10, 1876.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1860, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

A Great Blessing to Mothers and Nurses.

"Swayne's Teething Cure" for infants. This new theory and infallible remedy has saved the lives of thousands of children. When the child is in pain, or restless with its teeth shooting in its gums, simply rub the gums for two or three minutes with the "Cure." What little it may swallow will relieve colic, pain and flatulence, prevent fever, and avoid that painful operation of lancing the gums, which always makes the next tooth harder to come through and sometimes causes death. Depend upon it, mothers, it will give rest to yourselves and immediate relief and health to your infants. A very able medical writer, who enjoys a large and lucrative practice, says: "Rubbing the gums with a soothing lotion, is the only true method for children teething; poisonous drugs should never be in introduced into their delicate stomachs." "Swayne's Teething Cure" is prepared only by Dr. Swayne & Son, Philadelphia, and sold by all leading apothecaries at 25 cents a bottle.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

Discussion of Naval Matters.

Secretary Chandler was before the naval committee of the senate on the 7th inst., and gave his views upon several matters of importance connected with the affairs of his department. He is anxious that Congress shall take some action looking to the reconstruction of the navy, and expressed his approval of the Harris bill introduced into the house, with the exception of the fifth section. As a substitute for this section, a proposition was made that an appropriation of $150,000 be made immediately available for the purchase of the necessary tools or plant to put the navy yards of the government in condition for work upon the projected new navy. With this amendment, it is thought probable that the bill will be favorably reported by the committee. The secretary called attention to the letter he recently sent to the house naval committee, recommending the repair and completion of the ironclads.

The probable surplus of naval officers at no distant day, if the naval academy continues to produce at the present rate, was discussed; and the bill reported, limiting the number of graduates who are to receive commissions in the navy, and authorizing the appointment of graduates to the marine corps, was perfected during the session.

The legal questions raised in connection with the nomination of Paymaster Smith to be paymaster general were discussed, and the conclusion was reached that the objections to his promotion were unfounded, inasmuch as the law expressly confers authority for the appointment of a paymaster general from the list of paymasters who have been ten years in the service.

In a Bad Way.

Panama advices of May 29th say: "Intelligence from the south coast is to the effect that Ecuador is in the throes of revolution; Peru in anarchy and disorder; Bolivia, at a safe distance from the coast, preserving the show of a military force; and Chili smitten by epidemics in various parts, and cursed by brigandage. Chilian papers fully corroborate the latter statement. Smallpox has committed great ravages in the country, and in some departments is epidemic. The situation in Peru is unchanged, except that anarchy is becoming more widespread, and all forms of government are being overthrown. In many parts of the country the only authority recognized is the municipal."

News and Notes.

The house of representatives on the 8th inst. passed a bill increasing to $40 a month the pension of any person who in the late war lost an arm, leg, hand or foot, or received disabilities equal thereto.

The Brookfield bank at Linnæus, Mo., was on the 7th inst. robbed of $6,000 by six mounted men.

A duel was fought at New Orleans, June 7th, between Maj. E. A. Burke of the *Times-Democrat*, and C. H. Parker, editor of the *Picayune*. Pistols were used. Five shots were exchanged. At the fifth fire Burke was shot through both thighs, though no bone was broken and the wound is not considered dangerous.

Over one hundred Chinese applied for passports last week at San Francisco, to enable them to return to this country after visiting China. No official passports having been received at that port, permission had to be asked of the secretary of the treasury at Washington, who authorized the issuance of temporary certificates, and the applicants left on the Oceanic.

J. W. Bayles, a farmer aged sixty years, was sitting in his home near Vienna, Ill., June 9th, reading, when several masked men entered, tied his hands and feet, robbed the house, set fire to his clothes, split his head open with an axe, and left him for dead on the floor

A disgraceful street fight came off in Biddeford one evening recently, between Horace H. Burbank, Esq., county attorney for York county, and Charles H. Webber, formerly pastor of the Free Baptist church in Biddeford, but now a clothing dealer in that city. Webber is said to have insulted Burbank during the afternoon, using language too foul for reproduction. In the evening Burbank met Webber near the post-office, shook his fist in Webber's face, and pulled his moustache. The ex-parson promptly pitched into the attorney, threw him down and commenced to pound him, when other persons came up, and he started off, Burbank following and striking him from behind; a third belligerent joined in the fray, to help Burbank and pay off an old grudge against Webber, and the latter then ran away. There was a large and noisy crowd attracted by the disgraceful spectacle, the principal actors in which were afterward arrested and taken before the police court.

AROUND HOME.

Benjamin B. Hutchinson, of this city, formerly a brakeman on the Eastern railroad, had his right hand injured while attending to his duty about two years ago, and was recently obliged to have it taken off.

Messrs. William Ward and Samuel J. Gerrish have gone on a brief trip to Washington.

An ocean wier is just being put down at the mouth of Little harbor; it is the property of the gentleman owning what is known as the Harding wier, near Gerrish's island. Fish are reported as being conspicuous by their absence in the weirs just now.

The steamer Mayflower is running regularly on Lake Winnipesaukee in connection with the Eastern railroad, for the transportation of freight.

John Crossley of Dorchester, George H. McCommick, and Dr. George E. Leet of Canaan, were proceeded against this week for cruelty to animals, at the instance of Hon. T. E. O. Marvin of this city, president of the anti-cruelty society. Crossley settled, McCommick skipped the town, and Leet was put on trial at Canaan.

The office of C. E. Boynton's bottling establishment on Bow street was on Thursday last connected by telephone with the brewery of the Eldredge Brewing Co.

A prominent physician reports that he has about forty cases of lung diseases of various kinds under treatment, in this city and vicinity.

Mr. Charles Gear of Stratham has during the past winter had cut 600 cords of wood, pine, hemlock and hard, which he disposed of in this market.

Mr. Wm. P. Israel, highway surveyor for district six, is repairing the Sagamore road from the Rye line to the junction of the road with South street; he is practically rebuilding the road in many places, and making a good job of it; and when he gets through, the road will be in a better condition than ever before.

Mr. Fletcher, who is advertised in another column, is called one of the best speakers and test mediums now before the public; his arguments are claimed to be logical and convincing, and his points clear and well made. Persons in sympathy with the liberal movement of the day, or who have a desire to know just what Spiritualism means and teaches, should hear him.

The schooner D. K. Ham, Garland master, is having her rigging refitted and some slight repairs made to her hull, at the draw-pier of Portsmouth bridge.

The Boston & Northern Telephone Co.'s construction gang were on the 7th inst. stretching wires between this city and Greenland. Two wires were put up, one of them being a private wire to connect Mrs. Denny's residence, above the Plains, with the Portsmouth office; the other extends to Greenland.

The schooner Henry Withington, with 911 tons of coal, the D. H. Ingraham with 281 tons, the Lizzie Brewster with 169 tons, the Dolly Varden with 190 tons, and the Terrapin with 231 tons, all to J. Albert Walker, arrived at this port on the 8th inst.

We are informed that the passenger traffic by the steamer James Sampson is increasing to such an extent that the steamer Fearless will be put on the route to run in conjunction with her from the 15th inst.

Mr. Floron Barri has sold his soap manufacturing business to A. T. Walker & Sons.

You can buy a lawn mower of A. P. Wendell & Co. from $3 to $16.00, that is warranted in every particular.

The Boston & Northern Telephone Co. on Thursday last commenced stretching wires from Kittery depot to York, using the poles of the former telegraph line.

A sturgeon measuring seven feet and seven inches in length was captured in the Mitchell weir on the 8th inst., and a stout line having been made fast around his "small," he was moored to a stake to await the arrival of the aquarium people, who soon came and towed him stern foremost as far as the beach at Kittery point, where he was placed in a car and transported to the aquarium, where he now is. While getting him into the car he pulled one of the men into the water entirely out of sight, to the great amusement of a crowd of lookers-on. He is the largest fish ever in the aquarium.

The Boston *Journal* says: "In regard to the rumors of negotiations between the Eastern and Boston & Maine, there is no doubt but what the management of each of the roads has been requested to state their terms of a lease. To this the Boston & Maine replied that they did not desire to lease their road upon any terms. The Boston & Maine can doubtless lease the Eastern if a suitable arrangement can be made with its stockholders. All the bondholders can ask is that their six per cent interest be guaranteed to them from the first of September next. It is more than doubtful whether the Boston & Maine can safely meet the stockholders upon any terms they are likely to demand in connection with the lease."

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE WEATHER.

U. S. SIGNAL OFFICE,
WASHINGTON, D. C.
June 9, 12:00 A. M.

Probabilities for New England:—

Light rains, with partly cloudy weather, southwest to northwest winds, stationary or slight fall in temperature, stationary or a slight rise in barometer.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 60 degrees above zero.

Cloudy.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, regular meeting, Thursday evening, June 8th, Mayor Sise in the chair:

Present, the full board, except Ald. Vaughan.

Records of last regular meeting, and a special meeting, were read and approved.

Voted that the store on Pleasant street recently occupied by J. Wesley Rand be let to Howard S. Laskey at $50 per year; the matter of repairing the same was referred to the committee on city lands and buildings, with power.

Request of county commissioners to enter drain on Brewster street was referred to the committee on sewers, with power.

Burleigh T. Chamberlain, farmer on Lang road, presented a claim of $8 for four geese killed by dogs, and damage to the flock by worrying. Referred.

Ald. Martin presented a petition of James F. Jenness and others, asking that Dennett street be allowed to remain open; referred to the committee on streets, to report in one week.

The mayor stated that the Boston & Northern Telephone Co. had placed poles through the middle of the Plains, of which he was only made aware on the previous day, the poles having been located without the committee on streets being consulted. Referred to the committee, for report.

Ald. Hartshorn reported the need of five more lights on Sagamore road, and they were ordered.

Ald. Stavers reported in regard to the Wilson property on Vaughan street, that the committee on the case had not been able to get a clear understanding as to the title; but the city solicitor's opinion was that the city had the right to cut away the obstructions in ten days after giving notice, and he (Ald. Stavers) asked the authority of the board to do this. On motion of Ald. Hartshorn, the report was accepted and adopted; and it was voted that the street commissioner be ordered, with proper assistance, to remove the obstruction.

A message was received from the Common Council announcing the passage of a joint resolution in regard to discount on taxes paid before a certain date. Concurred in.

Notice was received regarding a suit commenced against the city by James C. Caverly of Dover, as counsel, to recover for alleged infringement on an alleged patent valve for steam fire engines, the claim being for $500 per year for each engine, during the continuance of the patent. A communication on the subject from the mayor of Dover was laid before the board; and Mayor Sise was authorized to represent Portsmouth at a meeting of mayors to be held at the Quincy house, Boston, June 14th, to take measures for protecting the public interets.

The council announced the appointment of five members, to act as a joint committee with four aldermen, to investigate the sewer and north millpond nuisance, and consult as to what should be done. Laid over for one week.

Monthly bills to the amount of $1957 were ordered paid. Also, extra bills of Officers Shannon and Abbott.

Balloted for a collector of taxes, with the following result:

Whole number of votes	8
Necessary for a choice	5
Samuel P. Treadwell had	3
William E. Hadley	5

And Mr. Hadley was declared elected.

Adjourned for one week.

HUNG HERSELF.

Mary Fitzpatrick came to Portsmouth from Brentwood, where she had been ruralizing for some time, on Thursday morning last, and celebrated her return home with such vigor that she was escorted to the lockup in the evening, howling like a catawampus. About half-past ten o'clock an officer entered her cell to discover the cause of the unwonted silence which had prevailed there for some little time, and discovered the woman suspended by the neck, she having stripped herself, and used her chemise as a halter. On being taken down she soon recovered consciousness, though a few minutes more would have settled her for this world.

THE INVENTORY.

The inventory of the city for the present year, as arranged by the assessors, is as follows:

POLICE COURT.

THURSDAY, June 8; *Batchelder J.*

Melvin Gould and his wife Emma were before the court on a charge of keeping a disorderly house, but the evidence failed to convince the court that they maintained a public nuisance, so they were discharged.

THE FRUIT PROSPECT.

Fruit growers in this vicinity report the prospect as favorable for a fair crop of apples, excepting of Baldwins, the most important variety of all, of which there will be scarcely any; their theory is that the fruit buds were killed by the warm spell in March. The pear crop will be less than the average, and of peaches there will be none worth mentioning; the peach trees in particular have suffered badly since last fall, not only the blossoms, but from thirty to fifty per cent of the trees themselves, having been winter-killed. Of cherries the yield will be small, and grape vines are so backward that as yet it is hard to tell whether there will be any grapes or not; many grape vines were killed by the winter.

MISS MARY CUTTS,

Whose death in Brooklyn, N. Y., is announced in the usual place, was born in Portsmouth on the 4th of April, 1801, in the old Gov. Wentworth house. She was the daughter of Edward Cutts, (at one time a shipping merchant engaged in the East India trade, and at his death president of First National bank,) and great-grand-daughter of President Holyoke of Harvard College. In 1832 she left Portsmouth with her brother, the late Hon. Hampden Cutts, who with his wife, a daughter of Consul Jarvis, went to North Hartland, Vt., to reside. In 1860 she went to Brattleboro', Vt., with her brother's family, and remained there until 1879, when she went to Brooklyn, New York, to reside with her niece Mrs. Howard. Her remains were taken to North Hartland, and were given a resting place beside her mother and brother in the old burying ground of that town.

Miss Cutts was a lady of the old school, of high intellectual endowments and rare accomplishments; a sunnier or brighter nature never existed. She was an authoress, and issued two volumes of verse. The first was a sprightly miscellaneous collection called "The Autobigraphy of a Clock;" the second was a larger work entitled "Grondalla." The latter was a romance in verse, and found on incidents in the history of her own family in Portsmouth; it is in the style of Tennyson's "Enoch Arden." In her youth she had the good fortune to enjoy the best society of the times. At the age of eighteen she attended a brilliant ball given in honor of the arrival of Lafayette in Portsmouth. In the family of her uncle, Senator Charles Cutts of Washington, she spent some time in the distinguished circles of Washington society; and during a period passed by her in Boston, she enjoyed with special satisfaction the frequent meeting, at her aunt's table, with President John Quincy Adams. Her recollections of her native place were ever fresh until the last. She was the last survivor of the generation of Cuttses born in Portsmouth. H.

The rite of confirmation was administered to about 150 persons at the Church of the Immaculate Conception on Thursday evening, by Rt. Rev. James A. Healy of Portland, bishop of the diocese, assisted by seven Catholic clergymen, including the pastor of the parish.

The schooner which went against Portsmouth bridge on the 7th inst. in consequence of her anchors not working as was desired, was the "Hugh M.," Holmes master, with 2400 ties to the Eastern railroad. The three-masted schooner Java, —the first British three-masted schooner that ever came up to our wharves, so far as we know,—Patrick master, arrived on the same day with 4000 ties. Both vessels were from Port Medway, Nova Scotia.

Mr. Daniel F. Barrett, flagman for the Eastern railroad at the Green street crossing, who lost one leg years ago through having it run over by a train, recently had his remaining leg so severely wrenched and strained by an accident that he will probably be unable to use it for several months.

The Dover *Republican* says that Mr. Augustus J. Webster of this city has bought the bakery and business of W. S. Lord in Dover, and that his carts will make daily trips through Dover, Salmon Falls and South Berwick, Me.

The New England Convention of Christian Churches closed its sessions at Kittery on Thursday evening, with a sermon in the church where the meetings had been held since the opening on Tuesday. The exercises have been interesting, and the attendance was large, one hundred and twenty-six delegates reporting, a good proportion of them being clergymen. The steamer Mystic brought across the river on Thursday afternoon, in time for them to take the outward-bound train on the Concord & Portsmouth railroad, about one hundred of the attendants on the convention, including most of the delegates from the interior of the state, and their wives.

Major Urch is fast getting his aquarium in readiness for the summer season. His main tank is finely stocked with sturgeon, dogfish, sharks, rays, lings, sea robins, blue and yellow lobsters, and other specimens of the ocean dwellers.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

A PLEASANT LETTER.

It Rings of a Grateful Heart and gives Honor where Honor is Due.

Mr. William W. Chadwick, of Hatchville, Conn., writes under date of June 14, 1880, to Dr. Kennedy, to say that the use of "Kennedy's Favorite Remedy" has cured him of Gall stone, from which he had experienced everything but comfort for a long time. Mr. Chadwick felt wholly cured when he wrote, and says: "I have had no pain for six months, and have also regained my health and can stand a fair day's work. I recommend Kennedy's Favorite Remedy to any one suffering from a deranged liver." Grateful patients are common. Dr. Kennedy is daily in receipt of letters from them, expressing similar sentiments. These letters are spontaneous and put in all varities of phraseology, but invariably setting forth one thing—the value of "Kennedy's Favorite Remedy" for many forms of disease. It may be just the thing you have been looking for. Is your liver disordered? Have you derangement of the kidneys or bladder, associated with constipation of the bowels? If so, you want "Kennedy's Favorite Remedy." Dr. Kennedy practices medicine and surgery in all their branches. Write and state your case frankly. Letters promptly answered. Address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS
THE BEST AND The Richest
BLOOD, BRAIN and NERVE
-F-O-O-D-
CAREFULLY PREPARED,
THOROUGHLY TESTED,
ACCEPTABLE AND RELIABLE.
The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.
The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to sustain them it is wise to
BUILD FOR HEALTH.
Wheat Bitters are prepared by *fermentation* but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and highest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is double price, and filled with fool, so as to nourish while it corrects.
Sold by druggists, $1.00 per bottle.

How to Mange It.

John Frebbett, fifteen years old and residing with his parents at Perham, Minnesota, was an ardent reader of the *Boys of New York* and similar flash literature. Last Friday night, June 24, he was seen in Fargo, and announced that he was going to join the cowboys, a criminal gang that infest Montana. On Saturday the bodies of Washington and Fred. Febrack, two young Germans, were found in Red Rye, seventeen miles from Perham. Washington had a load of buckshot back of the right ear, and Fred's throat had been cut after receiving a bullet in his cheek. Frebbett after the murder appeared in Perham with plenty of money, a watch, and Washington Febrack's pistol. An attempt was made to arrest him, but he escaped, and will probably reach his destination and become a cowboy, for which association his crime is a first-class recommendation. Parents, take a copy of the *Boys of New York* or any other of the popular "boys' newspapers," if you wish your sons to become accomplished highwaymen and murderers.—*Kingston (N. Y.) Freeman.*

Don't do It.

Said my physician, who for six months had doctored me for dyspepsia without success, when I told him I was going to try Sulphur Bitters, they will only make you worse. I did try them and now I am a well man and can eat anything. Sulphur Bitters are a great foe to doctors.—*George Bastett, New Haven.*

—Two friends, after dinner, over their cigars, discourse of life: "Growing old is a bore, old fellow; one's powers must fall off, you know." "Not a bit; look at Tompkins, now." "Well?" "Why, at college he was awfully stupid, but he's past fifty, and still he grows stupider every day."

Medical science never produced so valuable a remedy for the treatment of diseases, requiring a general alterative medicine, as Wheat Bitters. See advt.

Henry and Jonathan Bowden carry on the lobster catching business at Short sands, York beach, through the year. During the winter and spring their catch is sent back into the ocean, but in the summer the hotels and boarding houses offer a ready market for all they can procure.

Beautiful skin, and fair complexion, robust health, and powers of endurance follow the use of Brown's Iron Bitters.

—In an editor's room in Fleet street, London, a skull is nailed up against one of the desks. Underneath is written in large letters: "This is Smith, who did not like an article about himself, and was rash enough to say so."

Beware of Imitations.

The delicate odor of Floreston Cologne is entirely novel. Look for signature of Hiscox & Co., N. Y., on each bottle.

—Queen Victoria has a great dignity on state occasions, "and looks every inch a queen." She has been a queen so long that she ought by this time to bear a faint resemblance to one.

A Good Foundation.

In American households the prevailing complaints are weakness of the stomach and its consequences, indigestion, nervousness and rheumatism. Such sufferers can lay a good foundation for health by using Parker's Ginger Tonic, as it tones up the stomach and nerves, and keeps the kidneys active to carry off the foul matter.—*N. O. Picayune.*

—An exchange expresses surprise that Jesse James should get upon a chair and dust a chromo. There is nothing strange about that. He was always getting up and dusting.

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

Swayne's Ointment
A RELIABLE REMEDY FOR ALL DISEASES OF THE SKIN, SUCH AS TETTER, BLOTCHES, RINGWORM, ERYSIPELAS, BARBERS' ITCH, SORES, ULCERS, &c.
Yet so innocuous is its effect, that it may be used with the tender infant, as its soothing, healing and conquering power of SWAYNE'S OINTMENT.
On account of allaying the intense irritation and insuring sound repose, it is known by many as
THE GREAT CURE FOR TORTURING PILES.
DR. SWAYNE & SON, PHILA.
SOLD BY ALL DRUGGISTS.

Summer Complaints
At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*
Read the following:
DANVERS, MASS., N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURRITT.
NICHOLVILLE, N. J., Feb. 2, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure every time.*
JULIUS W. DEE.
MONROONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief. L. E. CALDWELL.
CARNESVILLE, Ga., Feb. 20, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. J. B. TYE.
SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.
ONEIDA, N. Y., Feb. 19, 1881.
We began using it over THIRTY years ago, and it always *gives* immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.
CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MONTROSE.
U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
L. S. POTTER, U. S. Consul.
BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. H. J. NOONE.
21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief. R. CLARIDGE.
No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire Items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities where is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.
